

China Power President Gao Ping Meets China Coal Sales Group Director Lyu Zhaohui

On June 19, 2025, Mr. Gao Ping, President of China Power, met with Mr. Lyu Zhaohui, Director of China Coal Sales Group (CCSG), and his delegation at China Power headquarters in Beijing. The parties discussed strengthening cooperation in thermal coal supply contracts and power marketing.

Mr. Gao welcomed the delegation and thanked CCSG for its longstanding support. He provided an overview of China Power's operations, highlighting the strong foundation of their existing partnership in power generation and coal supply agreements. Mr. Gao analyzed current electricity market trends and the future development path for coal-fired power, emphasizing the need for long-term strategic planning in thermal coal contracts. "We should establish a stable, mutually beneficial partnership through collaborative planning and mutual support," Mr. Gao said. "China Power stands ready to leverage its strengths for regional synergy in electricity sales."

Mr. Lyu expressed appreciation for China Power's trust and support, detailing CCSG's business profile and power marketing strategy. He noted that despite coal market volatility, both parties have maintained top-tier performance in thermal coal contract volumes and fulfillment rates. "China Power plays a critical role in safeguarding energy supply," Mr. Lyu remarked. "We seek to expand our partnership by tapping into China Power's expertise in emerging industries, particularly through collaboration on renewable energy projects, power marketing initiatives, and global business expansion."
