

China Power Wins Two ESG Awards

On October 14 and 15, 2024, China Power received the "Outstanding ESG Rating Award" at the 7th Hong Kong ESG Reporting Awards ("HERA") and the "Green Development Annual Tribute Award Selection Event – ESG Annual Action Breakthrough Pioneer" award jointly organized by Phoenix Satellite TV, China Champions for Climate Action ("C-Team") and Rocky Mountain Institute ("RMI"). The awards ceremonies were held in Tsim Sha Tsui, Hong Kong, and the 2024 Climate Ambition and Global Action – Zero-Carbon Mission International Climate Summit in Beijing Phoenix Center, respectively. China Power has steadfastly embraced sustainable development through innovation, focusing on clean energy growth while integrating ESG as a cornerstone of governance and value creation. The company has pioneered numerous ESG initiatives, improving internal management, engaging with international rating agencies and investors, and elevating its ESG ratings. These accolades underscore global capital markets and mainstream media's recognition of China Power's achievements in ESG. The company will continue enhancing its ESG performance, promoting best practices, fostering dialog with stakeholders, and increasing brand awareness and market influence to support global sustainability goals.

HERA, a not-for-profit initiative, is one of the most prestigious awards on corporate sustainability in Hong Kong, aiming to build stakeholders' trust in, and recognition for companies in Hong Kong on corporate sustainability. The "Green Development Annual Tribute Award Selection Event – ESG Annual Action Breakthrough Pioneer" award is an important part of the 2024 Climate Ambition and Global Action – Zero-Carbon Mission International Climate Summit. The selection of this award evaluates the achievements and influence of companies from multiple perspectives, aiming to celebrate the corporate sustainability advantages demonstrated by companies in various industries.
