INTRODUCTION

References are made to the Announcement of the Company dated 30th November, 2007, the Delay Announcement of the Company dated 21st December, 2007 and the Circular of the Company dated 31st December, 2007 in relation to the Open Offer, the Warrant Issue and the Whitewash Waiver.

LETTER FROM THE BOARD

It was announced on 30th November, 2007 that the Company proposed to raise not less than approximately HK\$1,104.7 million, before expenses, by issuing 276,183,547 Offer Shares by way of the Open Offer, at the Subscription Price of HK\$4.00 per Offer Share, on the basis of one Offer Share for every one Share held as at the Record Date. As at the date of the Circular, the issued share capital of the Company is 276,183,547 Shares.

The Company also proposed to issue two Warrants in registered form for every five Offer Shares successfully subscribed by the Qualifying Shareholders. Based on 276,183,547 Offer Shares to be issued pursuant to the Open Offer, the total number of Warrants to be issued will be 110,473,419 warrants, entitling the holders to subscribe for the same number of Shares.

An application has been made to the Executive by Vigor for the Whitewash Waiver, subject to the approval of the Independent Shareholders by way of poll at the SGM. At the SGM held on 21st January, 2008, the ordinary resolutions approving the Open Offer, the Warrant Issue and the Whitewash Waiver were duly passed by the Independent Shareholders. The resolutions in respect of the Open Offer, the Warrant Issue and the Whitewash Waiver were conducted by way of poll. Vigor and the parties acting in concert with it, and those persons who were interested in or involved in the Underwriting Agreement and the Whitewash Waiver had abstained from voting on the resolutions relating to the Open Offer, the Warrant Issue and the Whitewash Waiver.

The purpose of this Prospectus is to provide Shareholders with further information regarding the Open Offer, the Warrant Issue and the Whitewash Waiver, and certain financial and other information in respect of the Company.

The Subscription Price represents:–

- (i) a discount of approximately 38.93 per cent. to the closing price of HK\$6.55 per Share as quoted on the Stock Exchange on the last trading day, i.e. 21st November, 2007 of the Shares immediately before the date of the Announcement;

Note: The theoretical ex-entitlement price is calculated based on the following formula:

$$\frac{(1 \times \text{closing price on 21st November, 2007}) + (1 \times \text{the Subscription Price})}{1 + 1}$$

- (vi) no premium or discount to the closing price of HK\$4.00 per Share as quoted on the Stock Exchange on the Latest Practicable Date.

The Subscription Price was determined with reference to the prevailing market prices of the Shares. The Directors consider the Subscription Price and the terms of the Open Offer to be fair and reasonable and in the interests of the Shareholders taken as a whole.

Status of the Offer Shares

The Offer Shares, when allotted, issued and fully-paid, will rank pari passu with the Shares in issue in all respect. Holders of such Offer Shares will be entitled to receive full future dividends and distributions which are declared, made or paid on or after the date of allotment and issue of the fully paid Offer Shares. Dealings in fully-paid Offer Shares will be subject to the payment of stamp duty in Hong Kong.

Qualifying Shareholders

The Open Offer is only available to the Qualifying Shareholders. The Company will despatch (i) the Prospectus Documents to the Qualifying Shareholders; and (ii) this Prospectus, for information only, to the Excluded Shareholders. To qualify for the Open Offer, the Shareholders must be registered as a member of the Company as at the Record Date:

- (i) be registered on the register of members of the Company; and
- (ii) not being the Excluded Shareholders.

LETTER FROM THE BOARD

Closure of register of members

The register of members of the Company was closed from 14th January, 2008 to 21st January, 2008, both days inclusive, to determine the eligibility for the Open Offer. No transfer of the Shares has been registered during this period.

PROCEDURES FOR ACCEPTANCE

An application form is enclosed with this Prospectus which entitles the Qualifying Shareholders to accept the number of Offer Shares less than or equal to your assured allotment shown on it. Qualifying Shareholders should note that they may accept any number of Offer Shares but are assured of an allotment only up to the number set out in the application form. If the Qualifying Shareholders wish to accept the assured allotment of Offer Shares to which they are entitled as specified in the enclosed application form or wish to accept any number less than the assured entitlement, the Qualifying Shareholders must complete, sign and lodge the application form in accordance with the instructions printed thereon, together with a remittance for the full amount payable on acceptance of the number of Offer Shares provisionally allotted to the Qualifying Shareholders, with the registrar of the Company, Tricor Tengis Limited at 26th Floor, Tesbury Centre, 28 Queen's Road East Wanchai, Hong Kong by no later than 4:00 p.m. (Hong Kong time) on Tuesday, 5th February, 2008. **All remittances must be made in Hong Kong dollars and cheques must be drawn on a bank account with, or cashier's orders must be issued by, a licensed bank in Hong Kong and made payable to "COL Capital Limited – Open Offer Account" and crossed "Account Payee Only".**

It should be noted that unless the application form, together with the appropriate remittance, have been lodged with the registrar of the Company by not later than 4:00 p.m. on Tuesday, 5th February, 2008, that assured entitlement and all rights thereunder will be deemed to have been declined and will be cancelled.

The application form contains full information regarding the procedures to be followed if the Qualifying Shareholders wish to apply for a number of Shares different from that in your assured allotment.

All cheques or cashier's orders will be presented for payment following receipt and any interest earned on such monies (if any) will be retained for the benefit of the Company. Any application form in respect of which a cheque or cashier's order is dishonoured on first presentation is liable to be rejected, and in that event the assured entitlement and all rights thereunder will be deemed to have been declined and will be cancelled.

The application form is for use only by the person(s) named therein and is not transferable.

No receipt will be issued in respect of any acceptance monies received.

LETTER FROM THE BOARD

No Application for excess Offer Shares

No Qualifying Shareholders will be entitled to apply for any of the Offer Shares which are in excess of their entitlements.

Pursuant to the Underwriting Agreement, Vigor has to take up the unsubscribed Offer Shares whilst other Shareholders cannot further participate in the Open Offer in excess of their entitlements. Given the terms of the Open Offer are structured with an intention to encourage the Qualifying Shareholders to take up their respective assured allotment of the Offer Shares (as the Subscription Price is set at a discount to the prevailing market price of the Shares which provides reasonable attractiveness to the Qualifying Shareholders), the Directors believe that a majority of the Qualifying Shareholders will apply and pay for their respective assured allotment of the Offer Shares with the Warrants. Therefore, the Offer Shares with the Warrants available for the excess application arrangement are expected to be minimal and the absence of an excess application arrangement may not be considered material to the Qualifying Shareholders. The Directors believe that the absence of the arrangement for the excess application is fair and reasonable and in the interest of the Independent Shareholders. There are no outstanding dividends or other distributions which has been declared.

Certificates for Offer Shares

Subject to the fulfillment (or waiver) of the conditions of the Open Offer set out in the section headed "Conditions of the Open Offer" below, certificates for all Offer Shares are expected to be posted on or before 18th February, 2008 to those who have applied and paid for the Offer Shares, at their own risk.

Application for Listing

The Company has applied to the Listing Committee of the Stock Exchange for the listing of, and permission to deal in, the Offer Shares. Dealings in the Offer Shares will be subject to the payment of stamp duty in Hong Kong.

Subject to the granting of listing of, and permission to deal in, the Offer Shares on the Stock Exchange, the Offer Shares will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the commencement date of dealings in the Offer Shares on the Stock Exchange or such other date as determined by HKSCC. Settlement of transactions between participants of the Stock Exchange on any trading day is required to take place in CCASS on the second trading day thereafter. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

LETTER FROM THE BOARD

Fractions of Offer Shares

The Company will not issue fractions of Offer Shares. All fractions of Offer Shares will be aggregated and sold for the benefit of the Company.

Rights of the Excluded Shareholders

The Prospectus Documents have not been registered and/or filed under the applicable securities legislation of any jurisdictions other than Hong Kong and Bermuda.

Having reviewed the register of members as at the Latest Practicable Date, the Company noted that 9 Shareholders maintained addresses located in the United Kingdom, Switzerland, Malaysia, Singapore, Germany, Koeln, Spain and Thailand. The Company has made enquiries with its legal advisers regarding the feasibility of extending the Open Offer to the overseas Shareholders, and based on which the Directors have determined that (i) it is expedient for the Open Offer to be offered to the overseas Shareholders in the United Kingdom, Malaysia, Switzerland, Singapore and Thailand, and (ii) it is inexpedient for the Revised Open Offer to be offered to the overseas Shareholders in Germany, Koeln and Spain. Accordingly, the Open Offer will not be extended to the overseas Shareholders with registered addresses in Germany, Koeln and Spain and will be extended to overseas Shareholders with registered addresses in the United Kingdom, Malaysia, Switzerland, Singapore and Thailand.

Based on 276,183,547 Offer Shares to be issued pursuant to the Open Offer, the total number of Warrants to be issued will be 110,473,419 warrants, entitling the holders to subscribe for the same number of the Shares, representing approximately 20 per cent. of the issued share capital of the Company at the time when the Warrants are issued and upon completion of the Open Offer.

The Directors confirm that the Company will ensure that there will be a minimum of 300 holders of the Warrants at the time the dealings of the Warrants commence on the Stock Exchange (i.e. 20th February, 2008) in accordance with the Listing Rules.

Subscription Price of Warrants

The Warrants will entitle their holders to subscribe for the new Shares at an initial subscription price of HK\$8.00 per Share (subject to adjustment) upon exercise of one Warrant. The subscription price of HK\$8.00 represents:–

The subscription price was determined with reference to the prevailing market prices of the Shares. The Directors consider the subscription price and the terms of the Warrants to be fair and reasonable and in the interests of the Company and the Shareholders taken as a whole.

Certificates for Warrants

Subject to the fulfillment (or waiver) of the conditions of the Open Offer set out in the section headed “Conditions of the Open Offer” above, certificates for the Warrants are expected to be posted on or before 18th February, 2008 to those who have applied and paid for the Offer Shares, at their own risk.

LETTER FROM THE BOARD

It is the intention of the Company to maintain the listing of the Shares on the Stock Exchange after the completion of the Open Offer and the Warrant Issue. Accordingly, the Company undertakes that it will take such appropriate steps as may be necessary or required to maintain or restore the minimum public float for the Shares at all times upon completion of the Open Offer and the Warrant Issue.

DEALINGS IN SHARES OF THE COMPANY DURING THE PAST SIX MONTHS PRIOR TO THE DATE OF THE ANNOUNCEMENT

During the period commencing on the date falling 6 months preceding the date of the Announcement up to and including the Latest Practicable Date, the Company repurchased a total of 2,776,000 of its own shares through on-market transactions on the Stock Exchange at a total purchase price of HK\$16,500,170, the latest of which happened on 8th August, 2007 where 36,000 Shares were purchased by the Company at an aggregate consideration of HK\$237,670. These share repurchases have been reported to the Stock Exchange. The shares repurchased have been cancelled and the issued share capital of the Company was reduced by the nominal value thereof.

The repurchases of the Company's shares during the past six months were effected by the Company, pursuant to the general mandate approved by shareholders of the Company, with a view to benefiting shareholders as a whole by enhancing the net asset value per share and earnings per share of the Group.

A ruling dated 4th December, 2007 has been granted by the Executive that the repurchases of the Company's shares were not disqualifying transactions for the purpose of section 3(a) of Schedule VI of the Takeovers Code.

Save as disclosed above, none of Vigor or parties acting in concert with it had dealt for value in the securities during the period commencing on the date falling 6 months preceding the date of the Announcement up to and including the Latest Practicable Date.

WHITEWASH WAIVER

As at the Latest Practicable Date, Vigor is interested in a total of 106,484,400 Shares, representing approximately 38.56 per cent. of the issued share capital of the Company.

LETTER FROM THE BOARD

Accordingly, the underwriting commitment of the Offer Shares under the Open Offer by Vigor may result in the aggregate shareholding in the Company of Vigor and the parties acting in concert with it being increased from 38.56 per cent. of the existing issued share capital of the Company to 69.28 per cent of the issued share capital of the Company as enlarged by the issue of Offer Shares and will trigger an obligation for Vigor and the parties acting in concert with it to make a mandatory offer under Rule 26 of the Takeovers Code for all the Shares issued by the Company not already held by it and the parties acting in concert with it. Save for the obligation arising from the underwriting of the Offer Shares under the Open Offer by Vigor, there is no other arrangement (whether by way of option, indemnity or otherwise) between the Company and Vigor in relation to the Shares or shares of Vigor and which might be material to the Open Offer and the Whitewash Waiver.

Upon Completion, Vigor and the parties acting in concert with it will have the possibility of holding more than 50% of the enlarged issued share capital of the Company if the Shareholders do not take up their assured entitlements. Accordingly, the Underwriter and the parties acting in concert with it may increase their holding in the Company without incurring any further obligation under Rule 26 of the Takeovers Code to make a general offer.

An application has been made to the Executive by Vigor for the Whitewash Waiver subject to the Whitewash Waiver being approved by the Independent Shareholders by way of poll at the SGM.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2006

1. General

The Company is incorporated in Bermuda as an exempted company with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The addresses of the registered office and principal place of business of the Company are disclosed on page 2 of the annual report.

The consolidated financial statements are presented in Hong Kong dollars, which is the same as the functional currency of the Company.

The Company is an investment holding company. The activities of its principal subsidiaries are set out in note 41.

2. Application of new and revised Hong Kong Financial Reporting Standards (“HKFRS”)

In the current year, the Group has applied, for the first time, a number of new standards, amendments and interpretations (“new HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) that are either effective for accounting periods beginning on or after 1 December 2005 or 1 January 2006. The adoption of the new HKFRSs had no material effect on how the Group’s results and financial position for the current or prior accounting periods have been prepared and presented. Accordingly, no prior year adjustment has been required.

The Group has not early applied the following new standards, amendments or interpretations that have been issued but are not yet effective. The Directors of the Company anticipate that the application of these new standards, amendments or interpretations will have no material impact on the results and the financial position of the Group.

3. Significant accounting policies

The consolidated financial statements have been prepared under the historical cost basis except for certain properties and financial instruments, which are measured at revalued amounts or fair values, as explained in the accounting policies set out below.

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange and by the Hong Kong Companies Ordinance.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated income statement from the effective date of acquisition or up to the effective date of disposal, as appropriate.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the Group.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

Minority interests in the net assets of consolidated subsidiaries are presented separately from the Group's equity therein. Minority interests in the net assets consist of the amount of those interests at the date of the original business combination and the minority's share of changes in equity since the date of the combination. Losses applicable to the minority in excess of the minority's interest in the subsidiary's equity are allocated against the interests of the Group except to the extent that the minority has a binding obligation and is able to make an additional investment to cover the losses.

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold and securities trading and investment in the normal course of business, net of discounts and sales related taxes.

Trading of securities is recognised on trade date basis when the relevant contracts are executed.

Sales of goods are recognised when goods are delivered and title has passed.

Dividend income from investments is recognised when the Group's rights to receive payment have been established.

Interest income from a financial asset is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount.

Investment properties

On initial recognition, investment properties are measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured using the fair value model. Gains or losses arising from changes in the fair value of investment property are included in profit or loss for the period in which they arise.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use or no future economic benefits are expected from its disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated income statement in the year in which the item is derecognised.

Property, plant and equipment

Property, plant and equipment, other than construction in progress, are stated at cost or fair value less subsequent accumulated depreciation and accumulated impairment losses.

Construction in progress represents property, plant and equipment in the course of construction for production or for its own use purposes. Construction in progress is carried at cost less any recognised impairment loss. Construction in progress is classified to the appropriate category of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at their revalued amounts, being the fair value at the date of revaluation less any subsequent accumulated depreciation and any subsequent accumulated impairment losses. Revaluations are performed with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using fair values at the balance sheet date.

Any revaluation increase arising on the revaluation of buildings is credited to the building revaluation reserve, except to the extent that it reverses a revaluation decrease of the same asset previously recognised as expense, in which case the increase is credited to the consolidated income statement to the extent of the decrease previously charged. A decrease in carrying amount arising on revaluation of an asset is dealt with as an expense to the extent that it exceeds the balance, if any, on the building revaluation reserve relating to a previous revaluation of that asset. On the subsequent sale or retirement of a revalued property, the attributable revaluation surplus is transferred directly to retained profits.

Depreciation is provided to write off the cost or fair value of items of property, plant and equipment, other than construction in progress, over their estimated useful lives and after taking into account of their estimated residual value, using the straight-line method.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is included in the consolidated income statement in the year in which the item is derecognised.

Investment in an associate

An associate is an entity over which the investor has significant influence and that is neither a subsidiary nor an interest in a joint venture.

The results and assets and liabilities of an associate are incorporated in these consolidated financial statements using the equity method of accounting. Under the equity method, investment in an associate is carried in the consolidated balance sheet at cost as adjusted for post-acquisition changes in the Group's share of the net assets of the associate, less any identified impairment loss. When the Group's share of losses of an associate equals or excess its interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. An additional share of losses is provided for and a liability is recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of that associate.

Any excess of the cost of acquisition over the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities of the associate recognised at the date of acquisition is recognised as goodwill. The goodwill is included within the carrying amount of the investment and is assessed for impairment as part of the investment.

Any excess of the Group's share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in profit or loss.

Where a group entity transacts with an associate of the Group, profits and losses are eliminated to the extent of the Group's interest in the relevant associate.

Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset (or disposal group) is available for immediate sale in its present condition.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of the assets' (disposal groups') previous carrying amount and fair value less costs to sell.

Prepaid lease payments

Prepaid lease payments of land under operating lease are charged to the consolidated income statement on a straight-line basis over the lease terms.

Financial instruments

Financial assets and financial liabilities are recognised on the consolidated balance sheet when a group entity becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Financial assets

The Group's financial assets are classified into one of the three categories, including financial assets at fair value through profit or loss, loans and receivables and available-for-sale financial assets. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace. The accounting policies adopted in respect of each category of financial assets are set out below.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss comprise investments held for trading. At each balance sheet date subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value, with changes in fair value recognised directly in profit or loss in the period in which they arise.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. At each balance sheet date subsequent to initial recognition, loans and receivables including loan notes, convertible bonds, amount due from a minority shareholder, debtors, loan receivables, pledged bank deposits and bank balances are carried at amortised cost using the effective interest method, less any identified impairment losses. An impairment loss is recognised in profit or loss when there is objective evidence that the asset is impaired, and is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. Impairment losses are reversed in subsequent periods when an increase in the asset's recoverable amount can be related objectively to an event occurring after the impairment was recognised, subject to a restriction that the carrying amount of the asset at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated or not classified as loans and receivables and financial assets at fair value through profit or loss. At each balance sheet date subsequent to initial recognition, available-for-sale financial assets are measured at fair value. Changes in fair value are recognised in equity, until the financial asset is disposed of or is determined to be impaired, at which time, the cumulative gain or loss previously recognised in equity is removed from equity and recognised in profit or loss. Any impairment losses on available-for-sale financial assets are recognised in profit or loss. Impairment losses on available-for-sale equity investments will not be reversed in profit or loss in subsequent periods.

Financial liabilities and equity

Financial liabilities and equity instruments issued by a group entity are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted in respect of financial liabilities and equity instruments are set out below.

Financial liabilities

Financial liabilities including creditors, customers' deposits and other borrowings are subsequently measured at amortised cost, using the effective interest method.

Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Derivative financial instruments

Derivative financial instruments are initially measured at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date.

Embedded derivatives

Derivatives embedded in non-derivative host contracts are treated as separate derivatives when their risks and characteristics are not closely related to those of the host contracts and the host contracts are not measured at fair value with changes in fair value recognised in profit or loss.

Derecognition

Financial assets are derecognised when the rights to receive cash flows from the assets expire or, the financial assets are transferred and the Group has transferred substantially all the risks and rewards of ownership of the financial assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised directly in equity is recognised in profit or loss.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is calculated using the weighted average method.

Impairment

At each balance sheet date, the Group reviews the carrying amounts of its assets to determine whether there is any indication that those assets have suffered an impairment loss. If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the impairment loss is treated as a revaluation decrease under that HKFRS.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, such that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately, unless the relevant asset is carried at a revalued amount under another HKFRS, in which case the reversal of the impairment loss is treated as a revaluation increase under that HKFRS.

Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted at the balance sheet date.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax base used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Borrowing costs

All borrowing costs are recognised as and included in finance costs in the consolidated income statement in the period in which they are incurred.

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Group as lessor

Rental income from operating leases is recognised in the consolidated income statement on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

The Group as lessee

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease. Benefits received and receivable as an incentive to enter into an operating lease are recognised as a reduction of rental expense over the lease term on a straight-line basis.

Retirement benefits scheme

Payments to the Group's defined contribution scheme or Mandatory Provident Fund Scheme are charged as an expense when employees have rendered service entitling them to the contributions.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recorded in the respective functional currency (i.e. the currency of the primary economic environment in which the entity operates) at the rates of exchanges prevailing on the dates of the transactions. At each balance sheet date, monetary items denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity, in which cases, the exchange differences are also recognised directly in equity.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Company (i.e. Hong Kong dollars) at the rate of exchange prevailing at the balance sheet date, and their income and expenses are translated at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the exchange rates prevailing at the dates of transactions are used. Exchange differences arising, if any, are recognised as a separate component of equity (the translation reserve). Such exchange differences are recognised in profit or loss in the period in which the foreign operation is disposed of.

4. Key sources of estimation uncertainty

In the process of applying the Group's accounting policies, which are described in note 3 above, management has made various estimates based on past experience, expectations of the future and other information. The key source of estimation uncertainty that can significantly affect the amounts recognised in the consolidated financial statements in the next year are set out below.

Income taxes

As at 31 December 2006, no deferred tax asset was recognised in the Group's consolidated balance sheet in relation to the estimated unused tax losses of approximately HK\$1,235 million. The realisability of the deferred tax asset mainly depends on whether sufficient future profits or taxable temporary differences will be available in the future. In case where the actual future profits generated are more than expected, further recognition of deferred tax asset in relation to unutilised tax losses may arise, which would be recognised in the consolidated income statement for the period in which such a recognition takes place.

5. Financial instruments

The Group's major financial instruments include equity investments, loan notes, convertible bonds, loan receivables, debtors, creditors, customers' deposits, other borrowings and bank balances. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

Market risk***(i) Currency risk***

The Group is engaged in securities trading and investments which are denominated in foreign currencies and is therefore exposed to foreign currency risk. The Group currently does not have a foreign currency hedging policy.

However, the Group's management monitors foreign exchange exposure and will consider hedging significant foreign currency exposure should the need arises. The management would seek financial consultant to advise on the investment portfolio held by the Group, if necessary.

(ii) Price risk

The Group's available-for-sale investments and investments held for trading are measured at fair value at each balance sheet date. Therefore, the Group is exposed to equity price risk. The Group's investment committee manages this exposure by maintaining a portfolio of investments with different risk profiles.

(iii) Interest rate risk

The Group's fair value interest rate risk relates primarily to fixed rate loan notes, fixed rate convertible bonds and fixed rate loan receivables. The Group's cash flow interest rate risk relates to its variable rate loan receivables and other borrowings.

The Group currently does not have an interest rate hedging policy. However, the management monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arises.

Credit risk

The Group's credit risk are primarily attributable to trade debtors, loan notes, convertible bonds, loan receivables, bank balances in financial instruments.

The Group's maximum exposure to credit risk which will cause a financial loss to the Group in the event of the counterparties failure to perform their obligations as at 31 December 2006 in relation to each class of recognised financial assets is the carrying amount of those assets as stated in the consolidated balance sheet.

The Group's bank balances are deposited with banks of high credit ratings in Hong Kong.

The Group has significant concentration of credit risk on loan notes, convertible bonds and loan receivables as the credit risk on loan rates, convertible bonds and loan receivables are mainly attributable from certain limited counterparties, other than the aforesaid, there is no significant concentration of credit risk in trade debtors as the exposure spread over a number of counter-parties and customers.

In order to minimise credit risk, management has delegated a team to be responsible for the determination of credit limits, credit approvals and other monitoring procedures. In addition, management reviews the recoverable amount of each individual trade debt, loan notes, convertible bonds, and loan receivables regularly to ensure that adequate impairment losses are recognised for irrecoverable debts. In this regard, management considers that the Group's credit risk is significant reduced.

Fair value

The fair values of financial assets and financial liabilities are determined as follows:

- the fair values of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market bid and ask prices; the fair values of the unit trusts have been determined by reference to the published price quotations; the fair values of the club debentures have been determined by reference to the recent transaction prices of similar club debentures;
- the fair values of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using the relevant prevailing market rates; and
- the fair values of derivative instruments are calculated using quoted prices from independent financial institutions. Where such prices are not available, the fair value of a non-option derivative is estimated using discounted cash flow analysis and the applicable yield curve. For an option derivative, the fair value is estimated using option pricing model (for example, the binomial model).

The Directors consider that the carrying amounts of financial assets and financial liabilities recorded in the consolidated financial statements approximate their fair value.

The repurchases of the Company's shares during the year were effected by the Directors, pursuant to the mandate from shareholders, with a view to benefiting shareholders as a whole by enhancing the net asset value per share and earnings per share of the Group.

31. Deferred taxation

At 31 December 2005, deferred tax liability amounting to HK\$5,391,000 was due to the acquisition of a subsidiary. The amount was classified as liabilities associated with assets classified as held for sale as at 31 December 2006.

At 31 December 2006, the Group has estimated unused tax losses of approximately HK\$1,235 million (2005: HK\$1,541 million), for offset against future profits. No deferred tax asset has been recognised in respect of the tax losses due to the unpredictability of future profit streams. These tax losses may be carried forward indefinitely.

The Group has deductible temporary differences of approximately HK\$34 million (2005: HK\$37 million). No deferred tax asset has been recognised in relation to such deductible temporary difference as it is not probable that taxable profit will be available against which the deductible temporary differences can be utilised.

32. Contingent liabilities

- (a) In respect of the disposal of a subsidiary in prior years, the Group has given an indemnity to the purchaser against all liabilities, losses, costs and expenses suffered and/or incurred by the purchaser in relation to or arising out of the assignment of certain of the subsidiary's business contracts.
- (b) In 1997, the Group had given a counter-indemnity to a former substantial shareholder and the ex-chairman of PCCW Limited (formerly known as Tricom Holdings Limited ("Tricom")), and Chambord Investment Inc. in respect of certain indemnities given to Tricom at the time of and to facilitate the listing of Tricom's shares on the Stock Exchange. These indemnities related to the use of the Tricom tradename, the infringement of the permitted use of properties, the guarantees granted to Tricom to secure banking facilities and tax liabilities.

The Directors consider it is not possible to estimate the financial effect of the indemnities and warranty given.

33. Litigation

- (a) In November 1998, a writ was issued against the Company's subsidiaries, Hongkong Digital Television Limited ("Digital TV", formerly known as Star Interactive Television Limited) and Star Telecom Services Limited ("STSL", formerly known as Hong Kong Star Internet Limited) by nCube Corporation ("nCube"), claiming the sum of approximately US\$1,980,000 (equivalent to approximately HK\$15,305,000) plus interest in relation to the alleged purchase of two MediaCube 3000 systems by Digital TV from nCube. The claim of nCube against STSL was on the basis of a chop of STSL on the contract between Digital TV and nCube. STSL had taken legal advice and had been advised that it was very unlikely that STSL would be held liable to the claim of nCube. Digital TV was also opposing the claim of nCube and had taken legal advice.

As advised by its lawyers, Digital TV had reasonable grounds in defending the claim and, accordingly, had not made any provision in the consolidated financial statements in connection with the claim. Digital TV filed a defence in this section on 14 December 1998 and nCube had failed to take further action since that date. There was no progress during the year in respect of the litigation.

- (b) Stellar One Corporation ("Stellar One") served a statutory demand under Section 178 of the Hong Kong Companies Ordinance for the sum of approximately US\$1,152,000 (equivalent to approximately HK\$8,983,000) upon Digital TV in November 1998. Stellar One filed a winding up petition against Digital TV in December 1998 which was vigorously opposed by Digital TV. Digital TV applied for an order for security for the costs against Stellar One. On 4 May 1999, the Court ordered Stellar One to pay HK\$200,000 to the court as security for the costs of Digital TV on or before 7 May 1999. Stellar One failed to pay that amount to the court.

The petition was dismissed in November 1999 and Stellar One was to pay Digital TV its cost of the petition, which amounted to HK\$254,000. Stellar One had indicated that it would proceed to arbitration in Honolulu to recover the alleged amount.

Digital TV took legal advice and was advised that the arbitration proceedings had not commenced as of the date of approval of these consolidated financial statements. As advised by its lawyers, Digital TV had reasonable grounds in defending the claims and, accordingly, had not made any provision in the consolidated financial statements in connection with the claims.

Save and except for the matters specified above, the Group is not engaged in any litigation or claims of material importance and, so far as the Directors are aware, no litigation or claims of material importance are pending or threatened by or against any companies of the Group.

NOTES:–**1. Basis of preparation**

The condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) and with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”).

2. Principal accounting policies

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain properties and financial instruments, which are measured at revalued amounts or fair values, as appropriate.

The accounting policies used in the condensed consolidated financial statements are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31st December, 2006 except as described below.

For acquisition of associates which involved successive share purchases for which the investment was previously accounted for at fair value with changes in fair value included in profit or loss, cumulative changes in the fair value of previously held ownership interests are reversed through profit or loss and retained profits respectively. The investee’s profit or loss, changes in the investee’s retained profits and other equity balances after each exchange transaction are included in the profit or loss, retained profits or the relevant reserves respectively to the extent that they relate to the previously held ownership interests.

In the current interim period, the Group has applied, for the first time, the following new standard, amendment and interpretations (“new HKFRSs”) issued by the HKICPA, which are effective for the Group’s financial year beginning 1st January 2007.

HKAS 1 (Amendment)	Capital disclosures ¹
HKFRS 7	Financial instruments: Disclosures ¹
HK(IFRIC) – Int 7	Applying the restatement approach under HKAS29 Financial Reporting in Hyperinflationary Economies ²
HK(IFRIC) – Int 8	Scope of HKFRS 2 ³
HK(IFRIC) – Int 9	Reassessment of embedded derivatives ⁴
HK(IFRIC) – Int 10	Interim financial reporting and impairment ⁵

¹ *Effective for accounting periods beginning on or after 1st January 2007*

² *Effective for accounting periods beginning on or after 1st March 2006.*

³ *Effective for accounting periods beginning on or after 1st May 2006.*

⁴ *Effective for accounting periods beginning on or after 1st June 2006.*

⁵ *Effective for accounting periods beginning on or after 1st November 2006.*

The adoption of these new HKFRSs had no material effect on the results or financial position of the Group for the current or prior accounting periods. Accordingly, no prior period adjustment has been made.

The Group has not early applied the following new and revised standards or interpretations that have been issued but are not yet effective.

HKAS 23 (Revised)	Borrowing costs ¹
HKFRS 8	Operating segments ¹
HK(IFRIC) – Int 11	HKFRS 2: Group and Treasury Share Transactions ²
HK(IFRIC) – Int 12	Service concession arrangements ³

² *Effective for accounting periods beginning on or after 1st March 2007.*

³ *Effective for accounting periods beginning on or after 1st January 2008.*

The directors of the Company anticipate that the application of these standards or interpretations will have no material impact on the results and the financial position of the Group.

As at the close of business on 30th November, 2007, being the latest practicable date for the purpose of this indebtedness statement prior to the printing of this Prospectus, the Group had outstanding borrowings of approximately HK\$925,800,000 comprising unsecured term loan of HK\$490,813,000 and securities margin loans of approximately HK\$434,987,000. The securities margin loans were secured by the Group's pledged marketable securities.

As at 30th November, 2007, the Group's investment properties, investments held for trading, available-for-sale investments, and securities brokers house deposit with respective carrying values of HK\$26,640,000, HK\$2,607,402,062, HK\$1,278,271,506 and HK\$8,095,399 were pledged to banks and securities brokers house to secure short term credit facilities granted to the Group.

Save as otherwise disclosed herein above, the Group did not have any debt securities issued and outstanding, or authorized or otherwise created but unissued, any term loans (secured, unsecured, guaranteed or not), any other borrowings or indebtedness in the nature of borrowing including bank overdrafts and liabilities under acceptances (other than normal trade bills) or acceptance credits or hire purchase commitments (whether secured or unsecured, guaranteed or not), any mortgages or charges, or other material contingent liabilities or guarantee at the close of business of 30th November, 2007.

6. CONTINGENT LIABILITIES

- (a) In respect of the disposal of a subsidiary in prior years, the Group has given an indemnity to the purchaser against all liabilities, losses, costs and expenses suffered and/or incurred by the purchaser in relation to or arising out of the assignment of certain of the subsidiary's business contracts.

- (b) In 1997, the Group had given a counter-indemnity to a former substantial shareholder and the ex-chairman of PCCW Limited (formerly known as Tricom Holdings Limited (“Tricom”)), and Chambord Investment Inc. in respect of certain indemnities given to Tricom at the time of and to facilitate the listing of Tricom’s shares on the Stock Exchange. These indemnities related to the use of the Tricom tradename, the infringement of the permitted use of properties, the guarantees granted to Tricom to secure banking facilities and tax liabilities.

The Directors consider it is not possible to estimate the financial effect of the indemnities and warranty given.

7. LITIGATION

As at 30th November, 2007, the litigations/claims of the Group are disclosed in the paragraph “Litigation” in Appendix IV. Save as aforesaid, the Group had no other material litigation as at 30th November, 2007.

8. FUTURE PROSPECTS OF THE GROUP

The recent volatility experienced by the global financial markets has adversely affected the investment environment. The concerns about the well-being of the US economy continue to influence investor sentiments as the contagious effect of the sub-prime mortgage debt delinquency has led to other problems like the tightening of liquidity, slow-down in economic growth and even the possibility of recession. It will be very challenging for the Group in the second half of the year to sustain a satisfactory performance. Nevertheless, as a value investor, the Group will constantly review and adjust its investment strategies and investment portfolio for improvement and will continue in seeking and identifying undervalued investment and business opportunities in the China, Hong Kong and the Asia Pacific region to enhance value for its shareholders.

In line with the above strategy, on 11th July, 2007, the Group entered into a sale and purchase agreement to acquire 40% of the issued share capital of Printronics Electronics Limited (“PEL”) for an aggregate consideration of approximately HK\$181.8 million. Following the completion of the transaction on 18th July, 2007, PEL became an associate of the Group. PEL is an investment holding company and is the registered and beneficial owner of 41,319,704 fully paid up shares of Tianjin Printronics Circuit Corporation (“TPC”), representing approximately 21.01% of the equity of TPC. TPC is a company incorporated in China and its shares are listed as “A-Share” on the Shenzhen Stock Exchange. The principal business activity of TPC is the manufacture and sale of printed circuit boards.

On 26th July, 2007, Shanghai Allied Cement Limited (“SAC”) entered into a conditional agreement (the “Conditional Agreement”) to purchase the entire issued share capital of Redstone Gold Limited which engages in the business of gold mining in China. The consideration under the Conditional Agreement will be settled by both cash and new shares of SAC. The Group believes that this acquisition represents a good opportunity for the SAC to develop its investment and business in the natural resources sector and will enable the SAC to diversify into the potentially profitable gold mining business in China, which, in turn, will enhance the value for the Group’s shareholders.

9. MATERIAL CHANGE

SUMMARY OF THE TERMS OF THE WARRANTS

The Warrants are proposed to be created and constituted by the instrument by way of deed poll to be executed by the Company (the “Instrument”) and will be issued in registered form and will form one class and rank pari passu in all respects with each other.

Warrantheolders (as defined below) shall be entitled to the benefit of, be bound by, and be deemed to have notice of all the provisions of the Instrument. Copies of the Instrument, the principal provisions of which are summarised below, will be available at the registered office of the Company or such other place as may be notified to the Warrantheolders (as defined below) from time to time.

References in this summary to “Shares” are to the shares of HK\$0.01 each in the authorised share capital of the Company existing on the date of issue of the Warrants and all other shares from time to time and for the time being ranking pari passu therewith and all other shares in the capital of the Company resulting from any sub-division, consolidation or re-classification of Shares.

1. Subscription

- (a) The registered holder or joint holders for the time being of a Warrant (“Warrantheolder”) shall have rights (“Subscription Rights”) to subscribe in cash for fully-paid Shares but not in respect of any fraction of a Share at a price (subject to the adjustments referred to below) of HK\$8.00 per Share (“Subscription Price”). The Subscription Rights attaching to the Warrants held by a Warrantheolder may be exercised, in respect of all or part of the Warrants so held, at any time between the date when dealings in the Warrants on the Stock Exchange commence (which is expected to be 20th February, 2008) (“Commencement Date”) and a date falling three years from the Commencement Date (which is expected to be 19th February, 2011) (both dates inclusive, and if either such date is not a Business Day, then the Business Day immediately preceding such date) (“Subscription Period”). Any Subscription Rights which have not been exercised on or before the end of the Subscription Period will thereafter lapse and the relevant Warrants will cease to be valid for any purpose.

- (b) A Warrantholder may exercise his Subscription Rights by completing and signing the subscription form endorsed on the Warrant certificate or the separate subscription form which the Company permits to be used (both of which shall, once signed and completed, be irrevocable) and delivering the Warrant certificate, together with the separate subscription form if appropriate, to the registrar of the Company for the time being (“Registrar”), together with a remittance for the subscription moneys for the Shares in respect of which the Subscription Rights are being exercised. The date on which such documents (duly completed and signed) and the relevant remittances are delivered to the Registrar shall be the date on which the relevant Subscription Rights are exercised and is hereafter referred to as the “Subscription Date”. In each case, compliance must also be made with any exchange control, fiscal or other laws or regulations for the time being applicable.

- (c) No fraction of a Share will be allotted and issued but any balance of the subscription moneys paid on the exercise of the Subscription Rights will be refunded by the Company to the relevant Warrantholder, provided that if the Subscription Rights comprised in two or more Warrant certificates are exercised by a Warrantholder on the same Subscription Date then, for the purpose of determining whether any (and if so what) fraction of a Share arises, the Subscription Rights represented by such Warrant certificates shall be aggregated.

- (d) The Company undertakes in the Instrument that Shares falling to be issued upon the exercise of the Subscription Rights will be allotted and issued not later than twenty-eight (28) days after the relevant Subscription Date and will rank *pari passu* in all respects with the fully-paid Shares in issue on the relevant Subscription Date and accordingly shall entitle the holders thereof to participate in all dividends and/or other distributions declared, paid or made and/or offers of further securities made by the Company on or after the relevant Subscription Date unless adjustment thereof has been made as provided in the Conditions (as defined in the Instrument) and other than any dividend or other distribution previously declared or recommended or resolved to be paid or made if the Record Date (as defined in the Instrument) therefore is before the relevant Subscription Date and notice of the amount and Record Date therefor has been given to the Stock Exchange prior to the relevant Subscription Date.

- (e) As soon as practicable after the relevant allotment and issue of Shares (and not later than twenty-eight (28) days after the relevant Subscription Date), there will be issued free of charge to the Warrantholder:
- (i) a certificate (or certificates) for the relevant Shares in the name(s) of the Warrantholder(s);
 - (ii) (if applicable) a balancing Warrant certificate in registered form in the name(s) of such Warrantholder(s) in respect of any Subscription Rights comprised within the Warrant certificate(s) delivered as described in sub-paragraph (b) above remaining unexercised;
 - (iii) (if applicable) a cheque representing any fractional entitlement to Shares not allotted as mentioned in sub-paragraph (c) above; and
 - (iv) (if applicable) a Deficiency Certificate (as defined in the Instrument).

The certificates for Shares arising on the exercise of Subscription Rights, the balancing Warrant certificate (if any), the cheque in respect of a refund (if any) and the Deficiency Certificate (if any) will be sent by post at the risk of the said Warrantholder to the address of such Warrantholder as set out in the register of Warrantholders (or in the case of a joint holding, to that one of the joint Warrantholders whose name stands first in the register of Warrantholders). If the Company agrees, such certificates and cheques may by prior arrangement be retained by the Registrar to await collection by the relevant Warrantholder.

2. Adjustment of Subscription Price

The Instrument contains detailed provisions relating to the adjustment of the Subscription Price. The following is a summary of, and is subject to, the provisions of the Instrument.

- (a) The Subscription Price shall (except as mentioned in sub-paragraphs (b) and (c) below) be adjusted as provided in the Instrument in each of the following cases:
- (i) an alteration to the nominal amount of the Shares by reason of any consolidation or subdivision;
 - (ii) an issue (other than in lieu of a cash dividend) by the Company of Shares credited as fully-paid by way of capitalisation of profits or reserves (including any share premium account or capital redemption reserve fund);

- (iii) a Capital Distribution (as defined in the Instrument) being made by the Company, whether on a reduction of capital or otherwise, to holders of Shares in their capacity as such;
 - (iv) a grant by the Company to the holders of Shares (in their capacity as such) of rights to acquire for cash any assets of the Company or any of its Subsidiaries (as defined in the Instrument);
 - (v) an offer or grant of Shares being made by the Company to holders of Shares by way of rights or of options or warrants to subscribe for new Shares, at a price which is less than 90 per cent. of the market price (calculation as provided in the Instrument);
 - (vi) an issue wholly for cash being made by the Company or any other company of securities convertible into or exchangeable for or carrying rights of subscription for new Shares, if in any case the total Effective Consideration (as defined in the Instrument) per Share is less than 90 per cent. of the market price (calculation as provided in the Instrument), or the terms of any such issue are altered so that the said total Effective Consideration is less than 90 per cent. of the market price (calculation as provided in the Instrument); and
 - (vii) the purchase by the Company of Shares or securities convertible into new Shares or any rights to acquire Shares (other than on the Stock Exchange or any other stock exchange) in circumstances where the Directors consider that it may be appropriate to make an adjustment to the Subscription Price.
- (b) Except as mentioned in sub-paragraph (c) below, no such adjustment as is referred to in sub-paragraphs (a)(ii) to (vii) above will be made in respect of:
- (i) an issue of fully-paid Shares upon the exercise of any conversion rights attached to securities convertible into Shares or upon the exercise of any rights (including the Subscription Rights) to acquire Shares;
 - (ii) an issue by the Company of Shares, or by the Company or any Subsidiary of securities convertible into or carrying rights to acquire Shares, in consideration in whole or in part for the acquisition of any other securities, assets or business;

- (iii) an issue of fully-paid Shares by way of capitalisation of all or part of the Subscription Right Reserve (as defined in the Instrument) which has been or may be established in certain circumstances pursuant to the terms and conditions contained in the Instrument (or any similar reserve which has been or may be established pursuant to the terms of any other securities convertible into or carrying rights to acquire Shares); or
 - (iv) an issue of Shares pursuant to a scrip dividend scheme in lieu of a cash dividend where an amount not less than the nominal amount of the Shares so issued is capitalised and the market value (calculation as provided in the Instrument) of the Shares is not more than 110 per cent. of the amount of dividend which holders of Shares could elect to or would otherwise receive in cash.
- (c) Notwithstanding the provisions referred to in sub-paragraphs (a) and (b) above, in any circumstances where the Directors consider that an adjustment to the Subscription Price provided for under the said provisions should not be made or should be calculated on a different basis or that an adjustment to the Subscription Price should be made notwithstanding that no such adjustment is required under the said provisions or that an adjustment should take effect on a different date or with effect from a different time from that provided for under the said provisions, the Company may appoint either an Approved Merchant Bank or the Auditors (both as defined in the Instrument) to consider whether for any reason whatsoever the adjustment to be made (or the absence of adjustment) would or might not fairly and appropriately reflect the relevant interests of the persons affected thereby and, if such Approved Merchant Bank or the Auditors (as the case may be) shall consider this to be the case, the adjustment shall be modified or nullified, or an adjustment made instead of no adjustment, in such manner (including, without limitation, making an adjustment calculated on a different basis and/or the adjustment shall take effect from such other date and/or time) as shall be certified by the Approved Merchant Bank or the Auditors to be in their opinion appropriate.
- (d) Any adjustment to the Subscription Price shall be made to the nearest one cent so that any amount under half a cent shall be rounded down and any amount of half a cent or more shall be rounded up and in no event shall any adjustment be made to the Subscription Price in any case in which the amount by which the Subscription Price would be reduced would be less than one cent and any adjustment which would otherwise then be required shall not be carried forward. In no event shall an adjustment be made (otherwise than upon the consolidation of Shares into shares of a larger nominal amount each or upon a repurchase of Shares) which would increase the Subscription Price or which would result in the Shares being issued at a discount to their nominal value.

- (e) Every adjustment to the Subscription Price shall be certified by the Approved Merchant Bank or the Auditors (acting as experts whose decision, in the absence of manifest error, shall be conclusive and binding on the Company and the Warrantholders) and notice of each adjustment (giving the relevant particulars) shall be given to the Warrantholders. Any such certificates of the Approved Merchant Bank and/or the Auditors will be available for inspection at the registered office of the Company or such other place as may be notified to the Warrantholders from time to time where copies may be obtained.

3. Registered Warrants

The Warrants will be issued in registered form. The Company shall be entitled to treat the registered holder(s) of any Warrants as the absolute owner(s) thereof and accordingly shall not, except as ordered by a court of competent jurisdiction or as required by law, be bound to recognise any equitable or other claim to or interest in such Warrants on the part of any other person, whether or not the Company has express or other notice thereof.

4. Transfer, transmission and registration

The Warrants will be transferable, in whole amounts or integral multiples of HK\$8.00, by instrument of transfer in any usual or common form or in any other form which may be approved by the Directors. Where the transferor or the transferee is HKSCC Nominees Limited or its successor thereto (or such other company as may be approved by the Directors for this purpose), the transfers may be executed under the hands of authorised person(s) or by machine imprinted signature(s) on its behalf or of such person(s), as the case may be. The Company shall maintain a register of Warrantholders accordingly. Transfers of Warrants must be executed by both the transferor and the transferee. The provisions of the Company's Bye-laws relating to the registration, transfer and transmission of Shares shall apply, *mutatis mutandis*, to the registration, transfer and transmission of the Warrants (except where there are express provisions in the Instrument to the contrary).

Persons who hold the Warrants and have not registered the Warrants in their own names and wish to exercise the Warrants should note that they may incur additional costs and expenses in connection with any expedited re-registration of the Warrants prior to the transfer or exercise of the Warrants, in particular during the period commencing ten (10) Business Days prior to and including the last day for subscription (which is expected to be 19th February, 2011).

Since the Warrants will be admitted to CCASS, so far as applicable laws or regulations of relevant regulatory authorities, terms of the Instrument and circumstances permit, the Company may determine the last trading day of the Warrants to be a date at least three trading days before the last day of the Subscription Period (which is expected to be 19th February, 2011).

5. Closure of register of Warrantholders

The registration of transfers may be suspended and the register of Warrantholders may be closed for such periods as the Directors may from time to time direct, provided that the same may not be closed for a period, or for periods together, of more than thirty (30) days in any one year. Any transfer or exercise of the Subscription Rights attached to the Warrants made while the register of Warrantholders is so closed shall, as between the Company and the person claiming under the relevant transfer of Warrants or, as the case may be, as between the Company and the Warrantholder who has so exercised the Subscription Rights attached to his Warrants (but not otherwise), be considered as made immediately after the re-opening of the register of Warrantholders.

6. Purchase and cancellation

The Company or any Subsidiaries may at any time purchase Warrants:

- (a) in the open market or by tender (available to all Warrantholders alike) at any price; or
- (b) by private treaty at a price per Warrant, exclusive of expenses, not exceeding 110 per cent. of the closing price of the Warrants on the Stock Exchange prior to the date of purchase of the Warrants,

but not otherwise. All Warrants purchased shall be cancelled forthwith and may not be re-issued or re-sold.

7. Meetings of Warrantholders and modification of rights

- (a) The Instrument contains provisions for convening meetings of Warrantholders to consider any matter affecting the interests of Warrantholders, including the modification by Special Resolution (as defined in the Instrument) of the provisions of the Instrument and/or of the Conditions. A Special Resolution duly passed at any such meeting of Warrantholders shall be binding on the Warrantholders, whether present or not.
- (b) All or any of the rights for the time being attached to the Warrants (including any of the provisions of the Instrument) may from time to time (whether or not the Company is being wound up) be altered or abrogated (including, but without prejudice to that generality, by waiving compliance with, or by waiving or authorising any past or proposed breach of any of the provisions of the Conditions and/or the Instrument) with the prior sanction of a Special Resolution and may be effected only by deed poll executed by the Company and expressed to be supplemental to the Instrument.

- (c) Where the Warrantholder is a recognised clearing house (within the meaning of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong)) or its nominee(s), it may authorise such person or persons as it thinks fit to act as its representative (or representatives) or proxy (or proxies) at any Warrantholders' meeting provided that, if more than one person is so authorised, the authorisation or proxy form must specify the number and class of Warrants in respect of which each such person is so authorised. The person so authorised will be entitled to exercise the same power on behalf of the recognised clearing house as that clearing house or its nominee(s) could exercise as if such person were an individual Warrantholder.

8. Quorum

A quorum of a meeting of Warrantholders will be two or more persons representing in aggregate the holders of not less than 5 per cent. of the Warrants for the time being outstanding, present in person or by proxy.

9. Replacement of Warrant certificates

If a Warrant certificate is mutilated, defaced, lost or destroyed, it may, at the Company's discretion, be replaced at the office of the Registrar on payment of such costs which may be incurred in connection therewith and on such terms as to evidence, indemnity and/or security which the Company may require and on payment of such fee not exceeding HK\$2.50 per certificate (or such other amount as may from time to time be permitted under the rules of the Stock Exchange) as the Company may determine. Mutilated or defaced Warrant certificates must be surrendered before replacements will be issued.

In the case of lost Warrant certificates, section 71A subsections (2), (3), (4), (6), (7) and (8) of the Companies Ordinance shall apply as if shares referred to therein included Warrants.

10. Protection of Subscription Rights

The Instrument contains certain undertakings by and restrictions on the Company designed to protect the Subscription Rights.

11. Call

If at any time the aggregate of the amount of Exercise Moneys (as defined in the Instrument) attached to the outstanding Warrants is equal to or less than 20 per cent. of the amount of moneys payable on exercise of all the Warrants issued under the Instrument, then the Company may, on giving not less than three months' notice, require Warrantholders either to exercise their Subscription Rights or to allow them to lapse. On expiry of such notice, all unexercised Warrants will be automatically cancelled, without compensation to Warrantholders.

12. Further issues

The Company shall be at liberty to issue further subscription warrants in such manner and on such terms as it sees fit.

13. Undertakings by the Company

The Company undertakes in the Instrument that:

- (a) upon the exercise of any Subscription Rights it will within twenty-eight (28) days after the relevant Subscription Date allot and issue the number of Shares for which subscription is made;
- (b) all Shares allotted on the exercise of the Subscription Rights will, taking into account of any adjustment which may have been made pursuant to paragraph 2(a) of this Appendix, rank *pari passu* in all respects with the fully-paid Shares in issue on the relevant Subscription Date and shall accordingly entitle the holders thereof to participate in full in all dividends and/or other distributions, declared, paid or made and/or offers of further securities made by the Company on or after the relevant Subscription Date unless adjustment therefor has been made as provided in the Instrument and other than any dividend or other distribution previously declared or recommended or resolved to be paid or made if the Record Date therefor shall be before the relevant Subscription Date and notice of the amount and Record Date for which shall have been given to the Stock Exchange prior to the relevant Subscription Date;
- (c) it will send to each Warrantholder, at the same time as the same are sent to Shareholders, its audited financial statements and all other notices, reports and communications despatched by it to Shareholders generally;
- (d) it will pay (if applicable) all Hong Kong stamp and capital duties, registration fees or similar charges in respect of the execution of the Instrument, the creation and initial issue of the Warrants in registered form, the exercise of the Subscription Rights and the issue of Shares upon exercise of the Subscription Rights;
- (e) it will use its best endeavours to ensure that all Shares allotted and issued on exercise of the Subscription Rights shall be admitted to listing on the Stock Exchange provided that no admission shall be obtained in the event that the Shares cease to be listed on the Stock Exchange as a result of an offer being made to the holders of Shares (or to holders excluding the offeror and/or its nominee(s) to acquire all or a proportion of the Shares);

- (f) it will keep available for issue sufficient Ordinary Capital (as defined in the Instrument) to satisfy in full all rights for the time being outstanding of subscription or conversion into Shares; and
- (g) it will use its best endeavours to procure that at all times during the Subscription Period, the Warrants may be dealt in on the Stock Exchange (save that this obligation will lapse in the event that the listing of the Warrants on the Stock Exchange is withdrawn following an offer for all or any other Warrants), and all Shares allotted and issued upon exercise of the Subscription Rights may upon allotment and issue or as soon as reasonably practicable thereafter, be dealt on the Stock Exchange (save that this obligation will lapse in the event that the listing of the Shares on the Stock Exchange is withdrawn following an offer for all or any of the Shares where a like offer is extended to the Warranholders).

14. Winding up of the Company

- (a) If an effective resolution is passed during the Subscription Period for the voluntary winding-up of the Company, then if such winding-up is for the purpose of reconstruction or amalgamation pursuant to a scheme of arrangement to which the Warranholders, or some person(s) designated by them for such purpose by Special Resolution, shall be a party or in conjunction with which a proposal is made to the Warranholders and is approved by Special Resolution, the terms of such scheme of arrangement or (as the case may be) proposal will be binding on all the Warranholders; and

10. LITIGATION

- (a) In November 1998, a writ was issued against the Company's subsidiaries, Hongkong Digital Television Limited ("Digital TV", formerly Star Interactive Television Limited) and Star Telecom Services Limited ("STSL", formerly Hong Kong Star Internet Limited) by nCube Corporation ("nCube"), claiming the sum of approximately US\$1,980,000 (equivalent to approximately HK\$15,305,000) plus interest in relation to the alleged purchase of two MediaCube 3000 systems by Digital TV from nCube. The claim of nCube against STSL was on the basis of a chop of STSL on the contract between Digital TV and nCube. STSL had taken legal advice and had been advised that it was very unlikely that STSL would be held liable to the claim of nCube. Digital TV was also opposing the claim of nCube and had taken legal advice.

As advised by its lawyers, Digital TV had reasonable grounds in defending the claim and, accordingly, had not made any provision in the consolidated financial statements in connection with the claim. Digital TV filed a defence in this section on 14th December, 1998 and nCube had failed to take further action since that date. There was no progress since then in respect of the litigation.

- (b) Stellar One Corporation ("Stellar One") served a statutory demand under Section 178 of the Companies Ordinance for the sum of approximately US\$1,152,000 (equivalent to approximately HK\$8,983,000) upon Digital TV in November 1998. Stellar One filed a winding up petition against Digital TV in December 1998 which was vigorously opposed by Digital TV. Digital TV applied for an order for security for the costs against Stellar One. On 4th May, 1999, the Court ordered Stellar One to pay HK\$200,000 to the court as security for the costs of Digital TV on or before 7th May, 1999. Stellar One failed to pay that amount to the court.

The petition was dismissed in November 1999 and Stellar One was to pay Digital TV its cost of the petition, which amounted to HK\$254,000. Stellar One had indicated that it would proceed to arbitration in Honolulu to recover the alleged amount.

Digital TV took legal advice and was advised that the arbitration proceedings had not commenced as of the date of this document. As advised by its lawyers, Digital TV had reasonable grounds in defending the claims and, accordingly, had not made any provision in the consolidated financial statements in connection with the claims.
