NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL INFORMATION

FOR THE SIX MONTHS ENDED 30 JUNE 2014

1. BASIS OF PREPARATION

The condensed consolidated financial information has been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities (the “**Listing Rules**”) on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) and with the Hong Kong Accounting Standard 34 (“**HKAS 34**”) “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”).

2. PRINCIPAL ACCOUNTING POLICIES

The condensed consolidated financial information has been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values.

The accounting policies and methods of computation used in the condensed consolidated financial information for the six months ended 30 June 2014 are the same as those followed in the preparation of the Group’s consolidated annual financial statements for the year ended 31 December 2013.

The HKICPA has issued a number of amendments to Hong Kong Financial Reporting Standards (“**HKFRSs**”) and one new interpretation that are first effective for the current accounting period of the Group and the Company. Of these, the following developments are relevant to the Group’s financial statements:

Amendments to HKAS 32	Offsetting financial assets and financial liabilities
Amendments to HKAS 36	Recoverable amount disclosures for non-financial assets
HK(IFRIC) 21	Levies

The Group has not applied any new standard, interpretation and amendments to HKFRSs that is not yet effective for the current accounting period.

Amendments to HKAS 32, Offsetting financial assets and financial liabilities

The amendments to HKAS 32 clarify the offsetting criteria such as the meaning of “currently has a legally enforceable right to set-off” for offsetting financial assets and financial liabilities. The amendments also clarify the application of the offsetting criteria for certain gross settlement systems which may be considered equivalent to the net settlement system. The adoption of this amendment does not have material impact on the Group.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL INFORMATION

FOR THE SIX MONTHS ENDED 30 JUNE 2014

2. PRINCIPAL ACCOUNTING POLICIES *(continued)*

Amendments to HKAS 36, Recoverable amount disclosures for non-financial assets

The amendments to HKAS 36 modify the disclosure requirements for impaired non-financial assets. Among other things, the amendments expand the disclosures required for an impaired asset or cash-generating units whose recoverable amount is based on fair value less costs of disposal. The adoption of this amendment does not have any impact on the Group.

HK(IFRIC) 21, Levies

The Interpretation provides guidance on when a liability to pay a levy imposed by a government should be recognised. The adoption of this amendment does not have material impact on the Group.

FOR THE SIX MONTHS ENDED 30 JUNE 2014

11. LOAN RECEIVABLES *(continued)*

- (i) The loan receivables outstanding at 30 June 2014 and 31 December 2013 are denominated in Hong Kong dollars.
- (ii) A loan receivable in the principal amount of approximately HK\$200,712,000 (31 December 2013: approximately HK\$200,712,000) is due to The Building and Loan Agency (Asia) Limited (“**The BLA (Asia)**”), a wholly-owned subsidiary of the Company, by the borrower and the guarantor. As previously reported, the loan, which bore variable interest based on the best lending rate offered by The Hongkong and Shanghai Banking Corporation Limited, was once secured by a floating charge over the entire assets of the guarantor, including a residential property in Hong Kong (the “**Property**”). Due to the failure on the part of the borrower and the guarantor to repay the loan and interest accrued thereon on demand, the floating charge was crystallised, and thus became a fixed charge, on 24 February 2012 (the “**Charge**”).

Also as previously reported, on 22 February 2013, Fameway Finance Limited (“**Fameway**”) and another two unsecured creditors entered into a debt recovery agreement with The BLA (Asia) in which it is agreed, inter alia, that The BLA (Asia) would enforce the Charge, and that The BLA (Asia) would be entitled to 74% of any sum recovered against the guarantor while Fameway and the other two unsecured creditors be entitled to the remaining 26%.

On 1 March 2013, The BLA (Asia) assigned its rights under the relevant loan agreement and the Charge to Revelry Gains Limited (“**Revelry Gains**”), another wholly-owned subsidiary of the Company. On the same date, The BLA (Asia), Revelry Gains, Fameway and the other two unsecured creditors executed a supplemental debt recovery agreement to revise and supplement the original debt recovery agreement, and in accordance therewith, all duties and rights of The BLA (Asia) in and under the original debt recovery agreement has been transferred to Revelry Gains.

Relying on legal advice, Revelry Gains commenced legal proceedings in the Court of First Instance of the High Court (the “**Court**”) against the guarantor for, inter alia, recovery of possession of the Property (the “**Action**”). However, before the Action was heard by the Court, a winding-up order was made against the guarantor, and the Action was stayed. Revelry Gains is in the course of applying for leave to proceed with the Action. As such, the Action is still ongoing, and progress of the same will be disclosed as and where appropriate. It is opined that the Action is highly likely to succeed as it is the most direct way to obtain possession for a sale of the Property.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL INFORMATION

FOR THE SIX MONTHS ENDED 30 JUNE 2014

11. LOAN RECEIVABLES *(continued)*

(ii) *(continued)*

According to the valuation report dated 20 March 2014 prepared by Malcolm & Associates Appraisal Limited, an independent valuer, the fair value of the Property as at 31 December 2013 is HK\$290,000,000 while the forced sale value of the Property will be discounted to HK\$232,000,000.

Taking into account the debt recovery agreement as revised and supplemented by the supplemental debt recovery agreement, the Directors are of the opinion that the fair value of the Property is lower than the carrying values of the principal amount of the loan and the interest accrued thereon. Accordingly, impairment loss of loan receivables and loan interest receivables of approximately HK\$29,032,000 and HK\$88,258,000, respectively, is recognised for the year ended 31 December 2013.

(iii) Included in the fixed rate loan receivables, approximately HK\$4,680,000, HK\$20,000,000, HK\$49,700,000 (31 December 2013: HK\$4,680,000, HK\$20,000,000, HK\$56,020,000) are secured by ordinary shares of a unlisted company, properties, and corporate guarantees respectively. These loans carry fixed interest rates at a range from 8% to 20.5% (31 December 2013: 8% to 20.5%) per annum.

(iv) The loan receivables amounting to approximately HK\$1,471,170 (31 December 2013: HK\$1,623,000) are unsecured and carry fixed interest rates at a range from 9% to 20% (31 December 2013: 9% to 20%) per annum.

The maturity profile of these loan receivables at the reporting date, analysed by the remaining periods to their contracted maturity, is as follows:

	At 30 June 2014 HK\$'000	At 31 December 2013 HK\$'000
Repayable:		
Within 3 months	180,382	171,713

Over 1 year but less than 5 years	333	487
More than 5 years	50,000	60,000

All the promissory notes were issued to the vendors upon the Acquisition Date in accordance with the Sale and Purchase Agreement. The promissory notes are unsecured and non-interest bearing. Subject to the lock-up period, after one year from the date of issue, the promissory notes will be freely transferrable in multiples of HK\$1,000,000 and will mature on 31 December 2018. The carrying amount of the promissory notes of approximately HK\$247,295,000 represents the carrying value of the promissory notes, with a principal amount of approximately HK\$474,400,000, carried at its amortised cost and is calculated using the discounted cash flow method at an effective interest rate of 15.4%. The effective interest rate was determined by reference to a various factors, including the credit spread of the Company and specific risk premium being assessed by Grant Sherman.

The Promissory Notes B and Promissory Notes C in the aggregate amount of HK\$560,000,000 are subject to target profit guarantee provided by the vendors under the Sale and Purchase Agreement. If the audited consolidated profit before tax of the Weldtech Group for the year ending 31 December 2014 falls below HK\$120,000,000, all of the Promissory Notes B shall become null and void. If the audited consolidated profit before tax of the Weldtech Group for the year ending 31 December 2015 falls below HK\$160,000,000, all of the Promissory Notes C shall become null and void.

(e) Contingent consideration payable

An amount of approximately HK\$62,554,000 of the contingent consideration payables – current and approximately HK\$83,405,000 of contingent consideration payables – non-current represented the fair value of the contingent consideration of Promissory Notes B and Promissory Notes C respectively by using expected cash flow approach performed by Grant Sherman.

25. BUSINESS COMBINATION *(continued)*

(e) Contingent consideration payable *(continued)*

Under the expected cash flow approach, different scenarios of future cash flows for an entity are developed using different assumptions about future outcomes. Each scenario is probability weighted, and its cash flows discounted at the risk free rate. The expected value (or fair value) of the asset/liability being appraised is the sum of the probability weighted discounted cash flows of each scenario. Based on the Grant Sherman's analysis, a risk neutral probability of 0.5 is considered as appropriate for deriving the expected cash flows arising from the contingent consideration in each scenario for the two financial years ending 31 December 2014 and 2015.

If the change in risk probability is by 0.1, the impact on the profit or loss would be approximately HK\$29,000,000. The higher the risk probability, the higher the fair value the contingent consideration payable.

(f) Consideration Shares

On the Acquisition Date, the Consideration Shares were issued at HK\$ 0.80, which was determined after arm's length negotiations between the Company and vendors of Weldtech Technology, with reference to the prevailing trading price of the Consideration Shares during the period of negotiations in October 2013.

(g) Intangible Assets

On the Acquisition Date, the intangible assets of approximately HK\$889,901,000 represents the fair value of patents and is calculated using the relief-from-royalty method at an effective interest rate of 15.7%. The fair value assessment was carried out by Grant Sherman. Under the relief-from-royalty method, an asset is valued based upon the incremental after-tax cash flows accruing to the owner by virtue of the fact that the owner does not have to pay a fair royalty to a third party for the use of that asset. Accordingly, a portion of earnings of the Weldtech Group, equal to the after-tax royalty that would have been paid for use of the patents can be attributed to the patents. The value of the patents depends on the present worth of future after-tax royalties derived from ownership. Indication of value is developed by discounting future after-tax royalties attributable to the patents to the present worth at market-derived rate of return appropriate for the risks of the patents. The effective interest rate was determined by the Capital Asset Pricing Model being carried out by Grant Sherman. Grant Sherman has confirmed that the most appropriate method for valuing the aforesaid patents is the relief-from-royalty method.

(h) Revenue and profit contribution

No revenue contributed by the Weldtech Group to the consolidated statement of profit or loss since the Acquisition Date. However, the Weldtech Group contributed loss of approximately HK\$3,028,000 over the same period. Had the Weldtech Group been consolidated from 1 January 2014, the consolidated statement of profit or loss would show pro-forma revenue of approximately HK\$4,088,000 and loss of approximately HK\$153,236,000.

An unaudited loss attributable to the owners of the Company of approximately HK\$137.2 million (2013: profit of approximately HK\$0.6 million) was recorded. Such increase in loss was mainly attributable to the expenses involved in the completion of the very substantial acquisition in relation to the acquisition of Weldtech Technology Co. Limited ("**Weldtech Technology**", together with its subsidiary, the "**Weldtech Group**") (the "**Acquisition**") during the six months ended 30 June 2014.

With respect to the treasury investments, a segment loss of approximately HK\$20.4 million was recorded for the period under review, as compared with loss of approximately HK\$11.3 million for the last corresponding period. As at 30 June 2014, the Group held available-for-sale investments and financial assets at fair value through profit or loss that amounted to approximately HK\$0.3 million and HK\$93.4 million (31 December 2013: approximately HK\$0.3 million and HK\$92.9 million), respectively.

Our design and provision of energy saving solution, following the completion of the Acquisition in June 2014, the Group will continue to upgrade the UPPC System, which is a software-based energy saving solution and achieves energy saving targets by analyzing real time operation data of each component in the air-conditioning system to calculate the optimal level of each component in the system. SHARE OPTION SCHEME

The Company operates a share option scheme adopted by the shareholders of the Company (the “Shareholders”) on 22 May 2008 (the “Share Option Scheme”), pursuant to which the Board may, at its discretion, grant options to any eligible participants.

The purpose of the Share Option Scheme is to enable the Company to grant options to selected eligible participants as incentives or rewards for their contribution to the Group and/or to enable the Group to recruit and retain high calibre employees and attract human resources that are valuable to the Group and any invested entity. Eligible participants include any employee (whether full time or part time), any executive Director and any non-executive Director (including independent non-executive Directors), or any of its subsidiaries or invested entity in which any member of the Group holds any equity interest, any shareholder of any member of the Group or any invested entity or any holder of any securities issued or proposed to be issued by any member of the Group or any invested entity and any other person (such as consultant, adviser, business partner or service provider of any member of the Group) whom the Board considers, in its sole discretion, has contributed or will contribute to the Group.

Under the Share Option Scheme, where any further grant of options to an eligible participant, if exercised in full, would result in the total number of shares already issued or to be issued upon exercise of all options granted and to be granted to such eligible participant (including exercised, cancelled and outstanding options) in any 12-month period up to and including the date of such further grant exceeding 1% of the total number of shares in issue (the “Individual Limit”), such further grant must be separately approved by the Shareholders in general meeting. Save for the foregoing, no eligible participant shall be granted an option if exercised in full, would exceed the Individual Limit. In addition, where any grant of options to a substantial shareholder or an independent non-executive Director, or any of their respective associates, would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant: (a) representing in aggregate over 0.1% of the relevant class of shares in issue; and (b) having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK\$5,000,000, such further grant of options must be approved by the Shareholders.

A consideration of HK\$1 is payable on acceptance of the grant of an option. An option may be exercised in whole or in part by the grantee within the option period as determined and notified by the Board to the grantee. The Share Option Scheme does not specify a minimum period for which an option must be held before an option can be exercised. However, the provisions of the Share Option Scheme provide that the Board may impose, at its sole discretion, conditions on the grant of an option.

The subscription price for the shares under the Share Option Scheme will be a price determined by the Board in its absolute discretion but shall not be lower than the higher of (i) the closing price of the shares as stated in the Stock Exchange’s daily quotations sheet on the date of grant, which must be a business day; (ii) the average closing price of the shares as stated in the Stock Exchange’s daily quotations sheets for the 5 trading days immediately preceding the date of grant; and (iii) the nominal value of a share.
