Chairman's Statement

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present to you the annual results of the Company and its subsidiaries (collectively refer to the "Group") for the year ended 31 March 2013.

Financial year 2012/13 continued to be a challenging year for Chanco. The world economy lost momentum over the course of 2012. Debt crisis in the Euro area continued to hit business and consumer confidence. The economic growth in the major developed economies has weakened considerably during 2012. Global manufacturing activity remained subdued and weak market conditions in Europe and the U.S. adversely affected export performance in many Asian countries. In the reviewing year, Chanco was operating under tough macroeconomic circumstances coupled with rising operating costs in the PRC. In face of difficulties, we have endeavored to minimize the operating loss of manufacturing business through rigid cost management.

The ongoing global economic uncertainty and the slowdown of growth in the Mainland China also affected the retail market in Hong Kong in the past year. The pace of retail sales growth was decelerated, especially in the first quarter of the financial year 2012/13. An increasing number of international fast fashion retailers stepping into the market in result intensified the market competition. Under keen market competition and lower customer spending, our retail performance in traditional peak season period was disappointing. Rental price for retail space remains high but the growth rate is slowing down considerably. Over the past year, we have been expanding our retail network at a measured and sustained pace. Despite increasing competitive pressures, our retail business remained profitable in the financial year 2012/13.

FINANCIAL PERFORMANCE

For the year ended 31 March 2013, the Group recorded a lower turnover of HK\$187,561,000 as compared to HK\$196,001,000 for the year ended 31 March 2012. There was a general decrease in demand from overseas market during the reporting year, resulting in lower turnover in manufacturing business segment. The lower turnover was also attributable to the slight decline in revenue from retail business segment. The Group's gross profit decreased from approximately HK\$60,742,000 in financial year 2012 to approximately HK\$51,356,000 in financial year 2013. Gross profit margin decreased from around 31% to around 27%. This was mainly due to the decrease in gross profit margin of manufacturing business arising from the increase of raw material cost and production cost in the PRC.

Other income and gains decreased from approximately HK\$6,314,000 to approximately HK\$4,923,000 which was mainly due to the decrease in net foreign exchange gain recognized in the year. The decrease of net foreign exchange gain was partially offset by the increase in interest income by around HK\$1,057,000.

Chairman's Statement

Selling and distribution costs decreased slightly from approximately HK\$27,792,000 to approximately HK\$27,374,000. This was mainly due to the decrease in rental expenses in relation to the Group's retail business. Administrative and other operating expenses decreased slightly from approximately HK\$30,791,000 to approximately HK\$30,131,000. The decrease was mainly due to the reduction of staff cost through downsizing and the decrease in directors' bonus paid for the year.

In view of the above, the Group recorded a net loss attributable to owners of the Company of approximately HK\$2,569,000 for the year ended 31 March 2013 as compared to net profit of HK\$6,980,000 for the year ended 31 March 2012.

BUSINESS REVIEW

During the year under review, the two business segments – manufacturing and retailing accounted for 72% and 28% of the Group total turnover respectively.

Manufacturing Business

For the year ended 31 March 2013, turnover of manufacturing business segment from external customers decreased by around 5% to approximately HK\$134,773,000. The decrease in turnover was mainly due to the decrease in sales to Europe and Asian countries. The lower turnover reflects the continued weak and unstable market demand in global.

Geographically, sales to Europe decreased from approximately HK\$53,395,000 to approximately HK\$49,328,000. Market demands in Europe remained unstable and volatile during the reporting year. Sales to the U.S. increased from approximately HK\$16,638,000 to approximately HK\$19,252,000. Sales in Hong Kong decreased from approximately HK\$17,427,000 to approximately HK\$16,956,000. Sales in the PRC market decreased slightly from approximately HK\$17,361,000 to approximately HK\$17,142,000. Apart from the major markets, sales to other countries including Australia, Japan, Canada, India, Korea, Singapore and Malaysia, etc. decreased from approximately HK\$36,682,000 to approximately HK\$32,095,000. This was mainly due to the decrease in sales to Malaysia and Japan.

In terms of product category, sales of belts decreased to approximately HK\$122,312,000 (2012: approximately HK\$123,688,000) and sales of leather goods and other accessories decreased to approximately HK\$12,461,000 (2012: approximately HK\$17,815,000). Gross profit margin decreased from around 22% to around 18% which was mainly due to an increase in raw material cost including cowhide leather and hardware accessories and increase in labor cost in the reporting year. Lower factory utilization continued to affect the gross margin adversely. As a result of continued pressure on our profit margin, the manufacturing business segment incurred an operating loss of approximately HK\$5,462,000 in the reporting year.

Chairman's Statement

Retail Business

Retail sales for the year ended 31 March 2013 decreased by around 3% from approximately HK\$54,498,000 to approximately HK\$52,788,000. The ongoing global economic uncertainty and the slowdown of growth in the Mainland China affected the retail market in Hong Kong in the past year. The pace of retail sales growth was decelerated, especially in the first quarter the financial year. Sales performance in traditional peak season period (Christmas and Lunar New Year) was disappointing as compared to the same period last year. The under-performance was mainly due to increasing price competition in the market and lower customer spending. Same store sales decreased around 16% against same period last year. The Group's in-house brand sales mainly "Urban Stranger" for the reporting year decreased by around 6% as a result of decrease in sales of apparel products. Sales of In-house brand products represented around 40% of total retail sales for the year. Sales of international footwear brands grew slightly as a result of special discount offered in the reporting year.

Gross profit margin went down to around 51% (2012: around 52%), which was mainly due to greater sales discount offered in the reporting year. The overall shop rental to turnover ratio decreased to around 24% (2012: 25%). Staff cost was higher than that of last year as a result of an increase in number of sales staff for new stores and increase in staff salaries in the reporting year.

As a consequence of lower sales and profit margin and increase in staff cost, the segmental profit for the year decreased from approximately HK\$2,065,000 to approximately HK\$580,000. In the year under review, the Group opened two new stores in shopping malls and closed one store upon expiry of tenancy. As at 31 March 2013, the Group operated seven AREA 0264 stores in Hong Kong.

PROSPECTS

Moving forward, global manufacturers will continue to suffer from weak demand from developed economies for a period of time. In view of uncertain market conditions, we will continue to pursue cautious and prudent business strategies through the tough times. We will focus our effort on securing new customers with great business growth potential. An expansionary economic policy adopted in advanced economies may trigger a stronger recovery in growth in the course of the next few years. In the medium term, we are confident in our ability to deliver positive results along with solid growth and strong recovery of the global demand in future.

In addition, the Group's processing factory in Dongguan is undergoing to upgrade and transform into wholly foreign-owned enterprise with legal person status as encouraged by the local government in Dongguan. During the process of transformation, production in the processing factory will not be interrupted. The transformation of processing factory is expected to be completed before the end of 2013.

Chairman's Statement

Looking ahead in 2013, the retail business will remain challenging in the view of slowdown of retail sales growth and consumer spending and increasing market competition. Sales performance in the first two months of the financial year 2013/14 is far below the management expectation. Sales of international footwear brand products dropped significantly as compared to same period last year. Price competition is increasing as numerous fashion retailers offer earlier and greater sales discount in low season period. In the coming year, we will continue our efforts to monitor the greater competitive and fast-changing market closely and make proactive refinements on the business strategy. We will close one underperforming store upon expiry of tenancy at the end of June. We have put our expansion plan on hold and will maintain around six stores over the next year. We will stay focus on alternation of the brand mix and optimize the product mix in our stores and continue our disciplined inventory management policy. We will also devote more resource to strengthen our brand image and reinforce our brand equity in the market.

Dividend

The Board does not recommend any payment of final dividend for the financial year ended 31 March 2013 at the forthcoming annual general meeting of the Company.

Appreciation

On behalf of the Board, I would like to express my heartfelt gratitude to the management team and all our staff for their hard work, commitment, dedication and contribution, and all of our shareholders, valuable customers and banks for their ongoing support.

Chan King Hong Edwin

Chairman

Management Discussion and Analysis

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

As at 31 March 2013 the Group's cash and bank deposits were approximately HK\$198,058,000 as compared to approximately HK\$180,597,000 as at 31 March 2012.

As at 31 March 2013, the Group had aggregate banking facilities in respect of import/export facilities of approximately HK\$15,000,000 which were secured by corporate guarantees provided by the Company.

The Group recorded a decrease of total current assets from approximately HK\$301,350,000 as at 31 March 2012 to approximately HK\$282,910,000 as at 31 March 2013 and a decrease of total current liabilities from approximately HK\$27,518,000 as at 31 March 2012 to approximately HK\$20,454,000 as at 31 March 2013. The decrease of total current asset was mainly due to the decrease in retail inventories and decrease in trade and bills receivables as a result of a decrease in sales before the year end as compared to same period last year. The decrease of total current liability was mainly due to the decrease in trade payables which was in line with the decrease in purchase during the reporting year. The current ratio of the Group, calculated by dividing the total current assets by the total current liabilities, was approximately 14 times as at 31 March 2013 (31 March 2012: 11 times).

In view of its strong financial position and liquidity, the Group did not raise any bank loan during the year.

The Group recorded a decrease in shareholders' funds from approximately HK\$291,020,000 as at 31 March 2012 to approximately HK\$288,437,000 as at 31 March 2013. The decrease was mainly attributable to operating loss incurred and interim dividend declared in the reporting year.

TREASURY POLICY

The Group generally finances its operation with internally generated resources. Cash and bank deposits of the Group are mainly denominated in Hong Kong dollars ("HK\$"), US dollars ("USD"), Renminbi ("RMB") and Euro. Transactions of the Group are mainly denominated in HK\$, USD, RMB and Euro. As HK\$ is pegged to USD, the Group does not expect any significant movements in the USD/HK\$ exchange rate. In this regard, the Group does not expose to significant currency risk arising from USD. The Group has significant exposure to foreign exchange fluctuation in RMB and Euro against HK\$ at the end of reporting period. Foreign exchange forward contract can be used to eliminate the currency risk exposure. The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

Management Discussion and Analysis

CHARGES ON ASSETS

The Group did not have any assets pledged for general facilities granted by banks.

MATERIAL ACQUISITIONS/DISPOSALS

The Group had no material acquisitions/disposals for the year ended 31 March 2013.

HUMAN RESOURCES

As at 31 March 2013, the Group had around 122 employees in Hong Kong and the PRC and the processing factory, an independent third party with which the Group has entered into a processing agreement, had around 649 workers. The Group remunerated its employees mainly based on their individual performance. Apart from basic salaries, discretionary bonus, contribution to the statutory retirement scheme, the Group adopted a share option scheme whereby certain employees of the Group may be granted options to subscribe for shares of the Company.

CONTINGENT LIABILITIES

The Company issued guarantees to landlords in respect of the lease agreements entered into by a subsidiary for certain retail outlets. At 31 March 2013, there were no rental payables by the subsidiary under these lease agreements (2012: nil) and the non-cancellable future minimum lease payment under these lease agreements was approximately HK\$8,652,000 (2012: HK\$8,942,000).

Corporate Governance Report

CORPORATE GOVERNANCE PRACTICES

The board of directors (the “Board”) of the Company believes that good corporate governance is importance to the success of the Company. The Company is committed to attaining good standard of corporate governance practices in order to enhance shareholders’ value and safeguard the interests of shareholders.

The Company’s corporate governance practices are based on the principles and code provisions (the “Code Provisions”) set out in the Code of Corporate Governance Practices (the “Former CG Code”) which was subsequently revised as the Corporate Governance Code (the “Revised CG Code”) contained in Appendix 14 of the Rules Governing the Listing of Securities (the “Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) and came into full effect on 1 April 2012.

The Company has complied with the Code Provisions as set out in the Revised CG Code during the year ended 31 March 2013 except for the deviations from the Code Provision A2.1 in respect of the separation of roles of the chairman and chief executive officer.

DIRECTOR’S SECURITIES TRANSACTIONS

The Company has adopted the Model Code for Securities Transactions by Directors as set out in Appendix 10 to the Listing Rules as its code of conduct regarding directors’ securities transactions. Having made specific enquiry of all Directors, the Directors have confirmed compliance with the required standard set out in the Model Code as provided in Appendix 10 the Listing Rules during the year ended 31 March 2013.

BOARD OF DIRECTORS

The Board is responsible for the leadership and control of the Company and oversees the Group’s businesses, strategic directions and financial performance. The management was delegated authority and responsibility by the Board for the day-to-day management of the Group. In addition, the Board has also delegated various responsibilities to Remuneration Committee, Audit Committee and Nomination Committee.

The Board currently consists of 3 executive directors and 3 independent non-executive directors. Their brief biographical details and the relationships among the members of the Board are set out in the “Biographical details of directors and senior management” on pages 11 to 13 of this Annual Report.

The Board holds four regular meetings a year to review the financial and operating performance of the Company. Apart from the regular Board meetings, the Board will meet on other occasion when required.

Corporate Governance Report

During the financial year ended 31 March 2013, 5 board meetings were held by the Company. The individual attendance record of each Director at the meetings of the Board during the year ended 31 March 2013 is as follows:

	Number of board meetings attended
Executive Directors	
Mr. Chan King Hong, Edwin (<i>Chairman and Chief Executive Officer</i>)	5/5
Mr. Chan King Yuen, Stanley	5/5
Mr. Chan Wai Po, Rebecca	5/5
Independent Non-executive Directors

All independent non-executive Directors of the Company are appointed for a specific term of two years and are also subject to retirement by rotation and re-election by shareholders at annual general meeting in accordance with Company's articles of associations.

Corporate Governance Report

DIRECTORS' INDUCTION AND CONTINUOUS PROFESSIONAL DEVELOPMENT

All Directors, including independent non-executive Directors, should keep abreast of their collective responsibilities as Directors and of the business and activities of the Group. Each newly appointed Director would receive a comprehensive induction package covering business operations, policy and procedures of the Company as well as the general, statutory and regulatory obligations of being a Director to ensure that he is sufficiently aware of his responsibilities under the Listing Rules and other relevant regulatory requirements. The Group also provides briefings and other training to develop and refresh the Directors' knowledge and skills, and update all Directors on the latest developments regarding the Listing Rules and other applicable regulatory requirement to ensure compliance and to enhance their awareness of good corporate governance practices.

During the year ended 31 March 2013, the Directors participated in the continuous professional developments in relation to regulatory update, the duties and responsibility of the Directors and the business of the Group in the following manner:

Name of Directors	Attended Seminars or Briefing/ Read Materials
Executive Directors	
Mr. Chan King Hong, Edwin	✓
Mr. Chan King Yuen, Stanley	✓
Ms. Chan Wai Po, Rebecca	✓
Independent Non-executive Directors	
Mr. Fong Pui Sheung, David	✓
Ms. Chau Cynthia Sin Ha	✓
Mr. Or Kam Chung, Janson	✓

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

The CG Code provision stipulates that the roles of Chairman and Chief Executive Officer should be separate and should not be performed by the same individual. Due to the small size of the existing management team, both the roles of the Chairman and Chief Executive Officer of the Company are currently played by Mr. Chan King Hong, Edwin. The Board is of the view that Mr. Chan King Hong, Edwin has considerable experience in manufacturing industry and is the person most knowledgeable about the business of the Group. The Board believes that the current structure will enable us to make and implement decisions promptly and efficiently. The Board will meet regularly to consider that this structure will not impair the balance of power and authority between the Board and the management of the Group.

Corporate Governance Report

OTHER COMMITTEES

There are three committees established under the Board, namely Audit Committee, Remuneration Committee and Nomination Committee.

AUDIT COMMITTEE

The Audit Committee comprises three independent non-executive directors, Mr. Fong Pui Sheung David, Ms. Chau Cynthia Sin Ha, and Mr. Or Kam Chung Janson.

During the financial year ended 31 March 2013, 3 audit committee meetings were held by the Company. Individual attendance of each committee member at the meeting is as follows:

	Number of meeting attended
Independent Non-executive Directors	
Mr. Fong Pui Sheung, David (<i>Committee Chairman</i>)	2/3
Ms. Chau Cynthia Sin Ha	3/3
Mr. Or Kam Chung, Janson	3/3

The major roles and functions of the Audit Committee are as follow:

- to make recommendation to the Board on the appointment, reappointment and removal of the external auditor, and to approve the remuneration and terms of engagement of the external auditor, and any questions of its resignation or dismissal;
- to review and monitor the external auditor's independence and objectivity and the effectiveness of the audit process in accordance with applicable standards;
- to review and discuss with the auditor the nature and scope of the audit and reporting obligations before the audit commences and ensure co-ordination where more than one audit firm is involved;
- to develop and implement policy on engaging an external auditor to supply non-audit services. For this purpose, "external auditor" includes any entity that is under common control, ownership or management with the audit firm or any entity that a reasonable and informed third party knowing all relevant information would reasonably conclude to be part of the audit firm nationally or internationally. The Committee should report to the Board, identifying and making recommendations on any matters where action or improvement is needed;
- to monitor the integrity of the Company's financial statements and the annual report and accounts and half-year report and, if prepare for publication, quarterly reports and to review significant financial reporting judgments contained in them. In reviewing these reports and accounts of the Company before submission to the Board, the Committee shall focus particularly on:

Corporate Governance Report

- any changes in financial reporting and accounting policies and practices;
 - major judgmental areas;
 - significant adjustments resulting from audit;
 - the going concern assumptions and any qualifications;
 - compliance with accounting standards; and

Any further grant of options in excess of the Individual Limit in any 12-month period up to and including the date of such further grant shall be subject to shareholders’ approval at general meeting of the Company with such participant and his associates abstaining from voting.

An option may be accepted by a participant at a nominal consideration of HK\$1 within 28 days from the date of the offer of grant of the options. The subscription price for shares under the Share Option Scheme will be a price determined by the Directors but shall not be less than the highest of (i) the nominal value of shares; (ii) the closing price of one share as stated in the daily quotation sheets issued by the Stock Exchange on the date of grant of option, which shall be a business day; and (iii) the average closing price of the shares as stated in the daily quotation sheets issued by the Stock Exchange for the five business days immediately preceding the date of grant.

Report of the Directors

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during a period to be determined and notified by the Directors to each grantee, which period may commence from the date of acceptance of the offer of the grant of the options but shall end and in any event not later than ten years from the date on which the offer for grant of the option is made subject to the provisions of early termination thereof.

The following table discloses movement in the Company's share options during the year.

TO THE SHAREHOLDERS OF CHANCO INTERNATIONAL GROUP LIMITED

(incorporated in the Cayman Islands with limited liability)

We have audited the consolidated financial statements of Chanco International Group Limited (the “Company”) and its subsidiaries (together the “Group”) set out on pages 39 to 83, which comprise the consolidated and company statements of financial position as at 31 March 2013, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

DIRECTORS’ RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with Hong Kong Financial Reporting Standards issued by the Hong Kong Institute of Certified Public Accountants and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

We conducted our audit in accordance with Hong Kong Standards on Auditing issued by the Hong Kong Institute of Certified Public Accountants. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the consolidated financial statements.

Independent Auditor's Report

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the consolidated financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 31 March 2013 and of the Group's loss and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards and have been properly prepared in accordance with the disclosure requirements of the Hong Kong Companies Ordinance.

Notes to Financial Statements

31 March 2013

1. GENERAL

Chanco International Group Limited (the “Company”) was incorporated in the Cayman Islands on 12 April 2002 as an exempted company with limited liability under the Companies Law of the Cayman Islands and its shares are listed on The Stock Exchange of Hong Kong Limited. The addresses of the registered office and principal place of business of the Company are disclosed in the section headed “Corporate Information” to the annual report. The Group, comprising the Company and its subsidiaries, is engaged in manufacturing and distribution of leather products and retail of fashion apparel, footwear and leather accessories.

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(b) *New/revised HKFRSs that have been issued but are not yet effective (Continued)*

Amendments to HKAS 1 (Revised) – Presentation of Items of Other Comprehensive Income

The amendments to HKAS 1 (Revised) require the Group to separate items presented in other comprehensive income into those that may be reclassified to profit and loss in the future (e.g. revaluations of available-for-sale financial assets) and those that may not (e.g. revaluations of property, plant and equipment). Tax on items of other comprehensive income is allocated and disclosed on the same basis. The amendments will be applied retrospectively.

HKFRS 9 – Financial Instruments

Under HKFRS 9, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the entity’s business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for those non-trade equity investments, which the entity will have a choice to recognise the gains and losses in other comprehensive income. HKFRS 9 carries forward the recognition, classification and measurement requirements for financial liabilities from HKAS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, HKFRS 9 retains the requirements in HKAS 39 for derecognition of financial assets and financial liabilities.

HKFRS 10 – Consolidated Financial Statements

HKFRS 10 introduces a single control model for consolidation of all investee entities. An investor has control when it has power over the investee (whether or not that power is used in practice), exposure or rights to variable returns from the investee and the ability to use the power over the investee to affect those returns. HKFRS 10 contains extensive guidance on the assessment of control. For example, the standard introduces the concept of “de facto” control where an investor can control an investee while holding less than 50% of the investee’s voting rights in circumstances where its voting interest is of sufficiently dominant size relative to the size and dispersion of those of other individual shareholders to give it power over the investee. Potential voting rights are considered in the analysis of control only when these are substantive, i.e. the holder has the practical ability to exercise them. The standard explicitly requires an assessment of whether an investor with decision making rights is acting as principal or agent and also whether other parties with decision making rights are acting as agents of the investor. An implementation agent is engaged to act on behalf of and for the benefit of another party and therefore does not control the investee when it exercises its decision making authority. The implementation of HKFRS 10 may result in changes in those entities which are regarded as being controlled by the Group and are therefore consolidated in the financial statements. The accounting requirements in the existing HKAS 27 on other consolidation related matters are carried forward unchanged. HKFRS 10 is applied retrospectively subject to certain transitional provisions.

Notes to Financial Statements

31 March 2013

2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

(b) *New/revised HKFRSs that have been issued but are not yet effective (Continued)*

HKFRS 12 – Disclosure of Interests in Other Entities

HKFRS 12 integrates and makes consistent the disclosures requirements about interests in subsidiaries, associates and joint arrangements. It also introduces new disclosure requirements, including those related to unconsolidated structured entities. The general objective of the standard is to enable users of financial statements to evaluate the nature and risks of a reporting entity’s interests in other entities and the effects of those interests on the reporting entity’s financial statements.

HKFRS 13 – Fair Value Measurement

HKFRS 13 provides a single source of guidance on how to measure fair value when it is required or permitted by other standards. The standard applies to both financial and non-financial items measured at fair value and introduces a fair value measurement hierarchy. The definitions of the three levels in this measurement hierarchy are generally consistent with HKFRS 7 “Financial Instruments: Disclosures”. HKFRS 13 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The standard removes the requirement to use bid and ask prices for financial assets and liabilities quoted in an active market. Rather the price within the bid-ask spread that is most representative of fair value in the circumstances should be used. It also contains extensive disclosure requirements to allow users of the financial statements to assess the methods and inputs used in measuring fair values and the effects of fair value measurements on the financial statements. HKFRS 13 can be adopted early and is applied prospectively.

The Group is in the process of making an assessment of the potential impact of other new/revised HKFRSs and the directors so far concluded that the application of these new/revised HKFRSs will have no material impact on the Group’s financial statements.

Notes to Financial Statements

31 March 2013

3. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with all applicable HKFRSs, Hong Kong Accounting Standards (“HKASs”) and Interpretations (hereinafter collectively referred to as the “HKFRSs”) and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited.

(b) Basis of measurement

The financial statements have been prepared under the historical cost basis except for certain financial instruments, which are measured at fair values as explained in the accounting policies set out below.

(c) Functional and presentation currency

The financial statements are presented in Hong Kong dollars (“HK\$”), which is the same as the functional currency of the Company.

4. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

(b) Subsidiaries

A subsidiary is an entity over which the Company is able to exercise control. Control is achieved where the Company, directly or indirectly, has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that are presently exercisable are taken into account.

In the Company’s statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Notes to Financial Statements

31 March 2013

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(c) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as an expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value using reducing balance method at the following principal annual rates:

Plant and machinery	–	30%
Furniture and fixtures	–	10% – 20%
Leasehold improvements	–	Annual rates as determined by shorter of expected useful lives and the unexpired period of the leases
Motor vehicles	–	30%

The annual rates, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

The gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

(d) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to lessee. All other leases are classified as operating leases.

The total rentals payable under the operating leases are recognised in profit or loss on a straight-line basis over the lease term. Lease incentives received are recognised as an integrated part of the total rental expense, over the term of the lease.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(e) Financial instruments

(i) Financial assets

The Group classifies its financial assets at initial recognition, depending on the purpose for which the asset was acquired. Financial assets at fair value through profit or loss are initially measured at fair value and all other financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets. Regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. A regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

Financial assets at fair value through profit or loss

These assets include financial assets held for trading. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments.

Where a contract contains one or more embedded derivatives, the entire hybrid contract may be designated as a financial asset at fair value through profit or loss, except where the embedded derivative does not significantly modify the cash flows or it is clear that separation of the embedded derivative is prohibited.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised in profit or loss in the period in which they arise.

Loans and receivables

These assets, including bank deposits, rental deposits, trade and bills receivables, other receivables, deposits, structured bank deposit, cash and cash equivalents, and amounts due from subsidiaries, are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise principally through the provision of goods and services to customers, and also incorporate other types of contractual monetary asset. Subsequent to initial recognition, they are carried at amortised cost using the effective interest method, less any identified impairment losses.

Held-to-maturity investments

These assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Group's management has the positive intention and ability to hold to maturity. Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method, less any identified impairment losses.

(e) Financial instruments (Continued)

(i) Financial assets (Continued)

Available-for-sale financial assets

These assets are non-derivative financial assets that are designated as available for sale or are not included in other categories of financial assets. Subsequent to initial recognition, these assets are carried at fair value with changes in fair value recognised in other comprehensive income, except for impairment losses and foreign exchange gains and losses on monetary instruments, which are recognised in profit or loss.

(ii) Impairment loss on financial assets

The Group assesses, at the end of each reporting period, whether there is any objective evidence that financial asset is impaired. Financial asset is impaired if there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset and that event has an impact on the estimated future cash flows of the financial asset that can be reliably estimated. Evidence of impairment may include:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- granting concession to a debtor because of debtor's financial difficulty;
- it becoming probable that the debtor will enter bankruptcy or other financial reorganisation;
- a significant or prolonged decline in the fair value of an investment in an equity instrument below its cost.

For loans and receivables and held-to-maturity investments

An impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. The carrying amount of financial asset is reduced through the use of an allowance account. When any part of financial asset is determined as uncollectible, it is written off against the allowance account for the relevant financial asset.

Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(e) Financial instruments (Continued)

(ii) Impairment loss on financial assets (Continued)

For available-for-sale financial assets

Where a decline in the fair value constitutes objective evidence of impairment, the amount of the loss is removed from equity and recognised in profit or loss.

For available-for-sale equity investments, any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income.

(iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at fair value through profit or loss are initially measured at fair value and financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in profit or loss.

Where a contract contains one or more embedded derivatives, the entire hybrid contract may be designated as a financial liability at fair value through profit or loss, except where the embedded derivative does not significantly modify the cash flows or it is clear that separation of the embedded derivative is prohibited.

Subsequent to initial recognition, financial liabilities at fair value through profit or loss are measured at fair value, with changes in fair value recognised in profit or loss in the period in which they arise.

Financial liabilities at amortised cost

Financial liabilities at amortised cost, including trade payables, other payables and accrued charges are subsequently measured at amortised cost, using effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(e) Financial instruments (Continued)

(iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(v) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

(vi) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at fair value through profit or loss is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount determined in accordance with HKAS 37 *Provisions, Contingent Liabilities and Contingent Assets*; and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with HKAS 18 *Revenue*.

(vii) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKAS 39.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(f) Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated cost necessary to make the sale.

(g) Revenue recognition

Revenue comprise the fair value of the consideration received or receivable for the sales of goods and the use of the Group's assets yielding interest and dividend, net of rebate and discounts. Provided it is probable that the economic benefit will flow to the Group and the revenue and costs, if applicable, can be measured reliably, revenue is recognised as follows:

Revenue from sale of goods is recognised on transfer of risks and rewards of ownership, which is at the time of delivery and the title is passed to customer.

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

Dividend income is recognised when the right to receive the dividend is established.

(h) Income taxes

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for goodwill and recognised assets and liabilities that affect neither accounting nor taxable profits, deferred tax liabilities are recognised for all temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period.

Notes to Financial Statements

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(b) Income taxes (Continued)

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income.

(i) Foreign currency

Transactions entered into by group entities in currencies other than the currency of the primary economic environment in which they operate (the “functional currency”) are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. HK\$) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as foreign exchange reserve. Exchange differences recognised in profit or loss of group entities’ separate financial statements on the translation of long-term monetary items forming part of the Group’s net investment in the foreign operations concerned are reclassified to other comprehensive income and accumulated in equity as foreign exchange reserve.

On disposal of a foreign operation, the cumulative exchange differences recognised in the foreign exchange reserve relating to that operation up to the date of disposal are transferred to profit or loss as part of the profit or loss on disposal.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(j) Employee benefits

(i) Defined contribution retirement plans

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees.

(ii) Termination benefits

Termination benefits are recognised when, and only when, the Group demonstrably commits itself to terminate employment or to provide benefits as a result of voluntary redundancy by having a detailed formal plan which is without realistic possibility of withdrawal.

(iii) Employee entitlements

Employee entitlements to annual leave and statutory long service payments due on retirement or termination are recognised when they accrue to the employees. A provision is made for the estimated liability for annual leave and long service payments as a result of services rendered by employees up to the end of reporting period. The estimated liability is calculated net of expected reduction from benefits available from the Mandatory Provident Fund in Hong Kong or other equivalent funds in the PRC.

Employee entitlements to sick leave and other non-accumulated short-term compensated absences are not recognised until the time of leave.

(k) Share-based payments

Where share options are awarded to employees, the fair value of the options at the date of grant is recognised in profit or loss over the vesting period with a corresponding increase in the share option reserve within equity. Non-market vesting conditions are taken into account by adjusting the number of equity instruments expected to vest at the end of each reporting period so that, ultimately, the cumulative amount recognised over the vesting period is based on the number of options that eventually vest. Market vesting conditions are factored into the fair value of the options granted. As long as all other vesting conditions are satisfied, a charge is made irrespective of whether the market vesting conditions are satisfied. The cumulative expense is not adjusted for failure to achieve a market vesting condition.

Where the terms and conditions of options are modified before they vest, the increase in the fair value of the options, measured immediately before and after the modification, is also recognised in profit or loss over the remaining vesting period.

Where equity instruments are granted to persons other than employees, the fair value of goods or services received is recognised in profit or loss unless the goods or services qualify for recognition as assets. A corresponding increase in equity is recognised.

4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

(k) Share-based payments (Continued)

The policy described above is applied to all equity-settled share-based payments that were granted after 7 November 2002 and vested after 1 January 2005.

The Group has taken the advantage of the transitional provisions of HKFRS 2 in respect of those equity-settled awards for the share options granted and immediately vested before 1 January 2005. As a result, no share-based expenses have been recognised in the financial statements.

(l) Impairment of other assets

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment and investments in subsidiaries to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased.

If the recoverable amount (i.e. the greater of the fair value less costs to sell and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

(m) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which will probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(n) Dividends

Interim dividends are recognised directly as a liability when they are proposed and declared by the directors.

Final dividends proposed by the directors are classified as a separate allocation of retained earnings within capital and reserves in the statement of financial position. Final dividends are recognised as a liability when they are approved by the shareholders.

(o) Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of key management personnel of the Group.

- (b) An entity is related to the Group if any of the following conditions apply:
 - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Notes to Financial Statements

31 March 2013

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

(a) Critical judgements in applying accounting policies

Held-to-maturity investments

The Group classifies financial assets as held-to-maturity investments when it has a positive intention and ability to hold the investments to maturity. Directors exercise judgement based on the Group's treasury objective and financial risk management policy to determine whether the financial assets are to be classified as held-to-maturity.

Impairment of available-for-sale investments

The directors review available-for-sale investments at the end of each reporting period to assess whether they are impaired. The Group records impairment loss on available-for-sale equity investments when there has been a significant or prolonged decline in the fair value below their cost. The determination of what is significant or prolonged decline requires judgement. In making this judgement, the directors evaluate, among other factors, historical share price movements and the duration and extent to which the fair value of an investment is less than its cost.

(b) Key sources of estimation uncertainty

The following are the key sources of estimation uncertainty that have a significant risk of resulting a material adjustment to the carrying amounts of assets and liabilities within next financial year are as follows:

Impairment of property, plant and equipment

Impairment loss for property, plant and equipment are recognised for the amount by which the carrying amount exceeds its recoverable amount. The recoverable amount of the assets, or, where appropriate, the cash generating unit to which they belong, is the higher of its value in use and fair value less costs to sell.

Notes to Financial Statements

31 March 2013

5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

(b) Key sources of estimation uncertainty (Continued)

Impairment of property, plant and equipment – Continued

Value-in-use

The value-in-use calculations primarily use cash flow projections based on five-year financial budgets approved by management. There are a number of assumptions and estimates involved in the preparation of cash flow projections for the period covered by the approved budgets. Key assumptions and estimates include the expected growth rate in revenues, timing of future capital expenditures and selection of discount rates to reflect the risks involved.

Management prepares the financial budgets reflecting actual and prior years' performance and market development expectations. Judgement is required to determine key assumptions and estimates adopted in the cash flow projections and changes to key assumptions can significantly affect these cash flow projections and therefore the results of the impairment review.

Fair value less costs to sell

Management estimates the amount obtainable from the sales of the assets or the cash generating unit in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal, as appropriate.

Where the estimated recoverable amount is less than the carrying amount, impairment on property, plant and equipment may be required.

Write-down of inventories

Management of the Company estimates the net realisable value of inventories based primarily on the latest market prices and current market conditions. The Group carries out an inventory review at the end of each reporting period and makes allowance on obsolete and slow moving items to write down inventories to their net realisable values. Where the subsequent estimated net realisable value of inventories is less than the original estimate, a material write-down may arise.

Impairment loss on trade receivables

Impairment loss on trade receivables is made based on the evaluation of collectability and ageing analysis of accounts and on directors' judgement by reference to the estimation of the future cash flow discounted at an original effective interest rate to calculate the present value. Where the actual future cash flows are less than expected, a material impairment loss may arise.

Notes to Financial Statements

6. SEGMENT REPORTING

The Group determines its operating segments based on the reports reviewed by the chief operating decision makers that are used to make strategic decisions.

The Group has two reportable segments. The segments are managed separately as each business offers different products and services and requires different business strategies. The following summary describes the operations in each of the Group's reportable segments:

Manufacturing business	–	Manufacture and distribution of leather products
Retail business	–	Retail of fashion apparel, footwear and leather accessories

Inter-segment transactions are priced with reference to prices charged to external parties for similar order. Central revenue and expenses are not allocated to the operating segments as they are not included in the measure of the segments' profit that is used by the chief operating decision makers for assessment of segment performance.

(d) Information about major customers

Revenue from one customer of the Group's manufacturing business segment amounted to approximately HK\$21,507,000 (HK\$19,983,000) which represents 10% or more of the Group's revenue for the year.

7. TURNOVER

Turnover, which is also the revenue, represents the net amounts received and receivable for goods sold to external customers, less returns and discount, if any, during the year.

10. DIRECTORS' AND SENIOR MANAGEMENT'S EMOLUMENTS *(Continued)**(a) Directors' emoluments (Continued)*

No directors waived any emoluments during the years ended 31 March 2013 and 2012.

The discretionary bonuses are determined by reference to the financial performance of the Group and the performance of the individual director for each financial year.

(b) Five highest paid individuals

The five individuals whose emoluments were the highest in the Group for the year include three (2012: three) directors whose emoluments are reflected in the analysis presented above. The emoluments of the remaining two (2012: two) individuals are as follows:

	2013 HK\$'000	2012 HK\$'000
Salaries and other benefits	1,800	1,766
Discretionary bonuses	72	77
Retirement benefits scheme contributions	29	24
	1,901	1,867

The emoluments of each of the remaining individuals were below HK\$1,000,000 for the years ended 31 March 2013 and 2012.

During the years ended 31 March 2013 and 2012, no emolument was paid to the directors or any of the five highest paid individuals as an inducement to join or upon joining by the Group or as compensation for loss of office.

(c) The emoluments paid or payable to members of senior management (including directors) were within the following bands:

	2013 No. of individuals	2012 No. of individuals
Nil to HK\$1,000,000	8	8
HK\$2,000,001 to HK\$2,500,000	3	3

11. INCOME TAX EXPENSE

The amount of income tax expense in the consolidated statement of comprehensive income represents:

	2013	2012
	HK\$'000	HK\$'000
Current tax – Hong Kong Profits Tax		
– tax for the year	196	349
– overprovision in respect of prior years	(98)	(71)
	98	278
Current tax – PRC Enterprise Income Tax		
– tax for the year	1,245	1,277
Deferred tax (<i>note 22</i>)		
– current year	-	(62)
Income tax expense	1,343	1,493

Hong Kong Profits Tax is calculated at 16.5% (2012: 16.5%) on the estimated assessable profits for the year.

The PRC Enterprise Income Tax rate for the Company's subsidiary in the PRC is 25% (2012: 25%).

Notes to Financial Statements

11. INCOME TAX EXPENSE *(Continued)*

The income tax expense for the year can be reconciled to the (loss)/profit before income tax expense per the consolidated statement of comprehensive income as follows:

	2013 HK\$'000	2012 <i>HK\$'000</i>
(Loss)/profit before income tax expense	(1,226)	8,473
Tax (credit)/expense calculated at Hong Kong Profits Tax rate of 16.5% (2012: 16.5%)	(202)	1,398
Tax effect of expenses not deductible for tax purpose	11,104	10,739
Tax effect of income not taxable for tax purpose	(10,653)	(11,178)
Over provision in respect of prior years	(98)	(71)
Effect of different tax rate of a subsidiary operating in other jurisdiction	423	434
Tax effect of tax losses not recognised	697	178
Tax effect of other deductible temporary difference not recognised	77	(28)
Others	(5)	21
Income tax expense	1,343	1,493

12. (LOSS)/PROFIT FOR THE YEAR ATTRIBUTABLE TO OWNERS OF THE COMPANY

The Group's (loss)/profit for the year attributable to owners of the Company includes an amount of loss of approximately HK\$233,000 (2012: profit of HK\$225,000) which has been dealt with in the financial statements of the Company.

13. (LOSS)/EARNINGS PER SHARE

The calculation of basic and diluted (loss)/earnings per share is based on the Group's loss for the year of approximately HK\$2,569,000 (2012: profit of HK\$6,980,000) attributable to owners of the Company and the weighted average number of 318,804,000 (2012: 318,804,000) ordinary shares in issue during the year.

The computation of diluted (loss)/earnings per share does not assume the exercise of the Company's outstanding share options as the exercise prices of those options are higher than the average market price for shares for both years ended 31 March 2013 and 2012.

18. TRADE AND BILLS RECEIVABLES *(Continued)*

Customers are generally granted with credit terms of 30 to 90 days. The ageing analysis of trade and bills receivables based on invoice date (net of impairment loss) at the end of reporting period is as follows:

	The Group	
	2013	2012
	HK\$'000	HK\$'000
Less than 30 days	6,743	16,504
31 to 60 days	1,474	2,788

121 to 365 days	1,430	2,334
More than 365 days	98	88
	12,460	25,034

The ageing of trade and bills receivables which are past due but not impaired is as follows:

	The Group	
	2013	2012
	HK\$'000	HK\$'000
Less than 30 days past due	2,274	4,904
31 – 60 days past due	2,141	2,093

91 – 120 days past due	158	823
121 – 365 days past due	1,282	1,533
	6,464	10,215

Receivables that were neither past due nor impaired related to customers for whom there was no recent history of default. Receivables that were past due but not impaired related to customers that have good creditworthiness or good track record with the Group. Based on past experience, the management considered no impairment is necessary as there has not been a significant change in credit quality of these balances, which are still considered fully recoverable.

Notes to Financial Statements

18. TRADE AND BILLS RECEIVABLES *(Continued)*

The movement in the impairment loss on trade and bills receivables during the year is as follows:

	The Group	
	2013	2012
	HK\$'000	HK\$'000
At beginning of the year	598	647
Impairment loss recognised	126	11
Bad debts written off	-	(60)
	724	598
At end of the year	724	598

The Group recognised impairment loss on individual assessment based on the accounting policy stated in note 4(e)(ii).

19. STRUCTURED BANK DEPOSIT

As at 31 March 2012, the Group had placed to a bank a structured bank deposit, which was linked to a combination of investments in bonds and currency markets, for a term of 91 days. Pursuant to the relevant underlying agreement, the structured bank deposit matured on 9 April 2012 and carried interest at a variable rate from 0% to 5% per annum with reference to the performance of the underlying investments during the investment period, and its principal sum is denominated in Renminbi ("RMB") and guaranteed by the bank. In addition, the bank had a call option to early terminate the structured bank deposit by repaying the principal sum and the interest, if any, up to the date of termination. The fair value of these embedded derivatives as at 31 March 2012 was insignificant. The Group has no structured bank deposit as at 31 March 2013.

20. AMOUNTS DUE FROM SUBSIDIARIES

The amounts are unsecured, interest-free and repayable on demand.

21. TRADE PAYABLES

The ageing analysis of trade payables at the end of reporting period is as follows:

	The Group	
	2013	2012
	HK\$'000	HK\$'000
Less than 30 days	2,342	7,234
31 to 60 days	1,382	2,745

More than 365 days	281	97
	5,712	11,131

22. DEFERRED TAX LIABILITIES

The followings are the deferred tax liabilities recognised by the Group and movements thereof:

	Accelerated tax depreciation
	<i>HK\$'000</i>
At 1 April 2011	123
Credit to consolidated statement of comprehensive income for the year (<i>note 11</i>)	(62)
At 31 March 2012 and 1 April 2012	61
Credit to consolidated statement of comprehensive income for the year (<i>note 11</i>)	-
At 31 March 2013	61

At 31 March 2013, the Group had other deductible temporary difference of approximately HK\$1,503,000 (2012: HK\$1,156,000) and unused tax losses of HK\$5,300,000 (2012: HK\$1,078,000). The deductible temporary difference and unused tax losses can be carried forward indefinitely. Deferred tax assets, to the extent of the amount expected to be utilised, has not been recognised in relation to such deductible temporary difference and unused tax losses as the amount involved is considered insignificant.

Notes to Financial Statements

31 March 2013

22. DEFERRED TAX LIABILITIES *(Continued)*

No deferred tax liability has been recognised on temporary difference in relation to the undistributed earnings of approximately HK\$21,523,000 (2012: HK\$17,850,000) of the subsidiary in the PRC because the Group is in a position to control the timing of the reversal of the temporary difference and it is probable that such difference will not reverse in the foreseeable future.

At 31 March 2013, the Group and the Company did not have other material unrecognised deferred tax assets and liabilities (2012: Nil).

23. SHARE CAPITAL

(a) Authorised and issued share capital

	The Company	
	Number of shares	Amount
		<i>HK\$'000</i>

Issued and fully paid:		
At 1 April 2011, 31 March 2012,		
1 April 2012 and 31 March 2013	318,804,000	3,188

(b) Capital management policy

The Group regards the share capital and reserves attributable to owners of the Company as its capital which amounts to HK\$288,437,000 (2012: HK\$291,020,000) as shown in the consolidated statement of financial position as at 31 March 2013. The Group's objective when managing capital is to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders.

The Group sets the amount of capital in proportion to risk. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may raise bank borrowings and adjust the amount of dividends paid to shareholders.

No changes were made in the objectives or policies during the year.

Notes to Financial Statements

31 March 2013

24. SHARE OPTIONS

Under the share option scheme (the “Share Option Scheme”) approved by the shareholders on 18 February 2003, the directors of the Company may, at its discretion, invite non-executive directors, employees, invested entities, suppliers of goods or services, customers, consultants and advisors of the Group or any entity in which any member of the Group holds any equity interest to take up options to subscribe for shares in the Company representing up to a maximum of 30 per cent of the issued share capital of the Company from time to time.

The subscription price for the shares in relation to options to be granted under the Share Option Scheme shall be determined by the board and shall be at least the highest of (i) the nominal value of the shares of the Company; (ii) the closing price of the shares on the date of grant (the “Offer Date”); and (iii) the average closing price of the shares for the five business days immediately preceding the Offer Date. The options are exercisable within 10 years from the Offer Date.

The following table discloses particulars of the Company’s share options outstanding as at 31 March 2013 and 2012.

24. SHARE OPTIONS *(Continued)*

The weighted average remaining contractual life of the options outstanding at 31 March 2013 is 3.99 years (2012: 4.99 years).

Note:

The Group has taken the advantage of the transitional provisions of HKFRS 2 in respect of the above equity-settled awards for the share options granted and immediately vested before 1 January 2005. As a result the HKFRS 2 has not been applied.

No options have been granted, lapsed or exercised during the years ended 31 March 2013 and 31 March 2012.

25. RESERVES *(Continued)*

The following describes the nature and purpose of each reserve within owners' equity:

Reserve	Description and purpose
Share premium	Amount subscribed for share capital in excess of nominal value.
Share option reserve	Cumulative expenses recognised on the granting of share options to participant over the vesting period.
Available-for-sale investments reserve	Fair value changes arising on recognising financial assets classified as available-for-sale investments at fair value.
(Accumulated losses)/ retained earnings	Cumulative net gains and losses recognised in profit or loss.

26. DIVIDENDS

	2013 HK\$'000	2012 HK\$'000
Interim dividend of HK0.33 cents (2012: HK\$ Nil) per ordinary share	1,052	–

The directors do not propose any final dividend for both years ended 31 March 2013 and 2012.

27. CONTINGENT LIABILITIES

At 31 March 2013, the Company issued a guarantee to banks in respect of general facilities granted to its subsidiaries to the extent of HK\$15,000,000 (2012: HK\$15,000,000) and the facilities have not been utilised by the subsidiaries (2012: nil). The Company has not recognised any deferred income in respect of the guarantee as its fair value cannot be reliably measured and its transaction price was nil.

In addition, the Company issued guarantees to landlords in respect of the lease agreements entered into by a subsidiary for certain retail outlets. At 31 March 2013, there were no rental payables by the subsidiary under these lease agreements (2012: nil) and the non-cancellable future minimum lease payment under these lease agreements was approximately HK\$8,652,000 (2012: HK\$8,942,000).

Notes to Financial Statements

31 March 2013

28. OPERATING LEASES

Operating lease payments represent rental payable by the Group for its offices, retail outlets and production plants. Leases are negotiated and rentals are fixed for an average term of one to three years (2012: one to three years), and the leases for certain retail outlets include contingent rents, which are determined by applying pre-determined percentages to sales less the basic rentals of the respective leases.

The lease payments recognised as expenses during the year are as follows:

	2013 HK\$'000	2012 <i>HK\$'000</i>
Minimum lease payments	16,804	17,678
Contingent rents	415	925
	17,219	18,603

The total future minimum lease payments are due as follows:

	2013 HK\$'000	2012 <i>HK\$'000</i>
Not later than one year	12,243	9,968
Later than one year and not later than five years	6,212	4,901
	18,455	14,869

The above lease commitments only include commitments for basic rentals, and do not include commitments for contingent rents, if any, as it is not practical to determine in advance the amount of such additional rentals.

Notes to Financial Statements

31 March 2013

29. RELATED PARTY TRANSACTIONS

- (a) In addition to the transactions and balances detailed elsewhere in these financial statements, the Group had the following transactions with related parties during the year:

	2013 HK\$'000	2012 HK\$'000
Rental expenses paid to Mr. Chan Woon Man and Ms. Tsang Sau Lin for office premises	600	600

Mr. Chan Woon Man is a substantial shareholder of the Company and Ms. Tsang Sau Lin is the wife of Mr. Chan Woon Man.

(b) Compensation of key management personnel

The remuneration of directors and other members of key management during the year was as follows:

	2013 HK\$'000	2012 HK\$'000
Short-term benefits	11,221	11,820
Post employment benefits	145	120
	11,366	11,940

30. RETIREMENT BENEFIT PLANS

The Group operates a Mandatory Provident Fund Scheme ("MPF Scheme") for all employees in Hong Kong. The assets of the MPF Scheme are held separately from those of the Group in funds under the control of an independent trustee. Under the rules of the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at rates specified in the rules. The only obligation of the Group with respect to the MPF Scheme is to make the required contributions under the scheme.

The employees of the Group's subsidiary in the PRC are members of a state-managed retirement benefit scheme operated by the government of the PRC. The subsidiary is required to contribute a specified percentage of payroll cost to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefit scheme is to make the specified contributions.

Notes to Financial Statements

31 March 2013

31. FINANCIAL RISK MANAGEMENT

Exposure to currency, interest rate, credit and liquidity risks arises in the normal course of the Group's business. The Group is also exposed to equity price risk arising from its available-for-sale investments.

These risks are limited by the Group's financial management policies and practices described below.

(i) *Currency risk*

Several subsidiaries of the Company have foreign currency sales and purchases, mainly denominated in United States Dollars ("USD"), RMB and Euro, which expose the Group to currency risk. Certain financial assets and liabilities of the Group are also denominated in USD, RMB and Euro. As HK\$ is pegged to USD, the Group does not expect any significant movements in the USD/HK\$ exchange rate. In this regard, the Group does not expose to significant currency risk arising from USD.

The carrying amounts of the Group's financial instruments denominated in RMB and Euro at the end of reporting period are as follows:

	Liabilities		Assets	
	2013	2012	2013	2012
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
RMB	11,350	14,525	22,795	110,509
Euro	1	1	2,492	6,534

The Group currently does not have a foreign currency hedging policy. However, the management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arise.

Sensitivity analysis

The following table indicates the approximate change in the Group's loss for the year and retained earnings in response to reasonably possible changes in the foreign exchange rates to which the Group has significant exposure at the end of reporting period. The sensitivity analysis includes balances between Group companies where the denomination of the balances is in a currency other than the functional currencies of the lender or the borrower.

	2013		2012	
	Appreciation/ (depreciation) of foreign exchange rates against HK\$ %	Increase/ (decrease) in loss for the year and retained earnings HK\$'000	Appreciation/ (depreciation) of foreign exchange rates against HK\$ %	Increase/ (decrease) in profit for the year and retained earnings HK\$'000
RMB	4%	(495)	4%	3,887
	(4%)	495	(4%)	(3,887)
Euro	9%	(223)	9%	545
	(9%)	223	(9%)	(545)

The sensitivity analysis has been determined assuming that the change in foreign exchange rates had occurred at the end of reporting period and had been applied to each of the group entities; exposure to currency risk for financial instruments in existence at that date, and that all other variables, in particular interest rates, remain constant.

The stated changes represent management's assessment of reasonably possible changes in foreign exchange rates over the period until the next annual reporting date. The analysis is performed on the same basis for the year ended 31 March 2012.

(ii) Interest rate risk

The Group's exposure to cash flow interest rate risk is mainly attributable to its interest-bearing bank deposits. The interest rate of bank deposits is subject to changes as determined by banks. The Group currently does not have an interest rate hedging policy and will consider to enter into interest rate hedging should the need arise.

At 31 March 2013, it is estimated that a general increase/decrease of 25 basis points in interest rates, with all other variables held constant, would have increased/decreased the profit for the year and retained earnings by approximately HK\$400,000 (2012: HK\$292,000).

(iii) Credit risk

The Group has policies in place to determine credit limit, credit approval and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts from customers. In this regard, the directors of the Company consider that the Group does not expose to significant credit risk.

The credit risk for bank deposits, held-to-maturity investment and structured bank deposit is limited because the counterparties are banks with high credit-ratings.

(iv) Liquidity risk

Internally generated cash flows are the general sources of funds to finance the operations of the Group. The Group's liquidity risk management includes making available standby banking facilities and maintaining adequate cash and cash equivalents for its operations. The Group regularly reviews its major funding positions to ensure it has adequate financial resources in meeting its financial obligations. The Group's financial liabilities, comprising trade payables and other payables and accrued charges, mature in less than one year and their contractual undiscounted payments approximate their carrying amounts included in the statement of financial position.

(v) Equity price risk

The Group is exposed to equity price changes arising from equity instruments classified as available-for-sale investments. All of these investments are listed on the Stock Exchange of Hong Kong Limited. Listed investments held in the available-for-sale portfolio have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations.

It is estimated that an increase or decrease of 15% (2012: 15%) in the prices of the respective equity instruments, with all other variables held constant, would have insignificant effect on the profit or other components of equity of the Group for the years ended 31 March 2013 and 2012.

(vi) Fair values

- (a) The following table provides an analysis of financial instruments carried at fair value by level of fair value hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

	HK\$'000	HK\$'000	HK\$'000	HK\$'000
2012				
Available-for-sale investments – Listed	5,349	–	–	5,349

(b) The fair values of financial assets and financial liabilities are determined as follows:

- the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices (includes listed redeemable notes, bills of exchange, debentures).
- the fair value of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes for similar instruments.

The directors consider the fair values of the Group's financial assets and financial liabilities approximate their carrying amounts as at the end of each reporting period.

32. APPROVAL OF FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Board of Directors on 27 June 2013.
