BUSINESS REVIEW AND OUTLOOK

Pharmaceutical Business

The Group commenced its Pharmaceutical Business in 2016 and continued to develop this business in the period under review. The Group has focused its resources on Pharmaceutical Business, which holds license such as the pharmaceutical operation permit (藥品經營許可證), the medical equipment operation permit (醫療器械經營企業許可證) and the good supply practices (GSP) certificate (藥品經營質量管理規範認證證書) and is principally engaged in the sales of pharmaceuticals, healthcare products and pharmaceutical consumables.

The Group had established business relationships with target pharmaceutical companies and chain pharmacies and during the period under review, it has established business relationships with a group of target hospitals in western Guangdong (mainly the areas of Zhanjiang and Maoming in Guangdong Province, including Zhanjiang city, Lianjiang, Wuchuan, Suixi County, Xuwen County, Maoming city, Dianbai District, Huazhou, Xinyi and Gaozhou), which are mainly related to the distribution of pharmaceuticals and pharmaceutical consumables to such hospitals as well as the supply of pharmaceuticals and healthcare products to such pharmaceutical companies and chain pharmacies.

In order to distribute pharmaceuticals and pharmaceutical consumables to hospitals, the Group shall first be approved by the hospitals as their pharmaceutical supplier. Then, in accordance with the medication demand of the hospitals, the Group will contact pharmaceutical manufacturers to obtain the corresponding distribution qualifications. Subject to the confirmations on specific species, specifications and quantities of medication used by the hospitals, the hospitals, the Group and the pharmaceutical manufacturers will enter into three-party sales and purchase contracts, pursuant to which, the Group will arrange specific purchase and distribution work subsequently. The procedure to provide pharmaceuticals and healthcare products to the pharmaceutical companies and chain pharmacies as a supplier is relatively simple. The Group is mainly required to agree on the sales terms with the target customers before entering into sales contracts and sales transactions. During the aforementioned supply and sales activities, the Group mainly acts as a channel distributor to conduct sales activities, which does not involve pharmaceutical production. The pharmaceuticals and healthcare products supplied and sold by the Group include (but not limited to) Jianwei Xiaoshi Pian (健胃消食片), Heparin Sodium Injection (肝素鈉注射液), Propofol Injection (丙泊酚注射液), Shuganning Injection (舒肝寧注射液), Pudilan Xiaoyan Pian (蒲地藍消炎片), Pudilan Xiaoyan Pian Koufuye (蒲地藍消炎片口服液), Oxytocin Nasal Spray (縮宮素鼻噴霧劑), Peramivir Sodium Chloride Injection (Glass Bottle) (帕拉米韋氯化鈉注射液(玻璃瓶)), Terbutaline Sulfate and Sodium Chloride Injection (Glass Bottle) (硫酸特布他林氯化鈉注射液(玻璃瓶)) and Cefazolin Sodium Pentahydrate for Injection (注射用五水頭孢唑林鈉).

The revenue from the Pharmaceutical Business increase by approximately HK\$10,004,000 from approximately HK\$1,970,000 for the three months ended 30 June 2017 to approximately HK\$11,974,000 for the three months ended 30 June 2018. Such increase was mainly due to the medical distribution channel had become comprehensive during the period under review.

Jewelry Business

The Group commenced its Jewelry Business in 2015 and continued to develop this business in the period under review.

During the period under review, the Group's Jewelry Business included wholesale and retail of jewelry and related ancillary business (including but not limited to custom-made jewelry, valet-procurement of jewelry and various after-sales services), and most of the processing businesses are performed in the form of commissioned processing by external factories. The jewelry products sold by the Group mainly included gold jewelry, platinum jewelry, diamond jewelry, gemstone jewelry, emerald and karat gold jewelry.

The Group's jewelry retailing business was conducted mainly through an offline store located in Wongtee Plaza, Futian District, Shenzhen, the PRC, which is a franchised store of the Luk Fook Jewelry brand. The store is required to select goods from the suppliers designated by Luk Fook Jewelry. Upon quality inspection by state-approved jewelry identification center and being claimed to the store by the Group's staff, the goods are immediately entered into store sales system for sale. Most of the jewelry goods purchased by the store from the suppliers were finished jewelry products, which are generally not required to undergo reprocessing before sale.

The Group's jewelry wholesale business was mainly conducted through the wholesale of jewelry products to jewelry wholesalers by 至尊彩虹鑽石(深圳)有限公司, a wholly owned subsidiary of the Company, where the jewelry products being wholesaled were mainly gold jewelries. During the period under review, the Group has the secondary membership (二級會員資格) of Shanghai Gold Exchange and continued to develop the secondary gold sales agency business (黃金二級代理業務). The Group may place orders for bullion via the online trading platform of Shanghai Gold Exchange. After claiming the bullion, the Group may commission external factories to process into finished gold jewelries and wholesale to jewelry wholesalers.

The Group will continue to focus on developing its Jewelry Business. With reference to its past sales experience, the Group intends to step up its efforts in identifying more jewelry wholesaler customers in South China, thereby expanding the sales channels of its secondary gold sales agency business (黃金二級代理業務). As to retail of jewelry, the positioning of retail products in stores will focus on mid-end products, which will be supplemented by low end products. Meanwhile, the Group will put more efforts to raise the sales proportion to its major high-end corporate customers (which principally purchase or customize jewelry as corporate gifts/awards) so as to increase the jewelry sales as well as generate profits.

The revenue from the Jewelry Business decreased by approximately HK\$3,551,000 from approximately HK\$13,100,000 for the three months ended 30 June 2017 to approximately HK\$9,549,000 for the three months ended 30 June 2018. The decrease in revenue from the Jewelry Business for the period under review was mainly because of the decrease in wholesale of golden jewelry products in the PRC.

Lending Business

The Group commenced its Lending Business in Hong Kong in 2016 through acquiring a group of companies with a valid money lending licence in Hong Kong to diversify its income source. The Lending Business continued to grow and contributed positive results to the Group during the period under review. The Group will pay a closer attention to the market situation and the external economic environment and consider the possibility of further expansion in the lending business.

There was one major outstanding loan receivables with the Group as at 30 June 2018. It was carried out as part of the ordinary and usual course of business of the Group and brought in interest income to the Group.

Pursuant to the loan agreements entered into between SZ Finance and the borrower, Ms. Ding Pingying, on 9 February 2018, the unsecured loan was granted to and drawn down by Ms. Ding Pingying on 9 February 2018. The loan was in the principal amount of HK\$11,000,000 and was bearing an interest at a rate of 12% per annum for a term of six months. The final repayment date of the loan is 8 August 2018 but early repayment is allowed.

The Group has conducted internal risk assessment on these loan arrangements and noted both of the borrowers have substantial investments and assets in the PRC which support their respective financial capability to repay the loans, thus no securities or collaterals was sought. The purpose of the loans is to enhance their short-term cash flow.

The internal control review

The Company also engaged an internal control reviewer to conduct an internal control review for the Group (the “IC Review”) which covers four major areas, namely, (i) corporate internal control; (ii) financial reporting and disclosure internal control; (iii) internal control over business processes; and (iv) operational manual. The first stage of the IC Review was completed. Findings and recommendations under the IC Review were presented to the Board and the Group is implementing the recommendations if thought fit.

Looking ahead, there are still great challenges for the Group. While carrying out initiatives already under way in its current strategic plans, the Group will also critically review the future opportunities in its existing businesses with a target to re-allocate the Group’s resources for a more fruitful manner. In the coming future, the Group will focus its work on strengthen its marketing and channel efforts, increasing user base and improving the quality of its products.
