

Anhui Energy Bureau and State Grid Anhui Electric Power Conduct Research on SPIC Hubei Electric Power's Virtual Power Plant

On October 15, 2024, a joint research team from the Power Production and Dispatch Division of Anhui Energy Bureau and the Market and Dispatch Centers of State Grid Anhui Electric Power Co., Ltd. conducted an on-site investigation on the virtual power plant of SPIC Hubei Electric Power Co., Ltd.

The team was briefed on the plant's construction, resource integration, and participation in Hubei electric power market transactions, and the system's functionalities were demonstrated. The delegation praised SPIC Hubei Electric Power's foresight in platform design, functionality development, and resource integration.
