**VOLUNTARY ANNOUNCEMENT**

**SYS6041 (ANTIBODY-DRUG CONJUGATE)  
OBTAINS CLINICAL TRIAL APPROVAL IN THE U.S.**

The board of directors (the “**Board**”) of CSPC Pharmaceutical Group Limited (the “**Company**“, together with its subsidiaries, the “**Group**”) is pleased to announce that the Investigational New Drug (IND) application for SYS6041 (Antibody-Drug Conjugate) (the “**Product**”) developed by the Group has been approved by the U.S. Food and Drug Administration (FDA) to conduct clinical trials in the United States. The Product has also obtained approval from the National Medical Products Administration of the People’s Republic of China in January 2025 to conduct clinical trials in China.

The Product is a monoclonal antibody-drug conjugate that binds to specific receptors on the tumor surface, entering the cells through endocytosis to release toxins and kill the tumor cells. The indication for this approval is advanced solid tumors. Preclinical studies demonstrated that the Product had good anti-tumor effects on a variety of cancers, providing a promising clinical development value. A number of patent applications for the Product have been submitted in China and overseas.

By order of the Board  
**CSPC Pharmaceutical Group Limited**  
**CAI Dongchen**  
*Chairman*

Hong Kong, 14 April 2025
