Note 1: As Hong Kong Financial Reporting Standards are fully converged with International Financial Reporting Standards in the accounting for leases, for ease of reference, International Financial Reporting Standard 16 "Leases" ("IFRS 16") and the precedent lease accounting standard International Accounting Standard 17 "Leases" ("IAS 17") are referred to in this Interim Report interchangeably with the relevant Hong Kong Financial Reporting Standards. The Group believes that the IAS 17 basis ("Pre-IFRS 16 basis") metrics, which are not intended to be a substitute for, or superior to, the reported metrics on a IFRS 16 basis ("Post-IFRS 16 basis"), better reflect management's view of the Group's underlying operational performance. IAS 17 basis metrics financial information is regularly reviewed by management and used for resource allocation, performance assessment and internal decision-making. As a result, the Group has provided an alternative presentation of the Group's EBITDA, EBIT, interest expenses and other finance costs, tax, non-controlling interests and perpetual capital securities holders' interests and profit attributable to ordinary shareholders prepared under the Pre-IFRS 16 basis relating to the accounting for leases. Unless otherwise specified, the discussion of the Group's operating results in this Interim Report is on a Pre-IFRS 16 basis as mentioned above.

Note 2: Total revenue, EBITDA, EBIT, interest expenses and other finance costs and tax include the Group's proportionate share of associated companies and joint ventures' respective items. Total revenue, EBITDA and EBIT were adjusted to exclude non-controlling interests' share of results of HPH Trust.

Note 1: As Hong Kong Financial Reporting Standards are fully converged with International Financial Reporting Standards in the accounting for leases, for ease of reference, International Financial Reporting Standard 16 “Leases” (“IFRS 16”) and the precedent lease accounting standard International Accounting Standard 17 “Leases” (“IAS 17”) are referred to in this Interim Report interchangeably with the relevant Hong Kong Financial Reporting Standards. The Group believes that the IAS 17 basis (“Pre-IFRS 16 basis”) metrics, which are not intended to be a substitute for, or superior to, the reported metrics on a IFRS 16 basis (“Post-IFRS 16 basis”), better reflect management’s view of the Group’s underlying operational performance. IAS 17 basis metrics financial information is regularly reviewed by management and used for resource allocation, performance assessment and internal decision-making. As a result, the Group has provided an alternative presentation of the Group’s EBITDA, EBIT and Reported earnings prepared under the Pre-IFRS 16 basis relating to the accounting for leases. Unless otherwise specified, the discussion of the Group’s operating results in this Interim Report is on a Pre-IFRS 16 basis as mentioned above.

Note 2: Total revenue, earnings before interest expenses and other finance costs, tax, depreciation and amortisation (“EBITDA”) and earnings before interest expenses and other finance costs and tax (“EBIT”) include the Group’s proportionate share of associated companies and joint ventures’ respective items.

Note 3: Reported earnings represent profit attributable to shareholders. Reported earnings per share for the six months ended 30 June 2023 and 2022 is calculated based on profit attributable to ordinary shareholders and CKHH’s weighted average number of shares outstanding during the periods of 3,830,044,500 and 3,834,506,599 respectively.

Note 4: Underlying results for the six months ended 30 June 2022 exclude one-time net gain of HK\$5.1 billion at EBITDA, EBIT and Reported earnings, under pre-IFRS 16 and HK\$6.2 billion at post-IFRS 16 Reported earnings, comprising net gain from the Indonesian telecommunication business merger and a non-cash impairment of the Sri Lanka telecommunication business.

## Chairman's Statement

Global economic prospects remain clouded as inflationary pressures and geopolitical instability continue to weigh against a background of sluggish growth. Although headline inflation eased moderately through the half it remains above historical averages and above central banks' announced target rates in the US, Europe and the UK. Given continuing supply side risks, including tight labour markets and volatile commodity prices, inflation may be expected to persist for longer and prove more difficult to contain. At the same time, higher interest rates and tightening credit conditions in major markets present increasing challenges to growth.

The principal headwinds faced by the Group in the first half of 2023 were the continuing relative strength of the US dollar, input cost inflation (particularly in Europe and the UK and in our energy intensive telecom businesses) and the lack of any one-time gains realised in the half. The Group has continued to pursue longer term value accretive transaction initiatives and recently announced a major merger agreement in the UK and the formation of a network joint-venture in Italy. Excluding the one-time items in the first half of 2022 and the adverse foreign currency translation impact, EBITDA and EBIT, on a pre-IFRS 16 basis, decreased by 3% and 4% respectively against the same period last year in local currencies. In addition to the headwinds described above, the decline was attributable to lower contribution from Cenovus Energy, adverse performances in the Ports division as throughput and storage demand reduced, as well as 3 Group Europe with the incremental tower service fees in the UK for the full six months period, higher energy and operating costs, all of which more than offset upsides from repricing initiatives. These adverse variances were partly offset by robust recoveries of the Retail division in almost all regions.

Profit attributable to ordinary shareholders on a pre-IFRS 16 basis of HK\$11,009 million was a decrease of 38% in reported currency and 36% in local currencies when compared to the first half of 2022. Excluding the one-time net gain in 2022, underlying profit attributable to ordinary shareholders declined by 13% in reported currency and 10% in local currencies against the same period last year.

On a post-IFRS 16 basis, profit attributable to ordinary shareholders for the first half of 2023 was HK\$11,208 million, a 41% decrease compared to the same period last year and the underlying profit attributable to ordinary shareholders, excluding the 2022 one-time net gain, declined by 13%.

Reported earnings per share were HK\$2.93 for the six months ended 30 June 2023 (30 June 2022 – HK\$4.98).

### Dividend

The Board of Directors declares an interim dividend of HK\$0.756 per share (30 June 2022 – HK\$0.840 per share), payable on Thursday, 14 September 2023, to shareholders whose names appear on the Register of Members of the Company at the close of business on Tuesday, 5 September 2023, being the record date for determining shareholders' entitlement to the interim dividend.

### Ports and Related Services

The Ports and Related Services division handled 39.3 million twenty-foot equivalent units ("TEU") through 293 operating berths in the first half of 2023, a 7% drop compared to the same period last year, mainly due to lower export volume at HPH Trust, stagnant global demand for consumer goods and the accumulation of inventory in the US and Europe in late 2022, partly offset by higher volumes recovered from Shanghai given the exceptionally low throughput levels in the same period last year due to the pandemic lockdown.

Apart from the reduction in throughput, the easing of supply chain disruptions and port congestion have generally resulted in lower storage income across major ports. The division also reported weaker contribution from an associated company in the container shipping business driven by the sharp decline in freight rates. This division reported total revenue of HK\$19,863 million, EBITDA<sup>(1)</sup> of HK\$6,509 million and EBIT<sup>(1)</sup> of HK\$4,337 million, which excluding adverse foreign currency translation impacts, decreased by 12%, 20% and 27% respectively compared to the first half of 2022.

Looking into the second half, overstocking in the US and Europe will continue to hinder the recovery of cargo demand. The weak global demand, which is reflected in sub-par manufacturing activities in the Mainland, is expected to begin to recover moderately in the second half with reduced inventory levels and accordingly volume is projected to improve in the fourth quarter of 2023, and in the second half as compared to the same half in 2022.

The Ports division has publicly committed to submit its near-term and net-zero targets for validation by the Science Based Targets initiative and has launched a new decarbonisation strategy with a target to reduce scope 1 and 2 emissions by 46.2% by 2032 versus a 2021 baseline. To achieve these targets, among other initiatives, the division has mandated that all new investments in mobile and stationary machinery will be fully electric or supplemented with other forms of clean energy going forward.

### Retail

The Retail division had 16,164 stores across 28 markets at the end of June 2023, marginally lower against the same period last year by 1%. The division's total revenue, EBITDA<sup>(2)</sup> and EBIT<sup>(2)</sup> of HK\$88,619 million, HK\$7,056 million and HK\$5,420 million increased by 4%, 17% and 25% respectively in reported currency against last year. In local currencies, total revenue, EBITDA and EBIT increased by 7%, 20% and 28% respectively. The year-on-year improvements were primarily due to robust performances in Europe and Asia, as well as recovery in the Mainland, partly offset by adverse performance in Hong Kong due to subdued consumer spending.

The Health and Beauty segment, which represented 87% of the Retail division's revenue in the first half of 2023, reported total sales growth in local currencies of 12% from a strong 11% growth in comparable stores sales, contributing to the EBITDA and EBIT growth, in local currencies, of 22% and 30% respectively compared to the same period last year. Health and Beauty China reported 30% and 118%

Note 1: Under Post-IFRS 16 basis, EBITDA was HK\$7,840 million (30 June 2022: HK\$9,622 million); EBIT was HK\$4,903 million (30 June 2022: HK\$6,583 million).

Note 2: Under Post-IFRS 16 basis, EBITDA was HK\$11,771 million (30 June 2022: HK\$10,763 million); EBIT was HK\$5,948 million (30 June 2022: HK\$4,779 million).

increase in EBITDA and EBIT in local currency respectively from the increased activities and mobility in the Mainland following the easing of lockdown restrictions at the end of 2022, as well as margin and productivity improvement. Health and Beauty Asia reported 27% and 32% increase in EBITDA and EBIT in local currencies driven primarily by higher sales from the increase in store traffic, with healthy EBITDA growth reported by Thailand, the Philippines and Malaysia. Even more encouragingly, performances in the Health and Beauty operations in Europe have exceeded pre-pandemic levels with 18% and 23% increase in EBITDA and EBIT in local currencies respectively against the same period last year, primarily from the UK, Germany and the Benelux countries as store traffic remained strong.

Looking into the rest of the year, the European and Asian businesses should continue to deliver strong performances, while further recovery is also expected for the Mainland operations. This division will continue to drive the key strategic pillars with its 151 million loyalty customer base serving to enhance customer engagement and lifetime value, as well as continue with its "O+O" platform strategy.

The Retail division continues its commitment to achieving its emission reduction targets which have been validated by the Science Based Targets initiative. It has committed by 2030 (versus a 2018 baseline) to reduce scope 1 and 2 emissions by 50.4%; reduce scope 3 emissions from purchased goods and services, upstream transportation and distribution, and use of sold products by 58% per Hong Kong dollar value added or per Hong Kong dollar increase in EBITDA and 33% of supplier emissions from purchased goods and services, upstream transportation and distribution to be subject to science-based targets by 2027. With over 90% of its footprint being attributable to scope 3 emissions, this division continues to implement a major supplier engagement programme including training and tools to report more accurate data through a dedicated scope 3 emissions platform.

## Infrastructure

The Infrastructure division comprises a 75.67% interest in CK Infrastructure Holdings Limited ("CKI"), a subsidiary listed in Hong Kong as well as 10% of the economic benefits deriving from the Group's direct holdings in six co-owned infrastructure investments with CKI.

## CKI

CKI announced a net profit attributable to shareholders under Post-IFRS 16 basis of HK\$4,239 million, 4% lower than the same period last year, mainly from higher finance costs due to rising interest rates, as well as adverse foreign exchange translation impact against US dollars. In local currencies, net profit attributable to shareholders under Post-IFRS 16 basis increased by 4%.

In 2023, a number of CKI's regulated businesses in the UK and Australia have entered or are scheduled to enter new regulatory regimes. Final determinations for the upcoming regulatory periods have been received, which facilitates revenue predictability for the coming five years. Regulated returns also mitigate cost inflation risks to this division.

In April, the Infrastructure division announced its first division-wide emissions reduction targets including halving emissions by 2035 versus 2020, and committing to the pursuit of net-zero by 2050. The division continues to contribute significantly through its businesses to the energy transition. The electricity distribution networks, UK Power Networks, SA Power Networks, Victoria Power Networks, United Energy and Wellington Electricity, are pioneers in their own countries in either battery development, smart grid management, solar energy export management, or electric vehicle charging initiatives; and the unregulated businesses of some of these companies and Australia's Energy Developments are leaders in renewable energy solutions, such as that of solar and wind. The gas distribution networks of Northern Gas Networks, Wales & West Gas Networks and Australian Gas Networks are all strong proponents of hydrogen to help meet net-zero targets. Dutch Enviro Energy's energy-from-waste and carbon capture projects, as well as EnviroNZ's resource recycling and landfill gas-to-energy operations are successful environmental sustainable models. UK Rails continue to explore alternative sources of energy including hydrogen and batteries; and ista's sub-meters facilitate energy saving for residential properties and energy efficiency solutions for corporations. In Hong Kong, the offshore LNG terminal partly owned and developed by HK Electric has commenced operations. This is a milestone development for the territory's transition from coal to natural gas for power generation.

## CK Hutchison Group Telecom

Revenue of CK Hutchison Group Telecom ("CKHGT") was HK\$41,761 million (€4,917 million), flat against the same period last year, whereas EBITDA<sup>(3)</sup> and EBIT<sup>(3)</sup> of HK\$10,019 million (€1,218 million) and HK\$335 million (€79 million) were 20% and 86% lower than the same period last year respectively in reported currency, which was impacted by a HK\$0.7 billion adverse year-on-year variance from the foreign currency revaluation impact of certain monetary assets, as well as lower contribution from 3 Group Europe. Excluding the foreign currency revaluation impact of certain monetary assets aforementioned, EBITDA and EBIT were 14% and 62% lower than first half 2022.

## 3 Group Europe

As at 30 June 2023, the active customer base of 3 Group Europe stands at 39.9 million, 2% higher against the same period last year mainly due to the UK, where the customer base increased 7% year-on-year driven by notable contract customer growth in the business customer segment, with better or relatively stable contract customer base reported by all the other operations.

Revenue of HK\$38,751 million was 1% higher against the same period last year in local currencies, primarily driven by the healthy growth in net customer services revenue due to the increase in the customer base, coupled with higher roaming income from increased travelling by the European customers, partly offset by lower wholesale revenues in Italy of HK\$0.7 billion. Most 3 Group Europe operations delivered a year-on-year improvement in total margin, which more than offsets the lower contribution from Italy and resulting in an overall 3% increase in total margin in local currencies.

Note 3: Under Post-IFRS 16 basis, EBITDA was HK\$13,357 million (30 June 2022: HK\$15,947 million); EBIT was HK\$852 million (30 June 2022: HK\$3,067 million).

However, EBITDA<sup>(4)</sup> was 10% or HK\$1,201 million lower against the same period last year in local currencies, as performance was adversely impacted primarily by the incremental tower service fees in the UK of HK\$0.6 billion following the tower assets disposal, the higher energy costs and other inflationary impacts of around HK\$1.0 billion, as well as higher other network costs from the expanded networks, particularly in the UK. Depreciation and amortisation was 1% or HK\$0.1 billion lower against the same period last year, as the higher depreciation in the UK from continued 5G rollout and digitalisation was more than offset by the savings arising from tower assets disposal and the lower depreciation in Italy, following the transfer of certain network assets to a newly setup joint venture in January 2023, as well as lower 5G network investment after its investment cycle has peaked in 2022. Correspondingly, EBIT<sup>(4)</sup> was 49% or HK\$1,073 million lower in local currencies, reflecting primarily the EBITDA shortfall mentioned above.

Inflation and energy cost hikes have adversely affected 3 Group Europe's performance in the first half. Due to the phasing differences, the realisation of revenue upside benefits from in-contract repricing initiatives, which were phased across the first half, did not fully cover the incremental costs which were already at an elevated level since the beginning of the year. However, as the pricing ramp up continues, most operations are expected to cover the inflationary effects and improve the profitability in the second half.

In May 2023, CK Hutchison Group Telecom Ltd ("CKHGT") entered into an agreement to establish a joint venture with a private-equity firm to provide wholesale mobile and fixed communications services business in Italy. The joint venture will be 40% owned by CKHGT upon completion. In June 2023, CKHGT reached an agreement to combine 3 UK with Vodafone UK, with the merged entity being 49% owned by CKHGT upon completion. These transactions are expected to be earnings and cash flow accretive to the Group's recurring performance, as well as on completion, realising substantial cash receipts of approximately €2.44 billion and £1.7 billion from the Italian and the UK transactions respectively. The completion of these transactions are subject to regulatory approvals and satisfaction of conditions precedent.

CKHGT continues its commitment to its climate action plan and the achievement of its Science-Based Targets, including reducing scope 1 and 2 emissions by 50% by 2030 and reducing scope 3 emissions by 42% by 2030 versus a 2020 baseline. It has also formally committed to setting a long-term net-zero target to be validated by the Science

Based Targets initiative. As impactful reduction measures, the division continues to invest in the transition to 5G including network equipment upgrades, implementation of energy efficient network features, and virtualisation of networks, all of which are leading to more efficient processing of data traffic. Business units are also continuing to evaluate options for procuring long-term renewable power purchase agreements to replace energy attribute certificates.

## Hutchison Asia Telecommunications

Hutchison Asia Telecommunications ("HAT") includes the Group's telecommunication businesses in Indonesia, Vietnam and Sri Lanka. HAT's active customer accounts increased by 6% compared to the same period last year to reach approximately 122.5 million as of 30 June 2023.

In the first half of 2023, total revenue, EBITDA<sup>(5)</sup> and EBIT<sup>(5)</sup> of HK\$5,775 million, HK\$1,877 million and HK\$723 million decreased by 1%, 75% and 88% respectively when compared to last year, mainly due to the net gain of HK\$5.1 billion<sup>(6)</sup> from the completion of the merger transaction in 2022, partly offset by a non-cash impairment in the Group's telecommunication business in Sri Lanka. Excluding these one-off items in 2022, underlying EBITDA and EBIT decreased by 23% and 20%, mainly due to year-on-year lower net gains arising from disposal of non-core assets in the Indonesian joint venture, Indosat Ooredoo Hutchison ("IOH").

For the first six months of 2023, IOH reported a 9.5% increase in total revenue, driven by a 3.9% higher customer base, as well as strong growth in data traffic. Excluding the lower net gains arising from disposal of non-core assets mentioned above, IOH's underlying EBITDA and net profit, on a Post-IFRS 16 basis, increased by 24% and 751.9% respectively, from strong revenue growth and continued cost optimisation.

## Finance & Investments and Others

The Group's 16.7% share of Cenovus Energy's Post-IFRS 16 EBITDA, EBIT and net earnings were HK\$4,132 million, HK\$1,993 million and HK\$1,445 million, a decrease of 47%, 65% and 63% compared to the same period last year respectively, mainly reflecting the decline in commodity prices, as well as reduced production volume due to unplanned outages and delays in completing certain downstream facility turnarounds. As these have mostly been resolved towards the end of the second quarter, performances should improve in the second half as almost all operational assets will return to its normal operational capacity.

Note 4: Under Post-IFRS 16 basis, EBITDA was HK\$13,393 million (30 June 2022: HK\$14,910 million); EBIT was HK\$1,653 million (30 June 2022: HK\$2,773 million).

Note 5: Under Post-IFRS 16 basis, EBITDA was HK\$2,929 million (30 June 2022: HK\$9,619 million); EBIT was HK\$1,112 million (30 June 2022: HK\$7,512 million).

Note 6: Under Post-IFRS 16 basis, the net gain was HK\$6.2 billion. For further information, please see Note 5(b)(xvii) to the Financial Statements of this Interim Report.

Despite the above adverse variance, this segment reported favourable EBITDA and EBIT results in the first half of 2023, as certain treasury gains on non-core asset disposals, higher treasury investment returns and the Group's share of HutchMed's higher partnering revenue have more than offset the lower contribution from Cenovus Energy.

The Group's liquidity and financial profile remain strong. Consolidated cash and liquid investments totalled HK\$146,735 million and consolidated total bank and other debts<sup>(7)</sup> amounted to HK\$285,928 million, resulting in consolidated net debt<sup>(7)</sup> of HK\$139,193 million (31 December 2022 – HK\$133,109 million) and net debt to net total capital ratio<sup>(7)</sup> of 17.0% (31 December 2022 – 16.7%).

## Sustainability

In April 2023, the Group released its fourth Sustainability Report, which details its first Group-wide emissions reduction targets. The Group has committed to halving scope 1 and 2 emissions by 2035 as well as to the pursuit of net-zero greenhouse gas emissions across its value chain by 2050. These targets are based on the robust strategies being put in place at each of the Group's core businesses.

The Ports, Retail and Telecommunications divisions have committed to the Science Based Targets initiative, with the Retail division and CKHGT having been validated already during 2022 and the Ports division expects to receive validation by end 2023. The Infrastructure division also announced its first division-wide targets in April 2023, including reducing scope 1 and 2 emissions by 50% by 2035 as well as a commitment to the pursuit of net-zero by 2050. The levers to achieve these targets vary in scope and scale depending on the industries which each core business operates. However, the overarching Group strategy is encapsulated in its 10 net-zero transition opportunities, which are laid out in its latest Sustainability Report.

The Group held two important conferences to share its best practices underway across the Group. In February 2023, it held its first global climate action conference for internal audiences and in March 2023, it also held its first investor sustainability engagement day to complement regular ongoing investor outreach.

The opportunity to help our customers achieve their sustainability goals is seen as a key strategic area for the Group, with customers increasingly signalling their preferences for more sustainable products and services. The Group's core businesses are embracing innovation and collaboration to address sustainable development challenges and opportunities, such as building resilience to climate change, reaching underserved communities, and engaging with customers to live and shop more sustainably. In February, the Retail division joined the EcoBeautyScore consortium, alongside 70 other cosmetics industry stakeholders, to develop a common environmental impact scoring system for cosmetic products to help consumers to make more informed purchasing decisions. In April 2023, 3 Ireland also launched its device trade-in initiative to allow the public the chance to obtain money-back for the return of their electronic devices, including mobile phones, tablets and electronic wearables.

Developing workplaces where employees of the Group feel supported, recognised and included continues to be one of the core objectives of the Group. During the first half of this year, 3 Ireland, 3 UK and Wind Tre were recognised by national awards schemes as being among the best national employers.

## Outlook

For the rest of the year, economic conditions are expected to remain challenging with downside risks of higher or more sustained inflation as well as lower growth particularly difficult to predict. Consumer and business confidence in particular may continue to soften as the longer term effects of higher interest rates and more constrained credit environments weigh on sentiment. Although energy and commodity prices have eased from their 2022 highs, they remain volatile and the risks of supply side driven spikes cannot be ruled out. Further, risks associated with climate change may be intensifying with impacts which are increasingly difficult to anticipate.

Overall, however, the Group's full year outlook remains resilient from an operational perspective as its business and geographical diversification have resulted in downward cycle of certain core businesses being compensated by strong recoveries in performances of other businesses within the Group. Although in the first half of the year certain European operations were adversely impacted by the higher year-on-year energy and inflation cost pressures, revenue increases from pricing initiatives in the Telecommunication division in Europe, robust performances in the Retail division, as well as the constructive outlook in commodity prices are expected to contribute to better recurring operational results in the second half. However, as the recently announced transactions by the Group will require regulatory and other approvals to complete, the Group may not be able to realise one-time net gains in the year, as compared to the reported one-time net gains, under post-IFRS 16 basis, of over HK\$10 billion in 2022. In line with our established policies, the Group will continue to explore long term value accretive transactions for our shareholders, and will seek to strengthen our balance sheet and overall financial profile. The Group will continue to aim to achieve growth in recurring earnings and increase shareholder return while maintaining a strong financial position and ensuring disciplined execution of prudent financial, liquidity and cash flow management.

I would like to thank the Board of Directors and all our dedicated employees around the world for their continued loyalty, diligence, professionalism and contributions to the Group.

Note 7: Total bank and other debts are defined, for the purpose of "Net debt" calculation, as the total principal amount of bank and other debts and unamortised fair value adjustments arising from acquisitions. Net debt is defined as total bank and other debts less total cash, liquid funds and other listed investments. Net total capital is defined as total bank and other debts plus total equity (adjusted to exclude IFRS 16 effects) and loans from non-controlling shareholders net of total cash, liquid funds and other listed investments. The consolidated net debt to net total capital ratio under IFRS 16 basis, after including IFRS 16 impact in total equity, was 17.2% (31 December 2022: 16.9%).

Note 1: Total Revenue, EBITDA and EBIT have been adjusted to exclude non-controlling interests' share of results of HPH Trust.

Note 2: Asia, Australia and Others includes Panama, Mexico and the Middle East.

Note 3: Based on 300 metres per berth and is computed by dividing the total berth length by 300 metres.

Note 4: Under Post-IFRS 16 basis, EBITDA was HK\$7,840 million (30 June 2022: HK\$9,622 million); EBIT was HK\$4,903 million (30 June 2022: HK\$6,583 million).

Throughput decreased by 7% to 39.3 million TEU in the first half of 2023, with 65% and 35% local and transshipment volume respectively (1H 2022: 64% and 36% local and transshipment volume respectively). The overall throughput volume has been affected by declining cargo export volume, particularly in HPH Trust, which dropped by 15% compared to the first half of 2022 due to weak China export to US and EU despite the relaxation of COVID measures and cross-border controls, along with stagnant global demand and the accumulation of inventory levels in the US and Europe since late 2022. Besides, the European ports reported 9% drop in volume also due to lower cargo demand under the high inflationary environment. The Asia, Australia and Others segment reported a 6% volume drop year-on-year as a result of weak consumer sentiment and reduced diverted transshipment volume with easing of port congestion. The aforementioned adverse variances were partly offset by 7% increase in volume in the Mainland China and Other Hong Kong segment given the exceptionally low throughput levels in the same period last year due to the pandemic lockdown.

As a result of the lower throughput as well as lower storage income particularly in Europe and HPH Trust segment, where storage income was at high base in the first half of 2022 resulted from port congestion and supply chain disruption, as well as the COVID lockdown measures for HPH Trust terminals during 2022, total revenue in the first half of 2023 was 12% below the same period last year in both reported and local currencies. EBITDA and EBIT decreased 21% and 28% respectively in reported currency against the same period last year. In local currencies, EBITDA and EBIT decreased 20% and 27% respectively, reflecting subpar performance as mentioned above. Europe segment reported a 18% and 24% decrease in EBITDA and EBIT respectively and HPH Trust segment reported a 25% and 43% decrease in EBITDA and EBIT respectively, primarily driven by the lower revenue as mentioned. The Asia, Australia and Others segment reported a 7% and 9% decrease in EBITDA and EBIT respectively reflected adverse performance in major ports including Australia and Thailand, partly offset by the favourable performance from Mexico and Pakistan. The adverse variance in the corporate costs and other port related services segment was mainly due to the weaker performance of an associated company in the container shipping business driven by the sharp decline in freight rates since the second half of 2022.

As at 30 June 2023, this division operates 293 berths. Two additional berths are expected to be operational from last quarter in 2023 when the terminal at Abu Qir in Egypt commences operations, taking the total number of berths at the end of the year to 295.

Note 2: Comparable stores sales growth represents the percentage change in revenue contributed by stores which, as at the first day of the relevant financial year (a) have been operating for over 12 months and (b) have not undergone major resizing within the previous 12 months.

Note 3: Adjusted to include loyalty members' sales recovered in proximate new stores.

Note 4: Other Retail includes PARKnSHOP, PARKnSHOP Yonghui, Fortress, Watson's Wine and the manufacturing operations, as well as one-time non-cash write offs in 1H 2022.

The Retail division consists of the A.S. Watson ("ASW") group of companies, the world's largest international Health and Beauty ("H&B") retailer with a 151 million loyalty member base. ASW operated 12 retail brands with 16,164 stores in 28 markets worldwide as of 30 June 2023. The division had a net store reduction of 1%, mainly in the Mainland as part of H&B China's store rationalisation strategy.

The division's total revenue, EBITDA and EBIT increased by 4%, 17% and 25% respectively in reported currency against the same period last year. Excluding the adverse foreign exchange translation effect, this division's total revenue, EBITDA and EBIT increased by 7%, 20% and 28% in local currencies respectively. The H&B segment, which represented 97% of the division's EBITDA in the first half of 2023, reported a total revenue, EBITDA and EBIT improvement of 12%, 22% and 30% respectively in local currencies, led by robust performance in Europe which exceeded pre-pandemic levels, strong performance in Asia from increase in store traffic and continued store expansion, as well as recovery in the Mainland following the easing of lockdown restrictions at the end of 2022. These favourable results were partly offset by the Other Retail segment which reported a reduction in total revenue of 17% in the first half of 2023, mainly arising from subdued consumer spending in Hong Kong.

Comparable stores sales growth for the H&B segment of 11.3% in the first half of 2023 was mainly contributed by the strong performance in the H&B operations in Europe which recorded a comparable stores sales growth of 11.3% from strong store traffic particularly in the UK, Germany and the Benelux countries. H&B Asia also recorded an encouraging improvement with comparable stores sales growth of 16.8% with Thailand, the Philippines and Malaysia as the key contributors through rebound in tourism and domestic demand. H&B China reported a mild comparable store sales growth of 2.0% as footfall continues to be below pre-pandemic levels.

## Infrastructure

	30 June 2023 HK\$ million	30 June 2022 HK\$ million	Change	Local currencies change

CKI Reported Net Profit (under Post-IFRS 16 basis)	4,239	4,409	-4%	

Note 1: Total revenue, EBITDA and EBIT include the Group's share of results on the remaining 10% direct interest in the co-owned infrastructure assets with CKI after the divestment of 90% of the direct economic benefits in October 2018.

Note 2: Under Post-IFRS 16 basis, EBITDA was HK\$14,839 million (30 June 2022: HK\$15,014 million); EBIT was HK\$10,069 million (30 June 2022: HK\$9,870 million).

The infrastructure division comprises the Group's 75.67% interest in CK Infrastructure Holdings Limited ("CKI"), the largest publicly listed infrastructure company on the SEHK, and the Group's 10% economic benefits deriving from the Group's direct holdings in six co-owned infrastructure assets, including Northumbrian Water, Park'N Fly, Australian Gas Networks, Dutch Enviro Energy, Wales & West Utilities and UK Rails.

### CKI

CKI operates in Hong Kong, the Mainland, the UK, Continental Europe, Australia, New Zealand, Canada and the United States. CKI announced profit attributable to shareholders under Post-IFRS 16 basis of HK\$4,239 million in the first half of 2023, 4% lower against the same period last year, primarily resulted from higher finance costs due to rising interest rates, as well as adverse foreign exchange translation impact against US dollars. In local currencies, profit attributable to shareholders under Post-IFRS 16 basis increased by 4%.

Profit contribution under Post-IFRS 16 basis from Power Assets, a company listed on the SEHK and in which CKI holds a 36.01% interest as of 30 June 2023, was HK\$1,066 million in the first half of 2023, an increase of 3% and 7% in reported currency and local currencies respectively. Under Post-IFRS 16 basis, profit contribution from the UK portfolio was HK\$1,592 million in the first half of 2023, a 5% decrease against the same period last year, mainly due to adverse foreign exchange translation impact, higher finance costs and adverse regulatory reset impact of UK Power Networks. In local currency, profit contribution was flat against the first half of 2022. Under Post-IFRS 16 basis, profit contribution from Australian portfolio decreased by 18% to HK\$826 million in the first half of 2023 in reported currency. In local currency, profit decreased by 13% driven by the adverse regulatory reset impact of Australian Gas Networks and Multinet Gas, as well as one-off disposal gain recognised by United Energy in the first half of 2022. In Continental Europe, profit contribution under Post-IFRS 16 basis was HK\$424 million in the first half of 2023, a decrease of 1% in reported currency but flat in local currency. In Canada, profit contribution under Post-IFRS 16 basis increased by 31% and 40% in reported currency and local currency respectively to HK\$402 million in the first half of 2023, primarily due to strong performances of Canadian Power due to favourable power prices and of Park'N Fly due to post-COVID recovery in air travel in Canada. Profit contribution from New Zealand portfolio under Post-IFRS 16 basis decreased by 5% to HK\$72 million in the first half of 2023 mainly from adverse foreign exchange translation impact. In local currency, profit increased by 2% year-on-year. Hong Kong and the Mainland businesses reported a net profit of HK\$102 million in the first half of 2023 under Post-IFRS 16 basis, 13% lower against the same period last year, reflecting the weak traffic volume for the toll road operations and the adverse performance of the cement businesses in Hong Kong.

CKI has always been committed to prudent financial management and the risk management approach is conservative with the underlying financial position closely monitored. CKI's financial strength continues to be solid, with HK\$12 billion cash on hand and a net debt to net total capital ratio of 9.3% as at 30 June 2023. Credit rating from Standard & Poor's maintained at "A/ Stable".

Note 1: Under Post-IFRS 16 basis, EBITDA was HK\$13,357 million (30 June 2022: HK\$15,947 million); EBIT was HK\$852 million (30 June 2022: HK\$3,067 million).

Note 2: Due to the completion of disposal of the UK tower assets in November 2022, the 1H 2022 results of the UK were normalised, which exclude the proforma contribution from tower assets for January to June 2022 for comparability purpose. The % changes in EBITDA and EBIT are compared against the normalised 1H 2022 numbers.

Note 3: EBITDA margin % represents EBITDA as a percentage of total revenue (excluding handset revenue).

Note 4: Under Post-IFRS 16 basis, EBITDA was HK\$13,393 million (30 June 2022: HK\$14,910 million); EBIT was HK\$1,653 million (30 June 2022: HK\$2,773 million).

3 Group Europe's total revenue of HK\$38,751 million was 1% higher against the same period last year in local currencies, and total margin of HK\$28,205 million was 3% higher, primarily driven by the healthy growth in net customer service margin due to an increase in the customer base, coupled with higher roaming income from increased travelling of the European customers, partly offset by lower wholesale contribution in Italy. Active customer base as at 30 June 2023 of 39.9 million was 2% higher against the same period last year, mainly due to the UK, where the customer base increased 7% year-on-year, with better or relatively stable contract customer base reported by all the other operations. Average monthly customer churn rate of the contract customer base increased slightly to 1.2% for the first half of 2023 (1H 2022: 1.1%) mainly from higher churn in Italy where Wind Tre strategically allowed lower value customers to churn, with the decrease in its contract base partly offset by converting non-contract customers with contracts in order to improve margin stability.

3 Group Europe's net ARPU and net AMPU decreased by 3% and 1% to €12.77 and €11.48 respectively as compared to the first half of 2022, primarily due to adverse foreign exchange translation impact of Pound Sterling which depreciated 4% year-on-year against EURO, as well as the dilutive impact of higher mix of low value Internet of things (IoT) customers in Ireland, partly offset by the upside from repricing initiatives, better tariff mix and higher value propositions.

3 Group Europe's first half of 2023 results were adversely impacted by the full six-month incremental tower service fees of approximately HK\$0.6 billion in the UK following the completion of the tower assets disposal in early November 2022. On a normalised basis, EBITDA was 5% lower year-on-year in local currencies, as the improvements in overall total margin as mentioned was more than offset by increased operating expenses due to higher energy costs and other inflationary impacts, as well as higher network costs from the expanded networks, particularly in the UK. On a normalised basis, depreciation and amortisation was 1% higher in local currencies, as the higher depreciation in the UK from continued 5G rollout and digitalisation was largely offset by lower depreciation in Italy following the transfer of certain network assets to a newly setup joint venture in January 2023 and lower 5G network investment after its investment cycle has peaked in 2022. Correspondingly, EBIT was 37% lower year-on-year in local currencies on a normalised basis, reflecting primarily the EBITDA shortfall as mentioned.

Note 13: ARPU equals total monthly revenue, including incoming mobile termination revenue and contributions for a handset/device in contract bundled plans, divided by the average number of active customers during the period.

Note 14: Net ARPU equals total monthly revenue, including incoming mobile termination revenue but excluding contributions for a handset/device in contract bundled plans, divided by the average number of active customers during the period.

Note 15: Net AMPU equals total monthly revenue, including incoming mobile termination revenue but excluding contributions for a handset/device in contract bundled plans, less direct variable costs (including interconnection charges and roaming costs) (i.e. net customer service margin), divided by the average number of active customers during the period.

Note 16: Wind Tre's 2022 KBI included an adjustment for aligning the definition of active customer base to that of CKHGT as part of a system integration. Consequently, there is a corresponding and opposite effect on Wind Tre's net ARPU and net AMPU. The conformity of KBI definitions does not impact Wind Tre's total revenue and total margin.

## CK Hutchison Group Telecom (continued)

### United Kingdom

3 UK's total margin grew strongly by 9%, driven primarily by 7% growth in customer base from contract customer, as well as higher MVNO performance. On a normalised basis<sup>(17)</sup> and in local currency, 3 UK's EBITDA decreased by 19% compared to the same period last year, mainly driven by higher network spending from increased 5G coverage, which more than offset growth in total margin as mentioned above. On a normalised basis<sup>(17)</sup> and in local currency, LBIT was £76 million in the first half of 2023, as compared to £15 million in the same period last year, primarily driven by increased depreciation from higher asset base driven by IT investments and accelerated 5G network rollout. 3 UK was awarded the fastest 5G network in UK by Ookla in 2023.

### Italy

Italy's net customer service margin moderately grew by 1% compared to the same period last year in local currency through continuing customer value management strategies. EBITDA also increased by 1%, mainly driven by the net customer service margin growth, as well as cost control initiatives including the formation of a joint venture for rural area network rollout to create synergies, which more than offset continued reduction in wholesale margin and higher energy costs. EBIT increased by 63% against the first half of 2022 due to lower depreciation and amortisation, mainly from the aforementioned synergies of the newly established joint venture, as well as lower network rollout with the 5G investment cycle contracting from its 2022 peak having reached over 95% and approximately 70% FDD and TDD coverage respectively.

### Sweden

Sweden, where the Group has a 60% interest, reported 10% increase in total margin primarily from customer base growth. EBITDA grew by 4% driven by higher total margin, partly offset by higher operating costs incurred from the enlarged network base, increased handset receivables sales costs and energy cost inflation. As a result of the ongoing network asset swap commenced in the second half of 2022, EBIT decreased by 27% when compared against the same period of 2022. The operation increased the 5G coverage by more than 50% as compared to the year end of 2022, providing extensive coverage in ten of the country's largest cities with full TDD coverage.

### Denmark

The operation in Denmark, where the Group has a 60% interest, reported 7% growth in total margin primarily driven by 3% customer base growth and lower national roaming costs. EBITDA decreased by 12% mainly due to higher operating costs from energy cost inflation and enlarged network base, partly offset by higher total margin. With majority of the network assets swap carried out by the end of 2022, the operation recognised lower depreciation charges in the first half of 2023 and resulted in 68% increase in EBIT. Denmark has reached approximately 80% 5G coverage with TDD coverage exceeded 50% of overall population.

### Austria

Total margin grew by 3% driven by strong MVNO performance. EBITDA and EBIT in local currency decreased by 7% and 19% respectively compared to the same period last year, primarily driven by higher operating expenses due to network expansion and increased data traffic, as well as energy costs inflation, partly offset by higher total margin as mentioned above. During the year, 3 Austria increased 5G coverage to more than 75% and 55% FDD and TDD coverage respectively.

### Ireland

Total margin was flat against the same period last year, as the base growth was offset by the lower net AMPU from the dilutive impact of higher mix of low value IoT customers. EBITDA and EBIT in local currency decreased by 16% and 84% respectively compared to the same period last year driven by higher operating expenses due to network expansion, energy cost inflation, as well as higher marketing and sponsorship following the uplift of lockdown restrictions. In the first half of 2023, 3 Ireland has reached 90% 5G coverage.

### Hutchison Telecommunications Hong Kong Holdings

Total revenue of HK\$2,328 million was 1% higher as compared to the same period last year, mainly contributed by higher net customer service revenue of 15% compared to the same period last year driven by both local and roaming services recovery arising from a gradual normalisation of international travel and stabilised market competition, partly offset by lower hardware sales. EBITDA of HK\$614 million was 24% higher as compared to the same period last year, mainly due to notable rebound in roaming service revenue, partly offset by higher network operating costs associated with investments in 5G technology and network infrastructure expansion. Despite higher amortisation costs associated with capitalised CACs and higher depreciation from the enlarged asset base resulting from ongoing 5G network infrastructure expansion, EBIT for the first half of 2023 showed improvement and turned around from an LBIT of HK\$36 million for the first half of 2022 to EBIT of HK\$49 million for the first half of 2023.

Note 17: Due to the completion of disposals of tower assets in November 2022 as mentioned, the 1H 2022 results of the UK were normalised, which exclude the proforma contribution from tower assets for January to June 2022 for comparability purpose. The % changes in EBITDA and EBIT are compared against the normalised 1H 2022 numbers.

Note 18: Under Post-IFRS 16 basis, EBITDA was HK\$2,929 million (30 June 2022: HK\$9,619 million); EBIT was HK\$1,112 million (30 June 2022: HK\$7,512 million).

HAT's results at EBITDA and EBIT levels in the first half of 2022 included a gain of HK\$6,100 million from the completion of the merger of the Indonesian telecommunication business, partly offset by a non-cash impairment in the telecommunication business in Sri Lanka of HK\$962 million amidst the challenging market condition following the outbreak of the political and economic crisis in the country.

Excluding the above one-off items, EBITDA and EBIT in the first half of 2023 of HK\$1,877 million and HK\$723 million decreased by 23% and 20% respectively, mainly due to lower net gains arising from disposal of non-core assets of Indosat Ooredoo Hutchison ("IOH") in the first half of 2023 as compared to the same period last year. Excluding contributions from these disposals, underlying EBITDA increased by 7% driven by the continued revenue growth momentum from the enlarged customer base in IOH, while EBIT grew by 526% from lower depreciation as a result of continued network optimisation in IOH following the merger.

IOH demonstrated strong financial performance during the first half of 2023 and reported a 9.5% year-on-year increase in total revenue to IDR24,675 billion, while underlying EBITDA<sup>(19)</sup> under Post-IFRS 16 basis of IDR11,383 billion increased by 24% year-on-year, due to a combination of top line growth and cost optimisation momentum. EBITDA margin stood at 46.1% in the first half of 2023. Profit for the Period Attributable to Owners of the Parent under Post-IFRS 16 basis, was IDR1,908 billion, decreased by IDR1,352 billion primarily driven by higher operating expenses, higher depreciation and amortisation, higher financing costs, as well as lower net gain on disposal of non-core assets, partly offset by higher revenue by IDR2,148 billion. Excluding the net gains, underlying net profit increased by 751.9% compared to the same period last year. IOH continues to deliver strong performance on synergy realisation through completion of network integration with above 166,000 4G BTS and on track to deliver full synergy benefit following the merger to support the growth momentum of an enlarged customer base and increase in data traffic.

Note 19: Excludes net gains arising from disposal of non-core assets in the first half of 2022 and 2023.

Note 1: Under Post-IFRS 16 basis, EBITDA was HK\$10,415 million (30 June 2022: HK\$9,560 million); EBIT was HK\$6,729 million (30 June 2022: HK\$5,837 million).

Finance & Investments and Others segment includes returns earned on the Group's holdings of cash and liquid investments, Hutchison Whampoa (China) Limited ("HWCL"), listed associate TOM Group, the Marionnaud businesses, listed associate CK Life Sciences Group, listed associate Cenovus Energy and listed subsidiary, Hutchison Telecommunications (Australia) Limited, which has a 25.05% interest in TPG Telecom Limited.

EBITDA and EBIT grew 9% and 15% respectively from first half of 2022 primarily due to certain gains on non-core asset disposals, higher interest income from money market deposits and higher contribution from HWCL, which more than offset the Group's share of lower profit of the energy business. The Group's share of Cenovus Energy's Post-IFRS 16 EBITDA, EBIT and net earnings were HK\$4,132 million, HK\$1,993 million and HK\$1,445 million, a decrease of 47%, 65% and 63% compared to the same period last year respectively, mainly due to decline in commodity prices that resulted in lower operating margin, as well as unforeseen disruptions on production during the period.

As at 30 June 2023, the Group's holdings of cash and liquid investments totalled HK\$146,735 million. Further information on the Group's treasury function can be found in the "Group Capital Resources and Liquidity" section of this Interim Report.

## Interest Expense, Finance Costs and Tax

The Group's consolidated interest expenses and other finance costs for the six months ended 30 June 2023, including its share of associated companies' and joint ventures' interest expenses, amortisation of finance costs and after deducting interest capitalised on assets under development, amounted to HK\$9,757 million, increased by 24% when compared to the same period last year mainly due to the increase in interest rate. The Group's weighted average cost of debt for the six months ended 30 June 2023 was 2.9% (30 June 2022: 1.8%).

The Group recorded current and deferred tax charges of HK\$3,561 million in the six months ended 30 June 2023, a decrease of 34% compared to the same period last year, primarily reflected the lower profit before tax for the first half of 2023.

### Group Capital Resources and Liquidity

#### Treasury Management

The Group's treasury function sets financial risk management policies in accordance with policies and procedures that are approved by the Executive Directors, and which are also subject to periodic review by the Group's internal audit function. The Group's treasury policies are designed to mitigate the impact of fluctuations in interest rates and exchange rates on the Group's overall financial position and to minimise the Group's financial risks. The Group's treasury function operates as a centralised service for managing financial risks, including interest rate and foreign exchange risks, and for providing cost-efficient funding to the Group and its companies. It manages the majority of the Group's funding needs, interest rate, foreign currency and credit risk exposures. It is the Group's policy not to have credit rating triggers that would accelerate the maturity dates of the Group's borrowings. The Group uses interest rate and foreign currency swaps and forward contracts as appropriate for risk management purposes only, for hedging transactions and for managing the Group's exposure to interest rate and foreign exchange rate fluctuations. The Group generally does not enter into foreign currency hedges in respect of its foreign currency earnings and no derivative instruments to hedge the Group's earnings were entered during the period or remain outstanding at the end of the period. It is the Group's policy not to enter into derivative transactions for speculative purposes. It is also the Group's policy not to invest liquidity in financial products, including hedge funds or similar vehicles, that have significant underlying leverage or derivative exposure.

#### Cash Management and Funding

The Group operates a central cash management system for all of its unlisted subsidiaries. Except for listed and certain overseas entities conducting businesses in non-HK or non-US dollar currencies, the Group generally obtains long-term financing at the Group level to on-lend or contribute as equity to its subsidiaries and associated companies to meet their funding requirements and provide more cost-efficient financing. These borrowings include a range of capital market issues and bank borrowings, for which the proportions will change depending upon financial market conditions and projected interest rates. The Group regularly and closely monitors its overall debt position and reviews its funding costs and maturity profile to facilitate refinancing.

#### Interest Rate Exposure

The Group manages its interest rate exposure with a focus on reducing the Group's overall cost of debt and exposure to changes in interest rates. When considered appropriate, the Group uses derivatives such as interest rate swaps and forward rate agreements to manage its interest rate exposure. The Group's main interest rate exposure relates to US dollar, British Pound, Euro and HK dollar borrowings.

At 30 June 2023, approximately 31% of the Group's total principal amount of bank and other debts were at floating rates and the remaining 69% were at fixed rates (31 December 2022: 34% floating; 66% fixed). The Group has entered into various interest rate agreements with major financial institution counterparties to swap approximately HK\$3,437 million principal amount of floating interest rate borrowings that were used to finance long term investments have been swapped to fixed interest rate borrowings. After taking into consideration these interest rate swaps, approximately 30% of the Group's total principal amount of bank and other debts were at floating rates and the remaining 70% were at fixed rates at 30 June 2023 (31 December 2022: 27% floating; 73% fixed). All of the aforementioned interest rate derivatives are designated as hedges and these hedges are considered highly effective.

#### Foreign Currency Exposure

For subsidiaries, associated companies, joint arrangements, branches and other investments (the activities of which are based or conducted in non-HK dollar or non-US dollar), the Group generally endeavours to establish a natural hedge for debt financing with an appropriate level of borrowings in those same currencies. For businesses (the activities of which are based or conducted in non-HK dollar or non-US dollar) that are in the development phase, or where borrowings in local currency are not or are no longer attractive, the Group may not borrow in the local currency or may repay existing borrowings and monitor the development of the businesses' cash flow and the relevant debt markets with a view to refinance these businesses with local currency borrowings in the future when conditions are more appropriate. Exposure to movements in exchange rates for individual transactions (such as major procurement contracts) directly related to its underlying businesses is minimised by using forward foreign exchange contracts and currency swaps where active markets for the relevant currencies exist. The Group generally does not enter into foreign currency hedges in respect of its long-term equity investments in overseas subsidiaries and associated companies, except in relation to certain infrastructure investments.

The Group has operations in over 50 countries and conducts businesses in around 50 currencies. The Group's functional currency for reporting purposes is Hong Kong Dollars and the Group's reported results in Hong Kong Dollars are exposed to exchange translation on its foreign currency earnings, net debt and net assets, in particular for Euro and British Pounds. Reported EBITDA<sup>(1)</sup> for the first half of 2023 was HK\$49,933 million, of which 47% was derived from European operations, including 20% from the UK. At 30 June 2023, of the Group's total principal amount of bank and other debts after currency swap arrangements, 36% and 4% were denominated in Euro and British Pounds respectively, whilst liquid assets comprised 17% Euro and 5% British Pounds denominated cash and cash equivalents. As a result, 55% and 3% of the Group's consolidated net debt<sup>(2)</sup> of HK\$139,193 million were denominated in Euro and British Pounds respectively. Net assets<sup>(3)</sup> was HK\$675,644 million, with 20% and 22% attributable to Continental Europe and the UK operations respectively.

At 30 June 2023, the Group's total principal amount of bank and other debts were denominated as follows: 34% in Euro, 47% in US dollars, 5% in HK dollars, 6% in British Pounds and 8% in other currencies. The Group had currency swap arrangements with banks to swap British Pounds principal amount of borrowings equivalent to HK\$5,000 million to Euro principal amount of borrowings to reflect currency exposures of its underlying businesses. The Group's total principal amount of bank and other debts, after the above swaps, were denominated as follows: 36% in Euro, 47% in US dollars, 5% in HK dollars, 4% in British Pounds and 8% in other currencies.

For purposes of illustrating the Group's currency sensitivity, based on the results for the first half of 2023, a 10% depreciation of British Pounds would result in a HK\$1.0 billion decrease in EBITDA, a HK\$0.2 billion decrease in NPAT, HK\$0.5 billion decrease in net debt and 0.3%-point increase in net debt to net total capital ratio. Similarly, a 10% depreciation of Euro would result in a HK\$1.1 billion decrease in EBITDA, a HK\$0.3 billion decrease in NPAT, HK\$7.7 billion decrease in net debt and 0.5%-point decrease on net debt to net total capital ratio. Actual sensitivity will depend on actual results and cash flows for the period under consideration.

### Credit Exposure

The Group's holdings of cash, managed funds and other liquid investments, interest rate and foreign currency swaps and forward currency contracts with financial institutions expose the Group to credit risk of counterparties. The Group controls its credit risk to non-performance by its counterparties through monitoring their equity share price movements and credit ratings as well as setting approved counterparty credit limits that are regularly reviewed.

The Group is also exposed to counterparties credit risk from its operating activities, particularly in its ports businesses. Such risks are continuously monitored by the local operational management.

### Credit Profile

Our long term credit rating from Moody's, S&P and Fitch remained at A2 (stable outlook), A (stable outlook) and A- (stable outlook) respectively. The Group aims to maintain a capital structure that is appropriate for long-term investment grade ratings of A2 on the Moody's Investor Service scale, A on the S&P Rating Services scale and A- on the Fitch Ratings scale. Actual credit ratings may depart from these levels from time to time due to economic circumstances. CK Hutchison Group Telecom Holdings ("CK Hutchison Group Telecom"), a wholly-owned subsidiary of the Group, obtained long term credit rating from Moody's, S&P and Fitch at Baa1 (stable outlook), A- (stable outlook) and A- (stable outlook) respectively. CK Hutchison Group Telecom will seek to maintain its ratings by applying the same financial disciplines as the Group.

### Market Price Risk

The Group's main market price risk exposures relate to listed debt and equity securities described in "Liquid Assets" below and the interest rate swaps described in "Interest Rate Exposure" above. The Group's holding of listed debt and equity securities represented approximately 12% (31 December 2022 – approximately 10%) of the cash, liquid funds and other listed investments ("liquid assets"). The Group controls this risk through active monitoring of price movements and changes in market conditions that may have an impact on the value of these financial assets and instruments.

Note 1: Under Post-IFRS 16 basis, EBITDA for the first half of 2023 was HK\$61,151 million (30 June 2022 – HK\$70,525 million).

Note 2: Under Post-IFRS 16 basis, consolidated net debt as at 30 June 2023 was HK\$138,031 million (31 December 2022 – HK\$132,042 million).

Note 3: Under Post-IFRS 16 basis, net assets as at 30 June 2023 was HK\$662,286 million (31 December 2022 – HK\$647,309 million).

## Liquid Assets

The Group continues to maintain a robust financial position. Liquid assets amounted to HK\$146,735 million at 30 June 2023, a decrease of 5% from the balance of HK\$154,188 million at 31 December 2022, mainly reflecting dividend payments to ordinary and non-controlling shareholders as well as distributions to perpetual capital securities holders, repayment and early repayment of certain borrowings, capital expenditure and investment spending, partly offset by cash arising from positive funds from operations from the Group's businesses and cash from new borrowings. Liquid assets were denominated as to 16% in HK dollars, 51% in US dollars, 4% in Renminbi, 17% in Euro, 5% in British Pounds and 7% in other currencies.

Cash and cash equivalents represented 88% (31 December 2022 – 90%) of the liquid assets, US Treasury notes and listed debt securities 4% (31 December 2022 – 4%) and listed equity securities 8% (31 December 2022 – 6%). The US Treasury notes and listed debt securities, including those held under managed funds, consisted of US Treasury notes of 71%, government and government guaranteed notes of 25% and others of 4%. Of these US Treasury notes and listed debt securities, 99% are rated at Aaa/AAA or Aa1/AA+ with an average maturity of 2.2 years on the overall portfolio. The Group has no exposure in mortgage-backed securities, collateralised debt obligations or similar asset classes.

## Cash Flow

EBITDA in the first half of 2023 was HK\$49,933 million, a decrease of 14% compared to HK\$58,244 million for the same period last year. Consolidated funds from operations<sup>(4)</sup> ("FFO") before cash profits from disposals, capital expenditures, investments and changes in working capital was HK\$20,981 million for the first half of 2023, a decrease of 10% against the same period last year of HK\$23,220 million.

The Group's capital expenditures (including licences, brand name and other rights) for the first half of 2023 amounted to HK\$11,576 million (30 June 2022 – HK\$11,058 million). Capital expenditures (including licences, brand name and other rights) for the ports and related services division amounted to HK\$2,209 million (30 June 2022 – HK\$968 million); for the retail division HK\$863 million (30 June 2022 – HK\$780 million); for the infrastructure division HK\$162 million (30 June 2022 – HK\$92 million); for CK Hutchison Group Telecom HK\$8,200 million (30 June 2022 – HK\$9,021 million); for HAT HK\$73 million (30 June 2022 – HK\$167 million); and for the finance and investments and others segment HK\$69 million (30 June 2022 – HK\$30 million).

The Group's dividends received from associated companies and joint ventures for the first half of 2023 amounted to HK\$6,057 million (30 June 2022 – HK\$6,177 million). Dividends received from associated companies and joint ventures for the ports and related services division amounted to HK\$1,338 million (30 June 2022 – HK\$1,017 million); for the retail division HK\$1,475 million (30 June 2022 – HK\$836 million); for the infrastructure division HK\$2,317 million (30 June 2022 – HK\$3,855 million); for HAT HK\$338 million (30 June 2022 – nil); and for the finance and investments and others segment HK\$589 million (30 June 2022 – HK\$469 million).

The Group's purchases of and advances to associated companies and joint ventures amounted to HK\$95 million (30 June 2022 – HK\$3,315 million). Purchases of and advances to associated companies and joint ventures for the ports and related services division was nil (30 June 2022 – HK\$77 million); for the infrastructure division HK\$56 million (30 June 2022 – HK\$100 million); for CK Hutchison Group Telecom HK\$34 million (30 June 2022 – HK\$23 million); for HAT was nil (30 June 2022 – HK\$3,019 million); and for the finance and investments and others segment HK\$5 million (30 June 2022 – HK\$96 million).

Net cash inflow before financing activities<sup>(5)</sup> was HK\$7,622 million, an increase of 26% compared to HK\$6,066 million for the same period last year, mainly due to proceeds from the disposal of subsidiaries and joint ventures, and higher loan repayment from associated companies and joint ventures, partly offset by adverse working capital movements.

The capital expenditures and investments of the Group are primarily funded by cash generated from operations, cash on hand and to the extent appropriate, by external borrowings.

For further information of the Group's capital expenditures by division and cash flow, please see Note 5(b)(v) to the Financial Statements and the "Condensed Consolidated Statement of Cash Flows" section of this Interim Report.

Note 4: Under Post-IFRS 16 basis, FFO for the first half of 2023 was HK\$28,172 million (30 June 2022 – HK\$30,607 million).

Note 5: Under Post-IFRS 16 basis, net cash inflow before financing activities for the first half of 2023 was HK\$15,144 million (30 June 2022 – HK\$13,659 million).

## Debt Maturity and Currency Profile

The Group's total bank and other debts, including unamortised fair value adjustments from acquisitions, at 30 June 2023 amounted to HK\$285,928 million (31 December 2022 – HK\$287,297 million) which comprises principal amount of bank and other debts of HK\$283,462 million (31 December 2022 – HK\$284,674 million) and unamortised fair value adjustments arising from acquisitions of HK\$2,466 million (31 December 2022 – HK\$2,623 million). The Group's total principal amount of bank and other debts at 30 June 2023 consist of 69% notes and bonds (31 December 2022 – 66%) and 31% bank and other loans (31 December 2022 – 34%). The Group's weighted average cost of debt for the period ended 30 June 2023 is 2.9% (30 June 2022 – 1.8%). Interest bearing loans from non-controlling shareholders, which are viewed as quasi-equity, totalled HK\$2,549 million as at 30 June 2023 (31 December 2022 – HK\$2,567 million).

The maturity profile of the Group's total principal amount of bank and other debts at 30 June 2023 is set out below:

	HK\$	US\$	Euro	GBP	Others	Total

The non-HK dollar and non-US dollar denominated loans are either directly related to the Group's businesses in the countries of the currencies concerned, or the loans are balanced by assets in the same currencies. None of the Group's consolidated borrowings have credit rating triggers that would accelerate the maturity dates of any outstanding consolidated Group's debt.

## Capital, Net Debt and Interest Coverage Ratios

The Group's total ordinary shareholders' funds and perpetual capital securities<sup>(6)</sup> increased to HK\$551,314 million as at 30 June 2023, compared to HK\$537,530 million as at 31 December 2022, mainly reflecting profit for the first half of 2023 and other items recognised directly in reserves, partly offset by the Group's 2022 final dividends and distributions paid.

Perpetual capital securities are optionally redeemable capital instruments and provides the Group an alternative source of non-dilutive capital to support its capital management objectives. The Group has issued these instruments since 2010 and remains committed to keeping a sufficient amount of such instruments outstanding in our capital structure to the extent that such instruments continue to support our current long term investment grade credit ratings and satisfy rating agencies requirements to continue to assign equity credit to such instruments. If the Group were to exercise their right to redeem these securities, it is the management's intention to replace such securities with instruments that are equally recognised as capital instrument by the credit rating agencies ahead of such redemption.

As at 30 June 2023, the consolidated net debt of the Group, excluding interest bearing loans from non-controlling shareholders which are viewed as quasi-equity, was HK\$139,193 million (31 December 2022 – HK\$133,109 million), a 5% increase compared to the net debt at the beginning of the year mainly due to dividend payments, capital expenditure and investment spending, partly offset by net cash generated from operating activities. The Group's consolidated net debt to net total capital ratio<sup>(7)</sup> was 17.0% as at 30 June 2023 (31 December 2022 – 16.7%; 30 June 2022 – 20.5%). The Group's consolidated cash and liquid investments as at 30 June 2023 were sufficient to repay all of the Group's outstanding debt maturing before 31 December 2026 and cover 21% of outstanding debt due in 2027.

The Group's consolidated cash interest expenses and other finance costs of subsidiaries, before capitalisation and net of interest income in the first half of 2023 was HK\$307 million (30 June 2022 – HK\$1,292 million) primarily due to higher interest income, partly offset by higher interest expenses and other finance costs. EBITDA of HK\$49,933 million (30 June 2022: HK\$58,244 million) and FFO excluding net interest<sup>(8)</sup> of HK\$21,288 million (30 June 2022 – HK\$24,512 million) for the period covered consolidated net interest expenses and other finance costs 149.3 times (30 June 2022 – 43.6 times) and 69.3 times (30 June 2022 – 19.0 times) respectively.

## Secured Financing

At 30 June 2023, assets of the Group totalling HK\$1,459 million (31 December 2022 – HK\$1,442 million) were pledged as security for bank loans.

## Borrowing Facilities Available

Committed borrowing facilities available to Group companies but not drawn at 30 June 2023 amounted to the equivalent of HK\$7,755 million (31 December 2022 – HK\$8,252 million).

## Contingent Liabilities

At 30 June 2023, the Group provided guarantees in respect of bank and other borrowing facilities to its associated companies and joint ventures totalling HK\$4,902 million (31 December 2022 – HK\$4,856 million), of which HK\$4,612 million (31 December 2022 – HK\$4,623 million) has been drawn down as at 30 June 2023 and also provided performance and other guarantees of HK\$5,277 million (31 December 2022 – HK\$5,033 million).

## Employee Relations

At 30 June 2023, the Company and its subsidiaries employed 172,622 people (30 June 2022 – 170,294 people). The employee costs for the six-month period, excluding Directors' emoluments, totalled HK\$21,650 million (2022 – HK\$21,235 million). Including the Group's associated companies, at 30 June 2023, the Group employed 300,817 people of whom 16,138 were employed in Hong Kong. All of the Group's subsidiaries are equal opportunity employers, with the selection and promotion of individuals based on suitability for the position offered. The salary and benefit levels of the Group's employees are kept at a competitive level and employees are rewarded on a performance related basis within the general framework of the Group's salary and bonus system, which is reviewed annually.

The Company does not have a share option scheme for the purchase of ordinary shares in the Company. Certain subsidiaries and associates of the Group offer various equity-linked compensation elements appropriate to their sectors and markets. A wide range of benefits including medical coverage, provident funds and retirement plans and long service awards is also provided to employees. In addition, training and development programmes are provided on an on-going basis throughout the Group. Many social, sporting and recreational activities are arranged for employees on a Group-wide basis. Group employees also participated in community-oriented events.

Note 6: Under Post-IFRS 16 basis, total ordinary shareholders' funds and perpetual capital securities as at 30 June 2023 was HK\$541,831 million (31 December 2022 – HK\$528,074 million).

Note 7: Under Post-IFRS 16 basis, net debt to net total capital ratio for the first half of 2023 was 17.2% (31 December 2022 – 16.9%; 30 June 2022 – 20.7%).

Note 8: Under Post-IFRS 16 basis, FFO excluding net interest for the first half of 2023 was HK\$29,704 million (30 June 2022 – HK\$33,065 million).

## Purchase, Sale or Redemption of Listed Securities

During the six months ended 30 June 2023, neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the listed securities of the Company.

## Review of Interim Financial Statements

The unaudited condensed consolidated financial statements of the Company and its subsidiary companies for the six months ended 30 June 2023 have been reviewed by the Company's auditor, PricewaterhouseCoopers, in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. The auditor's independent review report of PricewaterhouseCoopers is set out on page 38 in this Interim Report. The unaudited condensed consolidated financial statements of the Company and its subsidiary companies for the six months ended 30 June 2023 have also been reviewed by the Audit Committee of the Company.

## Record Date for Interim Dividend

The record date for determining the entitlement of shareholders to the interim dividend is Tuesday, 5 September 2023. In order to qualify for the interim dividend payable on Thursday, 14 September 2023, all transfers, accompanied by the relevant share certificates, must be lodged with the Company's Hong Kong Share Registrar (Computershare Hong Kong Investor Services Limited at Rooms 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong) for registration no later than 4:30 pm on Tuesday, 5 September 2023.

## Corporate Strategy

The principal objective of the Company is to enhance long-term total return for all its stakeholders. Notes:

(1) The 1,162,632,010 shares of the Company comprise:

- (a) 1,005,817,044 shares held by Li Ka-Shing Unity Trustee Company Limited ("TUT1") as trustee of The Li Ka-Shing Unity Trust ("UT1") and its related companies in which TUT1 as trustee of UT1 is entitled to exercise or control the exercise of one-third or more of the voting power at their general meetings ("TUT1 related companies"). Mr Li Ka-shing is the settlor of each of The Li Ka-Shing Unity Discretionary Trust ("DT1") and another discretionary trust ("DT2"). Each of Li Ka-Shing Unity Trustee Corporation Limited ("TDT1", which is the trustee of DT1) and Li Ka-Shing Unity Trustcorp Limited ("TDT2", which is the trustee of DT2) holds units in UT1 but is not entitled to any interest or share in any particular property comprising the trust assets of the said unit trust. The discretionary beneficiaries of each of DT1 and DT2 are, inter alia, Mr Li Tzar Kuoi, Victor, his wife and children, and Mr Li Tzar Kai, Richard.

The entire issued share capital of TUT1, TDT1 and TDT2 are owned by Li Ka-Shing Unity Holdings Limited ("Unity Holdco"). Mr Li Ka-shing and Mr Li Tzar Kuoi, Victor are respectively interested in one-third and two-thirds of the entire issued share capital of Unity Holdco. TUT1 is only interested in the shares of the Company by reason only of its obligation and power to hold interests in those shares in its ordinary course of business as trustee and, when performing its functions as trustee, exercises its power to hold interests in the shares of the Company independently without any reference to Unity Holdco or any of Mr Li Ka-shing and Mr Li Tzar Kuoi, Victor as a holder of the shares of Unity Holdco as aforesaid.

As Mr Li Tzar Kuoi, Victor is a discretionary beneficiary of each of DT1 and DT2, and by virtue of the above, Mr Li Tzar Kuoi, Victor is taken to have a duty of disclosure in relation to the said shares of the Company held by TUT1 as trustee of UT1 and TUT1 related companies under the SFO as a Director of the Company.

- (b) 72,387,720 shares held by Li Ka-Shing Castle Trustee Company Limited ("TUT3") as trustee of The Li Ka-Shing Castle Trust ("UT3") and its related companies in which TUT3 as trustee of UT3 is entitled to exercise or control the exercise of one-third or more of the voting power at their general meetings ("TUT3 related companies"). Mr Li Ka-shing is the settlor of each of the two discretionary trusts ("DT3" and "DT4"). Each of Li Ka-Shing Castle Trustee Corporation Limited ("TDT3", which is the trustee of DT3) and Li Ka-Shing Castle Trustcorp Limited ("TDT4", which is the trustee of DT4) holds units in UT3 but is not entitled to any interest or share in any particular property comprising the trust assets of the said unit trust. The discretionary beneficiaries of each of DT3 and DT4 are, inter alia, Mr Li Tzar Kuoi, Victor, his wife and children, and Mr Li Tzar Kai, Richard.

The entire issued share capital of TUT3, TDT3 and TDT4 are owned by Li Ka-Shing Castle Holdings Limited ("Castle Holdco"). Mr Li Ka-shing and Mr Li Tzar Kuoi, Victor are respectively interested in one-third and two-thirds of the entire issued share capital of Castle Holdco. TUT3 is only interested in the shares of the Company by reason only of its obligation and power to hold interests in those shares in its ordinary course of business as trustee and, when performing its functions as trustee, exercises its power to hold interests in the shares of the Company independently without any reference to Castle Holdco or any of Mr Li Ka-shing and Mr Li Tzar Kuoi, Victor as a holder of the shares of Castle Holdco as aforesaid.

As Mr Li Tzar Kuoi, Victor is a discretionary beneficiary of each of DT3 and DT4, and by virtue of the above, Mr Li Tzar Kuoi, Victor is taken to have a duty of disclosure in relation to the said shares of the Company held by TUT3 as trustee of UT3 and TUT3 related companies under the SFO as a Director of the Company.

- (c) 84,427,246 shares held by a company controlled by TDT3 as trustee of DT3.
- (2) Among those shares,
  - (a) 300,000 shares are held by Li Ka Shing Foundation Limited ("LKSF"). By virtue of the terms of the constituent documents of LKSF, Mr Li Tzar Kuoi, Victor may be regarded as having the ability to exercise or control the exercise of one-third or more of the voting power at its general meetings.
  - (b) 2,272,350 shares are held by certain companies of which Mr Li Tzar Kuoi, Victor is entitled to exercise or control the exercise of one-third or more of the voting power at their general meetings.
- (3) Such shares are held by a company in which a child of Mr Li Tzar Kuoi, Victor is entitled to exercise or control the exercise of one-third or more of the voting power at its general meetings.
- (4) Such shares are held by a company which is equally controlled by Mr Fok Kin Ning, Canning and his spouse.
- (5) Such shares are held by a company of which Mr Lee Yeh Kwong, Charles is interested in the entire issued share capital.
- (6) 184,000 shares are held by a company controlled by a trust of which Mr George Colin Magnus is a discretionary beneficiary and 649,868 shares are indirectly held by a discretionary trust of which Mr George Colin Magnus is the settlor and/or a discretionary beneficiary.
- (7) Such shares are ultimately held by a discretionary trust of which Mr Philip Lawrence Kadoorie is one of the discretionary beneficiaries.
- (8) The percentages of shareholding in this table were computed based on the number of issued shares of the Company as at 30 June 2023, being 3,830,044,500 shares.

#### Notes:

- (1) The three references to 1,005,817,044 shares of the Company relate to the same block of shares of the Company. Of these 1,005,817,044 shares of the Company, 913,378,704 shares of the Company are held by TUT1 as trustee of UT1 and 92,438,340 shares of the Company are held by companies controlled by TUT1 as trustee of UT1. Each of TUT1 as trustee of UT1, TDT1 as trustee of DT1 and TDT2 as trustee of DT2 is taken to have a duty of disclosure under the SFO in relation to the same 1,005,817,044 shares of the Company as described in Note (1)(a) under the section titled "Directors' Interests and Short Positions in Shares, Underlying Shares and Debentures" above.
- (2) The 1,162,932,010 shares of the Company comprise:
- (a) 300,000 shares held by LKSF. By virtue of the terms of the constituent documents of LKSF, Mr Li Ka-shing may be regarded as having the ability to exercise or control the exercise of one-third or more of the voting power at its general meetings.
- (b) 1,162,632,010 shares of the Company as described in Note (1) under the section titled "Directors' Interests and Short Positions in Shares, Underlying Shares and Debentures" above. As Mr Li Ka-shing may be regarded as a founder of each of DT1, DT2 and two other discretionary trusts (DT3 and DT4) for the purpose of the SFO, Mr Li Ka-shing is taken to have a duty of disclosure under the SFO as a substantial shareholder in relation to the same 1,162,632,010 shares of the Company after his retirement from the directorship of the Company.
- (3) The percentages of shareholding in this table were computed based on the number of issued shares of the Company as at 30 June 2023, being 3,830,044,500 shares.

Save as disclosed above, as at 30 June 2023, no other person (other than the Directors and chief executives of the Company) had any interest or short position in the shares or underlying shares of the Company as recorded in the register required to be kept by the Company under Section 336 of the SFO, or as otherwise notified to the Company and the SEHK.

## Share Option Scheme

Neither the Company nor its subsidiaries had any share option scheme during the six months ended 30 June 2023.

## Corporate Governance

---

The Company strives to attain and maintain high standards of corporate governance best suited to the needs and interests of the Company and its subsidiaries (the “Group”) as it believes that an effective corporate governance framework is fundamental to promoting and safeguarding the interests of shareholders and other stakeholders and enhancing shareholder value. Accordingly, the Company has adopted and applied corporate governance principles and practices that emphasise a quality board of Directors (the “Board”), effective risk management and internal control systems, stringent disclosure practices, transparency and accountability as well as effective communication and engagement with shareholders and other stakeholders. It is, in addition, committed to continuously enhancing these standards and practices and inculcating a robust culture of compliance and ethical governance underlying the business operations and practices across the Group.

### Compliance with the Corporate Governance Code

The Company has complied throughout the six months ended 30 June 2023 with all applicable code provisions of the Corporate Governance Code contained in Appendix 14 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”), other than as summarised below.

The position of Managing Director of the Company has been jointly held by Mr Victor T K Li and Mr Fok Kin Ning, Canning as Group Co-Managing Directors since June 2015, and Mr Li also took on the position of Chairman in 2018. With the Group being a multinational conglomerate with diverse businesses in over 50 countries/markets, Mr Li and Mr Fok in their position as Group Co-Managing Directors share responsibilities in the overall strategic direction and day-to-day management of the Group, with no single individual having unfettered management decision power. Further, the Board which comprises experienced and seasoned professionals continues to scrutinise material business matters and monitor performance of the Group to ensure that management function is effectively and properly exercised with balance of power and authority. The Audit Committee, Nomination Committee and Remuneration Committee, all chaired by an Independent Non-executive Director, also provide strong independent oversight of the management in their respective areas of responsibilities and expertise. Hence, the current arrangements provide checks and balances without jeopardising the independent exercise of powers of the Chairman and the Group Co-Managing Directors.

### Compliance with the Model Code for Securities Transactions by Directors

The Board has adopted the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 of the Listing Rules as the code of conduct regulating Directors’ dealings in securities of the Company. In response to specific enquiries made, all Directors have confirmed that they have complied with the required standards set out in such code regarding their securities transactions throughout their tenure during the six months ended 30 June 2023.

## Report on Review of Interim Financial Statements

---

### TO THE BOARD OF DIRECTORS OF CK HUTCHISON HOLDINGS LIMITED

(incorporated in the Cayman Islands with limited liability)

### Introduction

We have reviewed the interim financial statements set out on pages 39 to 104, which comprises the condensed consolidated statement of financial position of CK Hutchison Holdings Limited (the “Company”) and its subsidiaries (together, the “Group”) as at 30 June 2023 and the condensed consolidated income statement, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the six-month period then ended, and selected explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial statements to be in compliance with the relevant provisions thereof and Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants. The directors of the Company are responsible for the preparation and presentation of these interim financial statements in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants. Our responsibility is to express a conclusion on these interim financial statements based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

### Scope of Review

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial statements of the Group are not prepared, in all material respects, in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting”.

## Notes to the Interim Financial Statements

### 1 General information

CK Hutchison Holdings Limited (the “Company” or “CKHH”) is a company incorporated in the Cayman Islands with limited liability and the shares of the Company are listed on The Stock Exchange of Hong Kong Limited (“Stock Exchange”). The interim condensed consolidated financial statements of the Company and its subsidiaries (collectively, the “Group”) as at and for the six months ended 30 June 2023 (the “Interim Financial Statements”) were authorised for issue by the Company’s board of directors on 3 August 2023.

The Chairman’s Statement and Operations Highlights, issued as part of CKHH 2023 Interim Results announcement and CKHH 2023 Interim Report, include discussions on the performance of the Group’s businesses for the current period and other important events that occurred since the end of the 2022 financial year.

The Group Capital Resources and Other Information, issued as part of CKHH 2023 Interim Results announcement and CKHH 2023 Interim Report, includes discussions on the Group’s liquidity and financial profile.

### 2 Use of judgements, assumptions and estimates

In preparing the Interim Financial Statements, the Group has made accounting related estimates based on judgements and assumptions about current and, for some estimates, future economic and market conditions that the Group considers are relevant and reasonable. It is reasonably possible that actual achievements, results, performance or other future events or conditions could differ from those on which the estimates are based. This could result in materially different estimates, judgements and assumptions from those used for the purposes of the Interim Financial Statements. Hence, our accounting estimates, judgements and assumptions could change over time in response to how these events and conditions develop.

The significant judgements, assumptions and estimates made in preparing the Interim Financial Statements were the same as those described in the Group’s annual consolidated financial statements as at and for the year ended 31 December 2022 (the “2022 Annual Financial Statements”).

### 3 Basis of preparation

The Interim Financial Statements have been prepared in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” (“HKAS 34”), issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”). They are regarded as “Condensed” as per HKAS 34 as they do not include all of the information and disclosures required for a complete set of financial statements prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRS”), and should be read in conjunction with the 2022 Annual Financial Statements.

The Interim Financial Statements have been prepared on a historical cost basis, except that defined benefit plans plan assets, investment properties, and certain financial assets and liabilities (including derivative instruments) are measured at fair value, and non-current assets and disposal group classified as held for sale are generally measured at the lower of carrying amount and fair value less cost to sell. In these financial statements, non-current assets classified as held for sale and assets of a disposal group classified as held for sale are presented separately from other assets in the consolidated statement of financial position. Liabilities directly associated with non-current assets classified as held for sale and liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the consolidated statement of financial position. The Interim Financial Statement are prepared on a going concern basis, as Management is satisfied that the Group has the ability to continue as a going concern. In making this assessment, Management has assessed the potential cash generation, the liquidity of the Group and existing funding available to the Group. On the basis of these assessments, Management has determined that, at the date on which the Interim Financial Statements were authorised for issue, the use of the going concern basis of accounting to prepare the Interim Financial Statements is appropriate.

The accompanying financial statements and notes are unaudited. The results reported in the Interim Financial Statements should not be regarded as necessarily indicative of results that may be expected for the entire year.

(c) Contract balances related to contracts with customers within the scope of HKFRS 15

Under HKFRS 15, a contract asset or a contract liability is generated when either party to the contract performs, depending on the relationship between the entity's performance and the customer's payment. When an entity satisfies a performance obligation by transferring a promised goods or service, the entity has earned a right to consideration from the customer and, therefore, has a contract asset. When the customer performs first, for example, by prepaying its promised consideration, the entity has a contract liability. Generally, contract assets may represent conditional or unconditional rights to consideration. The right would be conditional, for example, when an entity is required first to satisfy another performance obligation in the contract before it is entitled to payment from the customer. If an entity has an unconditional right to receive consideration from the customer, the contract asset is classified as and accounted for as a receivable and presented separately from other contract assets. A right is unconditional if nothing other than the passage of time is required before payment of that consideration is due.

The following table provides information about trade receivables, contract assets and contract liabilities from contracts with customers within the scope of HKFRS 15.

	30 June 2023 HK\$ million	31 December 2022 HK\$ million
Trade receivables, which are included in "Trade receivables and other current assets" (see note 22)	15,301	14,945
Trade receivables, which are included in "Assets classified as held for sale" (see note 23)	–	21
Contract assets (see notes 20 and 22)	5,909	6,314
Contract liabilities (see note 25)	(6,592)	(6,027)

Trade receivables are non-interest bearing and are generally on terms of 30 to 60 days. For the six months ended 30 June 2023, HK\$300 million (30 June 2022: HK\$514 million) was recognised in the consolidated income statement as provision for expected credit losses on trade receivables.

## 4 Revenue (continued)

- (c) Contract balances related to contracts with customers within the scope of HKFRS 15 (continued)

Contract assets primarily relate to the Group's rights to consideration for delivered services and devices but not billed at the reporting date. Contract assets are transferred to receivables when the rights become unconditional. This usually occurs when the Group issues an invoice to the customer. For the six months ended 30 June 2023, HK\$387 million (30 June 2022: HK\$438 million) was recognised in the consolidated income statement as provision for expected credit losses on contract assets.

Contract liabilities primarily relate to the Group's unfulfilled performance obligations for which consideration has been received at the reporting date. On fulfilment of its obligations, the contract liability is recognised in revenue in the period when the performance obligations are fulfilled. HK\$2,574 million (30 June 2022: HK\$2,754 million) was recognised as revenue for the six months ended 30 June 2023 that was included in the contract liability balance at the beginning of the year.

## 5 Operating segment information

- (a) Description of segments and basis of presentation of segment information

As at 30 June 2023, the Group has four core businesses – ports and related services, retail, infrastructure and telecommunications. For management purposes, the Group is organised into divisions, which are organised by a mixture of both business lines and geographical locations. In a manner consistent with the way in which information is reported internally to the Group's most senior executive management and board of directors for the purposes of making decisions about resources allocation and performance assessment, the Group presents its operating segment information based on these core businesses.

### *Ports and Related Services:*

The division comprises the Group's 80% interest in the Hutchison Ports group of companies and its 30.07% interest in the Hutchison Port Holdings Trust ("HPH Trust"). Results of HPH Trust are included in the segment results (under Ports and Related Services) based on the Group's effective shareholdings (net of non-controlling interests) in HPH Trust.

### *Retail:*

The retail division consists of the A.S. Watson ("ASW") group of companies, the world's largest international health and beauty retailer with a 151 million loyalty member base. ASW operated 12 retail brands with 16,164 stores in 28 markets worldwide as at 30 June 2023.

### *Infrastructure:*

The Infrastructure division comprises the Group's 75.67% interest in CK Infrastructure Holdings Limited ("CKI"), a subsidiary company listed on the Stock Exchange as well as 10% of the economic benefits derived from the Group's direct holdings in six infrastructure investments co-owned with CKI, comprising of interests in Northumbrian Water, Park'N Fly, Australian Gas Networks, Dutch Enviro Energy, Wales & West Utilities and UK Rails.

### *Telecommunications:*

The Group's telecommunications division consists of CK Hutchison Group Telecom Holdings ("CK Hutchison Group Telecom") which consolidates the 3 Group businesses in Europe ("3 Group Europe") and a 66.09% interest in Hutchison Telecommunications Hong Kong Holdings, which is listed on the Stock Exchange, as well as Hutchison Asia Telecommunications.

## 5 Operating segment information (continued)

(a) Description of segments and basis of presentation of segment information (continued)

Finance & Investments and Others is presented to reconcile to the totals included in the Group's consolidated income statement and consolidated statement of financial position. Finance & Investments and Others covers the activities of other areas of the Group that are not presented separately and includes a 87.87% interest in the Australian Securities Exchange listed Hutchison Telecommunications (Australia) ("HTAL"), which has a 25.05% attributable interest in a listed associated company TPG Telecom Limited ("TPG"), Hutchison Whampoa (China), Hutchison E-Commerce, the Marionnaud business, listed associated companies Hutchison China MediTech ("HUTCHMED"), TOM Group, CK Life Sciences Int'l., (Holdings) Inc. and Cenovus Energy Inc. ("Cenovus Energy"), corporate head office operations and the returns earned on the Group's holdings of cash and liquid investments.

Saved as disclosed in the notes below, the column headed as Company and Subsidiaries refers to the holding company of the Group and subsidiary companies' respective items and the column headed as Associates and JV refers to the Group's share of associated companies and joint ventures' respective items.

The Group has adopted the HKFRS 16 "Leases" accounting standard (which relates to accounting for leases) for its statutory reporting but its management reporting has remained on the precedent lease accounting standard Hong Kong Accounting Standard 17 "Leases" ("HKAS 17"). The Group believes that the HKAS 17 basis metrics, which are not intended to be a substitute for or superior to the reported metrics on a HKFRS 16 basis ("Post-HKFRS 16 basis"), better reflect management's view of the Group's underlying operational performances. HKAS 17 basis metrics financial information is regularly reviewed by management and used for resource allocation, performance assessment and internal decision-making. Accordingly, segmental information is presented on a HKAS 17 basis ("Pre-HKFRS 16 basis"), except where indicated otherwise, together with reconciliations to the total under the Post-HKFRS 16 basis. In addition, section (c) of this note sets out reconciliation from Pre-HKFRS 16 basis metrics to Post-HKFRS 16 basis metrics for the Group's consolidated income statement, consolidated statement of comprehensive income, and consolidated statement of cash flows for the current and comparative periods, and the Group's consolidated statement of financial position as at 30 June 2023 and 31 December 2022.

(b) Segment results, assets and liabilities

(i) An analysis of revenue by segments

Revenue and expenses are allocated to the reportable segments with reference to revenue generated by those segments and the expenses incurred by those segments. Revenue from external customers is after elimination of inter-segment revenue. The amounts eliminated mainly attributable to Retail of HK\$40 million (30 June 2022: HK\$24 million), Hutchison Telecommunications Hong Kong Holdings of HK\$14 million (30 June 2022: HK\$10 million) and Hutchison Asia Telecommunications of HK\$1 million (30 June 2022: HK\$1 million).

## 5 Operating segment information (continued)

(b) Segment results, assets and liabilities (continued)

- (xiv) EBITDA (LBITDA) represents the EBITDA (LBITDA) of the Company and subsidiary companies as well as the Group's share of the EBITDA (LBITDA) of associated companies and joint ventures except for HPH Trust which are included based on the Group's effective share of EBITDA for this operation and the Group's interests in six infrastructure investments co-owned with CKI that are based on the Group's 10% direct interests in these investments. EBITDA (LBITDA) is defined as earnings (losses) before interest expenses and other finance costs, tax, depreciation and amortisation. Information concerning EBITDA (LBITDA) has been included in the Group's financial information and consolidated financial statements and is used by many industries and investors as one measure of gross cash flow generation. The Group considers EBITDA (LBITDA) to be an important performance measure which is used in the Group's internal financial and management reporting to monitor business performance. EBITDA (LBITDA) is therefore presented as a measure of segment results in accordance with HKFRS 8. EBITDA (LBITDA) is not a measure of cash liquidity or financial performance under HKFRS and the EBITDA (LBITDA) measures used by the Group may not be comparable to other similarly titled measures of other companies. EBITDA (LBITDA) should not necessarily be construed as an alternative to cash flows or results from operations as determined in accordance with HKFRS.
- (xv) EBIT (LBIT) represents the EBIT (LBIT) of the Company and subsidiary companies as well as the Group's share of the EBIT (LBIT) of associated companies and joint ventures except for HPH Trust which are included based on the Group's effective share of EBIT for this operation and the Group's interests in six infrastructure investments co-owned with CKI that are based on the Group's 10% direct interests in these investments. EBIT (LBIT) is defined as earnings (losses) before interest expenses and other finance costs and tax. Information concerning EBIT (LBIT) has been included in the Group's financial information and consolidated financial statements and is used by many industries and investors as one measure of results from operations. The Group considers EBIT (LBIT) to be an important performance measure which is used in the Group's internal financial and management reporting to monitor business performance. EBIT (LBIT) is therefore presented as a measure of segment results in accordance with HKFRS 8. EBIT (LBIT) is not a measure of financial performance under HKFRS and the EBIT (LBIT) measures used by the Group may not be comparable to other similarly titled measures of other companies. EBIT (LBIT) should not necessarily be construed as an alternative to results from operations as determined in accordance with HKFRS.
- (xvi) On 14 June 2023, the Group entered into a warrant repurchase agreement with Cenovus Energy, under which the Group sold 26.3 million Cenovus Energy share warrants to Cenovus Energy for a total consideration of approximately C\$410 million. Before their disposal, these share warrants, as hedging instrument in a cash flow hedge, were measured at fair value through other comprehensive income and reported under "Finance & Investments and Others" in the segment information note and under other non-current assets in the consolidated balance sheet. The disposal has resulted in a gain (after reclassification adjustments of hedging gains to profit or loss) of approximately HK\$1,829 million (HK\$1,829 million at Post-HKFRS 16 basis). This gain amount is reported under "Finance & Investments and Others" in the segment results and under "Other income and gains" in the consolidated income statement.
- (xvii) Included in the comparative period balance are (a) an impairment charge of HK\$962 million (HK\$1,000 million at Post-HKFRS 16 basis) against goodwill, telecommunications licences, tangible and other assets of the Group's telecommunications business in Sri Lanka and (b) a disposal gain of HK\$6,100 million (HK\$7,245 million at Post-HKFRS 16 basis) arising from the completion of the merger of the Group's telecommunications business in Indonesia with PT Indosat Tbk. These two items are reported under "Telecommunications: Hutchison Asia Telecommunications" in the segment results. In the consolidated income statement, the impairment charge of HK\$1,000 million is reported in "Other expenses and losses" (see note 6(b)) and the disposal gain of HK\$7,245 million is reported in "Other income and gains" (see note 32(d)).
- (xviii) The geographical location of customers is based on the location at which the services were provided or goods delivered. Hong Kong is the location of principal place of business of the Company.

## 5 Operating segment information (continued)

(b) Segment results, assets and liabilities (continued)

(xix) Segment assets and segment liabilities are measured in the same way as in the financial statements.

Segment assets are assets other than deferred tax assets, assets classified as held for sale and investments in associated companies and interests in joint ventures.

Segment liabilities are liabilities other than bank and other debts, interest bearing loans from non-controlling shareholders, tax liabilities (including deferred tax liabilities), liabilities directly associated with assets classified as held for sale and other non-current liabilities.

The specified non-current assets are non-current assets other than financial instruments, deferred tax assets, post-employment benefit assets, and rights arising under insurance contracts. The geographical location of the specified non-current assets is based on the physical location of the asset (for fixed assets, right-of-use assets and other operating assets), the location of the operation in which they are allocated (for intangible assets and goodwill), and the location of operations (for associated companies and interests in joint ventures).

See note 5(b)(vi) and 5(b)(vii) for reconciliation of segment assets and segment liabilities from Pre-HKFRS 16 basis to Post-HKFRS 16 basis.

Geographical analysis of the Group's non-current assets (based on Post-HKFRS 16 basis) other than financial instruments, deferred tax assets, post-employment benefit assets, and rights arising under insurance contracts is as follows:

	30 June 2023 HK\$ million	31 December 2022 HK\$ million

## 6 Presentation of cost of goods sold, depreciation and amortisation, other expenses and losses and other income and gains (continued)

- (a) Cost of providing services of HK\$14,597 million (30 June 2022: HK\$12,534 million) includes telecommunication network related costs of HK\$9,510 million (30 June 2022: HK\$6,168 million), repair and maintenance of HK\$2,051 million (30 June 2022: HK\$3,015 million) and others of HK\$3,036 million (30 June 2022: HK\$3,351 million).
- (b) For the comparative period, the impairment charge of HK\$1,000 million arose in the telecommunications business in Sri Lanka, which is included as part of the Telecommunications segment under Hutchison Asia Telecommunications. Sri Lanka was in the midst of a deep and unprecedented economic crisis and facing rampant fuel and food shortages. These external events led the Group to carry out an impairment test on this business at 30 June 2022 and as a result the Group recognised an impairment loss of HK\$1,000 million in the first half of 2022, of which HK\$174 million against goodwill and HK\$826 million against telecommunications licences, tangible and other assets. The impairment loss was primarily resulted from the lowered expectation on growth and reported service revenues, and higher cost base attributable to the upward inflation expectation in the Sri Lanka market. The recoverable amount of this business at 30 June 2022 was determined based on value-in-use calculations, as it was not practical to arrive at a fair value less costs of disposal calculations under the current circumstances. The value-in-use calculations used cash flow projections based on the latest financial budget available at 30 June 2022 covering a five-year period and business plan approved by management which had been updated to reflect the aforesaid changes in market conditions during the period, and a pre-tax discount rate of 17.6% (31 December 2021: 8.3%) was applied. Cash flows beyond the five-year period had been extrapolated using a growth rate of 1% (31 December 2021: 3%) to estimate the terminal value at the end of the five-year period. All other assumptions remained consistent with those used in the 31 December 2021 annual impairment test on this business.
- (c) Benefits derived from changes in lease payments arising from COVID-19 related rent concessions.
- (d) Benefits received from governments and other authorities under COVID-19 related employment and other support schemes.

	<b>17,995</b>	16,103

(a) The fair values are based on quoted market prices.

(b) These equity securities are not investments held for trading purpose. The Group made an irrevocable election at initial recognition to recognise and measure these investments at fair value through other comprehensive income. The Group considered this FVOCI category to be an appropriate classification. As at 30 June 2023, the Group has collar agreements with banks to hedge fair values of certain of these listed equity securities. Fair value deficits of HK\$370 million and HK\$547 million at 30 June 2023 of these collar arrangements are included in current and non-current liabilities (see notes 25 and 29, respectively). The comparative balance of the listed equity securities, outside Hong Kong includes HK\$216 million fair value of these collar agreements.

(c) Managed funds – listed debt securities comprised predominately US Treasury notes and government and government guaranteed notes.

Net investment hedges – Cross currency swaps	1,180	1,164
Lease receivables	526	542
	<b>13,622</b>	<b>15,900</b>

- (a) Customer acquisition and retention costs primarily relate to incremental commission costs incurred to obtain telecommunications contracts with customers. The amount of customer acquisition and retention costs shown above is after deducting the amortisation charged to the current period's income statement of HK\$1,790 million (30 June 2022: HK\$1,825 million). Further, there was no impairment loss in relation to the cost capitalised. The Group applies the practical expedient in paragraph 94 of HKFRS 15, and recognises the incremental costs of obtaining contracts as an expense when incurred if the amortisation period of the costs that the Group otherwise would have recognised is one year or less.
- (b) These equity securities are not investments held for trading purpose. The Group made an election to recognise and measure these investments at fair value through other comprehensive income as the Group considered this FVOCI category to be the appropriate classification. Fair value for these investments are determined by using valuation techniques, including discounted cashflow analysis.

Disposal of subsidiary companies for the current period mainly related to the disposal of the Group's former subsidiary Zefiro Net S.r.l. which has become a 50% owned joint venture in the current period (see note 23). For the comparative period, the disposal of subsidiary companies mainly related to the disposal of the Group's former subsidiary Hutchison 3 Indonesia, following the completion of its merger with PT Indosat Tbk. The gains (loss) on these disposals are recognised in the consolidated income statement, with the current period's loss on disposal included in the line item titled "Other expenses and losses" and the comparative period's gains on disposal included in the line item titled "Other income and gains" in the consolidated income statement. See note 6.

Saved as disclosed for the effect arising from the gains (loss) on disposal, the effect on the Group's results from the subsidiaries disposed during the period are not material for the periods ended 30 June 2023 and 2022.

- (i) The current period amount is presented as "Proceeds from disposal of subsidiary companies, net of cash disposed" in the consolidated statement of cash flows. The comparative period amount was included in "Purchase of and advances to associated companies and joint ventures" in the consolidated statement of cash flows.
- (ii) The comparative period amount is presented as "Proceeds from disposal of subsidiary companies, net of cash disposed" in the consolidated statement of cash flows.

##### *Fair value hierarchy*

The table below analyses recurring fair value measurements for financial assets and financial liabilities. These fair value measurements are categorised into different levels in the fair value hierarchy based on the inputs to valuation techniques used. The different levels are defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

### 37 Fair value measurements (continued)

#### (b) Financial assets and financial liabilities measured at fair value (continued)

##### *Fair value hierarchy (continued)*

The fair value of financial assets and financial liabilities that are not traded in active market is determined by using valuation techniques. Specific valuation techniques used to value financial assets and financial liabilities include discounted cash flow analysis, are used to determine fair value for the financial assets and financial liabilities.

During the six months ended 30 June 2023 and 2022, there were no transfers between the Level 1 and Level 2 fair value measurements, and no transfers into or out of Level 3 from or to Level 1 or Level 2 fair value measurements.

##### *Level 3 fair values*

The movements of the balance of financial assets and financial liabilities measured at fair value based on Level 3 are as follows:

	Six months ended 30 June	
	2023 HK\$ million	2022 HK\$ million
At 1 January	3,593	3,057
Total losses recognised in		
Income statement	(5)	–
Other comprehensive income	(1,141)	(5)
Additions	39	384
Disposals	(74)	–
Exchange translation differences	20	(36)
At 30 June	2,432	3,400
Total losses recognised in income statement relating to those financial assets and financial liabilities held at the end of the reporting period	(5)	–

The fair value of financial assets and financial liabilities that are grouped under Level 3 is determined by using valuation techniques including discounted cash flow analysis. In determining fair value, specific valuation techniques are used with reference to inputs such as dividend stream and other specific input relevant to those particular financial assets and financial liabilities.

Changing unobservable inputs used in Level 3 valuation to reasonable alternative assumptions would not have significant impact on the Group's profit or loss.

### 38 US dollar equivalents

Amounts in these financial statements are stated in Hong Kong dollars (HK\$), the functional currency of the Company. The translation into US dollars (US\$) of these financial statements as of, and for the six months ended, 30 June 2023, is for convenience only and has been made at the rate of HK\$7.8 to US\$1. This translation should not be construed as a representation that the Hong Kong dollar amounts actually represented have been, or could be, converted into US dollars at this or any other rate.

### 39 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest million currency units unless otherwise stated.

## 40 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the Interim Financial Statements are consistent with those adopted in the 2022 Annual Financial Statements, except for the adoption of the new standards, interpretations and amendments became effective as of 1 January 2023. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

The following amendments apply for the first time to financial reporting periods commencing on or after 1 January 2023, but do not have an impact on the Interim Financial Statements:

**(a) Disclosure of Accounting Policies – Amendments to HKAS 1 Presentation of Financial Statements and HKFRS Practice Statement 2 Making Materiality Judgements**

The amendments require entities to disclose their material rather than their significant accounting policies. The amendments define what is 'material accounting policy information' and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information. To support these amendments, the HKICPA also amended HKFRS Practice Statement 2 "Making Materiality Judgements" to provide guidance on how to apply the concept of materiality to accounting policy disclosures. The amendments relate to disclosures of accounting policies in complete financial statements, and thus, had no impact on the Interim Financial Statements, but are expected to affect the accounting policy disclosures in the Group's annual consolidated financial statements.

**(b) Definition of Accounting Estimates – Amendments to HKAS 8 Accounting Policies, Changes in Accounting Estimates and Errors**

The amendments clarify the distinction between changes in accounting policies and changes in accounting estimates. Among other things, the amendments now define accounting estimates as monetary amounts in financial statements that are subject to measurement uncertainty, and clarify that the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates unless they result from the correction of prior period errors. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period. Entities are required to apply the amendments prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the entity applies the amendments.

**(c) Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to HKAS 12 Income Taxes**

The amendments narrow the scope of the initial recognition exemption in HKAS 12 so that it does not apply to transactions such as leases and decommissioning provisions that, on initial recognition, give rise to equal taxable and deductible temporary differences. Consequently, entities will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on these transactions. The amendments are applied prospectively to transactions that occur on or after the beginning of the earliest comparative period presented. Entities should apply the amendments to transactions that occur on or after the beginning of the earliest comparative period presented, with any cumulative effect recognised as an adjustment to retained earnings or other component of equity at that date.

#### 40 New standards, interpretations and amendments adopted by the Group (continued)

##### (d) International Tax Reform – Pillar Two Model Rules – Amendments to HKAS 12 Income Taxes

The amendments clarify the application of HKAS 12 to income taxes arising from tax law enacted or substantively enacted to implement the Organisation for Economic Co-operation and Development (“OECD”)/G20 Inclusive Framework on Base Erosion and Profit Shifting Pillar Two model rules (“Pillar Two income taxes”).

The amendments provide a mandatory temporary exception from recognising and disclosing deferred tax assets and liabilities arising from implementation of the OECD’s Pillar Two Model Rules. The amendments also introduce targeted disclosure requirements for affected companies and require entities to disclose:

- the fact that they have applied the exception to recognising and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes;
- their current tax expense (if any) related to the Pillar Two income taxes; and
- during the period between the legislation being enacted or substantially enacted and the legislation becoming effective, entities will be required to disclose known or reasonably estimable information. If this information is not known or reasonably estimable, entities are instead required to disclose a statement to that effect and information about their progress in assessing the exposure.

The amendments are required to be applied immediately (subject to any local endorsement processes) and retrospectively in accordance with HKAS 8, “Accounting Policies, Changes in Accounting Estimates and Errors”. In adopting these amendments the Group has applied the mandatory temporary exception from recognising and disclosing information about deferred tax assets and liabilities arising from implementation of the OECD’s Pillar Two Model Rules. The disclosures in respect of the current tax expense related to the Pillar Two income taxes and the known or reasonably estimable exposure to Pillar Two income taxes are required for annual reporting periods beginning on or after 1 January 2023, but they are not required to be disclosed in interim financial reports for any interim period ending on or before 31 December 2023.
