

A TRIBUTE TO ALISON CHOW

With deepest sorrow, we announce that Ms. Alison Chow, co-founder and former CEO of irasia.com, has passed away on July 31, 2007.

In the early phase of the internet back in 1996, Ms. Chow was already a believer that e-IR (electronic investor relations) will eventually become the general practice in Asia. True to her belief, we have since witnessed this progression.

Those of us who had the privilege to work with Alison for the past years not only admired her dedication and contribution to our company, but also enjoyed the radiance of her personality.

Going forward, irasia.com will continue to advance in accordance to Alison's inspirations and commitments.

Osbert Kho, CEO & Staff of irasia.com
