### **VOLUNTARY ANNOUNCEMENT THE TOTAL NUMBER OF EYE SURGERIES FOR THE THIRD QUARTER OF 2025**

EuroEyes International Eye Clinic Limited (the “**Company**”), together with its subsidiaries (the “**Group**”), on a voluntary basis, makes this announcement. The board (the “**Board**”) of directors (the “**Directors**” and each a “**Director**”) of the Company wishes to announce, according to the Company’s preliminary statistics and the information currently available to the Company, the combined total number of eye surgeries performed by the Group (collectively the “**Eye Surgeries**”) from 1 July 2025 to 30 September 2025 (the “**Third Quarter of 2025**”).

The total number of Eye Surgeries for the Third Quarter of 2025 was 6,807, representing an increase of approximately 5.6% when compared to the same period of 2024 (as at 30 September 2024: 6,445). The improvement was mainly due to an increase in the number of lens exchange surgeries, along with a recovery in laser surgery volume. This positive change reflects growing patient demand during the Third Quarter of 2025, helping to boost overall performance.
