Subsidiary of CIMC Safeway Tech Won EXSIF 2020 Depot Excellence Award

Quality of service earns wide recognition

Reinforcing the steady development of global tank containers
after-sales service network

(HONG KONG, April 7, 2021) – The subsidiary of CIMC Enric Holdings Limited ("CIMC Enric", SEHK: 3899) which is mainly engaged in chemical and environmental business segment, CIMC Safeway Technologies Co., Ltd. ("CIMC Safeway Tech" or the "Company") is pleased to announce today that its subsidiary BURG SERVICE B.V. has been awarded the 2020 Depot Excellence Award by EXSIF Worldwide, Inc. ("EXSIF Worldwide"), the world's largest and most comprehensive tank container leasing company.

EXSIF 2020 Depot Excellence Award

BURG SERVICE B.V. Depot

BURG SERVICE B.V., a wholly owned subsidiary of the Company in the Netherlands, operates the Burg Depot in Europe, focusing on providing reliable, safe and efficient "one-stop solutions" like maintenance, inspection, repair and modification for customers in multi-modal transport industry. EXSIF Worldwide, Inc. ("EXSIF Worldwide") is a crucial cooperation partner of the Company and has been in a long term and good relationship with the Company. Under the global widespread of the pandemic, this award witnesses a wide recognition from our global clients on our leading standard in the after-sales service of tank containers.

CIMC Safeway Tech has been improving the service standard of after-sales service of chemical tank containers by leveraging the digitalization and intelligentization of services, in order to expand its after-sales services for chemicals tank containers in China in response to the trend of Chinese chemical enterprises entering the industrial park as well as to strengthen its global footprint in the after-sales service network of tank containers. During the year, through technological optimization and upgrading,

the production capacity of tank modification and refurbishment has been doubled and the delivery time has been decreased by nearly one time which further enhanced the efficiency for customers. This award-winning European Burg Depot has been smoothly operating for about eight years. With its leading operation level and advanced intelligent management system and technology in the field of multi-modal transportation, it has established a good brand reputation in Europe and laid a solid foundation for the Company in gradually expanding into the after-sales service market of tank containers in the future.

Regarding the business in China, the Company's Jiaying Depot has realized profit-making since 2020 and the network coverage has expanded into Shanghai Jinshan National Petrochemical Park. With the gradual standardization of the chemical logistics industry in China, the continuous innovation of logistics service models and the gradual advancement of green transportation, multi-modal transportation is entering an extensive development period, which will bring opportunities for the Company in expanding its after-sales service. As a high value-added business, the contribution of revenue of the Company's tank container after-sales service has continued to increase, bringing a new business growth driver to the Company.

Mr. Ji Guoxiang, Executive Director and General Manager of CIMC Safeway Tech, said, "We are honored to win the EXSIF 2020 Depot Excellence Award. We will continue to uphold the development direction of 'Manufacturing + Service + Intelligence', and strive to combine intelligent technology with quality products and services, grasp the after-sales service opportunities, gradually improve the layout of the global depot network, promote the reliability and safety of long-term and long-distance international inter-modal transportation, and enhance the profitability of the company at the same time."
