NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2016

1. GENERAL INFORMATION

China Agrotech Holdings Limited (In Liquidation) (the “Company”) was incorporated in the Cayman Islands with limited liability on 9 September 1999. The address of the registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of principal place of business of the Company is Room 2706, 27/F, China Resources Building, 26 Harbour Road, Wanchai, Hong Kong during the period from 1 July 2015 to 16 August 2015 and has been changed to 62/F, One Island East, 18 Westlands Road, Island East, Hong Kong. With effect from 25 February 2019, the address of principal place of business of the Company is 22/F, CITIC Tower, 1 Tim Mei Avenue, Central, Hong Kong. The Company’s shares (the “Shares”) are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) and the trading in shares of the Company has been suspended since 18 September 2014.

The Company is an investment holding company and the principal activities of the Company’s subsidiary is investment holding and general trading and export.

2. BASIS OF PREPARATION

Suspension of trading in shares of the Company

References are made to the Company’s announcements dated 2 September 2014 and 18 September 2014 respectively in relation to, among other things, clarification of the press release and delay in publication of the audited consolidated financial statements of the Company and its subsidiaries (collectively “the Group”) for the year ended 30 June 2014. At the request of the Company, trading in shares of the Company has been suspended since 18 September 2014.

Appointment of the joint and several liquidators (the “Liquidators”)

On 8 July 2014, the Company announced that certain of the Group’s bank indebtedness in the PRC had been continually due, part of which was not yet renewed and a profit warning was issued.

The Shares were suspended from trading on the Stock Exchange with effect from 1:00 p.m. on 18 September 2014 pending release of inside information in relation to the proposed issue of convertible bonds and proposed set off of existing convertible bonds.

On 19 September 2014, at the Company’s extraordinary general meeting, resolutions regarding the proposed issue of new convertible bonds and the proposed set off with certain existing convertible bonds (the “Existing Bonds”) were not passed, such matter immediately raised great concerns of certain creditors and guarantors of the Group’s indebtedness in the PRC regarding the solvency of the Company.

On 13 October 2014, the Company announced that it received a statutory demand dated 8 October 2014 issued by the legal representative of Concept Capital Management Limited (“CCM”), the sole registered holder of the Existing Bonds, claiming for settlement of the indebtedness under the Existing Bonds which was already due but yet to be settled by the Company after the resolutions for the proposed set off of the Existing Bonds were voted down on 19 September 2014.

On 22 October 2014, the Company received notice from the Hong Kong service agent of the Company’s registered office in Cayman Islands that two demand letters from Standard Chartered Bank (China) Limited were addressed to the Company and Mr. Wu Shaoning (“Mr. Wu”), the executive director of the Company, among which claimed for the immediate repayment by the Company of an aggregate outstanding principal and interest of approximately RMB63,729,000, as borrowed by three PRC subsidiaries of the Company and guaranteed by the Company.

On 28 October 2014, the Company received a demand letter dated 27 October 2014 from the legal representative of Mr. Kwok Ho (“Mr. Kwok”) and Fujian Chaoda Group Co., Ltd. (“Chaoda Group”), a private company owned by Mr. Kwok, addressed to the Company and Mr. Wu which demanded the Company to repay and indemnify Mr. Kwok and Chaoda Group pursuant to counter-guarantee agreements for their fulfilment of obligations as guarantor in respect of loan agreements entered into by three PRC subsidiaries of the Company with banks in the PRC, with an outstanding aggregate amount of guarantee of approximately RMB955 million. In addition, the demand letter demanded the Company to repay Mr. Kwok for another loan of RMB96 million obtained by a PRC subsidiary of the Company from Mr. Kwok pursuant to a loan agreement, under which the Company is a guarantor.

On 12 November 2014, the Company received a winding up petition dated 11 November 2014 filed by CCM to the High Court of Hong Kong against the Company in respect of a claim of approximately RMB82,670,000.

On 21 November 2014, the Company received two litigations from The Intermediate People’s Court of Changsha City of Hunan Province addressed to Mr. Wu (in his capacity as the legal representative as PRC subsidiaries of the Company) in respect of trade finance indebtedness owed to two banks in the PRC by a PRC subsidiary of the Company for an aggregate amount of approximately RMB60,000,000.

On 8 December 2014, the Company received a decision letter dated 5 December 2014 issued by Shenzhen Arbitration Commission to Mr. Wu (in his capacity as guarantor) in respect of an arbitration application regarding a trade finance indebtedness lodged by ZTE Supply Chain Co., Ltd. involving certain PRC subsidiaries of the Company. The trade finance indebtedness amounted to approximately RMB50,768,000.

On 15 December 2014, the Company received a report of findings from a legal firm of Shanxi Province which confirmed that a PRC subsidiary of the Company was involved in a litigation in respect of its bank indebtedness which amounted to approximately RMB20,000,000.

On 19 December 2014, a legal firm of Fujian Province issued a report of findings and confirmed that a PRC subsidiary of the Company was involved in three litigations in respect of aggregate indebtedness of approximately RMB44,100,000.

On 9 February 2015, the Company was ordered to be wound up and Alan Feng (the “Official Receiver”), was appointed as the provisional liquidator of the Company.

On 17 August 2015, Mr. Stephen Liu Yiu Keung and Mr. David Yen Ching Wai of Ernst and Young Transactions Limited were appointed as Liquidators of the Company.

Since their appointment, the Liquidators have controlled the affairs of the Company.

Listing status of the Company

On 17 February 2015, the Stock Exchange placed the Company in the first delisting stage under Practice Note 17 of the rules governing the listing of securities on the Stock Exchange (the “Listing Rules”) as the Stock Exchange which considered the Company unable to maintain a sufficient level of operations or assets required under Rule 13.24 to support a continued listing.

On 19 August 2015, the Company was placed in the second delisting stage by the Stock Exchange. As no resumption proposal was submitted before the expiry date of the first and second delisting stage, the Stock Exchange placed the Company into the third delisting stage commencing on 9 March 2016 and expiring on 8 September 2016.

The Company is required to submit a viable resumption proposal to the Stock Exchange to address the following issues (the “Outstanding Issues”):

- i. demonstrate that the Company has sufficient operations or value of assets under Rule 13.24 of the Listing Rules;
- ii. publish all outstanding financial results and address any audit qualifications; and
- iii. withdraw or dismiss the winding up petition and discharge of the provisional liquidators.

Reference is made to the Company’s announcement dated 30 December 2014, certain Company’s subsidiaries in the People’s Republic of China (the “PRC”) have financial difficulties and in urging the repayment of amounts due from a considerable number of debtors (the “Debt Event”). Many PRC lawsuits were scheduled to be put on trial by the relevant courts and the Company was currently subject to a winding up petition which is scheduled to be heard before The High Court of Hong Kong on 14 January 2015, the consequence of which is critical as to whether the Company is able to continue as a going concern (the “Litigation Event”).

Proposed restructuring of the Group

On 24 August 2016, Fine Era Limited (the “Vendor”), the Company and the Liquidators entered into sale and purchase agreement dated 24 August 2016 as supplemented by the supplemental agreements dated 7 February 2017 (the “Sale and Purchase agreement”) in relation to resumption of the trading in shares of the Company, the details of the conditions precedent and the updates on the proposed restructuring are described in the announcements dated 17 May 2017 and 28 December 2018. The restructuring of the Group consists of:

- i. Acquisition
- ii. Capital reorganisation
- iii. Subscription
- iv. Public offer
- v. Creditors’ Scheme

(i) Acquisition

Pursuant to the Acquisition Agreement, the Company will acquire the entire issued share capital of Yu Ming Investment Management Limited (“Yu Ming”) (the “Acquisition”) free from encumbrances, at the total consideration of HK\$400.0 million (the “Acquisition Consideration”) payable by the Company to the Vendor pursuant to the Acquisition Agreement.

Yu Ming is a company incorporated in Hong Kong with limited liability on 4 July 1996 and a licensed corporation under the SFO authorised to carry out Type 1 (dealing in securities), Type 4 (advising in securities), Type 6 (advising in corporate finance) and Type 9 (asset management) regulated activities. Upon completion, Yu Ming will become a wholly-owned subsidiary of the Company.

(ii) Capital reorganisation

As at the date hereof, the authorised share capital of the Company is HK\$300,000,000 divided into 3,000,000,000 Shares of HK\$0.10 each, and the issued share capital of the Company is HK\$100,176,521.60 divided into 1,001,765,216 Shares of HK\$0.10 each. In order to facilitate the issue of Subscription and the Public Offer, the Company proposes to undergo the capital reorganisation.

The capital reorganisation (the “Capital Reorganisation”) comprises the followings:–

a. Capital Reduction

The nominal value of each Share in issue will be reduced from HK\$0.10 to HK\$0.01 by cancelling HK\$0.09 from the paid-up capital of each issued Share (the “Capital Reduction”). The total credit of HK\$90,158,869.44 arising from the Capital Reduction will be applied to eliminate an equivalent amount of the accumulated losses of the Company.

b. Share Consolidation

Immediately upon the Capital Reduction becoming effective, every 10 issued Shares of HK\$0.01 each will be consolidated into one new share. As a result, 1,001,765,216 shares of HK\$0.01 each will be consolidated into 100,176,521 new shares of HK\$0.10 each (“Share Consolidation”).

c. Increase in Authorised Capital

Immediately upon the Share Consolidation becoming effective, the Company’s authorised ordinary share capital will be increased from HK\$300,000,000 divided into 3,000,000,000 Shares of HK\$0.10 each to HK\$1,000,000,000 divided into 10,000,000,000 new shares of HK\$0.10 each.

(iii) Subscription

On 28 December 2018, the Company entered into a subscription agreement with Ms. Chong (“Ms. Chong’s Subscription Agreement”), pursuant to which the Company has conditionally agreed to allot and issue, and Ms. Chong, has conditionally agreed to subscribe for, 512,698,586 New Shares at the HK\$0.52 per New Share pursuant to the Ms. Chong’s Subscription Agreement.

The Company also entered into a subscription agreement with Mr. Warren Lee and the employees of Yu Ming (“Yu Ming Team”) on 28 December 2018 (“YM Subscription Agreement”) pursuant to which the Company has conditionally agreed to allot and issue, and Mr. Warren Lee and the Yu Ming Team have conditionally agreed to subscribe for, 227,250,000 New Shares and 57,500,000 New Shares respectively at HK\$0.52 per New Share pursuant to the YM Subscription Agreement.

As fall back for the lapse of Ms. Chong’s Subscription Agreement, the Company entered into a conditional placing agreement on 28 December 2018 (“New Placing Agreement”) with Sun Hung Kai Investment Services Limited for the placing of the 512,698,586 New Shares (“New Placing”) not subscribed by Ms. Chong to not less than ten Independent Placees (which may include Ms. Chong) at the price of HK\$0.52 per New Share on a best efforts basis where none of the Independent placees will become a substantial shareholder of the Company following completion of the YM Subscription, the Public Offer and the New Placing.

The Company will receive net proceeds of approximately HK\$414.7 million from the Subscriptions. It is expected that the net proceeds will be utilised as to (i) approximately HK\$334.7 million for the partial settlement of the Acquisition Consideration; and (ii) HK\$80.0 million for the settlement to be made to the creditors of the Company (“the Creditors”) who have a claim against the Company under the scheme of arrangement to be entered into between the Company and the Creditors, (which subject to the approval by the Grand Court and the High Court).

(iv) Public offer and preferential offering

The Company proposes to raise in aggregate net proceeds of approximately HK\$123,173,000 (gross proceeds of HK\$125,687,000 deducting from 2% commission of approximately HK\$2,514,000 paid to underwriting agent) by way of the public offer of 241,705,083 offer shares, out of which 91,440,303 offer shares are offered to the public and 150,264,780 offer shares are offered as reserved shares to the qualifying shareholders under the preferential offering, representing approximately 37.8% and 62.2% of the total number of offer shares under the public offer respectively, at the offer price of HK\$0.52 per offer share, being the same unit price of the subscription share.

(v) Creditors’ Scheme

It is proposed that the creditors scheme will be implemented as follows:

- i. a cash payment of HK\$80.0 million, being partial proceeds from the Subscriptions (or in case of the lapse of the Ms. Chong’s Subscription, the YM Subscription and the New Placing), will be transferred to the scheme of arrangement to be entered into between the Company and the creditors (subject to the approval by the Grand Court and the High Court, which will be implemented in the Cayman Islands and Hong Kong) (“Creditors’ Scheme”) and held by a new company to be incorporated in Hong Kong with limited liability, being a special purpose vehicle held or nominated by the Scheme Administrators, for distribution to the Creditors subject to adjudication; and

- ii. the Company will transfer its claims, rights to claim, rights to any assets and the entire equity interests of all the existing subsidiaries held by the Company as at a specify last practicable date (the “Excluded Companies”) to a new company to be incorporated in Hong Kong with limited liability, being a special purpose vehicle held or nominated by the Scheme Administrators, at a cash consideration of HK\$1. After such transfer, dividend distributed by the Excluded Companies or recovery from the Excluded Companies, if any, will be distributed to the Creditors subject to adjudication.

The cash proceeds of HK\$80.0 million from the Subscriptions (or in case of the lapse of the Ms. Chong’s Subscription, the YM Subscription and the New Placing) as well as any value realised from the Excluded Companies will be applied as full and final settlement of the creditors. In addition to the cash proceeds, all costs, charges, expenses and disbursement to be properly incurred after the effective date of the Creditors’ Scheme in connection with the administration and implementation of the Creditors’ Scheme (including the fees and remuneration of the Scheme Administrators) will also be settled from the assets of the Creditors’ Scheme, in priority to the payment of dividends to the creditors.

Deconsolidation of subsidiaries

The consolidated financial statements have been prepared based on the books and records maintained by the Group. However, as a result of the resignation of an experienced finance manager and other accounting personnel and no accounting documents preserved by the Group, the Liquidators considered that the control over the following subsidiaries had been lost since 1 January 2014. The results, assets, liabilities and cash flows of these subsidiaries were deconsolidated from the consolidated financial statements of the Group since 1 January 2014.

Going concern basis

The Group incurred a loss attributable to owners of the Company of approximately HK\$621,000 for the year ended 30 June 2016 and as at 30 June 2016 the Group had net current liabilities and net liabilities of the same amount of approximately HK\$924,557,000. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern. Therefore, the Group may be unable to realise its assets and discharge its liabilities in the normal course of business.

The consolidated financial statements have been prepared on a going concern basis on the basis that the proposed restructuring of the Group will be successfully completed, and that, following the restructuring, the Group will continue to meet in full its financial obligations as they fall due in the foreseeable future.

Should the Group be unable to achieve a successful restructuring and to continue its business as a going concern, adjustments would have to be made to the consolidated financial statements to adjust the value of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise.

3. ADOPTION OF NEW AND REVISED HONG KONG FINANCIAL REPORTING STANDARDS

In the current year, the Group has adopted all the new and revised Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants that are relevant to its operations and effective for its accounting year beginning on 1 July 2015. HKFRSs comprise Hong Kong Financial Reporting Standards; Hong Kong Accounting Standards; and Interpretations. The adoption of these new and revised HKFRSs did not result in significant changes to the Group's accounting policies, presentation of the Group's consolidated financial statements and amounts reported for the current year and prior years.

The Group has not applied the new and revised HKFRSs that have been issued but are not yet effective. The Group has already commenced an assessment of the impact of those new and revised HKFRSs but is not yet in a position to state whether these new and revised HKFRSs would have a material impact on its results of operations and financial position.

4. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These consolidated financial statements have been prepared in accordance with HKFRSs, accounting principles generally accepted in Hong Kong and the applicable disclosures required by the Listing Rules and by the Hong Kong Companies Ordinance.

These consolidated financial statements have been prepared under the historical cost convention. The functional currencies of the Company are Hong Kong dollars ("HK\$"). For the purpose of presenting the consolidated financial statements, the Group adopted HK\$ as its presentation currency and all values are rounded to the nearest thousand except when otherwise indicated.

The preparation of consolidated financial statements in conformity with HKFRSs requires the use of key assumptions and estimates. It also requires management to exercise its judgments in the process of applying the accounting policies. The areas involving critical judgments and areas where assumptions and estimates are significant to these consolidated financial statements are disclosed in note 5 to these consolidated financial statements.

The significant accounting policies applied in the preparation of these consolidated financial statements are set out below.

Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 30 June. Subsidiaries are entities over which the Group has control. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group has power over an entity when the Group has existing rights that give it the current ability to direct the relevant activities, i.e. activities that significantly affect the entity's returns.

When assessing control, the Group considers its potential voting rights as well as potential voting rights held by other parties, to determine whether it has control. A potential voting right is considered only if the holder has the practical ability to exercise that right.

Subsidiaries are consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

The gain or loss on the disposal of a subsidiary that results in a loss of control represents the difference between (i) the fair value of the consideration of the sale plus the fair value of any investment retained in that subsidiary and (ii) the Company's share of the net assets of that subsidiary plus any remaining goodwill relating to that subsidiary and any related accumulated foreign currency translation reserve.

Intragroup transactions, balances and unrealised profits are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency.

(b) Transactions and balances in each entity's financial statements

Transactions in foreign currencies are translated into the functional currency on initial recognition using the exchange rates prevailing on the transaction dates. Monetary assets and liabilities in foreign currencies are translated at the exchange rates at the end of each reporting period. Gains and losses resulting from this translation policy are recognised in profit or loss.

(c) Translation on consolidation

The results and financial position of all the Group entities that have a functional currency different from the Company's presentation currency are translated into the Company's presentation currency as follows:

- (i) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;

- (ii) Income and expenses are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the exchange rates on the transaction dates); and
- (iii) All resulting exchange differences are recognised in the foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities and of borrowings are recognised in the foreign currency translation reserve. When a foreign operation is sold, such exchange differences are recognised in consolidated profit or loss as part of the gain or loss on disposal.

Operating leases

Leases that do not substantially transfer to the Group all the risks and rewards of ownership of assets are accounted for as operating leases. Lease payments (net of any incentives received from the lessor) are recognised as an expense on a straight-line basis over the lease term.

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Group transfers substantially all the risks and rewards of ownership of the assets; or the Group neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and the cumulative gain or loss that had been recognised in other comprehensive income is recognised in consolidated profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in consolidated profit or loss.

Other receivables

Other receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less allowance for impairment. An allowance for impairment of other receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. The amount of the allowance is the difference between the receivables' carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate computed at initial recognition. The amount of the allowance is recognised in profit or loss.

Impairment losses are reversed in subsequent periods and recognised in consolidated profit or loss when an increase in the receivables' recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to the restriction that the carrying amount of the receivables at the date the impairment is reversed shall not exceed what the amortised cost would have been had the impairment not been recognised.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents.

Financial liabilities and equity instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument under HKFRSs. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

Convertible bonds

(i) Convertible bonds that contain an equity component

Convertible loans which entitle the holder to convert the loans into a fixed number of equity instruments at a fixed conversion price are regarded as compound instruments consist of a liability and an equity component. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible debt. The fair value of any derivative features embedded in the compound instruments is included in the liability component. The difference between the proceeds of issue of the convertible loans and the fair values assigned to the liability component, representing the embedded option for the holder to convert the loans into equity of the Group, is included in equity as capital reserve. The liability component is carried as a liability at amortised cost using the effective interest method until extinguished on conversion or redemption. The derivative components are measured at fair value with gains and losses recognised in profit or loss.

Transaction costs are apportioned between the liability and equity components of the convertible loans based on their relative carrying amounts at the date of issue. The portion relating to the equity component is charged directly to equity.

(ii) *Convertible bonds that contain a derivative component*

Convertible loans which entitle the holder to convert the loans into equity instruments, other than into a fixed number of equity instruments at a fixed conversion price, are regarded as combined instruments consist of a liability and derivative components. At the date of issue, the fair values of the derivative components are determined using an option pricing model. The remainder of the proceeds is allocated to the liability component and is carried as a liability at amortised cost using the effective interest method until extinguished on conversion or redemption. The derivative components are measured at fair value with gains and losses recognised in profit or loss.

Transaction costs are apportioned between the liability and derivative components of the convertible loans based on the allocation of proceeds to the liability and derivative components on initial recognition.

Other payables

Other payables are stated initially at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits will flow to the Group and the amount of revenue can be measured reliably.

- (a) Rental income is recognised on a straight-line basis over the lease term; and
- (b) Interest income is recognised on a time-proportion basis using the effective interest method.

Employee benefits

(a) *Employee leave entitlements*

Employee entitlements to annual leave and long service leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave and long service leave as a result of services rendered by employees up to the end of the reporting period.

Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(b) Pension obligations

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (“MPF Scheme”) in Hong Kong under the Hong Kong Mandatory Provident Fund Schemes Ordinance, for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees’ basic salaries and are charged to consolidated profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme.

The Group also participates in a defined contribution retirement scheme organised by the government in the PRC. The Group is required to contribute a specific percentage of the payroll of its employees to the retirement scheme. The contributions are charged to consolidated profit or loss as they become payable in accordance with the rules of the retirement scheme. No forfeited contributions may be used by the employers to reduce the existing level of contributions.

(c) Termination benefits

Termination benefits are recognised at the earlier of the dates when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs and involves the payment of termination benefits.

(d) Equity-settled share-based payments

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a capital reserve within equity. The fair value is measured at grant date using the binomial option pricing model (the “Binomial Model”), taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any adjustment to the cumulative fair value recognised in prior years is charged/credited to profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the capital reserve. On vesting date, the amount recognised as an expenses is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the capital reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company’s shares. The equity amount is recognised in the capital reserve until either the option is exercised (when it is transferred to the share premium account) or the option expires (when it is released directly to retained profits).

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

To the extent that funds are borrowed generally and used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalisation is determined by applying a capitalisation rate to the expenditures on that asset. The capitalisation rate is the weighted average of the borrowing costs applicable to the borrowings of the Group that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Taxation

Income tax represents the sum of the current tax and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit recognised in consolidated profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences, unused tax losses or unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates that have been enacted or substantively enacted by the end of the reporting period. Deferred tax is recognised in consolidated profit or loss, except when it relates to items recognised in other comprehensive income or directly in equity, in which case the deferred tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Related parties

A related party is a person or entity that is related to the Group.

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or

(iii) is a member of the key management personnel of the Company or of a parent of the Company.

(b) An entity is related to the Group (reporting entity) if any of the following conditions applies:

(i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

(ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

(iii) Both entities are joint ventures of the same third party.

(iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

(v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group. If the Group is itself such a plan, the sponsoring employers are also related to the Group.

(vi) The entity is controlled or jointly controlled by a person identified in (a).

(vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

(viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to a parent of the Company.

Impairment of assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets except receivables, to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of any impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in consolidated profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognised immediately in consolidated profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a present legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow is remote.

Events after the reporting period

Events after the reporting period that provide additional information about the Group's position at the end of the reporting period or those that indicate the going concern assumption is not appropriate are adjusting events and are reflected in the consolidated financial statements. Events after the reporting period that are not adjusting events are disclosed in the notes to the consolidated financial statements when material.

5. CRITICAL JUDGEMENTS

Critical judgements in applying accounting policies

In the process of applying the accounting policies, the Liquidators have made the following judgement that has the most significant effect on the amounts recognised in the consolidated financial statements.

Going concern basis

These consolidated financial statements have been prepared on a going concern basis, the validity of which depends upon the successful implementation of the proposed restructuring of the Group and continuance of its business. Details are explained in note 2 to the consolidated financial statements.

6. FINANCIAL RISK MANAGEMENT

The Group's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

(a) Foreign currency risk

The Group has minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in the functional currencies of the Group entities. The Group currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Group will monitor its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

(b) Credit risk

The carrying amount of the cash and bank balances and other receivables included in the statement of financial position represents the Group's maximum exposure to credit risk in relation to the Group's financial assets.

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

(c) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its current obligations when they fall due.

The remaining contractual maturities as at 30 June 2016 and 2015 of the Group's and the Company's non-derivative financial liabilities and derivative financial liabilities, which are based on the contractual maturity date, could not be presented because of insufficient information arising from the loss of books and records of the Group as disclosed in note 2 to the consolidated financial statements.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of its own funding sources.

(d) Interest rate risk

The Group's interest rate risk arises primarily from the Group's bank and other loans. Borrowings at variable rates and fixed rates expose the Group to cash flow interest rate risk and fair value interest rate risk respectively. The Group does not use financial derivatives to hedge against the interest rate risk. Borrowings at fixed rate are insensitive to any change in market rates. The Group's interest rate profile as monitored by management is set out in (i) below.

(i) Interest rate profile

The following table details the interest rate profile of the Group's borrowings at the end of the reporting period.

	2016		2015	
	Effective interest rate %	HK\$'000	Effective interest rate %	HK\$'000
Fixed rate borrowings:				
Corporate bonds	6.00-7.00	45,000	6.00-7.00	45,000
Variable rate borrowings:				
Bank borrowings	1.07	7,358	1.07	7,358
Total borrowings		52,358		52,358
Fixed rate borrowings as a percentage of total borrowings		85.9%		85.9%

(ii) *Sensitivity analysis*

At 30 June 2016, it is estimated that a general increase/decrease of 100 basis points in interest rates, with all other variables held constant, would increase/decrease (2015: increase/decrease) the Group's loss after tax and accumulated loss by approximately HK\$74,000 (2015: HK\$74,000).

The sensitivity analysis above has been determined assuming that the change in interest rates had occurred at the end of the reporting period and had been applied to the exposure to interest rate risk for non-derivative financial instruments in existence at that date. The 100 basis point increase or decrease represents management's assessment of a reasonably possible change in interest rates over the period until the next annual reporting period. The analysis is performed on the same basis for 2015.

At 1 July 2014, 30 June 2015, 1 July 2015 and 30 June 2016	1,001,765	100,177

Capital management

The Group's objectives when managing capital are to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance.

The management reviews the capital structure by considering the cost of capital and the risks associated with each class of capital. In view of this, the Group will balance its overall capital structure through the payment of dividends, new share issues as well as the issue of new debts or the redemption of existing debts as it sees fit and appropriate.

18. RESERVES

(a) The amounts of the Company's reserves and the movements are presented as follows:

	Share premium HK\$'000	Contributed surplus HK\$'000	Convertible bond equity reserve HK\$'000	Warrant reserve HK\$'000	Accumulated losses HK\$'000	Total HK\$'000
At 1 July 2014	453,352	11,527	164,169	2,249	(1,437,352)	(806,055)

(b) Nature and purpose of reserves of the Group and the Company

(i) Share premium and contributed surplus

Contributed surplus of the Company represents the difference between the nominal value of the ordinary shares issued by the Company and the net asset value of the subsidiaries acquired through exchange of shares pursuant to the Group reorganisation in 2000.

Under the Companies Law (Revised) of the Cayman Islands, share premium and contributed surplus are distributable to shareholders, subject to the condition that the Company cannot declare or pay a dividend, or make a distribution out of share premium and contributed surplus if (i) it is, or would after the payment be, unable to pay its liabilities as they become due, or (ii) the realisable value of its assets would thereby be less than the aggregate of its liabilities and its issued share capital account.

(ii) Convertible bond equity reserve

Convertible bond equity reserve represents the net proceeds received from the issue of convertible bonds of the Company. The reserve will be transferred to share capital and share premium accounts upon the conversion of convertible bonds.

(iii) Warrant reserve

Warrant reserve represents the net proceeds received from the issue of warrants of the Company. The reserve will be transferred to share capital and share premium accounts upon the exercise of the warrants.

19. SHARE OPTION SCHEME

During the year ended 30 June 2013, a new share option scheme (“New Scheme”) was adopted by the Company pursuant to a resolution passed at the extraordinary general meeting of the Company held on 19 June 2013. During the year ended 30 June 2016 and 2015, no share option was granted to the relevant participants under the New Scheme.

20. AMOUNT DUE TO A DIRECTOR

The amount due to a director, Mr. Wu Shaoning, is included in accruals and other payables (note 13). The amount due to a director is unsecured, interest-free and repayable on demand.

21. RELATED PARTY TRANSACTIONS

Key management personnel remuneration

Remuneration for key management personnel, including amounts paid to the Directors as disclosed in note 11, is as follows:

25. EVENTS AFTER THE REPORTING PERIOD

Subsequent to the end of the reporting period, there are certain updates on the Group's business and financial restructuring in progress, and further details of which are stated in note 2 to this announcement.

26. APPROVAL OF FINANCIAL STATEMENTS

These financial statements were approved and authorised for issue by the Joint and Several Liquidators on 11 April 2019.

**EXTRACT OF INDEPENDENT AUDITOR'S REPORT ON THE COMPANY'S
CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016**

The auditor has included the following qualification paragraphs in the independent auditor's report for the financial year ended 30 June 2016, an extract of which is as follows:

BASIS FOR DISCLAIMER OF OPINION

1. Opening balances and corresponding figures

Our audit opinion on the consolidated financial statements of the Group for the year ended 30 June 2015, which forms the basis for the corresponding figures presented in the current year's consolidated financial statements, was disclaimed because of the significance of the possible effect of the limitations on the scope of our audit and the material uncertainty relating to the going concern basis, details of which are set out in our 2015 auditor's report.

There were no satisfactory audit procedures to ascertain the existence, accuracy, presentation and completeness of certain opening balances and corresponding figures (as further detail explained in the following paragraphs) shown in the current year's consolidated financial statements.

2. Limited accounting books and records of the Group

Due to the insufficiency of supporting documentation and explanations for accounting books and records in respect of the Group for the years ended 30 June 2016 and 2015, we were unable to carry out audit procedures to satisfy ourselves as to whether the following income and expenses for the years ended 30 June 2016 and 2015 and the assets and liabilities as at those dates, and the segment information and other related disclosure notes in relation to the Group, as included in the consolidated financial statements of the Group, have been accurately recorded and properly accounted for in the consolidated financial statements:

	2016 <i>HK\$'000</i>	2015 <i>HK\$'000</i>

3. Deconsolidation of the subsidiaries

Certain subsidiaries of the Company were deconsolidated from the Group since 1 January 2014. No sufficient evidence has been provided to satisfy ourselves as to whether the Company had lost control of those subsidiaries since 1 January 2014.

Accordingly, no sufficient evidence has been provided to satisfy ourselves, in relation to the deconsolidated subsidiaries, as to the completeness of the transactions of the Group for the years ended 30 June 2016 and 2015 and the Group's financial position as at these dates.

4. Commitments and contingent liabilities

No sufficient evidence has been provided to satisfy ourselves as to the existence and completeness of the disclosures of commitments and contingent liabilities as at 30 June 2016 and 2015.

5. Related party transactions and disclosures

No sufficient evidence has been provided to satisfy ourselves as to the existence and completeness of the disclosures of the related party transactions for the years ended 30 June 2016 and 2015 and the related party balances as at 30 June 2016 and 2015 as required by Hong Kong Accounting Standard ("HKAS") 24 (revised) "Related Party Disclosures".

6. Consolidated statement of changes in equity

No sufficient evidence has been provided to satisfy ourselves as to the movements and balances of reserves as included in the consolidated statement of changes in equity for the two years ended 30 June 2016 and 2015.

7. Other disclosures in the consolidated financial statements

No sufficient evidence has been provided to satisfy ourselves as to the accuracy and completeness of the disclosures in relation to the financial risk management, reserves of the Company, share option scheme, statement of financial position of the Company, and events after the reporting period.

Any adjustments to the figures as described from points 1 to 7 above might have a significant consequential effect on the Group's financial performance and cash flows for the two years ended 30 June 2016 and 2015 and the financial position of the Group as at 30 June 2016 and 2015, and the related disclosures thereof in the consolidated financial statements.

MATERIAL UNCERTAINTY RELATING TO THE GOING CONCERN BASIS

In forming our opinion, we have considered the adequacy of the disclosures made in note 2 to the consolidated financial statements which explains that a proposal for the resumption of trading in the Company's shares and the proposed restructuring of the Group has been submitted to The Stock Exchange of Hong Kong Limited to pursue a restructuring of the Company.

The consolidated financial statements have been prepared on a going concern basis on the assumption that the proposed restructuring of the Company will be successfully completed, and that, following the restructuring, the Group will continue to meet in full its financial obligations as they fall due in the foreseeable future. The consolidated financial statements do not include any adjustments that would result from a failure to complete the restructuring. We consider that the disclosures are adequate. However, in view of the extent of the uncertainty relating to the completion of the restructuring, we disclaim our opinion in respect of the material uncertainty relating to the going concern basis.

DISCLAIMER OF OPINION

Because of the significance of the matters described in the basis for disclaimer of opinion paragraphs and the material uncertainty relating to the going concern basis as described above, we do not express an opinion on the consolidated financial statements as to whether they give a true and fair view of the financial position of the Group as at 30 June 2016 and of the Group's financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and whether the consolidated financial statements have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

MANAGEMENT DISCUSSION AND ANALYSIS

Overall results

Trading in the Shares was suspended since 1:00 p.m. on 18 September 2014. On 9 February 2015, the Company was ordered to be wound up and the Official Receiver was appointed as the provisional liquidator of the Company. On 17 August 2015, Mr. Stephen Liu Yiu Keung and Mr. David Yen Ching Wai of Ernst & Young Transactions Limited were appointed as joint and several Liquidators pursuant to an Order of the High Court. Since the appointment, the Official Receiver and Liquidators were unable to contact, or obtain relevant information from, any of the legal representatives, directors and management of the subsidiaries of the Company. Due to absence of information and the non-cooperation of the directors and management of the subsidiaries of the Company, both the Official Receiver and the Liquidators were unable to obtain and access to the books and records of the subsidiaries of the Company despite the fact that they had taken all reasonable steps and had used their best endeavors to resolve the matter.

As a result, the Liquidators are of the view that the Company no longer has the power to govern the financial and operating policies of those subsidiaries.

The last financial results published by the Company were the interim report for the six-month ended 31 December 2013. Since the books and records of most of the Company's subsidiaries are not available to the Liquidators, the Liquidators cannot ascertain the financial position of those subsidiaries after 31 December 2013. Together with the fact that the Company has lost control over those subsidiaries, the Liquidators is of the view that those subsidiaries should be deconsolidated from the Group with effect from 1 January 2014.

Based on the aforementioned basis and the books and records available to the Liquidators, for the year ended 30 June 2016, the Group had no turnover (2015: nil) and the Group's net loss was approximately HK\$0.6 million, representing a reduction in loss of about HK\$55.9 million as compared to the Group's net loss of approximately HK\$56.5 million for the year ended 30 June 2015. Such reduction was mainly due to no further finance costs incurred during the year ended 30 June 2016.

Due to the deconsolidation of the subsidiaries of the Company since 1 January 2014, the Liquidators consider that there were no reportable segment for the year ended 30 June 2016.

Liquidity and financial resources

Financial Resources

As at 30 June 2016, the Group had cash and cash equivalents of approximately HK\$1.1 million (2015: HK\$0.3 million). As at 30 June 2016, the Group's current ratio (current assets to current liabilities) was approximately 0.2% (2015: 0.1%).

Indebtedness and Banking Facilities

As at 30 June 2016, the Group had bank and other borrowings of approximately HK\$52.4 million.

As at 30 June 2016, the Group has eight (2015: eight) unlisted straight bonds to eight (2015: eight) independent investors in an aggregate principal amount of HK\$45,000,000 (2015: HK\$45,000,000) (the "Bonds"). The Bonds are unsecured, arranged at fixed interest rates of 6% to 7% per annum and immediately due because of the liquidation of the Company.

As at 30 June 2016, the Group had (i) expired convertible bonds (due in November 2015) with outstanding principal amount of HK\$609,000,000 which was denominated in Hong Kong dollars and non-interest bearing; and (ii) expired convertible bonds (due in January 2016) with outstanding principal amount of RMB70,000,000 which was denominated in Renminbi and bore a yield-on-maturity/redemption of 6% per annum on a compound basis.

As at 30 June 2016, the Group's gearing ratio could not be determined because there was a deficit of equity attributable to owners of the Company (2015: N/A). The gearing ratio was calculated based on the division of the total amount of bank borrowings and other loans and convertible bonds (liability components) by total equity attributable to owners of the Company.

Assets and Liabilities

As at 30 June 2016, the Group had total assets of approximately HK\$1.8 million (2015: HK\$1.0 million) and total liabilities of HK\$926.3 million (2015: HK\$925.0 million). Out of which, two proofs of debts related to the share registrar fees owed to Hong Kong Registrars Limited and the Company's website subscription fee due to IRASIA. In order to carry out the restructuring, the Liquidators had settled these two proofs of debts in the sum of HK\$111,019.50 which are considered as necessary costs for the restructuring. After settling the outstanding fees of Hong Kong

Registrars Limited and IRASIA, there remain now 43 proofs of debts claiming an aggregate amount of approximately HK\$1,677.9 million. The Liquidators have been collating information about the claims, which will be used to adjudicate such claims as and when appropriate.

Remuneration policies and share option scheme

The Group had no salaries and other remunerations incurred for the year ended 30 June 2016.

Remuneration packages comprise salary, mandatory provident fund and year-end bonus based on individual merits. During the year ended 30 June 2016, no share option was granted (2015: nil).

Dividends

No dividend is declared for the year ended 30 June 2016 (2015: nil).

CODE ON CORPORATE GOVERNANCE PRACTICES

The Liquidators were appointed on 17 August 2015 pursuant to an Order of the High Court of Hong Kong. Consequently, the Liquidators are unable to comment as to whether the Company complied with the Code on Corporate Governance Practices throughout the year ended 30 June 2016.
