

## China Power and Huainan Municipal Government Hold Talks

On June 25, 2024, Mr. He Xi, Chairman of China Power, and Mr. Gao Ping, President and Executive Director of China Power, met with Mr. Zhang Zhiqiang, Mayor of Huainan, and his delegation at the Beijing headquarters. The discussions focused on the implementation of new energy projects in Huainan and future cooperation opportunities.

China Power welcomed Mr. Zhang and his delegation, thanked the Huainan Municipal Party Committee and Municipal Government for their long-term support, and provided a brief overview of China Power's latest industry layout and project developments in Huainan. They emphasized China Power's unique advantages in new energy development and expressed hope for deeper cooperation to secure more new energy projects in Huainan.

The Huainan Municipal Government expressed gratitude for China Power's strong support for Huainan's economic and social development and provided a brief introduction to the current status and future plans for its industrial development. Mr. Zhang highlighted Huainan's strategic goal during the 14th Five-Year Plan period to become a key national base for new integrated energy, aligning closely with China Power's new development strategy. He expressed hopes for leveraging China Power's expertise in new energy technology to further Huainan's industry development. Before the meeting, Mr. Zhang and his delegation toured the workshop of XYZ Storage Technology Corp., Ltd.
