

## Changshu Power Plant was Awarded Honorable Titles by SPIC and NEA Jiangsu

On January 26 and 27, 2021, Changshu Power Plant received the commendation documents from SPIC and NEA Jiangsu respectively, and was awarded the honorable titles of "2020 Advanced Collective for Safe Production" and "2020 Advanced Unit for Safe Power production in Jiangsu Province".

In 2020, Changshu Power Plant maintained zero fatalities, zero accidents and zero minor injuries in safe production throughout the year while simultaneously promoting major projects such as coal yard closure transformation, gas turbine construction, ammonia-to-urea transformation and unit overhaul. The safety indexes continued to improve and the construction of safety culture achieved steady progress.
