RESULTS ANNOUNCEMENT
FOR THE NINE MONTHS ENDED 30 SEPTEMBER 2014

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

This announcement, for which the directors (the “Directors”) of Well Way Group Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

We have reviewed the condensed consolidated financial statements of Well Way Group Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 8 to 15, which comprises the condensed consolidated statement of profit or loss and other comprehensive income for the nine-month period ended 30 September 2014, and certain explanatory notes. The GEM Listing Rules governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof. The directors of the Company are responsible for the preparation and presentation of these condensed consolidated financial statements in accordance with the basis set out in note 1. Our responsibility is to express a conclusion on these condensed consolidated financial statements based on our review, and to report our conclusion on these condensed consolidated financial statements solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of these condensed consolidated financial statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial statements are not prepared, in all material respects, in accordance with the basis of the preparation as set out in note 1 to the condensed consolidated financial statements.

The principal accounting policies applied in preparing these condensed consolidated financial statements are set out in note 2.

2. PRINCIPAL ACCOUNTING POLICIES

The condensed consolidated financial statements have been prepared on the historical cost basis, as appropriate.

The accounting policies and methods of computation used in the condensed consolidated financial statements for the nine months ended 30 September 2014 are the same as those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2013.

In the current period, the Group has applied, for the first time, the following new or revised Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"):

HKFRS 10, HKFRS 12 and HKAS 27 (Amendments)	Investment Entities

The application of these amendments to HKFRSs and interpretation in the current period has had no material effect on the amounts reported in the condensed consolidated financial statements and/or disclosures set out in the condensed consolidated financial statements.

5. GAIN ON DISPOSAL OF INVESTMENTS

On 15 November 2013, the Group, through its wholly-owned subsidiary, Wing Shing Loong Goldsmith & Refinery Co. Limited, entered into a conditional sale and purchase agreement with an independent third party to dispose of the unlisted equity shares of Hong Kong Precious Metals Exchange Limited and the membership licence of The Chinese Gold & Silver Exchange Society (the "Society") at a total consideration of HK\$12,700,000 subject to the approval by the Society. The assets being disposed amounted to HK\$391,000 (mainly including available-for-sale investments of HK\$136,000 and other non-current asset of HK\$250,000 which was classified as an asset held for sale as at 31 December 2013). The disposal transaction was completed on 18 February 2014 after obtaining the necessary approval, and a gain on disposal of HK\$12,309,000 was resulted and recognised to profit or loss during the period.

6. IMPAIRMENT LOSS ON GOODWILL

For the impairment testing, goodwill and intangible assets (comprising trade name and customer relationship) are allocated to the Group's cash generating units ("CGUs") identified according to business segment which is the business travel segment in Singapore. During the six months ended 30 June 2014, the management of the Group assessed the recoverable amount of the CGUs and an impairment loss of HK\$8,393,000 was recognised and fully allocated to reduce the carrying amount of goodwill. The goodwill was fully impaired as at 30 June 2014. The recoverable amount of the travel business CGUs was based on its value-in-use and was determined with reference to the valuation performed by Ascent Partners Valuation Service Limited, an independent professional qualified valuer not connected with the Group. The calculation uses cash flow projections based on financial budgets approved by management covering a five-year period. The growth rates used to extrapolated cash flow projections beyond the five-year period do not exceed the long-term average growth rate for the industry. Other key assumptions for the value in use calculations relate to the estimation of cash inflows which include budgeted sales and gross margin. The main factor contributable to the impairment of goodwill was the slow down in travel business in the current economic environment. As a result, both sales and profit generated from the travel business segment in Singapore have fallen below expectation.

During the three months ended 30 September 2014, the management further assessed the current and expected performance of travel business which indicated the recoverable amount of the CGUs, while as compared with the impairment test conducted in the second quarter this year, was still above the respective carrying amount of intangible assets. On this basis, the directors of the Company concluded that there was no material impairment loss on intangible assets in these CGUs as of 30 September 2014.

During the nine months ended 30 September 2013, the management assessed the recoverable amount of the related CGUs and determined the goodwill was impaired by HK\$9,000,000.

7. INCOME TAX EXPENSE

7. INCOME TAX EXPENSE (Continued)

Singapore Corporate Income Tax is calculated at 17% in accordance with the relevant laws and regulations in Singapore.

Hong Kong Profits Tax is calculated at 16.5% of the estimated assessable profit for both periods. No provision for Hong Kong Profits Tax has been made as the Company and its subsidiaries either incurred tax losses or the estimated assessable profit is wholly absorbed by tax losses brought forward from prior years.

8. LOSS PER SHARE

The calculation of the basic and diluted loss per share attributable to the owners of the Company is based on the following data:

	Three months ended 30 September		Nine months ended 30 September	
	2014 HK\$'000 (Unaudited)	2013 HK\$'000 (Unaudited)	2014 HK\$'000 (Unaudited)	2013 HK\$'000 (Unaudited)

Number of shares				
Weighted average number of ordinary shares for the purposes of basic and diluted loss per share (in thousand shares) (Note)	245,407	128,309	186,125	128,309

Note: The weighted average number of ordinary shares for the purpose of calculating basic and diluted loss per share for the period has been retrospectively adjusted for the effect of the open offer completed in June 2014.

For the three months ended 30 September 2013 and nine months ended 30 September 2013, diluted loss per share does not assume the exercise of the Company's share options because the exercise price of the options was higher than the average market price of shares for the periods and the assumed exercise of the share option would result in a decrease in loss per share.

The Company's share options were all lapsed on 13 May 2014, and therefore there was no outstanding dilutive share option as at 30 September 2014.

9. INTERIM DIVIDEND

No dividends were paid, declared or proposed during the nine months period ended 30 September 2014 and 2013, nor has any dividend been proposed since the end of both reporting periods.
