CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Consolidated Statement of Changes in Equity (continued)

For the six months ended 31 December 2014

Note:

Pursuant to an ordinary resolution in relation to the bonus issue of shares (with a convertible note alternative) passed at the extraordinary general meeting of the Company held on 1 November 2010, 311,191,645 bonus shares of HK\$0.1 each were issued on 25 November 2010 on the basis of one bonus share for every existing share held by the shareholders of the Company whose names appeared on the register of members of the Company on 1 November 2010.

Reserve arising from issuance of convertible notes was then capitalised from the Company's share premium account for the purpose of issue of new shares upon conversion of the convertible notes ("Notes") which were constituted by the deed poll dated 25 November 2010. This reserve balance represented the aggregate amount of the Notes outstanding at the period end. No Notes were exercised and converted into shares by noteholders during the six months ended 31 December 2014 (2013: 500 shares). As a result, 1,720,059,135 of the Notes remained outstanding as at 31 December 2014 (2013: 1,720,059,135).

The Notes are unlisted, non-transferable and irredeemable but have conversion rights entitling the noteholders to convert into an equivalent number of shares as the number of bonus shares which the noteholders would otherwise be entitled to receive under the bonus issue had the shareholder not elected for the Notes. The Notes do not carry voting rights at any general meeting of shareholders of the Company. The noteholders can exercise the conversion rights at anytime after the issue of the Notes, subject to the terms and conditions of the deed poll constituting the Notes. The Notes were recognised as equity and are presented in reserves as reserve arising from issuance of convertible notes.

Share Option Schemes

1. SHARE OPTION SCHEMES OF THE COMPANY

By an ordinary resolution of the Company passed at its annual general meeting held on 3 December 2002, the Company adopted a share option scheme (the “Old Scheme”). The Old Scheme became effective on 5 December 2002 following the passing of an ordinary resolution approving the same by the then shareholders at the extraordinary general meeting of SHKP held on the same day.

At the extraordinary general meeting of the Company held on 1 November 2011, an ordinary resolution was passed by the shareholders of the Company (the “Shareholders”) in contemplation of the transfer of listing of the shares in the Company to the Main Board of The Stock Exchange of Hong Kong Limited then proposed and the termination of the Old Scheme when the Proposed Scheme became effective. As the Company did not proceed with the application for the transfer of listing of its shares in 2012 (please refer to the announcement of the Company dated 10 June 2012), not all the conditions to which the Proposed Scheme was subject were fulfilled and the Proposed Scheme therefore did not take effect. Consequently, the Proposed Scheme can no longer be implemented as originally contemplated and no share options have been and will be granted under the Proposed Scheme.

Due to the expiry of the Old Scheme on 3 December 2012, an ordinary resolution was passed by the Shareholders at the annual general meeting held on 1 November 2012 for adopting a new share option scheme (the “2012 Scheme”) and terminating the Old Scheme. The adoption of the 2012 Scheme and the termination of the Old Scheme became effective on 15 November 2012 following the passing of an ordinary resolution approving the same by the then shareholders at the annual general meeting of SHKP held on the same day. No share options can be granted under the Old Scheme upon its termination.
