**CIMC Enric has won three significant turn-key
brewery projects, including
one of the most technologically advanced breweries in the world**

(9 November 2020 – Hong Kong) - CIMC Enric Holdings Limited (“CIMC Enric” or “the Group”, SEHK stock code: 3899), is pleased to announce that Ziemann Holvrieka, a brand wholly-owned by the Group, has been awarded three significant contracts in regard to one Brewery expansion project and two projects for construction & implementation of hard seltzer plants in west hemisphere market. The overall amount for three projects awarded exceeds USD 200 million.

Ziemann Holvrieka is primarily engaged in the development, manufacturing and installation of solutions for beer, beverage and liquid food industries. “We are very grateful that our customers have entrusted us with these three very significant projects, which size is rare to see in the global market of liquid food equipment and engineering service.” said Mr. Ralph Schneller-Reindell, the Key Account Manager of Ziemann Holvrieka.

For the awarded three projects, Ziemann Holvrieka expects the first brew by end of 2021 and early 2022 respectively.

Mr. GAO Xiang, Chairman and Executive Director of CIMC Enric, commented, “As a world’s top three leading equipment manufacturer and project-engineering services provider in the beverage and liquid food industries, we are delighted to see Ziemann Holvrieka has been further expanding and strengthening its long term cooperation with its customers by providing the most advanced technologies in designing and developing their state-of-the-art breweries in the world.”

Mr. GAO Xiang also emphasized, “Year 2020 is full of challenges and uncertainties. We are pleased to see that our customers remained optimistic in future development and entrusted us with important projects during this special period. At the same time, I would like to express my heartfelt appreciations to all colleagues on the frontline for their hard working. CIMC Enric will stay active to seize market opportunities and strive to achieve technological innovation to meet the rising demand from customers, remaining committed to deliver ideal returns for our shareholders.”
