This announcement is made by the Company pursuant to Rule 13.09 of the Listing Rules and Inside Information Provisions under Part XIVA of the SFO.

The Board wishes to inform the Shareholders and potential investors that based on the management's preliminary assessment of the unaudited consolidated management accounts, the Group is expected to record a decrease of the net profit attributable to the owners of the Company for the six months ended 30 June 2018 in the range of 40% to 50%, when compared with the net profit attributable to the owners of the Company of approximately RMB213 million for the corresponding financial period ended 30 June 2017.

Shareholders and potential investors of the Company are advised to exercise caution when dealing in the shares of the Company.

This announcement is made by Xingda International Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the “**SFO**”).

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that based on the management's preliminary assessment of the unaudited consolidated management accounts, the Group is expected to record a decrease of the net profit attributable to the owners of the Company for the six months ended 30 June 2018 in the range of 40% to 50%, when compared with the net profit attributable to the owners of the Company of approximately RMB213 million for the corresponding financial period ended 30 June 2017.

The expected decrease in the net profit attributable to the owners of the Company for the six months ended 30 June 2018 was primarily attributable to the following reasons:

- (1) an increase in steel wire rod price resulted in higher production costs, which led to gross profit margin erosion;
- (2) an increase in the administrative expenses; and
- (3) a decrease in government grants

Despite the decline in net profit attributable to the owners of the Company for the six months ended 30 June 2018, the Board considers that the Group's overall financial position remains solid and the Board remains positive on the long term prospect of the Group.

The Company is still in the process of finalising the results for the six months ended 30 June 2018. The information contained herein is a preliminary estimate given by the management of the Group based on the unaudited consolidated management accounts of the Group which have not been audited or reviewed by the auditor of the Company. The unaudited financial results of the Group for the six months ended 30 June 2018 is expected to be announced on 29 August 2018.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.
