## CONTINUING CONNECTED TRANSACTIONS

### (1) MASTER SALE AND PURCHASE AGREEMENT

### (2) MASTER PRODUCTS MANUFACTURING SERVICE AGREEMENT AND

### (3) MASTER RESEARCH & DEVELOPMENT SERVICES AGREEMENT

#### CONTINUING CONNECTED TRANSACTIONS

Reference is made to the announcement of the Company dated 19 December 2024 in relation to the 2025 Master Sale and Purchase Agreement and the 2025 Master Products Manufacturing and Transportation Services Agreement entered into between the Company and Sichuan Kelun and the continuing connected transactions contemplated thereunder.

#### **Master Sale and Purchase Agreement**

As the term of the 2025 Master Sale and Purchase Agreement will expire on 31 December 2025, on 23 December 2025, the Company has entered into the Master Sale and Purchase Agreement with Sichuan Kelun to renew the Sale of Materials and Purchase of Materials for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

#### **Master Products Manufacturing Service Agreement**

As the term of the 2025 Master Products Manufacturing and Transportation Services Agreement will expire on 31 December 2025, on 23 December 2025, the Company has entered into the Master Products Manufacturing Service Agreement with Sichuan Kelun to renew the Product Manufacturing Service for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

## **Master Research & Development Services Agreement**

On 23 December 2025, the Company has entered into the Master Research & Development Services Agreement with Sichuan Kelun, pursuant to which members of the Group shall engage members of the Kelun Group for research and development services for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

## **LISTING RULES IMPLICATIONS**

As at the date of this announcement, Sichuan Kelun is a beneficial holder of 212,390,000 Shares and is through Kelun International interested in 467,168,000 Shares pursuant to the latest Disclosure of Interests form filed by Sichuan Kelun. By virtue of Sichuan Kelun's interests in an aggregate of 679,558,000 Shares (representing approximately 23.03% of the issued share capital of the Company), it is a substantial shareholder of the Company and therefore a connected person under Chapter 14A of the Listing Rules.

As one or more of the applicable percentage ratios in respect of the annual cap for each of the Continuing Connected Transactions exceed 0.1% but all are less than 5%, each of the Continuing Connected Transactions constitutes a continuing connected transaction of the Company and is subject to the reporting, announcement and annual review requirements but is exempt from the circular (including independent financial advice) and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

## **INTRODUCTION**

Reference is made to the announcement of the Company dated 19 December 2024 in relation to the 2025 Master Sale and Purchase Agreement and the 2025 Master Products Manufacturing and Transportation Services Agreement entered into between the Company and Sichuan Kelun and the continuing connected transactions contemplated thereunder.

### **Master Sale and Purchase Agreement**

As the term of the 2025 Master Sale and Purchase Agreement will expire on 31 December 2025, on 23 December 2025, the Company has entered into the Master Sale and Purchase Agreement with Sichuan Kelun to renew the Sale of Materials and Purchase of Materials for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

### **Master Products Manufacturing Service Agreement**

As the term of the 2025 Master Products Manufacturing and Transportation Services Agreement will expire on 31 December 2025, on 23 December 2025, the Company has entered into the Master Products Manufacturing Service Agreement with Sichuan Kelun to renew the Product Manufacturing Service for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

## **Master Research & Development Services Agreement**

The Board announces that on 23 December 2025, the Company has entered into the Master Research & Development Services Agreement with Sichuan Kelun, pursuant to which members of the Group shall engage members of the Kelun Group for research and development services for a term commencing from 1 January 2026 and ending on 31 December 2026 (both days inclusive).

## **MASTER SALE AND PURCHASE AGREEMENT**

The principal terms of the Master Sale and Purchase Agreement are set out as follows:

### **Date**

23 December 2025 (after trading hours)

### **Parties**

(a) the Company; and

(b) Sichuan Kelun.

### **Subject Matter**

Pursuant to the terms of the Master Sale and Purchase Agreement, (i) members of the Group shall purchase Material A from members of the Kelun Group; and (ii) members of the Kelun Group shall purchase Material B from members of the Group, on a non-exclusive basis, subject to the entering into of individual implementation contracts as agreed between members of the Group and members of the Kelun Group.

### **Term**

From 1 January 2026 to 31 December 2026 (both days inclusive)

### **Conditions Precedents**

The Master Sale and Purchase Agreement shall take effect subject to the Master Sale and Purchase Agreement and the transactions contemplated thereunder (including the annual caps) having been approved by each of the respective empowered bodies of the parties, including the board of directors and the shareholders (if necessary).

The Master Sale and Purchase Agreement would be terminated and lapse in the event that the above condition is not fulfilled by 31 December 2025, upon which the parties will have no further obligations except for the rights and remedies in respect of any antecedent breach.

As at the date of this announcement, the Master Sale and Purchase Agreement and the transactions contemplated thereunder (including the annual caps) have been approved by the respective board of directors of each of the Company and Sichuan Kelun, and hence the above condition has been fulfilled.

### **Payment terms**

Payments for Material A purchased by member(s) of the Group from the Kelun Group will be settled in cash or by way of bank transfer upon the receipt of the relevant Material A by member(s) of the Group.

Payment for Material B purchased by member(s) of the Kelun Group from the Group will be settled in cash or by way of bank transfer upon the receipt of the relevant Material B by member(s) of the Kelun Group.

The time of payment will be negotiated and determined and agreed between the parties to the individual contracts to be entered into by the parties pursuant to the Master Sale and Purchase Agreement.

### **Pricing policies**

#### ***Purchase of Materials***

The unit prices of Material A to be purchased by the Group are determined based on the prevailing market prices from time to time for relevant materials of similar quantities and specifications to ensure that such prices and terms for Material A to be offered by the Kelun Group are no less favourable to the Group than those offered by other independent third-party suppliers. The Group will compare the unit prices of Material A to be purchased by the Group with the reference unit prices of Material A as stated in Menet\* (米內網), healthoo.com (健康網) or similar portals in future, so as to ensure that the prices at which and terms on which Material A are offered by the Kelun Group are on prevailing market terms or better, and thus no less favourable to the Group than those offered by other independent third-party suppliers. Menet and healthoo.com are leading integrated professional information service platforms in the PRC focusing on the provision of medical and health information, terminal data and market research services.

The Group will also at its best effort obtain price quotation(s) of comparable materials of similar quantities and specifications from independent third-party suppliers for comparison. The Company understands that the Kelun Group may be one of very few suppliers in the PRC of certain pharmaceutical raw materials amongst Material A including various types of active pharmaceutical ingredients which are used by the Group for manufacturing its products. The Company foresees that on certain occasions it may not be possible for the Group to obtain meaningful contemporaneous price quotations from independent third-party suppliers in the PRC, as only a very limited number of suppliers in the PRC possess the capacity and capabilities to produce a large quantity of pharmaceutical raw materials of similar quality comparable to the orders of Material A expected to be made by the Group to the Kelun Group, in which event the reference price(s) obtained from Menet and healthoo.com would be the primary reference for setting the prices of Material A in individual orders.

A management personnel of the Group authorised to approve such transactions will review and compare the prices in respect of Material A offered by the Kelun Group to the Group with the reference unit price as quoted on Menet and healthoo.com and/or contemporaneous price quotation(s) obtained from other independent third party supply(iers) (as the case may be) for comparable materials of similar quantities and specifications before entering into individual contracts pursuant to the Master Sale and Purchase Agreement.

In the event that the prices or terms in respect of Material A available to the Group are less favourable than the reference unit price as quoted on Menet and healthoo.com and/or contemporaneous price quotation(s) obtained from other independent third-party supply(iers) (as the case may be) for comparable materials of similar quantities and specifications, the Group will not enter into such transactions. The Group will at its best effort further negotiate with the Kelun Group for fair and reasonable terms in order to comply with the pricing principles of the Company.

### ***Sale of Materials***

The unit prices of Material B sold by the Group and purchased by the Kelun Group shall be determined with reference to the prices of relevant comparable materials in the price lists adopted by the Group and generally applicable to all customers of the Group. The unit prices will be formulated with reference to the following factors: (i) the prices of the corresponding types of materials amongst Material B; (ii) the Group's production costs; (iii) the volume of the purchase orders; (iv) the requested packaging requirements; and (v) any other factors affecting prices of Material B.

The unit prices and other terms of the Group's sale of Material B to the Kelun Group shall be no less favourable than those offered by the Group to other independent third-party purchasers in accordance with its price lists generally applicable to all customers.

A management personnel of the Group authorised to approve such transactions will review and compare the unit prices and terms for Material B offered by the Group to the Kelun Group with those in the price lists and at least two recent transaction records of comparable materials offered by the Group to independent third-party customers in the trading database of the Group before entering into individual contracts with the Kelun Group under the Master Sale and Purchase Agreement.

In the event that the unit prices for Material B offered by the Group to the Kelun Group are less favourable to the Group than those offered by the Group to independent third-party customers for comparable materials in the price lists and/or trading database, the Group will not enter into such transactions. The Group will at its best effort further negotiate with the Kelun Group for fair and reasonable terms in order to comply with the pricing principles of the Company.

## **Annual Caps and Basis**

### ***Historical Annual Caps***

The historical annual cap for the maximum transaction amounts payable by the Group to the Kelun Group in respect of the purchase of Material A by the Group from the Kelun Group under the 2025 Master Sale and Purchase Agreement for FY2025 is RMB276,730,000.

The historical annual cap for the maximum transaction amounts payable by the Kelun Group to the Group in respect of the purchase of Material B by the Kelun Group from the Group under the 2025 Master Sale and Purchase Agreement for FY2025 is RMB98,110,000.

### ***Actual Transaction Amounts***

The actual transaction amount paid by the Group to the Kelun Group in respect of the purchase of Material A by the Group from the Kelun Group under the 2025 Master Sale and Purchase Agreement for the ten months ended 31 October 2025 was RMB120,990,000.

The actual transaction amount paid by the Kelun Group to the Group in respect of the purchase of Material B by the Kelun Group from the Group under the 2025 Master Sale and Purchase Agreement for the ten months ended 31 October 2025 was RMB54,450,000.

### ***Annual Caps***

The annual cap for the maximum transaction amounts to be paid by the Group to the Kelun Group in respect of the purchase of Material A by the Group from the Kelun Group under the Master Sale and Purchase Agreement for FY2026 is RMB174,580,000.

The annual cap for the maximum transaction amounts to be paid by the Kelun Group to the Group in respect of the purchase of Material B by the Kelun Group from the Group under the Master Sale and Purchase Agreement for FY2026 is RMB82,170,000.

### ***Basis***

The annual cap in respect of the Purchase of Materials was determined with reference to:

- (i) the historical transaction amounts paid by the Group for the purchase of Material A from the Kelun Group under the 2025 Master Sale and Purchase Agreement for the ten months ended 31 October 2025, and the projected annualized transaction amount for FY2025 of approximately RMB152.98 million based on the actual transaction amount for ten months ended 31 October 2025 and the estimated transaction amount for the last two months of FY2025;

- (ii) the Group's estimated demand for Material A (as raw materials) for FY2026, with reference to the Group's expected production capacities for its end products, existing and expected orders of products from the Group's customers and expected market demands for the Group's products. In particular, the Company has seen a trend of growth in bulk drugs market. With an increased demand in bulk drug products, it is projected that the Group's size and scale of procurement for active pharmaceutical ingredients, being key raw materials for the production of bulk drug products, from the Kelun Group will see a growth. Hence, there is expected to be an increase in the transaction amount for FY2026 as compared to the historical transaction amounts (and annualized amount) paid by the Group for the purchase of Material A from the Kelun Group;
- (iii) the Kelun Group's expected production capacities of Material A for FY2026;
- (iv) the expected unit prices of Material A provided by the Kelun Group with reference to prevailing market prices; and
- (v) buffer for fluctuation of market prices and change in specifications.

The annual cap in respect of the Sale of Materials was determined with reference to:

- (i) the historical transaction amount paid by the Kelun Group for the purchase of Material B from the Group under the 2025 Master Sale and Purchase Agreement for the ten months ended 31 October 2025, and the projected annualized transaction amount for FY2025 of approximately RMB64.21 million based on the actual transaction amount for the ten months ended 31 October 2025 and the estimated transaction amount for the last two months of FY2025;
- (ii) the Kelun Group's estimated demand for Material B for FY2026, with reference to its expected production capacities for its end products, existing and expected orders of products and expected market demands for the Kelun Group's products. As communicated with the Kelun Group and with reference to a sales forecast, it is expected that there will be an increase in demand for Material B from the Kelun Group;
- (iii) the Group's expected production capacities of Material B for FY2026;
- (iv) the expected unit prices of Material B provided by the Group with reference to prices of comparable materials in the price lists and/or trading database of the Group and relevant market prices; and
- (v) buffer for fluctuation of market prices and change in specifications.

**Shareholders and potential investors of the Company should note that the above annual caps are not intended, and do not purport, to be an indication of the Group's future performance or profitability. Shareholders or potential investors of the Company should not rely on the annual caps in deciding how or whether or not to deal in the Shares.**

## **MASTER PRODUCTS MANUFACTURING SERVICE AGREEMENT**

The principal terms of the Master Products Manufacturing Service Agreement are set out as follows:

### **Date**

23 December 2025 (after trading hours)

### **Parties**

(a) the Company; and

(b) Sichuan Kelun.

### **Subject Matter**

Pursuant to the Master Products Manufacturing Service Agreement, members of the Group shall engage members of the Kelun Group for products manufacturing and ancillary services, on a non-exclusive basis, subject to the entering into of individual contracts as agreed between members of the Group and members of the Kelun Group.

### **Term**

From 1 January 2026 to 31 December 2026 (both days inclusive)

### **Conditions Precedents**

The Master Products Manufacturing Service Agreement shall take effect subject to the Master Products Manufacturing Service Agreement and the transactions contemplated thereunder (including the annual cap) having been approved by each of the respective empowered bodies of the parties, including the board of directors and shareholders (if necessary).

The Master Products Manufacturing Service Agreement would be terminated and lapse in the event that the above condition is not fulfilled by 31 December 2025, upon which the parties will have no further obligations except for the rights and remedies in respect of any antecedent breach.

As at the date of this announcement, the Master Products Manufacturing Service Agreement and the transactions contemplated thereunder (including the annual cap) have been approved by the respective board of directors of each of the Company and Sichuan Kelun, and hence the above condition has been fulfilled.

## **Payment terms**

The service fees payable by the Group for the Products Manufacturing Service under the Master Products Manufacturing Service Agreement will be settled in cash or by way of bank transfer.

The time of payment will be negotiated and determined and agreed between the parties to the individual contracts to be entered into by the parties pursuant to the Master Products Manufacturing Service Agreement.

## **Pricing policies**

The Products Manufacturing Service shall be conducted on normal commercial terms, in particular, the Products Manufacturing Service will be (i) on terms no less favourable to the Group than terms available from independent third parties based on its internal control measures; (ii) conducted in the ordinary and usual course of business of the Group and after arm's length negotiations; and (iii) conducted within the ambit of the annual cap.

The service fees for the Products Manufacturing Service payable by the Group to the Kelun Group are determined based on the prevailing market prices from time to time for relevant manufacturing service in respect of products of similar type, quantity and quality.

The Group will obtain at least two quotations for manufacturing service in respect of products of similar type, quantity and quality from independent third parties for comparison.

A management personnel of the Group authorised to approve such transactions will review and compare the service fees and terms made available to the Group by the Kelun Group for the Products Manufacturing Service with the quotations obtained from independent third parties before entering into individual contracts for the Products Manufacturing Service pursuant to the Master Products Manufacturing Service Agreement.

In the event that the service fees and terms available to the Group in respect of the Products Manufacturing Service are less favourable to the Group than those offered by independent third parties in the quotations obtained by the Group, the Group will not enter into such transactions.

The Group will at its best effort further negotiate with the Kelun Group for fair and reasonable terms in order to comply with the pricing principles of the Company.

## **Annual Cap and Basis**

### ***Historical Annual Cap***

The historical annual cap for the maximum transaction amount payable by the Group for the products manufacturing service provided by the Kelun Group to the Group under the 2025 Master Products Manufacturing and Transportation Services Agreement for FY2025 is RMB30,000,000.

### ***Actual Transaction Amount***

The actual transaction amount paid by the Group to the Kelun Group in respect of the products manufacturing Service under the 2025 Master Products Manufacturing and Transportation Services Agreement provided by the Kelun Group to the Group for the ten months ended 31 October 2025 was RMB19,560,000.

### ***Annual Cap***

The annual cap for the maximum transaction amounts to be paid by the Group to the Kelun Group in respect of the Products Manufacturing Service to be provided by the Kelun Group to the Group under the Master Products Manufacturing Service Agreement for FY2026 is RMB27,000,000.

### ***Basis***

The annual cap in respect of the Products Manufacturing Service has been determined with reference to:

- (i) the historical transaction amount paid by the Kelun Group for the Products Manufacturing Service under the 2025 Master Products Manufacturing and Transportation Services Agreement for the ten months ended 31 October 2025, and the projected annualized transaction amount for FY2025 of approximately RMB24.62 million based on the actual transaction amount for the ten months ended 31 October 2025 and the estimated transaction amount for the last two months of FY2025;
- (ii) the Group's estimated demand for the Products Manufacturing Service provided by the Kelun Group for FY2026;
- (iii) the expected service fees for the Products Manufacturing Service with reference to prevailing market prices;
- (iv) the estimated capacity of the Kelun Group in providing the Products Manufacturing Service; and
- (v) a buffer in order to provide flexibility to the Company in case of any unforeseen increase in demand or fluctuation in prevailing market prices.

**Shareholders and potential investors of the Company should note that the above annual cap is not intended, and does not purport, to be an indication of the Group's future performance or profitability. Shareholders or potential investors of the Company should not rely on the annual cap in deciding how or whether or not to deal in the Shares.**

## **MASTER RESEARCH & DEVELOPMENT SERVICES AGREEMENT**

The principal terms of the Master Research & Development Services Agreement are set out as follows:

### **Date**

23 December 2025 (after trading hours)

### **Parties**

(a) the Company; and

(b) Sichuan Kelun.

### **Subject Matter**

Pursuant to the Master Research & Development Services Agreement, members of the Group shall engage members of the Kelun Group for research and development services, on a non-exclusive basis, subject to the entering into of individual contracts as agreed between members of the Group and members of the Kelun Group.

The research and development services to be provided by the Kelun Group to the Group include: (1) the research and development of finished medicines and relevant technologies; and (2) testing services in respect of finished medicines.

### **Term**

From 1 January 2026 to 31 December 2026 (both days inclusive)

### **Conditions Precedents**

The Master Research & Development Services Agreement shall take effect subject to the Master Research & Development Services Agreement and the transactions contemplated thereunder (including the annual cap) having been approved by each of the respective empowered bodies of the parties, including the board of directors and shareholders (if necessary).

The Master Research & Development Services Agreement would be terminated and lapse in the event that the above condition is not fulfilled by 31 December 2025, upon which the parties will have no further obligations except for the rights and remedies in respect of any antecedent breach.

As at the date of this announcement, the Master Research & Development Services Agreement and the transactions contemplated thereunder (including the annual cap) have been approved by the respective board of directors of each of the Company and Sichuan Kelun.

### **Payment terms**

The service fees payable by the Group to the Kelun Group for the Engagement of R&D Services under the Master Research & Development Services Agreement will be settled in cash or by way of bank transfer.

The time of payment will be negotiated and determined and agreed between the parties to the individual contracts to be entered into by the parties pursuant to the Master Research & Development Services Agreement.

### **Pricing policies**

The Engagement of R&D Services shall be conducted on normal commercial terms, in particular, the Engagement of R&D Services will be (i) on terms no less favourable to the Group than terms available from independent third parties based on its internal control measures; (ii) conducted in the ordinary and usual course of business of the Group and after arm's length negotiations; and (iii) conducted within the ambit of the annual cap.

The service fees for the Engagement of R&D Services payable by the Group to the Kelun Group are determined based on the prevailing market prices from time to time for relevant research and development services of similar nature.

The Group will obtain at least two quotations for research and development services of products of similar nature from independent third parties for comparison.

A management personnel of the Group authorised to approve such transactions will review and compare the service fees and terms made available to the Group by the Kelun Group for the Engagement of R&D Services with the quotations obtained from independent third parties before entering into individual contracts pursuant to the Master Research & Development Services Agreement.

In the event that the service fees and terms available to the Group in respect of the Engagement of R&D Services are less favourable to the Group than the service fees and terms offered by independent third parties in the quotations obtained by the Group, the Group will not enter into such transactions.

The Group will at its best effort further negotiate with the Kelun Group for fair and reasonable terms in order to comply with the pricing principles of the Company.

## **Annual Cap and Basis**

### ***Actual Transaction Amount***

The actual transaction amount paid by the Group to the Kelun Group in respect of the research and development services provided by the Kelun Group to the Group for the ten months ended 31 October 2025 was RMB2,500,000.

As all relevant percentage ratios in respect of the transaction amounts for in respect of the research and development services provided by the Kelun Group to the Group of the year ending 31 December 2025 are expected to be below 0.1%, such transactions are therefore de minimis and fully exempt from the relevant requirements under Chapter 14A of the Listing Rules.

### ***Annual Cap***

The annual cap for the maximum transaction amounts to be paid by the Group to the Kelun Group in respect of the Engagement of R&D Services from the Kelun Group to the Group under the Master Research & Development Services Agreement for FY2026 is RMB8,000,000.

### ***Basis***

The annual cap in respect of the Engagement of R&D Services has been determined with reference to:

- (i) the Group's estimated demand for the research and development services provided by the Kelun Group for FY2026. With reference to the research and development plan of the Group, it is projected that there will be an increased number of projects of the Group in relation to which the Group may engage members of the Kelun Group for research and development services in FY2026, as compared to FY2025;
- (ii) the expected service fees for the Engagement of R&D Services with reference to prevailing market prices;
- (iii) the estimated capacity of the Kelun Group in the providing research and development services;
- (iv) the historical transaction amount paid by the Group to the Kelun Group for research and development services for the ten months ended 31 October 2025, and the projected annualized transaction amount for FY2025 of approximately RMB3.21 million based on the actual transaction amount for the ten months ended 31 October 2025 and the estimated transaction amount for the last two months of FY2025; and
- (v) a buffer in order to provide flexibility to the Company in case of any unforeseen increase in demands or fluctuation in prevailing market prices.

**Shareholders and potential investors of the Company should note that the above annual cap is not intended, and does not purport, to be an indication of the Group's future performance or profitability. Shareholders or potential investors of the Company should not rely on the annual cap in deciding how or whether or not to deal in the Shares.**

## **REASONS FOR AND BENEFITS OF ENTERING INTO THE CONTINUING CONNECTED TRANSACTIONS**

### **Master Sale and Purchase Agreement**

The Sale of Materials and Purchase of Materials will be conducted in the ordinary and usual course of business of the Group and each transaction under the Master Sale and Purchase Agreement will be negotiated on an arm's length basis and be conducted on normal commercial terms or on terms no less favourable to the Group than terms available to or from (as appropriate) independent third parties.

It is in the interests of the Company to purchase materials from the Kelun Group as the prices are more competitive compared to the prices offered by other independent third-party suppliers. The Master Sale and Purchase Agreement does not limit the types of materials or products to be purchased by the Group from the Kelun Group or by the Kelun Group from the Group. As at the date of this announcement, the Company understands that the Kelun Group is one of few suppliers in the PRC in respect of the raw materials (in particular certain active pharmaceutical ingredients) required to produce the Group's products for sale. The Purchase of Materials under the Master Sale and Purchase Agreement has the benefit of enhancing stable and reliable supply of relevant materials necessary for the manufacturing of products of the Company at favourable and competitive prices under the current market conditions.

On the other hand, the Board is of the view that the sale of pharmaceutical materials including but not limited to co-extrusion films, rubber plugs and gaskets, and various types of bulk drugs to the Kelun Group will provide a secure source of revenue for the Group and contribute to the implementation of the Group's sales plan.

In view of the above, the Board considers that the entering into of the Master Sale and Purchase Agreement and the Sale of Materials and Purchase of Materials contemplated thereunder are in line with the business strategy of the Company and will benefit the business of the Company. The Company considers that the Sale of Materials and Purchase of Materials facilitate and support the growth of the business of the Group, and enable the Group to fully leverage on its advantages and to achieve better operating performance. With the abovementioned pricing policies and internal control measures disclosed below, the terms of the Sale of Materials and Purchase of Materials will be on normal commercial terms, commensurate with prevailing market terms and be no less favourable to the Group than those offered by or to independent third parties.

## **Master Products Manufacturing Service Agreement**

Through the Products Manufacturing Service, the Group will be able to outsource the manufacturing of certain products to the Kelun Group at a competitive price, which would enable the Group to streamline its operating workflow and enhance efficiency. By way of outsourcing the production processes for certain specific products, the Group would benefit from the specialties of the Kelun Group's manufacturing capacities, focus on its core competencies, optimize cost efficiency and maximize flexibility in terms of resources allocation and business planning. In addition, the historical and long-term cooperation between the Group and the Kelun Group enabled the Kelun Group to gain a comprehensive and deep understanding of the Group's business as well as its needs for manufacturing products, which would create synergy between and mutual benefits for each of the parties.

Having considered the Group's business needs, previous experience and the long-term and stable cooperation with the Kelun Group, the Directors consider that the Kelun Group is capable of fulfilling the Group's demands in a reliable and cost-effective manner and it is in the interest of the Group to enter into the Master Products Manufacturing Service Agreement.

## **Master Research & Development Services Agreement**

The Board considers that the Kelun Group has strong research and development capabilities on certain types of pharmaceuticals products. The Engagement of R&D Services provided by the Kelun Group will facilitate the Group in enhancing its product range and functionalities, thereby improving the market competitiveness of new products of the Group. The Engagement of R&D Services may also optimize the product development, production cycle and cost structure of new products of the Group and hence generate benefits for the Company and its Shareholders as a whole.

Based on the above, the Directors (including the independent non-executive Directors) consider that each of the Agreements has been entered into in the ordinary and usual course of business of the Group and is on normal commercial terms, and that each of the Continuing Connected Transactions (including the annual caps) are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

As Mr. Liu Wenjun, a non-executive Director, holds position(s) in Sichuan Kelun, he is deemed or may be perceived to have a material interest in the Agreements and the Continuing Connected Transactions contemplated thereunder (including the annual caps). Accordingly, Mr. Liu Wenjun has abstained from voting on the Board resolutions approving the same. Save as disclosed above, to the best of the knowledge, information and belief of the Directors having made all reasonable enquiries, none of the Directors has any material interest in the Agreements and the Continuing Connected Transactions contemplated thereunder (including the annual caps).

## INTERNAL CONTROL MEASURES

In order to safeguard the interests of the Company and the Shareholders as a whole and to ensure that the pricing policies and the annual caps are complied with, the Company has adopted the following internal control measures:

- The Group maintains price lists and a database containing historical transaction records and relevant terms and conditions. The information in the database is obtained in the course of the Group's operations, including information in respect of transactions entered into by different divisions/departments of the Group. The Company will continue to develop and maintain the database so as to include pricing information in relation to materials sold by the Group in the future. Designated personnel of the Group are responsible for the maintenance of the database, and the database is generally updated as soon as practicable after the materialization or consummation of a sales/provision of service transaction. A management personnel of the Group is designated to monitor and supervise the maintenance of the database to ensure that up-to-date records are properly kept. The Company will also conduct random checks on the database so as to ensure that effective and sound internal control measures are in place so that continuing connected transactions with the Kelun Group will be conducted on a fair and reasonable basis.
- The relevant business units and departments of Group will regularly monitor and review the prices/fees of and terms under which continuing connected transactions are conducted with the Kelun Group in order to ensure that such continuing connected transactions are conducted on normal commercial terms, in accordance with the annual caps set by the Company, and the terms are no less favourable to the Group than those available to/from independent third parties. The Company will designate specific personnel from the compliance/internal control department to monitor the continuing connected transactions with the Kelun Group and any irregularities will be reported to the senior management of the Group in a timely manner.
- The Group will conduct regular internal checks to ensure that the internal control measures in respect of the continuing connected transactions with the Kelun Group remain intact and effective.
- The Company's external auditors will annually review the relevant continuing connected transactions with the Kelun Group subject to annual view requirement to check and confirm (amongst others) whether the pricing policies have been adhered to, whether the continuing connected transactions were conducted in accordance with the agreements governing them and whether the relevant annual caps have been exceeded.
- The independent non-executive Directors will annually review the relevant continuing connected transactions with the Kelun Group to check and confirm whether such transactions have been conducted in the ordinary and usual course of business of the Company, on normal commercial terms, in accordance with the agreements governing them, on terms that are fair and reasonable and in the interests of the Shareholders as a whole, and whether the internal control procedures put in place by the Company are adequate and effective to ensure that such continuing connected transactions with the Kelun Group are conducted in accordance with the pricing policies adopted by the Group and the annual caps pursuant to the Listing Rules.

## **INFORMATION OF THE PARTIES**

### **Information on the Company**

The Company is a company incorporated in the Cayman Islands with limited liability. The Group is principally engaged in the research, development, manufacturing and selling of pharmaceutical products, which includes finished medicines, bulk pharmaceuticals and medical materials.

### **Information on the Kelun Group**

Sichuan Kelun is a company established in the PRC with limited liability, the shares of which are listed on the Shenzhen Stock Exchange (stock code: SZ002422). The Kelun Group is principally engaged in the research, development, manufacturing and selling of various pharmaceutical products and materials. As at the date of this announcement, Sichuan Kelun is interested in 679,558,000 Shares (representing approximately 23.03% of the issued share capital of the Company) pursuant to the latest Disclosure of Interests form filed by Sichuan Kelun and is therefore a substantial shareholder of the Company. The ultimate beneficial owner of Sichuan Kelun is Mr. Liu Gexin (劉革新).

## **LISTING RULES IMPLICATIONS**

As at the date of this announcement, Sichuan Kelun is a beneficial holder of 212,390,000 Shares and is through Kelun International interested in 467,168,000 Shares pursuant to the latest Disclosure of Interests form filed by Sichuan Kelun. By virtue of Sichuan Kelun's interests in an aggregate of 679,558,000 Shares (representing approximately 23.03% of the issued share capital of the Company), it is a substantial shareholder of the Company and therefore a connected person under Chapter 14A of the Listing Rules.

As one or more of the applicable percentage ratios in respect of the annual cap for each of the Continuing Connected Transactions exceed 0.1% but all are less than 5%, each of the Continuing Connected Transactions constitutes a continuing connected transaction of the Company and is subject to the reporting, announcement and annual review requirements but is exempt from the circular (including independent financial advice) and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.
