

Mr. He Xi Calls on Anhui Governor

Recently, entrusted by Mr. Qian Zhimin, Chairman of SPIC, Mr. He Xi, Chief Engineer (New Energy) of SPIC and Chairman of CPID, met and had a working meeting with Mr. Wang Qingxian, Governor of Anhui Province, in Hefei, Anhui Province. Both sides had an in-depth discussion on matters such as power transmission from Inner Mongolia to Anhui, promotion of major projects in Anhui, and demonstration and promotion of integrated smart zero-carbon power plants. Mr. Fei Gaoyun, Executive Vice Governor of Anhui Province, attended the meeting.

Mr. Wang extended a warm welcome to Mr. He and his delegation, and briefly introduced the economic development of Anhui Province. Mr. Wang said that Anhui is in urgent need of building a secure and efficient energy system as it realizes the carbon peaking and carbon neutrality goals and promotes high-quality development. He hoped that CPID, as a core subsidiary of SPIC and both an enterprise directly under the Chinese central government and a foreign-invested enterprise, would deepen cooperation with Anhui Province in power supply and green energy development, plan and promote major energy projects together, and explore the road of comprehensive energy reform and green low-carbon development.

Mr. He first conveyed Mr. Qian Zhimin's greetings to Mr. Wang, thanked the government of Anhui for its continuous support to the business development and reform of SPIC and CPID, and congratulated Anhui Province for its economic development achievements. Mr. He then focused on the remarkable results achieved by SPIC and CPID in supporting China's "3060" target, securing energy supply, accelerating green and low-carbon transition and innovation-driven development. Mr. He said that after nearly two years of rapid development, CPID had accumulated rich technology and management advantages in clean energy and emerging green energy industries. He said that there was a long

history of and a solid foundation for the cooperation between Anhui Province and SPIC and CPID, and SPIC and CPID would respond to the energy needs of Anhui Province, innovate investment and cooperation models, and support Anhui Province's "three places and one area" strategy and the creation of a national energy demonstration, reform and innovation pilot province.

Mr. Pan Zhaohui, Secretary General of Anhui Provincial Government, Mr. Chen Jun, Director of Anhui Provincial Development and Reform Commission, Mr. Zhang Zhiqiang, Mayor of Huainan, Mr. Cai Yi, Vice Mayor of Wuhu, Mr. Xu Zhi, Deputy Director of Anhui Provincial Development and Reform Commission, Mr. Wang Shisen, General Manager of Huaihe Energy (Group) Co., Ltd., and relevant officers of CPID attended the meeting.
