MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

The Group's revenue increased by approximately 62.6% from approximately HK\$86.0 million for the three months ended 31 March 2017 to approximately HK\$139.8 million for the three months ended 31 March 2018, primarily attributable to certain new street cleaning service contracts and waste collection contracts have been commenced. During the three months ended 31 March 2018, the Group's gross profit decreased by approximately 28.8% from approximately HK\$7.9 million for the three months ended 31 March 2017 to approximately HK\$10.2 million for the three months ended 31 March 2018. The Group's cost of services mainly comprise direct labour costs, vehicle expenses, consumables and direct overheads. The gross profit margins for the three months ended 31 March 2017 and 2018 were approximately 9.2% and 7.3%, respectively. The reduction in the gross profit margin was mainly caused by the higher vehicle expenses and higher direct labour costs. During the three months ended 31 March 2018, vehicle expenses increased significantly by approximately HK\$10.8 million as compared to the corresponding period in 2017 which was mainly attributable to the increase in number of vehicles for operation.

The direct labour cost for the three months ended 31 March 2018 increased by approximately 62.4% as compared to the same period of 2017 due to higher headcounts for new projects.

Other income decreased to approximately HK\$19,000 for the three months ended 31 March 2018 from approximately HK\$344,000 for the corresponding period in 2017, primarily attributable to the one-off vehicle rental income of approximately HK\$182,000 recorded in 2017.

The Group recorded other net gains of approximately HK\$120,000 for the three months ended 31 March 2018 as compared to other net gains of approximately HK\$175,000 for the corresponding period in 2017 mainly due to the exchange gain of approximately HK\$125,000 for the three months ended 31 March 2017.

Administrative expenses increased to approximately HK\$2.3 million for the three months ended 31 March 2018 from approximately HK\$4.5 million for the three months ended 31 March 2017, mainly due to i) the increase in salaries and welfares of approximately HK\$1.1 million due to additional headcounts, ii) the increase in legal and professional fee of approximately HK\$0.6 million due to the post-listing legal and professional fee.

The Group's finance costs increased by approximately 91.5% from approximately HK\$920,000 for the three months ended 31 March 2017 to approximately HK\$1.8 million for the three months ended 31 March 2018, primarily attributable to the increase of interest expenses on obligations under finance leases for vehicles purchased and increase of interest expenses on factoring of trade receivables.

The Group recorded a net profit after taxation for the three months 31 March 2018 of approximately HK\$1.4 million, as compared to a net profit of approximately HK\$2.0 million for the corresponding period in 2017. Excluding the non-recurring listing expenses, the net profits for the respective periods are approximately HK\$1.4 million and HK\$2.3 million.

BUSINESS REVIEW AND OUTLOOK

We are an established and one-stop environmental service provider based in Hong Kong. Our environmental hygiene services cover four types, namely (a) cleaning services; (b) pest management services; (c) waste management and recycling services; and (d) landscaping services. We provide our environmental hygiene services to a wide range of venues including streets, cultural, leisure and recreational premises, residential premises, commercial buildings, markets, restaurants and academic institutions etc. Our major customers include various departments of the HK Government, property management companies and other corporations in the private sector.

The successful listing of the Company's shares on GEM of the Stock Exchange on 18 July 2017 ("**Listing Date**") was a milestone for the Group in improving capital strength and corporate governance as well as enhancing its competitive edge.

We provided tender and quotations for our street cleaning solutions. We are confident about the outlook of the Group and the prospects of the environmental cleaning service industry, and thereby have been investing heavily on purchase of additional motor vehicles, cleaning machinery and equipment so as to expand our business and enhance our ability to undertake more projects.

Furthermore, we intend to build on our track record and capitalize on our customer relationship to secure additional opportunities to offer our services. We believe that our long-standing relationship with some of our key customers does provide us with significant advantages to continue to increase our market share. As many of our customers, such as government departments of Hong Kong and property management companies, have multiple projects in Hong Kong, we will continue to foster their confidence in our service delivery with a view to identifying and acquiring new opportunities to serve them.

Undoubtedly, we intend to secure more tender contracts with government departments of Hong Kong that have not previously engaged our services. With our considerable resources, including our stable and sizeable labour force and growing fleet of specialized vehicles, we believe that we are particularly well-equipped to undertake new projects of government departments of Hong Kong, which generally require cleaning services providers with substantial resources, such as our Group, to undertake their medium to large scale projects.

By bolstering our sales and marketing manpower to promote our brand recognition in the coming years, we will endeavour to become more competitive and be able to compete for more sizeable and profitable projects.
