Annual Report 2020

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the main board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this annual report (the “Report”), make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of the Report.

The Report, for which the Directors (the “Directors”) of China Oil Gangran Energy Group Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief, the information contained in the Report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or the Report misleading.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

The revenue of the Company and its subsidiaries (collectively the “Group”) during the year ended 31 March 2020 (the “Financial Year”) was approximately HK\$64 million, a decrease of about 37.4% from approximately HK\$102.3 million in the corresponding period last year. This was mainly attributable to the deconsolidation of the financial position and performance of the business of the Deconsolidated Subsidiaries (as defined below). Loss attributable to owners of the Company was approximately HK\$31.9 million, a decrease of 86.4% from approximately HK\$235.3 million last year. The decrease in loss was primarily due to (i) no provision for the impairment loss on amounts due from Deconsolidated Subsidiaries in the Financial Year (2019: approximately HK\$43.7 million); (ii) no net loss arising on deconsolidation of subsidiaries in the Financial Year (2019: approximately HK\$140.6 million); (iii) gain arising on deregistration of a subsidiary of approximately HK\$5.7 million for the Financial Year (2019: Nil); and (iv) the decrease in provision of allowance for credit losses by approximately HK\$4.9 million to approximately HK\$1.0 million (2019: approximately HK\$5.9 million).

DECONSOLIDATION OF SUBSIDIARIES LOST CONTROL

On 1 January 2019, the date when the Group lost control of 江西中油港燃能源科技有限責任公司 (transliterated as “Jiangxi China Oil Gangran Energy Technology Company Limited”) (“Jiangxi China Oil”), 舟山中油港燃石油化工有限公司 (transliterated as “Zhoushan China Oil Gangran Petroleum and Chemical Company Limited”), 江西港燃貿易有限公司 (transliterated as “Jiangxi Gangran Trading Company Limited”) and 吉林中油港燃能源開發有限公司 (transliterated as “Jilin China Oil Gangran Energy Development Company Limited”) (“Jilin China Oil”) (collectively, “Deconsolidated Subsidiaries”), which were the subsidiaries of the Company which engaged the refined oil retail business and trading of methyl tert-butyl ether (“MTBE”). Hence, the Group no longer consolidated the financial position and performance of the Deconsolidated Subsidiaries starting from 1 January 2019.

BUSINESS REVIEW

During the Financial Year, the Group was principally engaged in the following businesses: (i) power and data cords business; (ii) trading of refined oil and chemicals business; and (iii) trading of commodities.

In terms of the geographical market performance, the United States and the PRC contributed to approximately 28.8% (2019: approximately 20.8%) and approximately 45.4% (2019: approximately 69%) of the Group’s total revenue respectively, while the remaining approximate 25.8% (2019: approximately 10.2%) came from its other markets, including Taiwan and Hong Kong.

POWER AND DATA CORDS BUSINESS

The three key product groups for power and data cords business were (i) power and data cords for mobile handsets and personal care products; (ii) medical control devices; and (iii) power cords and inlet sockets for household electric appliances. Each product group has its own types of products. During the Financial Year, the Group manufactured over 40 types of power and data cords for mobile handsets and personal care products, and over 450 types of power cords and inlet sockets for household electric appliances. The Group will also continue to involve in the assembly and sale of medical control devices, which are primarily used by patients in hospital wards and the related accessories.

MANAGEMENT DISCUSSION AND ANALYSIS

(i) Power and data cords for mobile handsets and personal care products

Power and data cords for mobile handsets and personal care products consist of 2-pin cables and connectors and are generally used for power charging to mobile handset and personal care products. The diameters of stranded copper wires are ranged from 0.26 mm to 2.4 mm and carry low voltage electricity of up to three amperes. In accordance with its customers' specifications, the Group manufactures over 40 different types of power and data cord for mobile handsets and personal care products.

During the Financial Year, the Group's revenue from power and data cords for mobile phones remained stable at approximately HK\$28.4 million (2019: approximately HK\$28 million). Despite the fierce competition and downturn in this sector, the Group was able to maintain its revenue due to the introduction of new products, headsets for adults and kids, during the fourth quarter of the Financial Year.

(ii) Medical control devices

Medical control device is a bedside multi-function device for patients in wards. The medical control device products of the Group consist of pillow speaker, bed control, bed cable and call cord. Pillow speaker could be produced with different specifications from simple version of 1-button pillow speaker capable for emergency communication and lighting control functions to advanced version of 26-button pillow speaker capable for emergency communication, television, and lighting temperature control in a ward. The pillow speakers sold by the Group are in the form of dismantled parts and components including all necessary components for a pillow speaker such as power cable, PCB and plastic body etc. for further assembly by customers after delivery. Materials used for the manufacturer of medical control device are sourced by the Group based on the requirements of, and have been approved by, its customer, which is a medical equipment manufacturer in the United States. Although the Group will occasionally provide advice and input, the design of the medical control device originates from the customer who will closely monitor and have overall control and the ultimate decision on matters relating to the design, use of materials and ultimate assembly of medical control devices. All parts and components of the medical control devices manufactured by the Group's medical control device products were exported to the customer for further assembly and processing into its final products for sales to hospitals and clinics. Testing will also be conducted by the customer to ensure the final products comply with the relevant US regulatory requirements.

During the Financial Year, the Group's revenue from medical control devices was approximately HK\$30.3 million (2019: approximately HK\$21.3 million), representing a year-on-year increase of approximately 42.3%, which was due to the new products, hospital room control hub, introduced during the fourth quarter in the Financial Year.

MANAGEMENT DISCUSSION AND ANALYSIS

(iii) Power cords and inlet sockets for household electric appliances

Power cords for household electric appliances are generally non-halogen free and carry normal voltage electricity up to 250 voltage. Different countries have different safety, power voltage and environmental standards for household electric appliances and there are more than 10 types of sockets in widespread use around the world. Plugs with different number of prongs on power cords are used in different countries. For instance, the European Union standard plugs manufactured by the Group are mainly 250 voltage plugs with cylindrical prongs while the US standard plugs manufactured by the Group are 125 voltage plugs with strip-like prongs. Some of the Group's power cords and inlet sockets for household electric appliances with safety approvals and/or certificates such as CSA, VDE, PSE, ASTA, CCC bear the trademark "SUN FAIR". Some of the Group's products meet eleven types of international safety standards including UL, CSA, VDE, NEMKO, SEMKO, FIMKO, SEV, DEMKO, OVE, KEMA, CCC, and ENEC.

During the Financial Year, the Group's revenue from power cords and inlet sockets for household electric appliances was approximately HK\$5.2 million (2019: approximately HK\$8.5 million), representing a year-on-year decrease of approximately 38.8% due to fierce market competition in this sector.

TRADING OF COMMODITIES

The Group's trading of commodities mainly included the trading of mobile smart phones, glassed and other commodities.

The Group's revenue from the trading of commodities was approximately HK\$0.1 million (2019: approximately HK\$7.5 million) for the Financial Year.

TRADING OF REFINED OIL AND CHEMICALS BUSINESS

Due to the deconsolidation of the financial position and performance for the Deconsolidated Subsidiaries since 1 January 2019, no revenue was recorded during the Financial Year (2019: approximately HK\$37 million).

The Group continued to explore opportunities in the clean energy segment. A legally binding consultancy contract has signed with a gas company in March 2020. The contract period is from March 2020 to March 2021 where the Group will provide strategic consultancy services regarding the plan and development of the customer's energy business. The estimated revenue and gross profit from this contract amounted to approximately HK\$2.2 million and HK\$2.2 million respectively. A legally binding liquefied natural gas supply contract has signed with an energy company in March 2020 which the Group will provide liquefied natural gas to the customer for the period from July 2020 to December 2020. However, due to the COVID-19 outbreak, the plan has delayed and expected to start in October 2020 instead. Total contracted supply will be 20,000 tonnes during the contract period and the Group will charge the energy company with addition of RMB200/tonne from supplier.

MANAGEMENT DISCUSSION AND ANALYSIS

DEVELOPMENT OF DIGITAL APPLICATIONS

In 2013, the Group acquired 3 Dynamics (Asia) Limited (“3 Dynamics”), a developer of mobile phone games and digital applications.

Pursuant to the sale and purchase agreement in respect of the acquisition of 3 Dynamics (the “Sale and Purchase Agreement”), Mr. Chung Wai Sum (the “Vendor”) irrevocably and unconditionally warranted and guaranteed to Dynamic Miracle Limited, a directly wholly-owned subsidiary of the Company (the “Dynamic Miracle”) that the audited net profits after tax of 3 Dynamics as shown in its audited financial statement for the 12 months from the date of the completion of acquisition, i.e. for the period from 11 December 2013 to 10 December 2014 (the “Relevant Period”) shall not be less than HK\$42,000,000 (the “Profit Guarantee”). The Profit Guarantee was secured by 140,000,000 consideration shares (“Escrow Shares”) of the Company issued to the Vendor. As certified by the auditors of 3 Dynamics, 3 Dynamics recorded a net loss after tax in its audited financial statement for the Relevant Period. Under the terms and conditions as stipulated in the Sale and Purchase Agreement, the Escrow Shares would be sold in order to pay for the Profit Guarantee. During the year ended 31 March 2016, a portion of the Escrow Shares were sold to pay for the Profit Guarantee and an amount of HK\$20,000,000 was received by the Group to partially settle the Profit Guarantee obligation of the Vendor.

As at 31 March 2020 and 2019, the balance of HK\$22,000,000 (“Contingent Consideration Receivables”) was still outstanding for the Profit Guarantee and only 73,870,000 (before the share consolidation becoming effective on 29 November 2018) Escrow Shares remained as a security for the Profit Guarantee. However, given that the Contingent Consideration Receivables has been long -outstanding, despite of the Escrow Shares held, the Board considered that the chance to collect the Contingent Consideration Receivables would be low and made full provision for the amount receivable during the year ended 31 March 2017.

During the year ended 31 March 2020, the Company was in continuous negotiations with the Vendor to recover the Contingent Consideration Receivables.

For details, please refer to notes 22 of the consolidated financial statements.

MANAGEMENT DISCUSSION AND ANALYSIS

FUNDRAISING ACTIVITIES

Subscription of new shares under general mandate

On 12 April 2019, the Company as issuer and Ms. Qu Ziyu (曲梓語) (the "Subscriber 1") entered into a subscription agreement (the "Subscription Agreement 1") in relation to the subscription of 17,570,000 new shares of the Company (the "Subscription Share(s) 1") at the price of HK\$0.33. The 17,570,000 Subscription Shares 1 represented (i) approximately 4.62% of the existing issued share capital of the Company as at the date of the announcement dated 12 April 2019; and (ii) approximately 4.42% of the issued share capital of the Company as enlarged by the allotment and issue of the Subscription Shares 1 immediately after the Completion, assuming that there will be no change in the issued share capital of the Company (other than the issue of the Subscription Shares 1) between the date of the announcement dated 12 April 2019 and the date of the completion of the Subscription Agreement 1. As the condition precedent under the Subscription Agreement 1 had not been fulfilled on or before 30 April 2019, the Subscription Agreement 1 lapsed on 30 April 2019. For details, please refer to the announcements of the Company dated 12 April 2019 and 30 April 2019.

On 23 April 2019, the Company as issuer and Mr. Lin Hann Ruey (林翰瑞) (the "Subscriber 2") entered into a subscription agreement (the "Subscription Agreement 2") in relation to the subscription of 15,584,000 new shares of the Company (the "Subscription Share(s) 2") at the price of HK\$0.385. The 15,584,000 Subscription Shares 2 represented (i) approximately 4.10% of the existing issued share capital of the Company as at the date of the announcement dated 23 April 2019; and (ii) approximately 3.94% of the issued share capital of the Company as enlarged by the allotment and issue of the Subscription Shares 2 immediately after the completion of Subscription Agreement 2, assuming that there will be no change in the issued share capital of the Company (other than the issue of the Subscription Shares 2) between the date of the announcement dated 23 April 2019 and the completion of the Subscription Agreement 2. As the condition precedent under the Subscription Agreement 2 was not expected to be fulfilled on or before 15 May 2019, the Subscriber 2 and the Company mutually agreed to terminate the Subscription Agreement 2 on 10 May 2019. For details, please refer to the announcements of the Company dated 23 April 2019 and 10 May 2019.

SUSPENSION OF TRADING IN SHARES OF THE COMPANY

At the request of the Company, trading in the shares on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") has been suspended with effect from 9:00 a.m. on 2 July 2019.

RESUMPTION PROPOSAL OF THE COMPANY

On 30 June 2020, the Company submitted the Resumption Proposal to the Stock Exchange. The Company will provide an update on the resumption plan as and when required.

MANAGEMENT DISCUSSION AND ANALYSIS

OUTLOOK

During the Financial Year, the global economic environment is still deeply fluctuating. The medium-to-long-term economic growth of the PRC has slowed down. Falling commodity price, the declining global industrial output and depressed trading added to the uncertainties. Despite the challenging macro-economic conditions, the Group recorded an 10.6% increase in revenue of sales of power and data cords and inlet sockets as compared to last year due to the introduction of new products in the fourth quarter of the year. The Group will continue to look for business opportunities in order to increase the revenue and profit of existing products and will expand its business by introducing new products.

Despite the deconsolidation of financial position and performance of the Deconsolidated Subsidiaries since 1 January 2019, the Group currently intends to continue the operation of the trading of refined oil and chemicals business but will take a conservative approach with regards to any development and/or expansion plans for this business segment. After conducting a detailed review of the business operations and financial position of the Group for the purpose of developing a sustainable business plan or strategy for the Group, the Board considered that it would be in the interest of the Company and its shareholders to place its financial resources, as well as management and business focus on the power and data cords business, yet will continue to explore business opportunities in trading of refined oil and chemicals business.

ADDRESSING ALL CONCERNS RAISED BY THE COMPANY'S AUDITORS

In the audited report of the Company for the year ended 31 March 2020, the Company's auditors issued disclaimer of opinion in the following matters, please refer to the auditor's report for full explanation:

1. MULTIPLE UNCERTAINTIES RELATING TO GOING CONCERN

In view of the (i) outstanding promissory notes payable, borrowings and convertible notes not settled; (ii) the HK petition and HK court order; (iii) Cayman petition, Cayman court order and the appointment of the joint provisional liquidators; (iv) the processing of the Company's restructuring; and (v) the Group's net loss attributable to the owners of the Company of approximately HK\$31,926,000 for the year ended 31 March 2020 and net liabilities of approximately HK\$94,091,000 as at 31 March 2020, the Company's auditors considered these indicate the existence of material uncertainties that may cast significant doubt on the Group's ability to continue as a going concern.

Subject to the successful restructure of the Company, the going concern matters will be solved. In light of this, it is expected that this can be solved during the year ending 31 March 2021 after the completion of the restructuring.

MANAGEMENT DISCUSSION AND ANALYSIS

2. LIMITATION OF SCOPE CONCERNING TRADE DEPOSITS

In July 2018, the Company paid trade deposit amounting to HK\$22.5 million to the suppliers for purchase of oil products not yet delivered.

The potential investor in the Company's restructuring plan will takeover that subject to completion of the restructuring, such amount will be paid by the potential investors to the Group. In light of this, it is expected that this can be solved during the year ending 31 March 2021 after the completion of the restructuring.

3. LIMITATION OF SCOPE CONCERNING PREPAYMENTS TO A SERVICE PROVIDER

In October 2018, the Company entered into a patent service agreement with a service provider with contract amount of HK\$15,000,000 for process the research and development of patents in the PRC, of which HK\$12,770,000 has been paid. Subsequently on 24 August 2020, the Company and the service provider had entered into an agreement for the transfer of patent and the outstanding balance of HK\$2,230,000 had mutually agreed to be waived.

The Company had filed the request of transfer of patents to National Intellectual Property Administration, PRC and the transfer was completed in September 2020. The Company will start to look for business opportunities if any or evaluate the value of the patents if no concrete business opportunities exists. Since the transfer of patent was completed, the prepayments will be reclassified to intangible assets and hence this can be solved during the year ending 31 March 2021.

4. CONTINGENT LIABILITIES AND COMMITMENTS OF DECONSOLIDATED SUBSIDIARIES

Due to the deconsolidation of financial position and performance of the Deconsolidated Subsidiaries since 1 January 2019, the Company's auditors had been unable to obtain sufficient appropriate evidence and explanations as to whether the contingent liabilities and commitments committed by the Deconsolidated Subsidiaries were properly recorded and accounted for.

Based on the conclusion made by of the PRC legal adviser, the Company was unable to go through normal and lawful procedures to (i) appoint directors to; (ii) make effective resolutions on related matters on; and (iii) effectively exercise the Company's rights to, the Deconsolidated Subsidiaries. In order to address the concerns raised by the auditors of the Company, the directors of the Company will continue to consult legal opinion on possible further steps. The Company expect this can be solved during the year ending 31 March 2021.

5. OPENING BALANCES AND CORRESPONDING FIGURES

Due to the disclaimed audit opinion on the consolidated financial statements of the Group for the year ended 31 March 2019, the opening balances and corresponding figures for the current year had been disclaimed.

Since there are a certain disclaimers in the auditor's report for the year ended 31 March 2020, the opening balances and corresponding figures will be disclaimed for the year ending 31 March 2021.

MANAGEMENT DISCUSSION AND ANALYSIS

EMPLOYEES' REMUNERATION POLICY

As at 31 March 2020, the Group employed 112 (2019: 117) full-time employees in Mainland China and Hong Kong combined. The employees' remuneration policy of the Group is regularly reviewed and determined by reference to market terms, the Group's financial performance as well as the individual's academic and professional qualifications and work performance. Staff benefits include Mandatory Provident Fund contributions for Hong Kong employees and contributions to central pension schemes operated by local municipal governments for mainland-based employees. The Group provides various training programmes to equip its staff with requisite skills and knowledge. In addition, a share option scheme is offered to recognise significant staff contributions. During the Financial Year, 35,700,000 share options (2019: 211,250,000) were issued to eligible participants under the Company's share option scheme. Total staff costs, inclusive of Directors' remuneration, for the Financial Year amounted to approximately HK\$19.4 million (2019: approximately HK\$29.1 million).

DIVIDENDS

The Board resolved not to recommend any dividend for the year ended 31 March 2020 (2019: Nil).

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

As at 31 March 2020, the aggregate carrying value of the Group's indebtedness was approximately HK\$138.6 million (2019: approximately HK\$126.3 million), which comprised promissory notes, bank borrowing, interest-bearing bond, other loan and convertible notes. The indebtedness was denominated in Hong Kong dollars. As at 31 March 2020, the Group maintained bank and cash balances of approximately HK\$10.1 million (2019: approximately HK\$13.8 million).

On 24 July 2019, the Company and an independent third party (the "Lender") entered into a loan agreement, pursuant to which the Lender has agreed to make available to the Company the loan, through itself or company controlled by it, with the principal amount of HK\$5,000,000 from 24 July 2019 on the terms and conditions contained therein, and the Company has agreed to provide, as security for the loan and in favour of the Lender, the share pledge over 51% equity interests of Able One Investments Limited (a partially owned subsidiary of the Company) and its subsidiaries with entire power and data cords and general trading business.

As at 31 March 2020, the Group's gearing ratio was approximately 311.6% (2019: 241.2%). This was based on the division of the Group's total indebtedness by the aggregate amount of total indebtedness and total equity.

SECURITIES IN ISSUE

During the Financial Year, there was no change in the issued share capital of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

EXPOSURE TO FOREIGN EXCHANGE RISK

As the Group operates principally in Hong Kong and the PRC, its exposure to foreign currency risk is minimal as most of its business transactions, assets and liabilities are principally denominated in the functional currency of the group entities. In this respect, the only risk it is faced arose from exposures mainly to the renminbi (“RMB”) and the United States dollar (“US\$”). These risks were mitigated as the Group held HK\$, US\$ and RMB bank accounts to finance transactions denominated in these currencies respectively. The Group has no foreign currency hedging policy for foreign currency transactions, assets and liabilities. During the Financial Year, the Group did not use any financial instruments for hedging purposes. The Group will continue to monitor its exposure to foreign exchange risks and will consider hedging such exposure, should such a risk arises.

PLEDGE OF ASSETS

The pledge of assets of the Group as at 31 March 2020 are set out in note 34 to the consolidated financial statements.

SIGNIFICANT INVESTMENTS AND DISPOSALS

On 5 July 2019, Able One Investments Limited (the “Issuer”), a wholly-owned subsidiary of the Company, and Mr. Qin Junwang (the “Subscriber 3”) entered into a subscription agreement (the “Subscription Agreement 3”) in relation to which the Issuer agreed to allot and issue, and the Subscriber 3 agreed to subscribe for, the 49 new shares of the Issuer at an aggregate Subscription Consideration of HK\$2,000,000 (the “Subscription”). Upon the completion, the issuer hold by the Company and the Subscriber 3 as to 51% and 49%, respectively, remained as a subsidiary of the Company and its financial results continued to be consolidated with the financial statements of the Group. The Subscription was completed on 12 July 2019. For details, please refer to the announcement of the Company dated 5 July 2019.

Save for disclosed above, the Group had no significant investments and disposals, nor has it made any material acquisition or disposal of the Group’s subsidiaries or affiliated companies during the Financial Year.

Note:

- Save for the share options granted on 16 April 2019, the number of underlying shares comprised in outstanding share options has been adjusted as a result of the share subdivision and/or the share consolidation becoming effective on 25 March 2014, 30 September 2016 and 29 November 2018.
- Save for the share options granted on 16 April 2019, the exercise price and the market value per share immediately before the date of grant of options of the outstanding share options is subject to adjustment of the share subdivision and/or the share consolidation becoming effective on 25 March 2014, 30 September 2016 and 29 November 2018.

REPORT OF THE DIRECTORS

All the shares options vested immediately on the date of grant and there is no vesting period.

As at the date of the Report, the total number of the shares of the Company (the "Shares") available for issue under the Scheme and any other share option scheme of the Group must not in aggregate exceed 10% of the Shares in issue of the Company on the day on which trading of the Shares commenced on the Stock Exchange, i.e. 35,712,281 (after the share consolidation becoming effective on 29 November 2018) representing 10% of the issued share capital of the Company as at the date of the approval on the refreshment of 10% limit of annual general meeting on 31 August 2018.

The maximum number of the Shares issuable upon exercise of the options which may be granted under the Scheme and any other share option scheme of the Group (including both exercised or outstanding options) to each Participant (other than a substantial shareholder, chief executive or Director as explained below) in any 12-month period shall not exceed 1% of the issued share capital of the Company for the time being. Any further grant of share options in excess of this limit is subject to the Shareholders' approval in a general meeting.

Share options granted to a Director, chief executive or substantial shareholder of the Company, or to any of their respective associates, are subject to approval in advance by the independent non-executive Directors (excluding any independent non-executive Director who is the grantee of the options). In addition, any share options granted to a substantial shareholder of the Company or an independent non-executive Director, or to any of their respective associates, in excess of 0.1% of the Shares in issue with an aggregate value (based on the closing price of the Shares at the date of the grant) in excess of HK\$5 million, in the 12-month period up to and including the date of grant, are subject to the Shareholders' approval in the general meeting.

The offer of a grant of share options may be accepted by a Participant within 28 days from the date of offer upon payment of a nominal consideration of HK\$1 by the grantee. The exercise period for the share options granted is determined by the Board, which may commence from the date of acceptance of the offer for the grant of share options but shall end in any event not later than 10 years from the date of the conditional adoption of the Scheme by the sole Shareholder subject to the provisions for early termination under the Scheme.

The subscription price for the Shares under the Scheme shall be a price determined by the Board at its sole discretion and shall be no less than the highest of (i) the closing price of the Shares as stated in the Stock Exchange's daily quotations sheet on the date of the offer for the grant, which must be a business day, (ii) the average closing prices of the Shares as stated in the Stock Exchange's daily quotations sheet for the five business days immediately preceding the date of the offer for the grant; and (iii) the nominal value of the Share.

Subject to the earlier termination of the Scheme in accordance with the Scheme rules, the Scheme will remain effective until 26 April 2021.

Apart from the aforesaid, at no time during the Financial Year was the Company or any of its subsidiaries a party to any arrangement to enable the Directors and substantial shareholders or any of their close associates to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

On 26 April 2019, the Company received a petition ("HK Petition") from Glory Sun Securities Limited, formerly known as China Goldjoy Securities Limited ("HK Petitioner") filed in the High Court of the Hong Kong that the Company may be wound up by the High Court on the ground that the Company is insolvent and unable to pay its debts. The HK Petition was filed against the Company for failure to settle an indebted sum of HK\$23,654,900.30, plus further daily interest of HK\$20,726.03, in total being the alleged outstanding amount owed by the Company to the HK Petitioner.

On 22 October 2019, the Company filed a winding up petition at Grand Court of the Cayman Islands under section 94 of the Cayman Companies Law and the Cayman Court. On 5 November 2019, the Cayman Court ordered that 3 persons be appointed as the Joint Provisional Liquidators ("JPLs") of the Company with the power to act jointly and severally. The JPLs were authorised to develop and propose a restructuring of the Company's indebtedness in a manner designed to allow the Company to continue as a going concern, with a view to making a compromise or arrangement with the Company's creditors, including (without limitation) a compromise or arrangement by way of a scheme of arrangement pursuant to section 86 of the Cayman Companies law.

REPORT OF THE DIRECTORS

On 6 December 2019, the Company received a sealed court order dated 4 December 2019 of the Cayman Court in which it was ordered that the Cayman Court would issue the letter of request to the HK High Court for its assistance in the provisional liquidation of the Company. In particular, the Cayman Court had requested the HK High Court to make, among others, the following orders, including (i) the appointment of the JPLs for restructuring purposes be recognised by the HK High Court; (ii) the JPLs have and may exercise such powers as are available to them under the court order dated 5 November 2019 made by the Cayman Court to the fullest extent permitted by the laws of Hong Kong (details disclosed in the Company's announcement dated 6 December 2019); and (iii) the HK Petition shall be adjourned in order to allow time for the Company to restructure its indebtedness.

On 30 January 2020, the Company received a notice of hearing dated 29 January 2020 in relation to the Cayman Petition, which would be held on 31 July 2020. On 3 August 2020, the Company received a notice from Cayman Court in which the Cayman Petition was adjourned to be heard on 18 February 2021.

On 22 May 2020, the Company received a sealed court order from the HK High Court in which it was ordered that, among others, including (i) the JPLs be recognised by the HK High Court; (ii) the JPLs to develop and propose a restructuring of the Company's indebtedness in a manner designed to allow the Company to continue as a going concern, with a view to making a compromise or arrangement with the Company's creditors, including (without limitation) a compromise or arrangement by way of a scheme of arrangement and (iii) the JPLs to monitor, oversee and supervise the Board in its management of the Company with a view to developing and proposing any compromise or arrangement with the Company's creditors, and any corporate and/or capital reorganisation of the Company and its subsidiaries (including but not limited to any share subscription and placement of shares in the Company and its subsidiaries). (details disclosed in the Company's announcement dated 22 May 2020). Hearing of the HK Petition was adjourned on 24 August 2020 and was further adjourned to 19 March 2021.

AUDITOR

The consolidated financial statements for the year ended 31 March 2020 were audited by HLM CPA Limited ("HLM"). A resolution to re-appoint HLM as auditor of the Company will be proposed at the forthcoming annual general meeting.

CORPORATE GOVERNANCE REPORT

The Board is pleased to present this Corporate Governance Report for the year ended 31 March 2020. This report highlights the key corporate governance practices of the Company.

CORPORATE GOVERNANCE PRACTICES

The Company is committed to achieving high standards of corporate governance to safeguard the interests of its Shareholders and enhance its corporate value. The Company's corporate governance practices are based on the principles, code provisions and certain recommended best practices as set out in the Corporate Governance Code (the "CG Code") and Corporate Governance Report in Appendix 15 to the GEM Listing Rules. During the Financial Year, the Company has complied with all the code provisions in the CG Code with the exception of the following:

Under Code Provision A.2, it requires the clear division of responsibilities to ensure a balance of power and authority and following the resignation of Mr. Zou Donghai on 25 February 2020, the following Code Provision has been deviated.

Code Provision A.2.1 requires the roles of chairman and chief executive should be separate and should not be performed by the same individual and the division of responsibilities between the chairman and chief executive should be clearly established and set out in writing. Also for Code Provision A.2.2, the chairman should ensure that i) all directors are properly briefed on issues arising at board meetings. ii) the directors receive, in a timely manner, adequate information, which must be accurate, clear, complete and reliable; iii) the board works effectively and performs its responsibilities, and that all key and appropriate issues are discussed by it in a timely manner and the chairman should be primarily responsible for drawing up and approving the agenda for each board meeting. He should take into account, where appropriate, any matters proposed by the other directors for inclusion in the agenda; iv) good corporate governance practices and procedures are established; v) all directors are encouraged to make a full and active contribution to the board's affairs and take the lead to ensure that it acts in the best interests of the issuer; vi) meetings are held at least once annually with the independent non-executive directors without the presence of other directors; vii) appropriate steps are taken to provide effective communication with shareholders and that their views are communicated to the board as a whole and viii) a culture of openness and debate by facilitating the effective contribution of non-executive directors in particular and ensuring constructive relations between executive and non-executive directors will be promoted.

The Board is of the view that the Company is currently under restructuring and the Board will keep assessing the potential candidates who is suitable for nominating as chairman of the Board. The board is also of the view that the operations of the Company has not been affected as the duties of chairman will be primarily vested on vice chairman and the board of directors.

CG Code provision E.1.2 requires the Chairman of a meeting should ensure that an explanation is provided of the detailed procedures for conducting a poll and answer any questions from shareholders on voting by poll. The Chairman of the board should attend the annual general meeting. The Chairman also invite the chairmen of the audit, remuneration, nomination committees to attend. However, the Company did not hold annual general meeting during the Financial Year.

Under Code Provision C.2.5 of the CG Code, the Group should have an internal audit function. The Group conducted an annual review on the need for setting up an internal audit department. Given the Group's simple operating structure, instead of setting up an internal audit department, the annual review on the risk management and internal control systems of the Group has been conducted by a professional third party and reported to the members of the Audit Committee. The review covered material controls, including financial, operational and compliance controls and risk management functions of the Group. The Board is of the view that appropriate measures have been put in place to manage the risks and all issues raised for improvement were rectified.

The Board will continue to monitor and review the Company's corporate governance practices to ensure compliance with the Code.

BOARD OF DIRECTORS

BOARD RESPONSIBILITIES AND DELEGATION

The Company is governed by the Board, which is responsible for overseeing the overall strategy and development of the Company, as well as continuously monitoring and improving the internal control policies of the Group and evaluating the financial performance of the Group. The Board sets the overall strategies and directions for the Group with a view to developing its business and enhancing the Shareholders' value. The Independent Non-Executive Directors serve the relevant function of bringing independent judgement on the development, performance and risk management of the Group through their contributions in board meetings. They are also serving on the Audit Committee, Remuneration Committee and Nomination Committee.

The Board has adopted a set of guidelines on matters that require its approval to achieve a clear division of the responsibilities of the Board and the management. Matters requiring the Board's approval include, among others, review of overall policies and objectives for corporate contributions and approval of corporate plan of the Company and any significant changes thereto, investment plans which would involve significant commitments of financial, technological or human resources, or would involve significant risks for the Company, significant sales, transfers, or other dispositions of property or assets, significant changes in policies of broad application, major organizational changes, approval of annual reports, and review of interim and quarterly financial and operating results, other matters relating to the Company's business which in the judgment of the management are of such significance as to merit the Board's consideration, and adoption of such policies and the taking of such other actions as the Board deems to be in the best interests of the Company.

Minutes of Board meetings and Board committees meetings are kept by duly appointed secretaries of the respective meetings. All Directors have unrestricted access to Board papers and related materials and are provided with adequate information on a timely manner, which enable the Board to make an informed decision on matters placed before it.

The Company has arranged appropriate insurance cover in respect of possible legal actions against its Directors and senior officers.

RESPONSIBILITIES AND DELEGATION

The Board is accountable to the Shareholders for the development of the Group with the goal of maximizing Shareholders' value in the long run. The Board also takes the responsibility for the overall strategies and policies of the Group, approves and monitors the strategic plans, investment and funding decisions, and reviews the Group's financial and operational performance and internal controls. The Group's day-to-day operations and administration are overseen by the executive Directors and the management.

The Board is responsible for setting the strategic direction and policies of the Group and supervising the management of the Company. Some functions including the monitoring and approval of material transactions, matters involving a conflict of interest for a substantial shareholder or Director of the Company, the approval of interim and annual results, declaration of interim dividends and proposal of final dividends and other disclosures to the public or regulators are reserved by the Board for consideration and approval. Matters not specifically reserved to the Board and necessary for the daily management and operation of the Company are delegated to the executive Directors and the management of the Company.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS

DIRECTORS' TRAINING

The Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. CORPORATE GOVERNANCE REPORT

During the Financial Year, in compliance with Rules 5.05(1), Rule 5.05A and Rule 5.28 of the GEM Listing Rules, the Company has appointed a sufficient number of independent non-executive Directors with at least one of them having appropriate professional qualifications or accounting or related financial management expertise. The Board noted that following the resignation of Mr. Clay Huen and as an Independent non-executive Directors on 13 December 2019, (i) the number of independent non-executive Directors fell below the minimum number required under Rule 5.05(1) and Rule 5.05A of GEM Listing Rules; (ii) the number of audit committee members of the Company fell below the minimum number required under Rule 5.28 of the GEM Listing Rules; and (iii) the remuneration committee of the Company did not comprise a majority of independent non-executive directors as required under Rule 5.34 of the GEM Listing Rules. Following the appointment of Mr. Chiam Tat Yiu and Mr. Chu Kin Ming as an Independent non-executive Directors, audit committee members and remuneration committee members on 16 February 2020, the Company was in compliance with the requirement of the minimum number of independent non-executive directors prescribed under Rule 5.05(1), Rule 5.05A and Rule 5.28 of the GEM Listing Rules, and Rule 5.34 of the GEM Listing Rules. The Company has received an annual confirmation from each independent non-executive Director confirming his independence pursuant to rule 5.09 of the GEM Listing Rules. The Company considers all of the independent non-executive Directors to be independent. All of the Directors ensure that the Board prepares its financial and other mandatory reports in strict compliance with the relevant standards, rules and regulations, and that appropriate systems are in place to protect the interests of the Company and its Shareholders.

The term of appointment of each independent non-executive Director is three years, subject to retirement by rotation and re-election at the annual general meeting of the Company in accordance with the articles of association of the Company.

The biographical details of the Directors are set out in the section "Biographical Details of Directors and Senior Management" in the Report of the Directors. To the best knowledge of the Company, there are no financial, business, family or other material/relevant relationships between the Board members.

The Board has maintained a balance of skills and experiences appropriate for the requirements of the businesses of the Group. Its composition represents a mixture of management, accounts and finance, marketing, manufacturing and procurement with comprehensive experience in and exposure to diversified businesses. It is the opinion of the Directors that the Board has the necessary skills and experience appropriate for discharging their duties as Directors in the best interest of the Company.

BOARD COMPOSITION AND DIVERSITY POLICY

The Company has adopted the board diversity policy. The policy sets out the approach to achieve diversity in the Board that should have a balance of skills, experience and diversity of perspectives appropriate to the requirements of the Group's business and compliance with policies. The composition and diversity policies of the Board is reviewed annually and regularly. The Board should ensure that its changes in composition will not result in any undue interference. The Board members should possess appropriate professionalism, experience and trustworthiness in performing duties and functions. The Board would diversify its members according to the Company's situations and need. While participating in nomination and recommendation of director candidates during the year, each member of the Board may consider a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, or professional experience in achieving diversity for the benefit of the Company's various business development and management. The Board is to review the policy concerning diversity of Board members, and to disclose the policy or a summary of the policy in the corporate governance report, including any quantitative targets and standards and its progress with policy implementation.

During the Financial Year, the Board has reviewed the diversity of the Board and considered the Board composition and diversity policy appropriate.

CHAIRMAN AND CHIEF EXECUTIVES

The CG Code provision A.2.1 stipulates that the roles of the Chairman and CEO should be separate and should not be performed by the same individual. The positions of Chairman and CEO of the Company for the Financial Year were held separately by Mr. Zou Donghai and Mr. Zhang Wenrong, respectively. Mr. Zou Donghai resigned on 25 February 2020. There is clear division of responsibilities between the Chairman and CEO of the Company which provides a balance of power and authority before the resignation of Mr. Zou Donghai. As mentioned in Corporate Governance Practice on page 28, regarding the deviation of Code Provision A.2.1, the Board will keep assessing the potential candidates who is suitable for nominating as chairman of the Board.

EXECUTIVE DIRECTORS

As at 31 March 2020, the executive Directors were Mr. Rong Changjun, Mr. Zhang Wenrong, Mr. Yuan Beisheng, Ms. Hui Sai Ha, Mr. Yeung Shing Wai, Mr. Chen Tian Gang, Mr. Li Shu Wang and Mr. Zhang Shao Wu. The executive Directors are responsible on evaluating new potential business opportunities and investment opportunities and formulating and implementing business strategies to enhance the revenue growth of the Company. The management is responsible for implementing the business strategies formulated by the executive directors. There is no material relationship between board members and in particular between the chairman and the chief executive.

CORPORATE GOVERNANCE REPORT

INDEPENDENT NON-EXECUTIVE DIRECTORS

As at 31 March 2020, the independent non-executive Directors were Mr. Chu Kin Ming, Mr. Chiam Tat Yiu and Mr. Chan Wai Cheung Admiral.

The participation of independent non-executive Directors in the Board brings a diverse range of expertise, skills and independent judgment on issues relating to the Group's strategies, performance, conflicts of interests and management process to ensure that the interests of all Shareholders have been duly considered. Each of the independent non-executive Directors has confirmed in writing his/her independence to the Company pursuant to Rule 5.09 of the GEM Listing Rules and the Board considers that all the independent non-executive Directors are independent.

SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the rules set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct for dealing in securities of the Company by the Directors (the "Required Standards of Dealings"). The Company has confirmed, having made specific enquiry of the Directors, that all the Directors have complied with the Required Standards of Dealings during the Financial Year.

COMMITTEES

As part of the corporate governance practices, the Board has established the Remuneration Committee, Nomination Committee and Audit Committee. The compositions of all the committees are set out below. The terms of reference of all committees are established in accordance with the principles set out in the CG Code.

REMUNERATION COMMITTEE

The Company established a Remuneration committee on 27 April 2011 with written terms of reference. As at 31 March 2020, the Remuneration Committee comprised three independent non-executive Directors, namely Mr. Chiam Tat Yiu (the chairman of the committee), Mr. Chu Kin Ming, Mr. Chan Wai Cheung Admiral.

The primary duties of the Remuneration Committee are formulating remuneration policies, determining specific remuneration packages of the executive Directors and senior management, making recommendations to the Board on the remuneration of all Directors, and to review and approve the management's remuneration with reference to the Board's Corporate goals and objectives.

During the Financial Year, the Remuneration Committee (i) reviewed the remuneration of the executive Directors and senior management of the Company; (ii) approved performance-based remuneration with reference to the corporate goals and objectives resolved by the Board and/or the senior management from time to time; and (iii) ensured that no Director or senior management or any of his/her associates was involved in deciding his/her own remuneration. Details of the emoluments for Directors, chief executive and five highest paid individuals, and senior management remuneration by band during the Financial Year are set out in note 14 to the consolidated financial statements.

NOMINATION COMMITTEE

The Company established a Nomination Committee on 27 April 2011 with written terms of reference. As at 31 March 2020, the Nomination Committee comprised three independent non-executive Directors, namely Mr. Chu Kin Ming (the chairman of the committee), Mr. Chiam Tat Yiu and Mr. Chan Wai Cheung Admiral.

The primary duties of the Nomination Committee are reviewing the structure, size and composition of the Board, formulating relevant procedures for nomination of Directors, identifying qualified individuals to become members of the Board and making recommendations to the Board on the appointment or re-appointment of Directors.

During the Financial Year, the Nomination Committee (i) reviewed the structure, size and composition (including the skills, knowledge and experience) of the Board; (ii) assessed the independence of the independent non-executive Directors; (iii) made recommendations to the Board on the proposed re-election of the retiring Directors at the forthcoming annual general meeting; and (iv) reviewed the diversity of the Board's composition.

AUDIT COMMITTEE

The Company established an Audit Committee on 27 April 2011 with written terms of reference in compliance with Rules 5.28 to 5.29 of the GEM Listing Rules. As at 31 March 2020, the Audit Committee comprised three independent non-executive Directors, namely Mr. Chu Kin Ming (the chairman of the committee), Mr. Chiam Tat Yiu and Chan Wai Cheung Admiral.

To comply with the amendment to the risk management and internal control section of the Corporate Governance Code and Corporate Governance Report of the GEM Board Listing Rules (Appendix 15) (the "Amended CG Code") of the Stock Exchange, which comes into effect for the accounting periods beginning on or after 1 January 2016, the Terms of Audit Committee has been amended on 5 January 2016. Further details of the Terms of Reference of the Audit Committee are set out in the Company's announcement dated 5 January 2016.

The Audit Committee has reviewed the annual, interim and quarterly results of the Group for the Financial Year. The Audit Committee considered that the relevant consolidated financial statements have been prepared in compliance with the applicable accounting principles and requirements of the Stock Exchange and disclosures have been properly made.

The primary duties of the Audit Committee are to review the internal control policies annually, the financial reporting systems and procedures of the Group, to review consolidated financial statements and reports of the Group, and to review the terms of engagement and scope of audit work of the external auditors.

The Audit Committee, from time to time, will also have interviews with the Chairman and CEO and Executive Directors for the effectiveness of internal controls and any potential enhancement to the internal control policies because of changes in rules and regulations as well as new developments in existing and new businesses.

CORPORATE GOVERNANCE REPORT

During the Financial Year, the Audit Committee (i) reviewed the audit plan, terms of engagement, independence and qualification of the external auditor and the remuneration paid to the external auditor; (ii) reviewed the financial information of the Group including the annual, interim and quarterly financial statements and related documents before submission to the Board for approval; (iii) reviewed the management letters and reports issued by the external auditor; (iv) reviewed accounting principles and practices adopted by the Group and the potential impacts of the change in accounting standards to the Group's financial statements; (v) reviewed the effectiveness of the risk management and internal control systems of the Group; and (vi) reviewed the internal audit reports prepared by the internal auditor in respect of the effectiveness of the financial, operational and compliance controls and risk management of the Group twice a year.

DIRECTORS' RESPONSIBILITY IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for the preparation of accounts for each financial period which gives a true and fair view of the state of affairs of the Group and of the results and cash flows for that period. In preparing these accounts for the Financial Year, the Directors have selected suitable accounting policies and applied them consistently; made judgments and estimates that are prudent and reasonable. As at 31 March 2020, the Directors were not aware of any material uncertainties relating to events or conditions which may cast significant doubt upon the Company's ability to continue as a going concern, and accordingly prepared the accounts on the going concern basis. The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group.

EXTERNAL AUDITORS AND THEIR REMUNERATION

For the Financial Year, the Company engaged HLM CPA Limited ("HLM CPA") as the Group's external auditor to conduct audit of the financial results of the Group for the year ended 31 March 2020 with the remuneration payable of approximately HK\$1,200,000.

The statement of HLM CPA in respect of their reporting responsibilities on the consolidated financial statements for the Financial Year is set out in the Independent Auditor's Report included in the Report.

During the year under review, the remuneration paid or payable to the Company's auditor HLM CPA Limited are all related to audit services.

INTERNAL CONTROL

The Board is responsible for maintaining a sound and effective internal control system in order to safeguard the interests of the Shareholders and the assets of the Group against unauthorised use or disposition, ensuring maintenance of proper books and records for the provision of reliable financial information, and ensuring compliance with the relevant rules and regulations.

The Audit Committee reviewed the overall effectiveness of the internal control system and reported its findings and made recommendations to the Board. The Directors have conducted a review of the effectiveness of the Group's internal control system for the Financial Year. The Board would continue to assess the effectiveness of internal controls by considering the reviews performed by the Audit Committee and executive management.

RISK MANAGEMENT AND INTERNAL CONTROLS

RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

The Company's risk management and internal control systems are designed to manage and mitigate risks, rather than eliminate risks, of failure to achieve the business objectives of the Company, and can only provide reasonable and not absolute assurance against material misstatement or loss. The Company has employed a bottom-up approach for identification, assessment and mitigation of risk at all business unit levels and across functional areas.

MAIN FEATURES OF RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

The key elements of the Company's risk management and internal control systems include keeping track of and documentation of identified risks, the assessment and evaluation of risks, the development and continuous updating of responsive procedures, and the ongoing testing of internal control procedures to ensure their effectiveness.

An ongoing risk management approach is adopted by the Company for identifying and assessing the key inherent risks that affect the achievements of its objectives.

PROCESS USED TO IDENTIFY, EVALUATE AND MANAGE SIGNIFICANT RISKS

During the process of risk assessment, the Board captures and identifies the key inherent risks that affect the achievements of its objectives by performing the followings:

- understanding organizational objectives and business processes;
- determining the risk appetite and establishing the risk assessment criteria;
- identifying the risks associated with achieving or not achieving the objectives and assessing the likelihood and potential impact of particular risks; and
- monitoring and evaluating the risks and the arrangements in place to address them.

CORPORATE GOVERNANCE REPORT

The Board reviews the effectiveness of the risk management and internal control systems by considering factors including but not limited to the followings:

- the changes since the last annual review in the nature and extent of significant risks, and the Group's ability to respond to changes in its business and the external environment;
- the scope and quality of managements' monitoring of risk and of the internal control system, and where applicable, the work of its internal audit function and other third party consultants;
- the extent and frequency of the communication of the results of the monitoring to the Board or the audit committee;
- the incidence of significant control failings or weakness that has been identified at any time during the period and the extent to which they have resulted in unforeseen outcomes or contingencies that have a material impact on the Group's financial performance or condition; and
- the effectiveness of the Group's processes relating to financial reporting and Listing Rules Compliance given the Group's business and scale of operations and in order to adapt the most cost-effective method of conducting periodic review of the Group's internal controls, the Board has engaged an independent consultant Elite Partners Risk Advisory Services Limited ("Elite Partners") to execute the internal control function. Elite Partners has conducted an internal control review of the effectiveness of the Group's risk management, corporate governance, financial recording and reporting procedures, investment procedures, treasury function, sales and receipts, purchase and payment, and human resources management (except for the Deconsolidated Subsidiaries) for the period from 1 April 2019 to 31 March 2020 in accordance with the requirements under Code Provision C.2 of the Corporate Governance Code, according to the scope of review agreed and approved by the Audit Committee.

Elite Partners responded to the Audit Committee and the Audit Committee was satisfied that the Company had addressed all deficiencies identified by Elite Partners. The Audit Committee reviews annually the adequacy and effectiveness of the Company's financial reporting system, internal control system and risk management system and associated procedures and has access to information necessary to fulfil its duties and responsibilities with respect to risk assessment and risk management. Accordingly, the Audit Committee and the Board considered the risk management and internal control systems to be effective and have been implemented with adequate resources during the year.

PROCEDURES AND INTERNAL CONTROLS FOR THE HANDLING AND DISSEMINATION OF INSIDE INFORMATION

The Company does not have an internal audit function and is currently of the view that there is no immediate need to set up an internal audit function within the Group in light of the size, nature and complexity of the Group's business. It was decided that the Board would be directly responsible for internal control of the Group and for reviewing its effectiveness during the Financial Year.

The Board has already established a policy on the procedures and internal controls for the handling and dissemination of inside information. The policy stipulated the duty and responsibility of inside information announcement, restriction on sharing non-public information, handling of rumours, unintentional selective disclosure, exemption and waiver to the disclosure of inside information, and also compliance and reporting procedures. Every member of the senior management of the Company must take all reasonable measures to ensure that proper safeguards exist to prevent a breach of a disclosure requirement in relation to the Company from time to time. They must promptly bring any possible leakage or divulgence of inside information to the attention of the Financial Controller, who will notify the Board accordingly for taking the appropriate action promptly. For any material violation of this policy, the Board will decide, or designate appropriate persons to decide, the course of actions for rectifying the problem and avoiding recurrence.

COMPANY SECRETARY

Dr. Zheng Jian Peng ("Dr. Zheng") was appointed as the company secretary of the Company (the "Company Secretary") and resigned on 22 April 2020. Mr. Chan Tsang Mo ("Mr. Chan") has been appointed as the Company Secretary following the resignation of Dr. Zheng. The biographical details of Mr. Chan are disclosed in the section "Biographical Details of Directors and Senior Management" in the Report of the Directors. Both Dr. Zheng and Mr. Chan have adequate knowledge on the Company to discharge his duty as the Company Secretary. The Company Secretary is responsible for advising the Board on corporate governance matters. In compliance with Rule 5.15 of the GEM Listing Rules, for the year ended 31 March 2020, Dr. Zheng confirmed that he has taken no less than 15 hours of relevant professional training during the Financial Year.

CONTINUOUS PROFESSIONAL DEVELOPMENT

The Group acknowledges the importance of adequate and ample continuing professional development for the Directors for a sound and effective internal control system and corporate governance. In this regard, the Group has always encouraged our Directors to attend relevant training courses to receive the latest news and knowledge regarding corporate governance.

During the Financial Year, the Company has encouraged all Directors to attend at least one training course on the updates of the GEM Listing Rules concerning good corporate governance practices. The Company will, if necessary, provide timely and regular trainings to the Directors to ensure that they are kept abreast with the latest requirements under the GEM Listing Rules. The Group has also adopted a policy to reimburse the Directors for any relevant training costs and expenses incurred concerning corporate governance and internal control.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ABOUT THIS REPORT

The Group is pleased to present this Environmental, Social and Governance (“ESG”) Report (the “Report”) to provide an overview of the Group’s management of significant issues affecting the operation, and the policies, measures and performance of the Group in terms of environmental and social aspects.

This Report covers the principal business of the Group for the period from 1 April 2019 to 31 March 2020 (the “Reporting Period”), i.e., the business in relation to the manufacturing and sales of power cords and data cords in Hong Kong and the PRC, including the Hong Kong head office and Sun Fair Electric Wire & Cable (Shenzhen) Company Limited (“Sun Fair Shenzhen”) in Shenzhen, Guangdong Province. Sun Fair Shenzhen is engaged in the sales and manufacturing of power cords and inlet sockets for household electric appliances and power and data cords for mobile handsets and medical control devices and raw cables and general trading business.

The determination of reporting scope is detailed in the below section headed “Stakeholder Engagement and Materiality Assessment”. For corporate governance section, please refer to the Corporate Governance Report section in this annual report.

BASIS OF PREPARATION

This Report has been prepared with reference to the Environmental, Social and Governance Reporting Guide in Appendix 20 to the Listing Rules and has complied with the “comply or explain” provisions in the Listing Rules.

BOUNDARY SETTING

Setting a clear reporting boundary benefits the readers by providing a well-defined scope of quantitative information about the ESG performance of the Group. Consider the nature of the Group’s business, this ESG Report covers the performance and management policies of major operations of the Group under an operational control approach which includes the Group’s offices and plants in Hong Kong SAR and the PRC.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ESG MISSION AND VISION

Climate change and other environmental and social issues have continued to become the centre of attention. Both the Hong Kong and PRC governments have launched various policies to promote corporate social responsibility and green business principle. As the Group pursues business development as well as stable and long-term return for shareholders, it undertakes corporate social responsibilities and incorporates the concept of sustainability in various operations. The Group seeks to operate in an environmentally and socially friendly manner and contributes to society with concrete actions.

The board of directors is responsible for supervising the ESG strategy, policy and measures of the Group and is vested with the power to make final decisions. Our ESG initiatives are carried out by the management team, which ensures the effectiveness of ESG risk management and related internal control system, thereby driving our sustainable development.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

APPLICATION OF REPORTING PRINCIPLES

As the reporting principles underpin the preparation of the Report, the content of the Report has been determined, organised and presented under the principles of Materiality, Quantitative, Balance and Consistency.

Materiality – The Group made an objective and systematic materiality assessment that prioritised the issues affecting the operation, and the policies, measures and performance of the Group in terms of environmental and social aspects.

Quantitative – The application of the Quantitative reporting principles was primarily reflected under the Emissions and Use of Resources sections in this Report. The principle is applied by the Group to provide comparable key performance indicators to evaluate the purpose, impact and performance of the Group.

Balance – The Report incorporated both its outstanding performance in ESG management and areas which might require improvement to avoid selections, omissions, or presentation formats that may inappropriately influence a decision or judgement by the Report readers.

Consistency – The Report incorporated consistent reporting techniques and calculation methodologies so that the Report readers can rely on the preciseness of data. Any changes to the reporting techniques and calculation methodologies will be disclosed.

STAKEHOLDER ENGAGEMENT AND MATERIALITY ASSESSMENT

Stakeholder engagement is essential to the Group – from communication with investors to everyday relationships with employees, customers and business partners – and is integral to the group's sustainability success. Stakeholders are prioritised from time to time in view of the Group's roles and duties, strategic plan and business initiatives. The Group build appropriate channels to engage with its stakeholders to develop mutually beneficial relationships, trying to identify stakeholders' expectations and concerns and to seek their views to promote sustainability in the marketplace, workplace, community and environment. These engagements help us learn about emerging sustainability topics, better inform our efforts, and help the Group to create value for our company and society.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Materiality of ESG issues may be said to be “in the eye of the beholder” when it comes to sustainability, responsibility, ethical, and citizenship initiatives, disclosure and reporting. Not all ESG issues are relevant to all organizations, and understanding the material sustainability issues for the Group is critical to having a successful and strategic program. Materiality is an important cornerstone of an effective corporate sustainability process -- and a key characteristic of the ESG framework. Determining the materiality of sustainability issues is a vital step in identifying risks and available opportunities to be addressed by the Group.

The Group have adopted the principle of materiality in the ESG reporting by understanding the key ESG issues that are important to the business of the Group. All the key ESG issues and key performance indicators (KPIs) are reported in this Report according to the ESG Reporting Guide in Appendix 20 to the Listing Rules.

The Group have evaluated the materiality and importance in ESG aspects through the following steps:

Step 1: Identifying relevant ESG areas – Relevant ESG areas were identified through the review of the Group’s business and relevant industry benchmark.

Step 2: Materiality and Prioritization – Materiality of each ESG aspect was determined based on the importance of each ESG aspects to the Group and to the relevant stakeholders.

Step 3: Validation – Based on internal discussion and discussion with key stakeholders, the Group ensured all material ESG aspects were reported and in compliance with the ESG Reporting Guide in Appendix 20 to the Listing Rules.

As a result of the steps taken for the Reporting Period, the following ESG aspects of the Group were discussed in this Report.

ENVIRONMENTAL

The principle business of the Group did not have any significant adverse effect on the environment. In spite of this, the Group is committed to the sustainability strategy and puts in place a stringent management system to reduce energy consumption and emission in all production and operation activities with best efforts. The Group provides regulatory guidelines to staff on environmental protection, resources conservation and waste reduction, while encouraging recycling and environmentally-friendly office practices to raise employees’ green awareness. The management monitors all resources consumption to promote production efficiency and energy saving.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT A1: EMISSIONS

The Group strives to comply with all environmental protection laws and regulations, including the “Environmental Protection Law of the People’s Republic of China”; “Law of the People’s Republic of China on the Prevention and Control of Atmospheric Pollution”; “Law of the People’s Republic of China on Prevention and Control of Water Pollution”; and “Law of the People’s Republic of China on the Prevention and Control of Solid Waste Pollution”. During the Reporting Period, the Group has not identified any breach of environmental protection related laws and regulations.

The Group’s operation did not produce significant emissions of solid wastes, sewage, hazardous wastes and noise. Air emissions, Greenhouse gas (“GHG”) emissions and non-hazardous wastes produced during the Reporting Period are set out below.

AIR EMISSIONS

Air pollution have an adverse impact on environment and human health so that it is essential to control the level of emission. During the Reporting Period, the Group’s main sources of air emissions are the combustion of fuels for transportation. The decrease in air pollutants emission during the Reporting Period was mainly attributable to the effort taken to use the vehicles in a more efficient way. The Group will keep monitoring the use of vehicles internally and formulate relevant guidelines.

During the Reporting Period, air emissions are as follows:

Air Emission ¹	Unit	2020	2019
Nitrogen Oxides (NO _x)	Kg	63.09	91.33
Sulphur Oxides (SO _x)	Kg	0.14	0.16
Particular Matter (PM)	Kg	6.15	8.96

Note 1: The calculation of air emissions is based on HKEx’s ESG guideline “How to Prepare an ESG Report – Appendix 2: Reporting guidance on Environmental KPIs”

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

GHG EMISSIONS

It is widely accepted that climate change is unequivocally linked to the increasing concentrations of GHG in the atmosphere. During the Reporting Period, the Group's main sources of GHG emissions are the combustion of fuels for transportation and the electricity consumed for operations. The Group endeavours to reduce the carbon footprint by implementing various energy saving and emission reduction initiatives in daily operations, including the use of vehicles that outperform the national emission standards. It also carries out proper planning of the production and delivery schedule to coordinate all processes for maximum energy and time efficiency. It is our aim to promote low-carbon travel and reduce air emissions through the effective use of resources. During the Reporting Period, the Group's Scope 1 GHG emission mainly came from consumption of gasoline for vehicles (mobile combustion source) and the Group's Scope 2 GHG emission mainly came from electricity consumption in operations. The decrease in GHG emission during the Reporting Period was mainly attributable to effort to use transportation in a more smart and efficient way and also the effort to use electricity in a more environmentally friendly way. The Group will keep monitoring the use of energy and formulate relevant guidelines in order to reduce GHG emission, such energy saving measures may included but not limited to proper planning of the production schedule and process improvement.

During the Reporting Period, the emission of GHG is as follows:

GHG Emission ¹	Unit	2020	2019
Scope 1	Tonnes of carbon dioxide equivalent	23.60	27.30
Scope 2	Tonnes of carbon dioxide equivalent	683.09	997.85
Total	Tonnes of carbon dioxide equivalent	706.69	1,025.15
GHG emission intensity	Tonnes of carbon dioxide equivalent/m ²	0.042	0.061

Note 1: The calculation of GHG emissions is based on HKEx's ESG guideline "How to Prepare an ESG Report – Appendix 2: Reporting guidance on Environmental KPIs"

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

NON-HAZARDOUS WASTES

Even though these wastes are not defined as hazardous, improper management of them poses significant risks to the environment and human health. Non-hazardous wastes produced by the Group were mainly paper (including paper, packaging paper and packaging cartons) and plastic (plastic packaging materials). The Group eliminates wastes mainly through the “reduce, reuse and recycle” approach. To reduce paper consumption, it introduces various e-platforms for paper-less operation, which reduces waste paper from administrative works. It also encourages staff to print internal documents on both sides of paper whenever possible. Recycling boxes are placed near photocopiers to collect single-sided paper for reuse as draft paper or printing of internal documents, so as to boost the rate of reuse. Moreover, the Group places waste separation bins at offices and production workshops to collect wastes, which are then processed by qualified waste recyclers in accordance with environmental regulations. During the Reporting Period, the Group produced less paper and plastic wastes due to the unremitting efforts taken to reduce and reuse its paper and plastic products, both in the daily workspace and also the improvement in the design of packaging material and better packaging technic. The Group will keep monitoring the production of non-hazardous waste. Other than the paper and plastic wastes produced in the operation, the Group was also promoting Green-Office idea in the workspace aimed to reduce other minor waste. Such waste reduction measures in the office include stationery reuse and green pantry, which encourage employees to bring their own cups and lunch boxes in order to reduce the use of paper/plastic cups and lunch boxes.

During the Reporting Period, non-hazardous wastes produced are as follows:

Non-hazardous Waste	Unit	2020	2019
Paper	Tonnes	12.06	15.76
Intensity (Paper)	Tonnes/m ²	0.00071	0.00093
Plastic	Tonnes	6.66	8.33
Intensity (Plastic)	Tonnes/m ²	0.00039	0.00049

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT A2: USE OF RESOURCES

The Group aims to promote resource saving and implement suitable energy and water efficiency initiatives in order to improve the resources saving performance. The Group also motivates its employees to participate in resources conservation activities and encourages them to save energy and water.

The Group strives to comply with all relevant laws and regulations in relation to the Group's use of resources, including the "Energy Conservation Law of the People's Republic of China" and "Provisions on the Management of Water Conservation in Cities". During the Reporting Period, the Group has not identified any breach of related laws and regulations.

During the Reporting Period, the Group primarily consume electricity, gasoline and diesel and water. No other significant raw materials and energy were used by the Group during the Reporting Period.

ENERGY CONSUMPTION

The Group's main sources of energy consumption include electricity used in production and office spaces and gasoline and diesel for transportation. As compared to other electrical appliances, lighting fixtures and air conditioners account for a higher portion of the Group's energy consumption. On account of that, we have introduced a number of energy saving initiatives targeting such usage at the plants and offices in Hong Kong and the PRC. For example, we turn off lights when not in use, set the air conditioners at comfort level with not too low or too high temperature, and install lights with motion sensors. Employees are also required to maintain the lighting and air conditioning system in good and proper condition and turn off idle equipment to maximize efficiency and minimise energy consumption. Besides, the Group gives preference to efficient production and transport machinery in procurement. The decrease gasoline and diesel consumption during the Reporting Period was mainly attributable to the effort taken to use the vehicles in a more efficient way. The Group will keep monitoring the use of vehicles internally and formulate relevant guidelines. The decrease in electricity consumption during the Reporting Period was mainly attributable to the effort to use electricity in a more environmentally friendly way. The Group will keep monitoring the use of energy and formulate relevant guidelines in order to reduce electricity consumption and will continue to implement the following practices:

1. Replace electrical appliances with energy-saving models;
2. Promote the use of LED lights which are more energy saving;
3. Place notices of energy saving messages in suitable areas to educate employees; and
4. Maintain and upgrade production machinery aim for energy efficiency.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, energy consumption are as follows:

Energy	Unit	2020	2019
Electricity	kWh	848,979	1,240,185
Intensity (Electricity)	kWh/m ²	50.15	73.25
Gasoline and diesel	Litre	8,844	10,251
Intensity (Gasoline and diesel)	Litre/m ²	0.52	0.61

WATER CONSUMPTION

The production and operation processes of the Group does not involve substantial water usage. Our water consumption mainly comprises drinking water and daily water use of employees, and the Group did not face any problem in sourcing water that was fit for its purpose. The Group has established the water separation system and recycling program for the production lines at plants to reduce water consumption. In terms of daily water consumption, the Group fulfils its corporate social responsibility by encouraging employees to cut water usage. It also puts water conservation signs in conspicuous places in the workplace to raise staff's awareness. Water consumption of the Group during the Reporting Period slightly increased by around 6% due to the COVID-19 and staff stay in the plant for longer hours rather than going out for lunch. The Group will keep monitoring the use of water and formulate relevant guidelines in order to further reduce water consumption by implementing the following practices:

1. Apply advances technology to strengthen water recycling;
2. Educate employees on the importance of water conservation;
3. Perform proper maintenance of water taps, pipelines and tanks; and
4. Consider the installation of water economizer.

During the Reporting Period, water consumption is as follows:

Water Consumption	Unit	2020	2019
Total water consumption	m	7,448	7,044
Water consumption intensity	m /m ²	0.44	0.42

PACKAGING MATERIAL

The Group's usage of packaging material was reported in the non-hazardous wastes section "Aspects A1: Emissions".

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT A3: THE ENVIRONMENT AND NATURAL RESOURCES

The Group is not aware of any significant impacts of activities on the environment and natural resources during the Reporting Period.

The Group pays close attention to any possible impact of its business operation on the environment and natural resources. Thus, it not only follows national environmental regulations and international standards, but also adopts green management practices and encourages staff participation in environmental protection. To achieve green operation, a multi-pronged approach is adopted to raise staff awareness, formulate green policies, implement environmental initiatives and optimise monitoring on an ongoing basis. The Group also regularly assesses the possible environmental impact of its business activities to identify potential environmental risks.

A limited amount of hazardous substances is used by the Group in manufacturing power cords and data cords, which include PVC, heavy metals and halogen compounds. With the view of reducing the risk, the Group adopts strict production procedures and minimizes the use of such materials in the products. All of the Group's products for export are designed to meet international quality standards and they have passed the Restriction of Hazardous Substances (RoHs), REACH, Waste Electrical and Electronic Equipment (WEEE) and other environmental tests which ensure that they are in line with various standards.

SOCIAL

Social sustainability is perhaps the broadest area of the three elements in ESG and the hardest to assess due to a lack of agreed metrics to measures and so it is often-overlooked aspect of sustainability, as sustainable development discussions often focus on the environmental or economic aspects of sustainability. The Group believes that all three dimensions of sustainability must be addressed to attain the most sustainable outcome possible.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

EMPLOYMENT AND LABOUR PRACTICES

ASPECT B1: EMPLOYMENT

The Group believes people are important assets and see it as the key to driving the success and maintaining the sustainable development of the Group. The Group aim to attract and retain talents and is committed to create a workspace where all employees are respected, safe and good health and have equal opportunities. As at the end of the Reporting Period, the Group has a total number of 112 full-time employees, including management, staff, technicians, salesperson and workers.

The Group strives to comply with all employment laws and regulations, including the "Employment Ordinance (Cap. 57 of the Laws of Hong Kong)"; "Mandatory Provident Fund Schemes Ordinance (Cap. 485 of the Laws of Hong Kong)"; "Employees' Compensation Ordinance (Cap. 282 of the Laws of Hong Kong)"; "Minimum Wage Ordinance (Cap. 608 of the Laws of Hong Kong)"; "Labour Law of the People's Republic of China"; "Law of the People's Republic of China on Promotion of Employment"; "Social Insurance Law of the People's Republic of China"; and "Labour Contract Law of the People's Republic of China". In order to provide appropriate protection to staff, all of our human resources policies are in compliance with national and local labour laws and regulations in relation to employment, dismissal, remuneration and benefits, working hours and leaves. During the Reporting Period, the Group has not identified any significant breach of employment related laws and regulations.

REMUNERATION AND BENEFITS

We recognize the importance of staff's contribution and cooperation in achieving business success, therefore we strive to develop a comprehensive staff motivation mechanism to attract and retain high-calibre talents who share our vision. For example, we offer basic benefits as required by laws such as the "Five Insurances and One Fund", medical insurance, annual leave, sick leave and double pay for overtime work. In addition, we provide other fringe benefits as well, which include performance-based bonus, free lunch, travel allowance, transport allowance, study subsidy, overseas training, marriage leave and maternity leave. Staff remuneration is determined based on the job nature, qualification, experience and performance of individual employees. The Group also conducts market studies on the remuneration level in the industry. The management of the Group adjusts employees' wages with reference to the performance appraisal and market studies every January.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Promotion and development

The Group carries out evaluations to better understand employees' performance at the end of each year. Staff members who have attained remarkable achievements and made outstanding contribution will be recognized by means of material rewards, honours and promotion opportunities. Meanwhile, for employees with average performance, the Group drives them towards improvement mainly through encouragement complemented with two-way review as appropriate. We offer suitable vocational training, arrangements and career path to promising employees as well, so as to equip them for more responsibilities and facilitate the growth of both the Group and the employees.

Employee care

The Group places great emphasis on staff engagement and cohesion. It adopts an open-door policy to encourage internal communication and invites employees to raise questions, concerns, recommendations and complaints regardless of their departments or position levels. Employees may give feedbacks directly to the board of directors as necessary. As to complaints relating to suspected ethical and legal violations, they may report to the Chairman of the Audit Committee in writing or via mail. The Group protects the interests of the whistle-blowers by upholding the confidentiality of all communication channels.

Equal opportunity

The Group offers fair and excellent employment and promotion opportunities. Staff members are not discriminated against or deprived of such opportunities on the basis of gender, nationality, marital status, religious belief, disability, pregnancy or any other grounds prohibited under applicable laws. We prevent all forms of discrimination at the workplace by maintaining strict compliance with applicable local anti-discrimination laws. Employees are encouraged to report discrimination cases to the human resources department for investigation and resolution. For substantiated cases, the Group will impose the appropriate penalty and hand them over to the judicial authorities as necessary.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

As at the end of the Reporting Period, total workforce by gender, employment type, age group and geographical region are as follows, employee turnover rate was very low and not significant to be reported:

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT B2: HEALTH AND SAFETY

The Group believes helping employees to stay healthy and safe is the key to productivity. Therefore, the Group seeks to create an excellent working environment and takes into consideration occupational health and safety in workplace design and arrangement. In terms of hardware, fire safety equipment and evacuation signs are placed in conspicuous places at offices, factory workshops and refined oil retailing vessels. With the emergency protocol and the ancillary safety equipment in place, the Group is able to provide a working environment that meets the national safety standards. Furthermore, in order to ensure staff's safety, all employees are required to strictly follow the safety instructions on the proper storage of machines, equipment and raw materials for production.

In the meantime, the Group devotes its best efforts to raise staff awareness of occupational health and safety. It communicates health and safety knowledge and guidelines to employees by formulating health and safety policy and procedure, staff manual, orientation and on-the-job training, and various safety notices, posters and slogans, which remind them to stay safe when performing job duties. The Group encourages office staff to work out more and puts up occupational safety and health posters as precautions against occupational diseases. Employees with driving duties contribute to workplace safety through orientation training for drivers and enhanced inspection of vehicle safety. These occupational health and safety initiatives help to minimise risks and safeguard the interests of employees, customers and other stakeholders.

The Group strives to comply with all health and safety laws and regulations, including the "Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong)"; "Production Safety Law of the People's Republic of China"; "Law of the People's Republic of China on Prevention and Control of Occupational Diseases"; "Regulations on the Reporting, Investigation and Disposition of Work Safety Accidents of the PRC"; "Special Rules on the Labour Protection of Female Employees of the PRC"; and "Regulation on Work-Related Injury Insurance of the PRC". During the Reporting Period, the Group has not identified any breach of health and safety related laws and regulations.

During the Reporting Period, there was no work-related fatality (2019: Nil) and no lost days due to work injury (2019: Nil).

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT B3: DEVELOPMENT AND TRAINING

The Group has a well-established system to provide suitable training opportunities to different departments and positions, so that staff members, regardless their roles, have access to the knowledge and skills required to keep the efficiency and productivity, which is beneficial to our long-term development.

The Group encourages all departments to participate in essential external training. For instance, the human resources department attends seminars held by large institutions, as well as programs organised by the Labour Department and other institutions, to learn about the market trend on human resources and salary, and widen the professional network for future recruitment and social events. The finance department encourages new employees to obtain professional accounting licenses and offers relevant support to facilitate the development of themselves and the Group. It also gets regular updates on financial related technology that helps reduce complicated procedures. Moreover, the Group sends staff to negotiation courses and other special courses as necessary to sharpen their skills for communicating with external parties on its behalf.

In order to foster team spirit, our employees take part in team building exercises organized by professional institutions, where staff in different positions can get to know each other and develop cohesion and mutual trust through cooperation. As a result, they can work towards the common goal more efficiently.

During the Reporting Period, the percentage of employees trained and average training hours completed per employees by gender and employee category are as follows:

Training	Percentage of employees trained (%)	Average training hours (hours/employee)
By gender		
– Male	80.33%	10
– Female	92.16%	11
By employee category		
– Senior management	43.75%	6
– Middle management	86.67%	10
– General	93.83%	11

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT B4: LABOUR STANDARDS

The Group believes that children should grow up in a decent environment free from physical, psychological and mental harm caused by economic exploitation and labour. Thus, the Group is against any forms of child labour and adopts all measures and internal control procedures to prevent such practice. To combat against illegal employment on child labour and forced labour, the Group's human resources department requires job applicants to provide valid identity documents before confirmation of employment to ensure that the applicants are lawfully employable. Furthermore, the Human Resource Department of the Group is responsible for monitoring the compliance of the Group with the relevant laws and regulations that prohibit child labour and forced labour employment. Upon discovery of any child labour and use of forced labour, the person will be dismissed immediately and the management and responsible person will be disciplined accordingly.

The Group strives to comply with all labour laws and regulations, including the "Employment Ordinance (Cap. 57 of the Laws of Hong Kong)" and "Labour Law of the People's Republic of China". During the Reporting Period, the Group has not identified any breach of labour related laws and regulations.

OPERATING PRACTICES

ASPECT B5: SUPPLY CHAIN MANAGEMENT

The Group believes managing ESG issues throughout the supply chain bring the following benefits both to the Group and to the investors:

1. Quicker response to emerging regulations and legal obligations;
2. Avoiding loss of contracts of ESG focused customers;
3. Enhancing business continuity;
4. Increased stakeholders' confidence;
5. Opportunity for the Group to develop and maintain long-term and trusting partnership with the suppliers;
6. Make the Group more attractive to invest; and
7. Better financial performance from increased labour and process productivity.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has established a standardized procurement system that operates in an efficient, fair and open manner, thereby safeguarding the interests of itself and other stakeholders. To ensure good supply chain management, the Group conducts background check and on-site evaluation of potential suppliers against criteria such as quality of goods, track record, production capacity, reputation, staffing and business qualification. Meanwhile, the Group requires suppliers to provide business licence, identity card of the legal person, articles of association, organisational structure and photos in all workshops including packaging workshop, technical workshop and warehouse for verification before making decisions. The Group maintains a close relationship with suppliers to ensure that their business complies with local laws and regulations, such as the prohibition of child and forced labour. The Group believes that good sourcing practice is determined not just by the high product quality and timely delivery, but also the continuous reduction of the environmental footprint in the supply chain. The Group's green procurement involves assessing the suppliers' performance and contribution to environmental protection.

During the Reporting Period, number of suppliers by geographical region is as follows (exclude listed holding company suppliers where most of them were professional parties do not contributed to the production and business operation of the Group):

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT B6: PRODUCT RESPONSIBILITY

The Group strives to comply with all product responsibility related laws and regulations, including the “The Law of the People’s Republic of China on Product Quality”; “The Metrology Law of the People’s Republic of China”; “Law of the People’s Republic of China on the Protection of Consumer Rights and Interests”; “Advertisement Law of the People’s Republic of China”; and “Trade Descriptions Ordinance of Hong Kong”. During the Reporting Period, the Group has not identified any breach of product responsibility related laws and regulations.

Quality management

To enhance product quality, we aim at meeting international standards and our power cord products have passed different environmental tests including the RoHS, REACH and WEEE, as well as the standards and specifications established by USB Implementation Forum, Inc. All of the Group’s products are in line with international and domestic regulatory requirements and industry practices. The Group has formulated product recall policies which allow customers to contact the Group through customer services hotline. Complaints and product recall request will be properly followed up respective departments. During the Reporting Period, the Group did not receive any significant product recalls for safety and health reasons, the Group also did not receive any significant complaints regarding product flaws.

Product marketing

In full compliance with the laws and regulations, the Group’s sales documents give a true description of the specifications and features of our products without containing exaggerated and misrepresented information.

Information privacy

In its daily operation, the Group processes various types of commercial information and personal data. For the purpose of protecting the information of the Group and its stakeholders, we have installed authorized software on all computers at the workplace. Employees are forbidden to install software without permission or handle personal matters on company computers, thereby minimising the risks of hacker attacks, Trojan horse and other computer viruses. The Group also has stringent data protection procedure for customers’ information. We include a confidentiality clause in all employment contracts which prohibits unauthorized disclosure or leakage of company information. Without the consent of the Group, employees are not allowed to disclose any sensitive information to any third parties or use such information for other unauthorized use. Staff members who are in breach of the policy and regulations will be subject to disciplinary actions or termination of employment.

Intellectual property rights

The Group’s business operation does not involve significant intellectual property rights issues, which the Group’s products do not hold any patent and trademark. The employees hold the responsibility for protecting the Group’s confidential information.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

ASPECT B7: ANTI-CORRUPTION

The Group has formulated the comprehensive company regulations and employee code of conduct (the "Code of Conduct") as the standards of staff conduct. With the view of maintaining efficiency and integrity, we require all staff members to follow the rules of the Code of Conduct and remain responsible and professional at all times. Our employees are not allowed to offer, solicit or accept any gifts of material value to or from colleagues, customers, suppliers or other business partners of the Group that raise concern over conflict of interest. All new employees are required to read and sign our policy on conflict of interest, which stipulates that staff members should avoid personal conflicts of interest when dealing with any third parties on behalf of the Group.

A whistleblowing mechanism has been set up to provide a reporting channel for staff. As a result, employees can report suspected corruption, theft, fraud and embezzlement cases to the immediate head of the department, human resources department or other management members. The management may, in accordance with the local laws, report to government authorities such as the Police or Independent Commission Against Corruption for follow up actions as necessary.

To curb money laundering, the Group prepares briefing materials based on the related laws and regulations. Employees are kept informed of the latest regulations of the anti-money laundering laws through circulation of such briefing materials and training.

The Group strives to comply with all anti-corruption related laws and regulations, including the "Anti-Corruption Law of the People's Republic of China"; "Law of the People's Republic of China on Anti-money Laundering"; "Anti-Money Laundering and Counter-Terrorist Financing Ordinance (Cap. 615 of the Laws of Hong Kong)"; and "Prevention of Bribery Ordinance (Cap. 201 of the Laws of Hong Kong)". During the Reporting Period, the Group has not identified any breach of anti-corruption related laws and regulations. During the reporting Period, there were no legal cases regarding corrupt practices brought against the Group or its employees.

COMMUNITY

ASPECT B8: COMMUNITY INVESTMENT

Social prosperity is closely related to the business of the Group. As a socially responsible enterprise, the Group places great emphasis on the development of the communities in which it operates and endeavours to build a harmonious and friendly relationship with the locals. To this end, we encourage employees to take part in a wide range of charity events. For example, we organize safety and earthquake education in earthquake zones, hold blood donation events and charity marathon for people in need. The Group supports employees to give back to society in different ways and actively undertakes its corporate social responsibility.

TO THE MEMBERS OF CHINA OIL GANGRAN ENERGY GROUP HOLDINGS LIMITED

中油港燃能源集團控股有限公司

(Incorporated in the Cayman Islands with limited liability)

DISCLAIMER OF OPINION

We were engaged to audit the consolidated financial statements of China Oil Gangran Energy Group Holdings Limited (the "Company") and its subsidiaries (the "Group") set out on pages 74 to 167, which comprise the consolidated statement of financial position as at 31 March 2020, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

We do not express an opinion on the consolidated financial statements of the Group for the year ended 31 March 2020. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements. In all other respects, in our opinion, the consolidated financial statements have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR DISCLAIMER OF OPINION

1. MULTIPLE UNCERTAINTIES RELATING TO GOING CONCERN

As described in notes 25, 26 and 27 to the consolidated financial statements respectively, as at 31 March 2020, the Company had outstanding promissory notes payable, borrowings and convertible notes with principal amounts of approximately HK\$71,551,000, HK\$54,709,000 and HK\$12,307,000, respectively. Up to the date of this report, outstanding principal amounts of approximately HK\$127,459,000 in aggregate had not been settled.

On 26 April 2019, the Company received a petition ("HK Petition") from Glory Sun Securities Limited, formerly known as China Goldjoy Securities Limited ("HK Petitioner") filed in the High Court of Hong Kong ("HK High Court") that the Company be wound up by the High Court on the ground that the Company was insolvent and unable to pay its debts. The HK Petition was filed against the Company for failure to settle an indebted sum of HK\$23,654,900.30, plus further daily interest of HK\$20,726.03 to be accrued from 26 April 2019, being the alleged outstanding amount owed by the Company to the HK Petitioner.

INDEPENDENT AUDITOR'S REPORT**1. MULTIPLE UNCERTAINTIES RELATING TO GOING CONCERN** *(Continued)*

On 22 October 2019, the Company filed a winding up petition with Grand Court of the Cayman Islands (the "Cayman Court") under section 94 of the Cayman Islands Companies Law ("Cayman Petition"). On 5 November 2019, the Cayman Court ordered that 3 persons be appointed as the Joint Provisional Liquidators ("JPLs") of the Company with the power to act jointly and severally. The JPLs were authorised to develop and propose a restructuring of the Company's indebtedness in a manner designed to allow the Company to continue as a going concern, with a view to making a compromise or arrangement with the Company's creditors, including (without limitation) a compromise or arrangement by way of a scheme of arrangement pursuant to section 86 of the Cayman Islands Companies Law.

On 6 December 2019, the Company announced that it had received a sealed court order dated 4 December 2019 of the Cayman Court in which it was ordered that the Cayman Court would issue the letter of request to the HK High Court for its assistance in the provisional liquidation of the Company. In particular, the Cayman Court had requested the HK High Court to make, among others, the following orders, including (i) the appointment of the JPLs for restructuring purposes be recognised by the HK High Court; (ii) the JPLs have and may exercise such powers as are available to them under the court order dated 5 November 2019 made by the Cayman Court to the fullest extent permitted by the laws of Hong Kong (details disclosed in the Company's announcement dated 6 December 2019); and (iii) the HK Petition be adjourned in order to allow time for the Company to restructure its indebtedness.

On 30 January 2020, the Company received a notice of hearing dated 29 January 2020 in relation to the Cayman Petition, which would be held on 31 July 2020. On 3 August 2020, the Company received a notice from the Cayman Court in which the Cayman Petition was adjourned to be heard on 18 February 2021.

On 22 May 2020, the Company announced that the board of directors had received a sealed court order dated 19 May 2020 from the HK High Court in which it was ordered that, among others, (i) the JPLs be recognised by the HK High Court; (ii) the JPLs to develop and propose a restructuring of the Company's indebtedness in a manner designed to allow the Company to continue as a going concern with a view to making a compromise or arrangement with the Company's creditors, including (without limitation) a compromise or arrangement by way of a scheme of arrangement; and (iii) the JPLs to monitor, oversee and supervise the board of directors in its management of the Company with a view to developing and proposing any compromise or arrangement with the Company's creditors, and any corporate and/or capital reorganisation of the Company and its subsidiaries (including but not limited to any share subscription and placement of shares in the Company and its subsidiaries), (details disclosed in the Company's announcement dated 22 May 2020). Hearing of the HK Petition was adjourned to 19 March 2021.

INDEPENDENT AUDITOR'S REPORT

1. MULTIPLE UNCERTAINTIES RELATING TO GOING CONCERN *(Continued)*

Up to the date of this report, the Directors and JPLs are in the process of developing and proposing a restructuring of the Company's indebtedness (including seeking investors and financiers for the purpose of investing in and/or to provide finance to the Company) in a manner designed to allow the Company to continue as a going concern.

In addition, we draw attention to note 2 to the consolidated financial statements, which indicates that the Group recorded a net loss attributable to owners of the Company of approximately HK\$31,926,000 for the year ended 31 March 2020 and as of that date, the Group had net current liabilities and net liabilities of approximately HK\$63,716,000 and approximately HK\$94,091,000 respectively.

These conditions indicate the existence of material uncertainties which may cast significant doubt over the Group's ability to continue as a going concern.

Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to write down the value of assets to their recoverable amounts, to provide for further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities respectively. The effect of these adjustments has not been reflected in the consolidated financial statements.

2. LIMITATION OF SCOPE CONCERNING TRADE DEPOSITS

As described in note 21 to the consolidated financial statements, on 3 July 2018, a wholly-owned subsidiary of the Company ("Subsidiary A") entered into oil supply contracts with two suppliers located in Hong Kong ("Trade Suppliers") for the purchase of oil products ("Oil Supply Contracts") in total sum of HK\$22,500,000.

On 12 July 2018, the Group paid trade deposits amounting to HK\$17,000,000 and HK\$5,500,000 ("Oil Trade Deposits") respectively to the Trade Suppliers in accordance with the Oil Supply Contracts. As represented by the management of the Company, the Oil Trade Deposits were used for purchase of oil products from the Trade Suppliers to be sold in the ordinary course of business of the Group. On 30 June 2020, Subsidiary A further entered into Deeds of Assignment ("Deeds") with the Trade Suppliers and Baineng Holdings Limited ("Baineng"), a potential investor which had entered into a non-legally binding memorandum of understanding with the Company for subscription of new shares and bonds of the Company (details disclosed in the Company's announcement dated 23 December 2019 and 6 March 2020 respectively). Under the Deeds, Baineng would take over the Oil Trade Deposits from the Trade Suppliers and refund the Oil Trade Deposits to the Group, subject to the Company being successful in resumption of trading of its shares in the GEM of The Hong Kong Stock Exchange Limited. Up to the date of this report, as the Company's shares remained suspended from trading, the Oil Trade Deposits have not yet been refunded.

During the course of the audit, we did not obtain any documentary evidence to substantiate the Group's internal assessment of the background and capability of the Trade Suppliers as well as the recoverability of the Oil Trade Deposits. We have not obtained direct confirmation from the Trade Suppliers to confirm the outstanding balances of Oil Trade Deposits as at 31 March 2020. We have also not been provided with (i) sufficient evidence and explanations regarding these transactions which could satisfy ourselves for the purpose of our audit; (ii) the background and financial capability of Baineng to take over and refund the Oil Trade Deposits to the Company; and (iii) sufficient appropriate audit evidence to satisfy ourselves as to the recoverability of the Oil Trade Deposits.

We were also unable to conduct an interview with the Trade Suppliers to ascertain the amounts and nature of the Oil Trade Deposits made to the Trade Suppliers.

INDEPENDENT AUDITOR'S REPORT**2. LIMITATION OF SCOPE CONCERNING TRADE DEPOSITS** *(Continued)*

Accordingly, we are unable to determine whether the Oil Trade Deposits included in the Group's trade and other receivables were free from material misstatement as at 31 March 2020 and if any provision for impairment loss is necessary for the year ended 31 March 2020. Any adjustment that might have been found to be necessary in respect of the above would have a consequential significant effect on the net liabilities of the Group as at 31 March 2020 and the loss and cash flows of the Group for the year ended 31 March 2020, and the related disclosures thereof in the consolidated financial statements.

3. LIMITATION OF SCOPE CONCERNING PREPAYMENTS TO A SERVICE PROVIDER

As described in note 21 to the consolidated financial statements, on 24 October 2018, the Company entered into a patent service agreement ("Patent Agreement") with a service provider ("Company A") in a contract sum of HK\$15,000,000 pursuant to which Company A would process the research, development and transfer of patent in the People's Republic of China ("PRC") for the Group's business development. From October to November 2018, the Company made prepayments amounting to, in aggregate, HK\$12,770,000 to Company A in accordance with the Patent Agreement. Subsequently on 24 August 2020, the Company and Company A had entered into an agreement that the patent be transferred from the Company A to the Company and the outstanding balance of HK\$2,230,000 was mutually agreed to be waived. On 14 September 2020, the registration for the transfer of the patent in National Intellectual Property Administration, PRC had been completed.

During the audit, we have not obtained direct confirmation reply from Company A to confirm the balance of above prepayments as at the 31 March 2020. We were also unable to conduct an interview with Company A to ascertain the amounts and nature of the prepayments made to Company A.

Because of the above limitations of scope, we were unable to obtain sufficient appropriate audit evidence or satisfactory management explanation to ascertain the background of Company A as well as the abovementioned prepayments balance as at 31 March 2020. There are no alternative audit procedures that we could perform to satisfy ourselves as to the valuation of these prepayments or to determine whether any provision for impairment loss is necessary. Any adjustments that might have been found to be necessary in respect of the above prepayments would have a consequential effect on the net liabilities of the Group as at 31 March 2020 and its loss and cash flows for the year then ended and the related disclosures thereof in the consolidated financial statements.

4. CONTINGENT LIABILITIES AND COMMITMENTS OF DECONSOLIDATED SUBSIDIARIES

In May 2020, due to the lost of controls over certain of the Company's subsidiaries in the PRC, the Company's subsidiaries, namely 江西中油港燃能源科技有限責任公司 (transliterated as "Jiangxi China Oil Gangran Energy Technology Company Limited") ("Jiangxi China Oil"), 舟山中油港燃石油化工有限公司 (transliterated as "Zhoushan China Oil Gangran Petroleum and Chemical Company Limited") ("Zhoushan China Oil"), 江西港燃貿易有限公司 (transliterated as "Jiangxi Gangran Trading Company Limited") ("Gangran Trading") and 吉林中油港燃能源開發有限公司 (transliterated as "Jilin China Oil Gangran Energy Development Company Limited") ("Jilin China Oil") (collectively the "Deconsolidated Subsidiaries"), were deconsolidated from the Group's consolidated financial statements with effect from 1 January 2019.

During the course of our audit and up to the date of this report, we were not provided with complete set of books and records together with any legal advice on the Deconsolidated Subsidiaries or any other appropriate evidence to assess if there were any commitment and contingent liabilities associated with the Deconsolidated Subsidiaries which may have significant impact on the Group.

INDEPENDENT AUDITOR'S REPORT

4. CONTINGENT LIABILITIES AND COMMITMENTS OF DECONSOLIDATED SUBSIDIARIES *(Continued)*

Due to circumstances described above, we had been unable to obtain sufficient appropriate evidence and explanations as to whether the contingent liabilities and commitments associated with the Deconsolidated Subsidiaries had been properly recognised and accounted for and in compliance with the requirements of applicable HKFRSs including HKAS 37 "Provisions, Contingent Liabilities and Contingent Assets". There were no alternative procedures that we could perform to satisfy ourselves as to whether the contingent liabilities and commitments of the Group were free from material misstatements. Any adjustment that would be required may have a consequential significant effect on the net liabilities of the Group as at 31 March 2020 and loss and cash flows of the Group for the year ended 31 March 2020, and the related disclosures thereof in the consolidated financial statements.

5. OPENING BALANCES AND CORRESPONDING FIGURES

Our audit opinion on the consolidated financial statements of the Group for the year ended 31 March 2019, which forms the basis for the corresponding figures presented in the current year's consolidated financial statements, was disclaimed because of the significance of the possible effects of the limitations on the scope of our audit, details of which are set out in our auditor's report dated 2 July 2020.

We were not provided with sufficient appropriate audit evidence to enable us to assess the possible effects of the limitations on the scope of our audit, set out in our auditor's report dated 2 July 2020.

Any adjustments to the opening balances as at 1 April 2019 found to be necessary to the figures as described above may affect the Group's accumulated losses as at 1 April 2019 and the results and related disclosures in the notes to the consolidated financial statements of the Group for the year ended 31 March 2020. The comparative figures shown in the consolidated financial statements may not be comparable with the figures for the current year.

INDEPENDENT AUDITOR'S REPORT

RESPONSIBILITIES OF THE DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our responsibility is to conduct an audit of the Group's consolidated financial statements in accordance with Hong Kong Standards on Auditing issued by the HKICPA and to issue an auditor's report. We report solely to you, as a body, and for no other purpose. We do not assume responsibilities towards or accept liability to any other person for the contents of this report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

1. GENERAL INFORMATION

The Company was incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of the Cayman Islands. The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The address of its principal place of business is Flat O, 10/F., Yue Cheung Centre, 1-3 Wong Chuk Yeung Street, Fo Tan, New Territories, Hong Kong. The Company's shares are listed on the GEM of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

The consolidated financial statements are presented in Hong Kong dollars ("HK\$"), which is same as the functional currency of the Company.

The Company is an investment holding company. Details of the principal activities of its subsidiaries are set out in note 41 to the consolidated financial statements.

SUSPENSION OF TRADING IN SHARES OF THE COMPANY

The trading in shares of the Company had been suspended in the Stock Exchange with effect from 2 July 2019 and resumption of trading is pending the fulfilment of the conditions set out in the resumption guideline and additional resumption guideline.

2. BASIS OF PREPARATION FOR THE CONSOLIDATED FINANCIAL STATEMENTS

GOING CONCERN

The directors of the Company have given careful consideration to the going concern status of the Group in light of the fact that (i) the Group incurred a loss attributable to owners of the Company of approximately HK\$31,926,000 for the year ended 31 March 2020 and (ii) the Group had cash and cash equivalents of approximately HK\$10,064,000 against the Group's total debts (comprising borrowings, promissory notes payable and convertible notes) amounted to approximately HK\$87,088,000, which will be due within twelve months after the year ended 31 March 2020. These conditions indicate the existence of material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

2. BASIS OF PREPARATION FOR THE CONSOLIDATED FINANCIAL STATEMENTS

(Continued)

GOING CONCERN *(Continued)*

In order to improve the liquidity of the Group and ensure the Group's ability to operate as a going concern, the directors of the Company have implemented measures as follows:

- (i) On 22 October 2019, the Company filed a winding up petition at the Grand Court of the Cayman Islands (the "Cayman Court") under section 94 of the Cayman Islands Companies Law. On 5 November 2019, the Cayman Court ordered that Mr. Keiran William Hutchison of Ernst & Young Limited, together with Mr. Yen Ching Wai David and Ms. So Kit Yee Anita of Ernst & Young Transactions Limited be appointed as the Joint Provisional Liquidators ("JPLs") of the Company with the power to act jointly and severally. The JPLs were authorised to develop and propose a restructuring of the Company's indebtedness in a manner designed to allow the Company to continue as a going concern, with a view to making a compromise or arrangement with the Company's creditors, including (without limitation) a compromise or arrangement by way of a scheme of arrangement pursuant to section 86 of the Cayman Islands Companies Law. Up to the date of this report, the directors and JPLs are in the process of developing and proposing a restructuring of the Company's indebtedness (including seeking investors and financiers for the purpose of investing in and/or provide finance to the Company) in a manner designed to allow the Company to continue as a going concern.
- (ii) On 23 December 2019, the Company and a potential investor entered into a non-legally binding memorandum of understanding pursuant to which the potential investor shall invest a sum of HK\$40,000,000 in the Company by way of subscription of shares and bonds. Up to the date of this report, the potential investor had placed a non-refundable deposit of HK\$5,000,000 to the Company for working capital purpose.
- (iii) Active negotiations with the noteholders of convertible notes to obtain an extension for repayment of the convertible notes due on 2 November 2020 and not to demand for repayment even if any event of default or potential event of default might occur.
- (iv) Active negotiations with potential investors to obtain financial support to the Group for its operation on a going concern basis and undertake all the liabilities that may arise.
- (v) The directors of the Company will continue to implement measures aiming at improving the working capital and cash flows of the Group including closely monitoring general administrative expenses and operating costs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

2. BASIS OF PREPARATION FOR THE CONSOLIDATED FINANCIAL STATEMENTS

(Continued)

GOING CONCERN (Continued)

The directors of the Company are of the opinion that, on the successful implementation of measures of the Group as described above, the Group will have sufficient working capital to meet its cash flow requirements in the next twelve months, and the uncertainty described previously will not have significant impact to the Group. Accordingly, these consolidated financial statements have been prepared on a going concern basis.

Should the going concern basis be determined to be not appropriate, adjustments would have to be made to write down the carrying amounts of the Group's assets to their net realisable values, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in these consolidated financial statements.

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs")

NEW AND AMENDMENTS TO HKFRSs THAT ARE MANDATORILY EFFECTIVE FOR THE CURRENT YEAR

The Group has applied the following new and amendments to HKFRSs and an interpretation issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") for the first time in the current year:

HKFRS 16	Leases
HK(IFRIC) – Int 23	Uncertainty over Income Tax Treatments
Amendments to HKFRS 9	Prepayment Features with Negative Compensation
Amendments to HKAS 19	Plan Amendment, Curtailment or Settlement
Amendments to HKAS 28	Long-term Interests in Associates and Joint Ventures
Amendments to HKFRSs	Annual Improvements to HKFRSs 2015 – 2017 Cycle

Except as described below, the application of the new and amendments to HKFRSs and an interpretation in the current year has had no material impact on the Group's financial performance and positions for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

HKFRS 16 Leases

The Group has applied HKFRS 16 for the first time in the current year. HKFRS 16 superseded HKAS 17 *Leases* ("HKAS 17"), and the related interpretations.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

NEW AND AMENDMENTS TO HKFRSs THAT ARE MANDATORILY EFFECTIVE FOR THE CURRENT YEAR (Continued)

HKFRS 16 Leases (Continued)

Definition of a lease

The Group has elected the practical expedient to apply HKFRS 16 to contracts that were previously identified as leases applying HKAS 17 and HK(IFRIC)-Int 4 Determining whether an Arrangement contains a Lease and not apply this standard to contracts that were not previously identified as containing a lease. Therefore, the Group has not reassessed contracts which already existed prior to the date of initial application.

For contracts entered into or modified on or after 1 April 2019, the Group applies the definition of a lease in accordance with the requirements set out in HKFRS 16 in assessing whether a contract contains a lease.

As a lessee

The Group has applied HKFRS 16 retrospectively with the cumulative effect recognised at the date of initial application, 1 April 2019.

As at 1 April 2019, the Group recognised lease liabilities and right-of-use assets at amounts equal to the related lease liabilities by applying HKFRS 16.C8(b)(ii) transaction. Any difference at the date of initial application is recognised in the opening accumulated losses and comparative information has not been restated.

When applying the modified retrospective approach under HKFRS 16 at transition, the Group applied the following practical expedients to leases previously classified as operating leases under HKAS 17, on lease-by-lease basis, to the extent relevant to the respective lease contracts:

- i. relied on the assessment of whether leases are onerous by applying HKAS 37 “Provisions, Contingent Liabilities and Contingent Assets” as an alternative of impairment review;
- ii. elected not to recognise right-of-use assets and lease liabilities for leases with lease term ending within 12 months of the date of initial application; and
- iii. excluded initial direct costs from measuring the right-of-use assets at the date of initial application.

Measurement of lease liabilities

When recognising the lease liabilities for leases previously classified as operating leases, the Group has applied incremental borrowing rates of the relevant group entities at the date of initial application. The incremental borrowing rates applied by the relevant group entities range from 6.09% to 10.80% per annum.

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

NEW AND AMENDMENTS TO HKFRSs THAT ARE MANDATORILY EFFECTIVE FOR THE CURRENT YEAR (Continued)

HKFRS 16 Leases (Continued)

As a lessor

In accordance with the transitional provisions in HKFRS 16, the Group is not required to make any adjustment on transition for leases in which the Group is a lessor but account for these leases in accordance with HKFRS 16 from the date of initial application and comparative information has not been restated.

- (a) Upon application of HKFRS 16, new lease contracts entered into but commence after the date of initial application relating to the same underlying assets under existing lease contracts are accounted as if the existing leases are modified as at 1 April 2019. The application has had no impact on the Group's consolidated statement of financial position at 1 April 2019. However, with effect from 1 April 2019, lease payments relating to the revised lease term after modification are recognised as income on straight-line basis over the extended lease term.
- (b) Before application of HKFRS 16, refundable rental deposits received were considered as rights and obligations under leases to which HKAS 17 applied under trade and other payables. Based on the definition of lease payments under HKFRS 16, such deposits are not payments relating to the right-of-use assets and were adjusted to reflect the discounting effect at transition.

NEW AND AMENDMENTS TO HKFRSs IN ISSUED BUT NOT YET EFFECTIVE

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective:

3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) *(Continued)*

NEW AND AMENDMENTS TO HKFRSs IN ISSUED BUT NOT YET EFFECTIVE *(Continued)*

In addition to the above new and amendments to HKFRSs, a revised Conceptual Framework for Financial Reporting was issued in 2018. Its consequential amendments, the Amendments to References to the Conceptual Framework in HKFRS Standards, will be effective for annual periods beginning on or after 1 January 2020.

The directors of the Company anticipate that the application of the above new and amendments to HKFRSs will have no material impact on the Group’s consolidated financial statements in the foreseeable future.

4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the GEM of the Stock Exchange of Hong Kong Limited (“GEM Listing Rules”) and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair value at the end of each reporting period, as explained in accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 “Share-based Payment”, leasing transactions that are accounted for in accordance with HKFRS 16 (since 1 April 2019) or HKAS 17 (before application of HKFRS 16), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 “Inventories” or value in use in HKAS 36 “Impairment of Assets”.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it has controls on an investee by considering the relevant facts and circumstances which would indicate that there are changes to one or more of the three elements of controls listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

BASIS OF CONSOLIDATION *(Continued)*

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

INVESTMENT IN SUBSIDIARIES

Investment in subsidiaries presented in the statement of financial position of the Company are stated at cost less any identified impairment loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

CHANGES IN THE GROUP'S INTERESTS IN EXISTING SUBSIDIARIES

Changes in the Group's ownership interests in existing subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries, including re-attribution of relevant reserves between the Group and the non-controlling interests according to the Group's and the non-controlling interests' proportionate interests.

Any difference between the amount by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, the assets and liabilities of that subsidiary and non-controlling interests (if any) are derecognised. A gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the carrying amount of the assets (including goodwill), and liabilities of the subsidiary attributable to the owners of the Company. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable HKFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under HKAS 39 or when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors who make strategic decisions.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when “control” of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group’s performance as the Group performs;
- the Group’s performance creates and enhances an asset that the customer controls as the Group performs; or
- the Group’s performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

A contract asset represents the Group’s right to consideration in exchange for goods or services that the Group has transferred to a customer that is not yet unconditional. It is assessed for impairment in accordance with HKFRS 9. In contrast, a receivable represents the Group’s unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group’s obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

A contract asset and a contract liability relating to the same contract are accounted for and presented on a net basis.

FOREIGN CURRENCIES

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchange prevailing on the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items and on the retranslation of monetary items, are recognised in profit or loss in the period in which they arise.

For the purposes of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during the period, in which case, the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of foreign currency translation reserve (attributed to non-controlling interests as appropriate).

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

In addition, in relation to a partial disposal of a subsidiary that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes. Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Depreciation is recognised so as to write off the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. The principal annual rates used for this purpose are as follows:

Leasehold land	Over the term of land lease
Buildings	Shorter of the term of land lease or 40 years
Leasehold improvements	4 to 5 years
Moulding and equipment	5 years
Motor vehicles	4 to 5 years
Furniture and office equipment	4 to 5 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the relevant asset and is recognised in profit or loss.

IMPAIRMENT ON PROPERTY, PLANT AND EQUIPMENT AND RIGHT-OF-USE ASSETS

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment and right-of-use assets with finite useful lives to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property, plant and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the assets belongs. In addition, the Group assess whether there is indication that corporate assets may be impaired. If such indication exists, corporate assets are also allocated to individual cash-generating units, when a reasonable and consistent basis of allocation can be identified, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

IMPAIRMENT ON PROPERTY, PLANT AND EQUIPMENT AND RIGHT-OF-USE ASSETS *(Continued)*

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or the cash-generating unit) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a cash-generating unit, the Group compares the carrying amount of a group of cash-generating units, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of cash-generating units, with the recoverable amount of the group of cash-generating units. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined using the weighted average method. The cost of finished goods and work in progress comprises raw materials, direct labour and an appropriate proportion of all production overhead expenditure, and where appropriate, subcontracting charges. Net realisable value is the estimated selling price for inventories, less all estimated costs of completion and costs necessary to make the sale.

LEASES

Definition of a lease (upon application of HKFRS 16 in accordance with transitions in note 3)

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessee (upon application of HKFRS 16 in accordance with transitions in note 3)

Allocation of consideration to components of a contract

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components, including contract for acquisition of ownership interests of a property which includes both leasehold land and non-lease building components, unless such allocation cannot be made reliably.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of office that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

LEASES *(Continued)*

The Group as a lessee (upon application of HKFRS 16 in accordance with transitions in note 3)
(Continued)

Right-of-use assets (Continued)

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 Financial Instruments ("HKFRS 9") and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

Lease liabilities *(Continued)*

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group represents lease liabilities as a separate line item on the consolidated statement of financial position.

The Group as lessee (prior to 1 April 2019)

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

In the event that lease incentives are received to enter into operating lease, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

The Group as lessor**Classification and measurement of leases**

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and such costs are recognised as an expense on a straight-line basis over the lease term.

Refundable rental deposits

Refundable rental deposits received are accounted for under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments from lessees.

Sublease

When the Group is an intermediate lessor, it accounts for the head lease and the sublease as two separate contracts. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset.

BORROWING COSTS

Borrowing costs are recognised in profit or loss in the period in which they are incurred.

RETIREMENT BENEFIT COSTS

Payments to defined contribution retirement plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Pension schemes and other retirement benefits

The Group operates a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance, for those employees in Hong Kong who are eligible to participate in the MPF Scheme. Contribution are made based on percentage of the employees' basic salaries and are charged to profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administrated fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme, in accordance with the rules of the MPF Scheme.

The employees of the Group's subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute a certain percentage of their payroll costs to the central pension scheme. The contributions are charged to profit or loss as they become payable in accordance with the rules of the central pension scheme.

SHARE-BASED PAYMENTS

Equity-settled share-based payments to directors and employees are measured at the fair value (excluding the effect of non market-based vesting conditions) of the equity instruments at the date of grant.

The fair value of the equity-settled share-based payments determined at the grant date without taking into consideration all non-market vesting conditions is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity (share-based payment reserve). At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest based on assessment of all relevant non-market vesting conditions. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share-based payment reserve.

Equity-settled share-based payments to consultants are measured at the fair value of the services rendered or if the fair value of the services rendered cannot be reliably measured, at the fair value of the equity instruments granted. The fair value is measured at the date the Group receives the services and is recognised as an expense.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

SHARE-BASED PAYMENTS *(Continued)*

For share options that vest immediately at the date of grant, the fair value of the share options granted is expensed immediately to profit or loss.

When share options are exercised, the amount previously recognised in share-based payment reserve will be transferred to share premium. When share options are forfeited after the vesting date or are still not exercised at the expiry date, the amount previously recognised in share-based payment reserve will be transferred to accumulated losses.

TAXATION

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "loss before tax" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary difference to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

TAXATION *(Continued)*

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 "Income Taxes" requirements to the leasing transaction as a whole. Temporary differences relating to right-of-use assets and lease liabilities are assessed on a net basis. Excess of depreciation on right-of-use assets over the lease payments for the principal portion of lease liabilities results in net deductible temporary difference.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

PROVISIONS

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

CASH AND CASH EQUIVALENTS

For the purpose of the consolidated statement of cash flows, cash and cash equivalents represent cash on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management. Bank overdrafts which are repayable on demand and form an integral part of the Group's cash management are also included as a component of cash and cash equivalents.

FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets or financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss ("FVTPL") are recognised immediately in profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost and debt instruments/receivables subsequently measured at fair value through other comprehensive income. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the consolidated statement of profit or loss and other comprehensive income.

Impairment of financial assets

The Group performs impairment assessment under expected credit loss ("ECL") model on financial assets (including trade and other receivables, and bank balances) which are subjected to impairment under HKFRS 9. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL ("12m ECL") represents the ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognises lifetime ECL for trade receivables. The ECL on these assets are assessed individually for debtors with significant balance and/or collectively using a provision matrix with appropriate groupings based on aging and past due status.

For all other instruments, the Group measures the loss allowance based on 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

(i) Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;

FINANCIAL INSTRUMENTS *(Continued)*

Financial assets (Continued)

Impairment of financial assets (Continued)

(i) Significant increase in credit risk *(Continued)*

- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than one day past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

(ii) Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than one day past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

(iii) Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, have granted to the borrower concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

(iv) Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

(v) Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments;
- Past-due status; and
- Nature, size and industry of debtors.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

Financial assets (Continued)

Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issuance costs.

Convertible note

The component parts of the convertible note are classified separately as financial liability and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated by measuring the fair value of similar liability that does not have an associated equity component.

A conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognised in equity will be transferred to share premium. Where the conversion option remains unexercised at the maturity date of the convertible note, the balance recognised in equity will be transferred to accumulated losses. No gain or loss is recognised in profit or loss upon conversion or expiration of the conversion option.

Transaction costs relating to the liability component are included in the carrying amount of the liability portion and amortised over the period of the convertible notes using the effective interest method.

Promissory notes payable and interest-bearing bond

Promissory notes payable and interest-bearing bond are recognised initially at their fair value less attributable transaction cost and subsequently measured at amortised cost, using the effective interest rate method.

Other financial liabilities

The Group's other financial liabilities (including trade and other payables, borrowings, amount due to a director and lease liabilities) are subsequently measured at amortised cost, using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 4, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES

The following are the critical judgements, apart from those involving estimations (see below), that the directors of the Company have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

Useful lives of property, plant and equipment

The Group determines the estimated useful lives, residual values and related depreciation charges for the Group's property, plant and equipment. This estimate is based on the historical experience of the actual useful lives and residual values of property, plant and equipment of similar nature and functions. The Group will revise the depreciation charge where useful lives and residual values are different from those previously estimated, or it will write-off or write-down technically obsolete or non-strategic assets that have been abandoned.

KEY SOURCES OF ESTIMATION UNCERTAINTY

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

Provision of ECL for trade receivables

The Group uses provision matrix to calculate ECL for the trade receivables. The provision matrix are based on debtor's aging as groupings of various debtors that have similar loss patterns. The provision rate is based on the Group's historical observed default rates taking into consideration forward-looking information that is reasonable and supportable available without undue costs or effort. At every reporting date, the historical observed default rates are reassessed and changes in the forward-looking information are considered. In addition, trade receivables which are credit impaired are assessed for ECL individually.

The provision of ECL is sensitive to changes in estimates. The information about the ECL and the Group's trade receivables are disclosed in notes 7(B) and 21 respectively.

Allowance for inventories

The Group reviews the carrying value of its inventories to ensure that they are stated at the lower of cost and net realisable value. In assessing the net realisable value and making appropriate allowances, management identifies, using their judgement, inventories that are slow moving or obsolete, and considering their physical conditions, age, market conditions and market price for similar items.

Income taxes

The Group is subject to income taxes in several jurisdictions. Significant estimates are required in determining the provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

Deferred income tax assets relating to certain temporary differences and tax losses are recognised when management considers it probable that future taxable profit will be available against which the temporary differences or tax losses can be utilised. The outcome of their actual utilisation may be different.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

6. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The management of the Group reviews the capital structure periodically. The Group considers the cost of capital and the risk associated with the capital, and will balance its overall capital structure through payment of dividends, issuance of new shares and share buy-backs as well as the raising of new debts, if required.

The Group monitors its capital using gearing ratio. This ratio is calculated as net debt divided by total assets. Net debts is defined as total debts (includes promissory notes payable, borrowings and convertible notes) less bank balances and cash. Total assets comprises both current assets and non-current assets. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2020 and 2019.

(B) FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES

The Group's major financial instruments comprise trade and other receivables, bank balances and cash, trade and other payables, promissory notes payable, convertible notes, lease liabilities, amount due to a director and borrowings. Details of the financial instruments are disclosed in respective notes.

The main risk arising from the Group's financial instruments are interest rate risk, liquidity risk, credit risk, and foreign currency risk. The directors reviews and agrees policies for these risks and they are summarised below.

Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank deposits and borrowings with floating rates.

Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. The analysis is prepared assuming the financial instruments outstanding at the end of the reporting period were outstanding for the whole year. A 100 basis points (2019: 100 basis points) increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If the interest rates had been 100 basis points (2019: 100 basis points) higher/lower and all other variables were held constant, the Group's loss for the year ended 31 March 2020 would increase/decrease by approximately HK\$10,000 (2019: decrease/increase by approximately HK\$21,000). This is mainly attributable to the Group's exposure to interest rates on its bank borrowing and bank balances.

Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements to ensure that it maintains sufficient reserves of cash to meet its liquidity requirements in the short and longer term.

The following table details the remaining contractual maturities at the date of the reporting period of the Group's non-derivative financial liabilities, which are based on contracted undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates at the year end date and the earliest date the Group can be required to pay).

(B) FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES *(Continued)*

Credit risk and impairment assessment

As at 31 March 2020, other than those financial assets whose carrying amounts best represent the maximum exposure to credit risk, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties arises from the carrying amount of respective financial assets as stated in the consolidated statement of financial position. The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets.

Trade receivables

In order to minimise the credit risk, the management of the Group has delegated staff to be responsible for determination of credit limits and credit approvals. Before accepting any new customer, the Group will assess the customer's credit quality and defines credit limits by customer. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECL model upon application of HKFRS 9 on trade balances individually or based on provision matrix. In this regard, the directors of the Company consider that the Group's credit risk is significantly reduced.

Other receivables and bank balances

The Group performs impairment assessment under ECL model upon application of HKFRS 9 on other receivables and bank balances based on 12-month ECL.

The credit risk on bank balances are limited because the counterparties are banks with high credit ratings assigned by international credit-rating agencies.

The credit risk of the Group's other financial assets, which comprise certain deposit included in other receivables, arises from default of the counterparty, which maximum exposure equals to the carrying amounts of these instruments.

7. FINANCIAL INSTRUMENTS (Continued)**(B) FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES** (Continued)*Credit risk and impairment assessment* (Continued)*Other receivables and bank balances* (Continued)

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade receivables	Other financial assets/other items
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL - not credit-impaired	12-month ECL
Watch list	Debtor frequently repays after due dates but usually settle in full	Lifetime ECL - not credit-impaired	12-month ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL - not credit-impaired	Lifetime ECL - not credit-impaired
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL - credit-impaired	Lifetime ECL - credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off	Amount is written off

7. FINANCIAL INSTRUMENTS *(Continued)*

(B) FINANCIAL RISK MANAGEMENT OBJECTIVE AND POLICIES *(Continued)*

Foreign currency risk

The Group has minimal exposure to foreign currency risk as most of its business transactions, assets and liabilities are principally denominated in the functional currencies of the group entities. The Group currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Group monitors its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

The directors consider that foreign currency risk of the Company for the years ended 31 March 2020 and 2019 are insignificant and therefore no sensitivity analysis is presented thereon.

(C) FAIR VALUE MEASUREMENTS OF FINANCIAL INSTRUMENTS

The directors of the Company consider the carrying amounts of the financial assets and financial liabilities recorded at amortised cost in the consolidated statement of financial position approximate to their fair values.

8. REVENUE

10. SEGMENT INFORMATION

The Group has adopted HKFRS 8 "Operating Segments", which requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker ("CODM") in order to allocate resources to the segment and to assess its performance. The directors constitute the CODM for the purposes of HKFRS 8 as it collectively makes strategic decisions in allocating the Group's resources and assessing its performance.

For the segment reporting purpose to the CODM, the Group is currently organised into the following three operating and reportable segments:

1.	Power and data cords and general trading business	–	engaged in sales and manufacture of power cords and inlet sockets for household electric appliances and power and data cords for mobile handsets and medical control devices and raw cables and general trading business.
2.	Trading of refined oil and chemicals	–	engaged in trading of refined oil and chemicals.
3.	Digital application business	–	engaged in activities relating to the provision of programming services, web services, mobile marketing solutions and development of mobile phone games.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

10. SEGMENT INFORMATION *(Continued)*

The Group's reportable segments are strategic business units that offer different products and services. They are managed separately because each business requires different technology and marketing strategies.

The accounting policies of the operating segments are the same as those described in note 4 to the consolidated financial statements.

The Group accounts for inter-segment sales and transfers as if the sales or transfers were to third parties, i.e. at current market prices.

Segment profit or (loss) do not include the following items:

- Other income and gain or (loss), net
- Corporate expenses
- Impairment loss on amounts due from deconsolidated subsidiaries
- Net loss arising on deconsolidation of subsidiaries
- Gain arising on deregistration of a subsidiary

HK\$1,000,001 to HK\$2,000,000	—	3

During the year ended 31 March 2020, no emoluments were paid by the Group to any of the highest paid individuals as inducement to join or upon joining the Group or as compensation for loss of office (2019: Nil).

15. LOSS PER SHARE**BASIC LOSS PER SHARE**

Basic loss per share is calculated by dividing the loss attributable to owners of the Company of approximately HK\$31,926,000 (2019: approximately HK\$235,286,000) by the number of ordinary shares of 380,019,818 (2019: weighted average number of ordinary shares of 343,663,591) in issue for the year ended 31 March 2020.

The weighted average number of ordinary shares for the year ended 31 March 2019 for the purpose of calculating basic loss per share has been adjusted for the consolidation of shares on the basis that every twenty issued and authorised shares being converted into one consolidated share which took place on 29 November 2018. Details of the share consolidation are set out in note 30(b) to the consolidated financial statements.

DILUTED LOSS PER SHARE

Diluted loss per share is the same as basic loss per share as the outstanding convertible notes and share options have anti-dilutive effects on the basic loss per share for the both years.

19. FINANCIAL ASSETS AT FVTPL

As at 31 March 2019 and 2020, the Group's financial assets at FVTPL represent investment in a company listed on the Indian Stock Market. The fair value of the listed equity investment was based on the quoted market bid prices available on the stock exchange where the securities were listed. Since 1 January 2018, the investee company's shares were suspended in trading in the stock market. The directors of the Company considered it appropriate to make a full provision for impairment on the investment due to the uncertainty of resumption of trading of the investee company's shares in an active market and the remote possibility in realisation of these financial assets. Up to the date of this report, the investee company's shares remained in suspension of trading on the Indian Stock Market.

- (ii) On 12 July 2018, a wholly-owned subsidiary of the Company ("Subsidiary A") paid trade deposits amounting to HK\$17,000,000 and HK\$5,500,000 ("Oil Trade Deposits") respectively to two suppliers ("Trade Suppliers") in accordance with certain oil supply contracts. The Oil Trade Deposits were used for purchase of oil products from the Trade Suppliers to be sold in the ordinary course of business of the Group. On 30 June 2020, Subsidiary A further entered into Deeds of Assignment ("Deeds") with Trade Suppliers and Baineng Holdings Limited ("Baineng"), a potential investor which had entered into a non-legally binding memorandum of understanding with the Company for subscription of new shares and bonds of the Company (details disclosed in the Company's announcement dated 23 December 2019 and 6 March 2020 respectively). Under the Deeds, Baineng would take over the Oil Trade Deposits from the Trade Suppliers and refund the Oil Trade Deposits to the Group, subject to the Company being successful in resumption of trading of its shares in the GEM of The Hong Kong Stock Exchange Limited. Up to the date of this report, the Company's shares remained in suspension of trading and the Oil Trade Deposit have not been refunded.
- (iii) On 24 October 2018, the Company entered into a patent service agreement ("Patent Agreement") with a service provider ("Company A") in a contract sum of HK\$15,000,000 pursuant to which Company A would process the research and development and transfer of certain patents in the People's Republic of China ("PRC") for the Group's business development. From October to November 2018, the Company made certain prepayments amounting to, in aggregate, HK\$12,770,000 to Company A in accordance with the Patent Agreement. Subsequently on 24 August 2020, the Company and Company A had entered into an agreement that the patent be transferred from Company A to the Company and the unpaid balance of HK\$2,230,000 was mutually agreed to be waived. The registration for the transfer of the patent in China National Intellectual Property Administration had been completed on 14 September 2020.

Carrying amount of contingent consideration receivables	22,000	22,000
Less: Provision of impairment	(22,000)	(22,000)
	—	—

The receivables represent the contingent consideration arising from the acquisition of the entire issued share capital of 3 Dynamics on 11 December 2013 (the "Acquisition Date").

Pursuant to the terms of the sale and purchase agreement dated 21 November 2013 ("SPA"), Mr. Chung Wai Sum (the "Vendor") irrevocably and unconditionally warranted and guaranteed to Dynamic Miracle Limited, a wholly-owned subsidiary of the Company (the "Dynamic Miracle") that the audited net profits after tax of 3 Dynamics as shown in its audited financial statements for the 12 months from the date of the completion of acquisition, i.e. for the period from 11 December 2013 to 10 December 2014 (the "Relevant Period") shall not be less than HK\$42,000,000 (the "Profit Guarantee"). The Profit Guarantee was secured by 140,000,000 consideration shares ("Escrow Shares") of the Company issued to the Vendor. As certified by the previous auditor of the 3 Dynamics, 3 Dynamics has recorded a net loss after tax in its audited financial statements for the period from 11 December 2013 to 10 December 2014 and there was no profit for the Relevant Period pursuant to the SPA. Under the terms and conditions as stipulated in SPA, the Escrow Shares would be sold in order to pay for the Profit Guarantee. During the year ended 31 March 2016, a portion of the Escrow Shares was sold to pay for the Profit Guarantee. An amount of HK\$20,000,000 was received by the Group to partially settle the Profit Guarantee obligation of the Vendor. As at 31 March 2020, the balance of HK\$22,000,000 was still outstanding for the Profit Guarantee and the 73,870,000 shares (before adjustment for share consolidation described in note 30(b)) of the Escrow Shares remained as a security for the Profit Guarantee.

During the year ended 31 March 2020, the Company was still in the process of negotiating with the Vendor on the recovery of the outstanding amount. As at 31 March 2020, the outstanding balance of HK\$22,000,000 (2019: HK\$22,000,000) represents the nominal amount of cash to be received for the Profit Guarantee. However, the receivables have been long outstanding, despite the Escrow Shares held, full provision for the amount receivables had been made during the year ended 31 March 2017.

23. BANK BALANCES AND CASH

At 31 March 2020, the Group's bank balances and cash denominated in RMB amounted to approximately HK\$2,062,000 (2019: approximately HK\$7,035,000). Conversion of RMB into foreign currencies is subject to the PRC's Foreign Exchange Control Regulations and Administration of Settlement, Sale and Payment of Foreign Exchange Regulations.

As at 31 March 2020, the Group's short-term bank deposits carried at market interest rates ranging from 0.001% to 0.35% p.a. (2019: 0.001% to 0.3% p.a.).

Amounts classified as non-current liabilities	41,479	67,698

The promissory notes were unsecured, bearing interest at rates ranging from 4% to 14% per annum and with maturity dates range from 1 to 7 years from the dates of issue. The effective interest rates of the promissory notes range from 3.5% to 21.1% per annum.

At any time prior to the maturity date, the Company has the sole discretion to elect for redemption of the promissory notes, in whole or in part (in the amounts of not less than HK\$1,000,000 or an integral multiple thereof or such other amounts agreed between the Company and promissory notes holders), at a redemption price equal to 100% of the principal amount of the promissory notes, plus accrued and unpaid interest thereon at the redemption date.

The early redemption right is regarded as embedded derivatives in the host contract. The early redemption right is not recognised in the consolidated financial statements since the redemption is at the discretion of the Company and the directors of the Company consider that the probability of exercise of the early redemption right is remote. The directors of the Company have assessed the fair values of the early redemption right at initial recognition and at the end of the reporting period and consider that the fair value of the early redemption right was immaterial.

27. CONVERTIBLE NOTES

On 2 November 2018, the Company issued convertible notes with an aggregate principal amount of HK\$13,000,000 ("2020 CN"), due on 2 November 2020 and bearing interest at 1.5% per annum payable on due date. The 2020 CN can be converted into fully paid ordinary shares with a par value of HK\$0.004 each of the Company at an initial conversion price of HK\$4 (after adjustment on consolidation of shares as described in note 30(b) to the consolidated financial statements).

On initial recognition, the equity component of the convertible notes was separated from the liability component. The equity element is presented in equity as convertible notes equity reserve. The effective interest rate of the liability component is 11.43% per annum.

Upon the full conversion of the outstanding 2020 CN at the conversion price of HK\$4 per conversion share, the outstanding 2020 CN would be converted into 3,250,000 ordinary shares.

On the maturity date, any of the 2020 CN not converted or redeemed during the tenure will be redeemed at 100% of its principal amount and accrued interest. The directors will consider to negotiate with the noteholders to obtain an extension for repayment of the 2020 CN and not to demand for repayment even if any event of default or potential event of default which might occur.

31. SHARE-BASED PAYMENTS

EQUITY-SETTLED SHARE OPTION SCHEME

The Company operates a share option scheme (the "Scheme") for the purpose to attract, retain and motivate eligible participants who contribute to the success of the Group's operations. Eligible participants include full-time and part-time employees, executives, officers, Directors, business consultants, agents, legal and financial advisers of the Company and the Company's subsidiaries. The Scheme became effective on 27 April 2011 and, unless otherwise cancelled or amended, will remain in force for 10 years from that date.

The maximum number of unexercised share options currently permitted to be granted under the Scheme is an amount equivalent, upon their exercise, to 10% of the shares of the Company in issue at any time. The maximum number of shares issuable under share options to each eligible participant in the Scheme within any 12-month period, is limited to 1% of the shares of the Company in issue at any time. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to Director, Chief Executive or substantial shareholder of the Company, or to any of their associates are subject to approval in advance by the Independent Non-Executive Directors. In addition, any share options granted to a substantial shareholder or an Independent Non-Executive Director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the closing price of the Company's shares at the date of the grant) in excess of HK\$5,000,000, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options may be accepted within 28 days from the date of the offer, upon payment of a nominal consideration of HK\$1 in total by the grantee. The exercise period of the share options granted is determinable by the Directors, and commences after a certain vesting period and ends on a date which is not later than five years from the date of the offer of the share options or the expiry date of the Scheme, if earlier.

The exercise price of the share options is determinable by the directors, but may not be less than the highest of (i) the Stock Exchange closing price of the Company's shares on the date of the offer of the share options; (ii) the average Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of the offer; and (iii) the nominal value of the Company's shares on the date of the offer.

Share options do not confer rights on the holder to dividends or to vote at shareholders' meetings.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

31. SHARE-BASED PAYMENTS (Continued)**EQUITY-SETTLED SHARE OPTION SCHEME** (Continued)

Details of the share options outstanding during the year are as follows:

	2020		2019	
	Number of share options	Weighted average exercise price HK\$	Number of share options	Weighted average exercise price HK\$
Outstanding at the beginning of the year	31,572,400	3.20	21,009,900	0.21
Granted during the year	35,700,000	0.36	10,562,500	0.052
Lapsed during the year	(3,719,350)	2.86	—	N/A
Outstanding and exercisable at the end of the year	63,553,050	1.62	31,572,400	3.20

The options outstanding at the end of the year have a weighted average remaining contractual life of 2.37 years (2019: 3.63 years) and the exercise prices range from HK\$0.36 to HK\$7.82 (2019: from HK\$1.04 to HK\$7.82), after adjustment for the share consolidation described in note 30(b) to the consolidated financial statements.

The estimated fair values of the share options granted were determined at the date of grant using the Binominal Option Pricing Model. The respective fair values and significant inputs to the models at the dates of grant were as follows:

Date of grant	Fair value	Exercise price	Expected volatility	Risk free rate	Expected life
11 April 2018	HK\$0.024	HK\$0.052	90.11%	1.61%	3 years
16 April 2019	HK\$0.195	HK\$0.360	90.70%	1.64%	3 years

The expected volatility reflects the assumption that the historical volatility is indicative of future trends, which may not necessarily be the actual outcome.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

31. SHARE-BASED PAYMENTS (Continued)**EQUITY-SETTLED SHARE OPTION SCHEME** (Continued)

Share options granted to consultants were incentives for helping the Group to expand its business network, acquire and explore new business projects and opportunities. The fair value of such benefits could not be estimated reliably and as a result, the fair value is measured by reference to the fair value of share options granted.

During the year ended 31 March 2020, the Company granted 35,700,000 (2019: 211,250,000) share options with exercise price of HK\$0.36 (2019: HK\$1.04) per share under the share option scheme.

The Group recognised the total expense of approximately HK\$6,971,000 for the year ended 31 March 2020 (2019: HK\$5,040,000) in relation to share options granted by the Company.

32. RELATED PARTY TRANSACTIONS

In addition to transactions and balances disclosed in elsewhere in these consolidated financial statements, the Group had the following related party transactions during the year:

Compensation of key management personnel of the Group

	2020 HK\$'000	2019 HK\$'000
Fees, salaries and allowances	5,630	6,765
Share-based payments	4,022	—

33. OPERATING LEASE COMMITMENTS**THE GROUP AS LESSEE**

At the end of reporting period, the total future minimum lease payments under non-cancellable operating leases are payable as follows:

	2019 HK\$'000
Within one year	3,612
In the second to fifth years inclusive	306
Over five years	—
	3,918

Operating lease payments represent rentals payable by the Group for certain of its offices and factories. Rentals are fixed over the lease terms and do not include contingent rentals.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2020

34. PLEDGE OF ASSETS

At the end of the reporting period, the following assets were pledged to secure borrowings granted to the Group:

	2020 HK\$'000	2019 HK\$'000
Right-of-use assets (Note (i))	1,667	—
Buildings (Note (i))	9,773	9,939
	11,440	9,939

Note:

- (i) Leasehold land and building were pledged to a bank and a lender to secure facilities of approximately in total of HK\$18,308,000 granted to the Group.
- (ii) The Group's 51% equity interests in Able One Investments Limited, a subsidiary of the Company, was pledged to an independent third party to secure an interest-bearing other loan as described in note 26.

35. RETIREMENT BENEFITS SCHEME

The Group operates a mandatory provident fund scheme (the "MPF Scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for all qualifying employees in Hong Kong. The Group's contributions to the MPF Scheme are calculated at 5% of the salaries and wages subject to a monthly maximum amount of contribution of HK\$1,500 per employee and vest fully with employees when contributed into the MPF Scheme.

The employees of the Group's subsidiaries established in the PRC are members of a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute certain percentage of the employees' basic salaries and wages to the central pension scheme to fund the retirement benefits. The local municipal government undertakes to assume the retirement benefits obligations of all existing and future retired employees of these subsidiaries. The only obligation of these subsidiaries with respect to the central pension scheme is to meet the required contributions under the scheme.

37. DEEMED PARTIAL DISPOSAL OF SUBSIDIARIES

On 5 July 2019, Able One Investments Limited ("Able One"), a wholly-owned subsidiary of the Company, entered into a Subscription Agreement ("Agreement") with an independent third party ("Subscriber"). Pursuant to the Agreement, Able One agreed to allot and issue, and the Subscriber agreed to subscribe for, 49% of equity interest in Able One at an aggregate consideration of HK\$2,000,000.

The share allotment in Able One was completed on 12 July 2019. Upon completion of the share allotment, the Subscriber holds 49% of equity interest in Able One and its subsidiaries, representing entire power and data cords and general trading business of the Group.

As the Group remains its control over Able One, Able One and its subsidiaries remain as subsidiaries of the Group after the share allotment which is then accounted for as deemed partial disposal of subsidiaries.

Assets and liabilities of Able One and its subsidiaries at the date of share allotment were as follows:

	HK\$'000
Property, plant and equipment	17,215
