

Business Highlights

- Wind Tre and Iliad form Zefiro Net S.r.l., a 50:50 joint venture, to connect the less densely populated areas of Italy.
- Watsons opens its 1,000th store in Manila, Philippines, adding to a total of over 8,000 stores across 15 markets in Asia, Europe and the Middle East.
- Hutchison Ports announces a total investment of approximately US\$700 million in two Egyptian port projects, including Ain Sokhna Port and B100, a new container terminal in the Port of Alexandria.

- Watsons strengthens its sustainability commitment with over 9,000 Sustainable Choices products.
- CKHGT and Vodafone Group announce agreements to combine their UK telecommunications businesses. The value-creating transaction is described to be “great for customers, great for the country and great for competition”.

- Hutchison Ports and King Salman Energy Park sign a concession agreement to develop a dry port and bonded logistics zone in the Eastern Province of Saudi Arabia.
- AS Watson Group and Amorepacific Group sign an agreement to bring a wide range of Korean beauty products and skincare brands to customers in Asia.

- The Hong Kong Offshore LNG Terminal, jointly developed by HK Electric and CLP Power, commences commercial operation. The terminal gives both companies direct access to international LNG markets and provides a long-term alternative fuel source to meet the city's generation needs.
- UK Rails' first refurbished Class 395 Javelin re-enters passenger service with new seats and carpets, USB at-seat power sockets and LED lighting. Energy meters have also been installed to help reduce the energy and environmental impacts of the rail operator, Southeastern.

- Australian Gas Networks' Hydrogen Park South Australia features the largest electrolyser in operation in Australia. By mid-2023, the number of premises to which blended renewable hydrogen is supplied has increased from 700 homes to nearly 4,000 homes and commercial properties.
- CK Life Sciences presents promising preclinical data in liver cancer for its investigational dual-antigen cancer vaccine co-targeting PRAME (preferentially expressed antigen in melanoma) and PD-L1 (programmed death-ligand 1) at the 2023 Society for Immunotherapy of Cancer Annual Meeting in San Diego, USA.

- HUTCHMED's in-house discovered drug FRUZAQLA™ (fruquintinib), for the treatment of colorectal cancer, is the company's first US FDA approved medicine.
- Hutchison Telecommunications Hong Kong Holdings upgrades its 5G sea coverage in multiple hotspots in Hong Kong by deploying advanced hardware and software technologies in the 700 MHz band of spectrum.
- CKHGT has been recognised as top rated in the Sustainalytics' Top-Rated ESG Companies List.
- HUTCHMED's new flagship manufacturing facility in Shanghai, China, completes construction and commences operations.
