

China Power and Fangshan District Government Hold Talks

On June 25, 2024, Mr. Yang Bo, CPC Secretary of Fangshan District, and his delegation visited China Power. Both parties discussed further practical cooperation and the implementation of projects in Fangshan. Mr. He Xi, Chairman of China Power, chaired the meeting, which was attended by Mr. Di Zhixin, Acting Mayor of Fangshan District, and Mr. Gao Ping, President of China Power.

The meeting included reports on the support needed by Fangshan from China Power, as well as updates from companies like XYZ Storage on their operations in Fangshan and requests for support from the Fangshan Party Committee and Government. The meeting explored various aspects of deepening cooperation between China Power and Fangshan.

Mr. Yang expressed gratitude for China Power's hospitality and acknowledged the achievements China Power has made in Fangshan. He said that a series of strategic emerging industry projects invested by China Power in Fangshan are progressing well. He affirmed that the Fangshan Party Committee and Government would continue to fully support China Power's development in Fangshan and address the proposed project advancement requests. Moving forward, the focus will be on strategic emerging industries, developing integrated applications in industrial, residential, and infrastructure sectors in collaboration with China Power in Zhongguancun Fangshan Park and Liangxiang University Town.
