VOLUNTARY ANNOUNCEMENT THE TOTAL NUMBER OF EYE SURGERIES FOR THE FIRST QUARTER OF 2025

EuroEyes International Eye Clinic Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis makes this announcement. The board (the “**Board**”) of directors (the “**Directors**” and each a “**Director**”) of the Company wishes to announce, according to the Company’s preliminary statistics and the information currently available to the Company, the combined total number of eye surgeries performed by the Group (the “**Eye Surgeries**”) for the period between 1 January 2025 to 31 March 2025 (the “**First Quarter of 2025**”), which was 6,997 Eye Surgeries, representing a decrease of approximately 3% as compared to the same period in 2024 (i.e., from 1 January 2024 to 31 March 2024: 7,234 Eye Surgeries). However, compared to the previous quarter (i.e., from 1 October 2024 to 31 December 2024: 6,553 Eye Surgeries, the “**Previous Quarter**”), the total number of Eye Surgeries was increased by 6.7%.

The improvement from the Previous Quarter to the First Quarter of 2025 was primarily driven by a significant rise in the number of lens exchange surgeries conducted by the Group and a robust recovery in Denmark, attributed to the Group’s swift response in that region. Additionally, the number of Eye Surgeries conducted in the flagship clinic in London of the United Kingdom and the two new clinics in Germany consistently exceeded internal expectations, contributing to such improvement.

The figures set out in this announcement have not been audited, and may differ from the final actual figures. Investors are reminded to exercise caution when dealing in the shares of the Company.

This announcement is made by the order of the Board, of which the Board individually and jointly accepts responsibility for the accuracy of this announcement.

Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
