MANAGEMENT DISCUSSION & ANALYSIS

FINANCIAL REVIEW

Global Mastermind Holdings Limited (the “Company”) and its subsidiaries (collectively, the “Group”) recorded loss attributable to owners of the Company of HK\$7,087,000 for the three months ended 31 March 2018 (for the three months ended 31 March 2017: HK\$4,346,000), representing basic loss per share of HK0.17 cent (for the three months ended 31 March 2017: HK0.12 cent). Comparing with the corresponding period of last year, the increase in loss attributable to owners of the Company was mainly attributed to (i) the increase in staff costs and other expenses of the financial services business which commenced full operation in the third quarter of 2017; and (ii) the share of loss of a joint venture during the three months ended 31 March 2018.

Revenue and profitability

An analysis of the Group’s revenue for the three months ended 31 March 2018 and 2017 was as follows:

	2018 HK\$’000 (Unaudited)	2017 HK\$’000 (Unaudited)
Service income from provision of travel related services	7,122	7,870
Interest income from money lending business	3,013	3,112
Net realised gain on securities investment	–	490
Revenue derived from financial services business	1,907	–
	12,042	11,472

For the three months ended 31 March 2018, the consolidated revenue of the Group amounted to HK\$12,042,000, comprised of (i) service income from provision of travel related services of HK\$7,122,000 (for the three months ended 31 March 2017: HK\$7,870,000); (ii) interest income from money lending business of HK\$3,013,000 (for the three months ended 31 March 2017: HK\$3,112,000); (iii) net realised gain on securities investment of HK\$Nil (for the three months ended 31 March 2017: net realised gain of HK\$490,000); and (iv) revenue derived from financial services business of HK\$1,907,000 (including commission income from securities brokerage; interest income from margin financing and initial public offering (“IPO”) financing; and handling and settlement income arising from securities brokerage) (for the three months ended 31 March 2017: Nil), representing an increase of approximately 5.0% as compared to HK\$11,472,000 for the three months ended 31 March 2017. The increase was mainly contributed by the financial services business which commenced full operation in the third quarter of 2017.

The revenue arising from travel business consists of agency commission and service income (both from customers and suppliers) generated from the provision of travel related services, including air-tickets, hotel rooms, Free Independent Traveler (“FIT”) packages and ground transportation handling services.

Corporate customers are business travelers who require travel products and services for their travel purposes. Wholesale customers are usually travel services providers who purchase air-tickets, hotel rooms, FIT packages and other travel related products. Meetings, Incentives, Conventions and Exhibitions (“MICE”) customers refer to customers who are mainly corporate customers, convention organizers and special projects organizers who require one stop professional MICE/special project/event management services.

The revenue arising from travel agency operation in Hong Kong consists of rendering travel agency services related to air ticketing and air/hotel packages.

For the three months ended 31 March 2018, approximately 59.1% or HK\$7,122,000 (for the three months ended 31 March 2017: HK\$7,870,000) of the total revenue was derived from the provision of travel related services of which HK\$6,889,000 (for the three months ended 31 March 2017: HK\$7,507,000) and HK\$233,000 (for the three months ended 31 March 2017: HK\$363,000) was generated from the market in Singapore and Hong Kong respectively.

The interest income revenue derived from the provision of money lending services amounted to HK\$3,013,000 (for the three months ended 31 March 2017: HK\$3,112,000), representing a decrease of approximately 3.2% as compared to that of last corresponding period and approximately 25.0% of the total revenue for the three months ended 31 March 2018.

For treasury management business, neither realised gain nor loss was recorded as the Group did not make any disposal of any Hong Kong equities during the period under review (for the three months ended 31 March 2017: net realised gain of HK\$490,000).

For the financial services business, revenue of HK\$1,907,000, representing approximately 15.9% of the total revenue, was generated, including (i) commission income from securities brokerage of HK\$580,000; (ii) interest income from margin financing of HK\$159,000; (iii) interest income from IPO financing of HK\$3,000; and (iv) handling and settlement income arising from securities brokerage of HK\$1,165,000, for the three months ended 31 March 2018 (for the three months ended 31 March 2017: Nil).

Other income, other gains and losses

Other income, other gains and losses for the three months ended 31 March 2018 amounted to HK\$1,441,000, representing a decrease of 38.6% as compared to HK\$2,345,000 for the corresponding period of last year. Such decrease was mainly attributed to the absence of incentives income from the Group's travel business in Singapore.

Expenditure

For the reporting period, staff costs amounted to HK\$12,004,000 (for the three months ended 31 March 2017: HK\$11,136,000). Depreciation and amortisation expenses amounted to HK\$1,764,000 (for the three months ended 31 March 2017: HK\$3,417,000). Other expenses amounted to HK\$5,854,000 (for the three months ended 31 March 2017: HK\$3,776,000).

The increase in both staff costs and other expenses was mainly due to the increase in manpower and administrative expenses of the financial services business which commenced full operation in the third quarter of 2017.

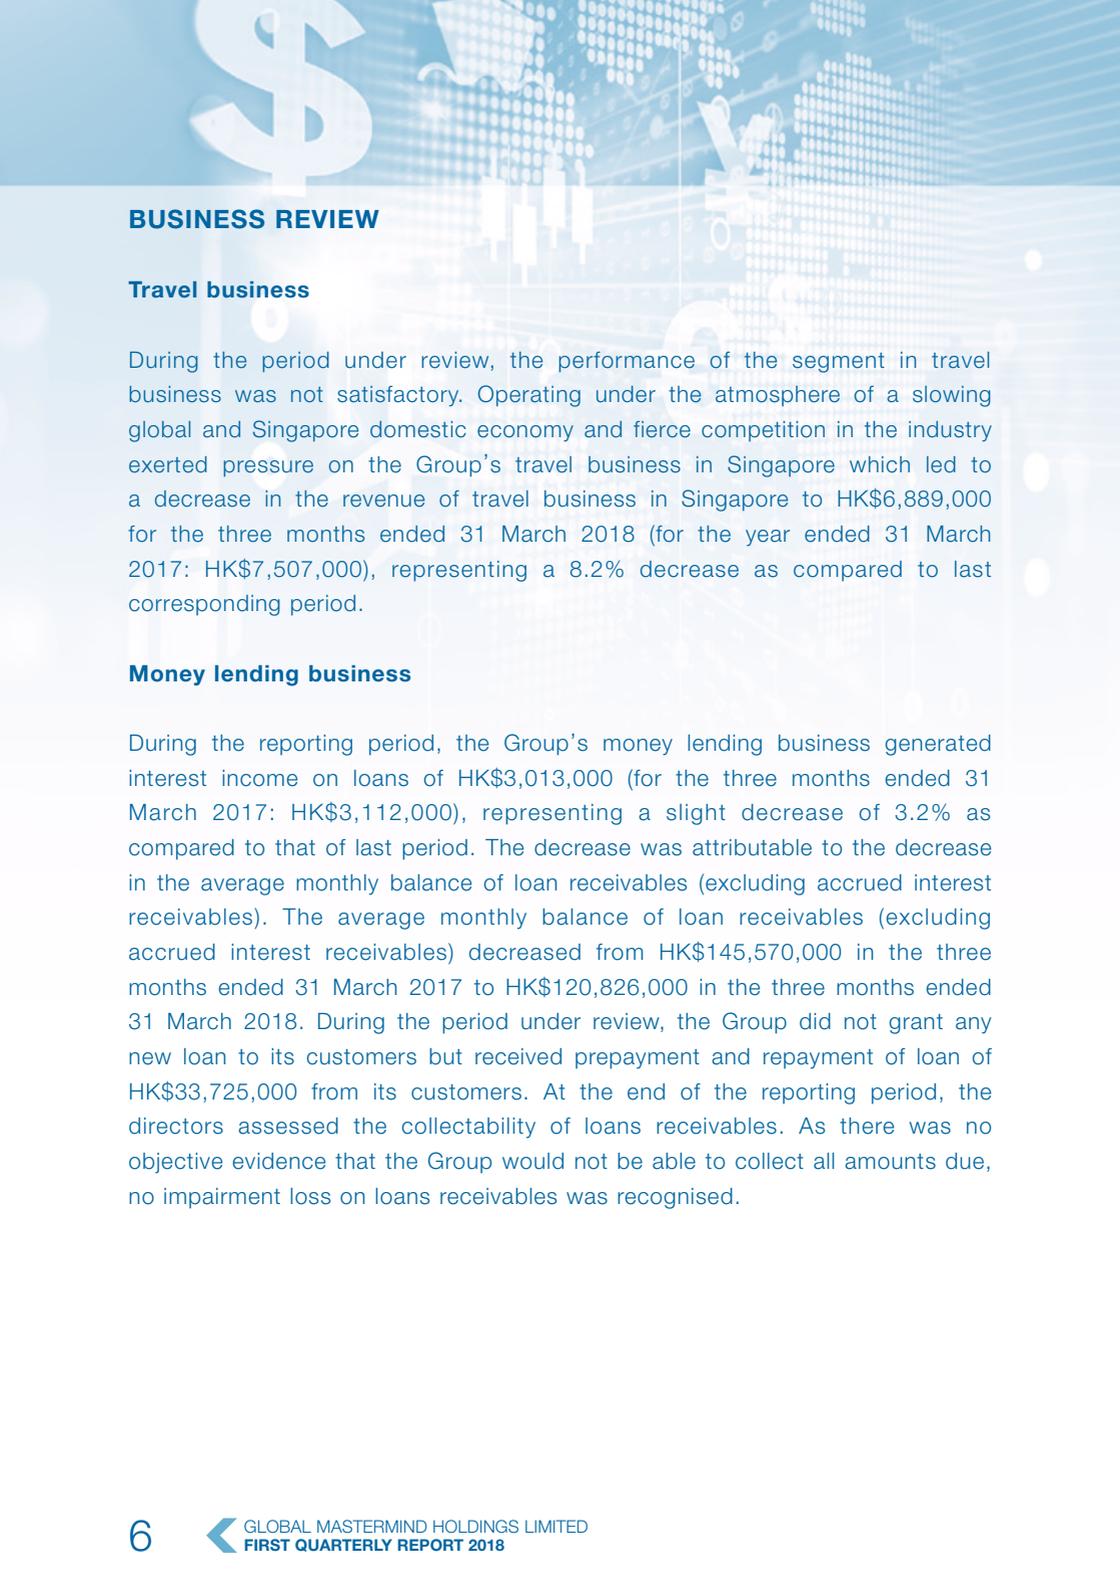

Finance costs

The finance costs of HK\$200,000 (for the three months ended 31 March 2017: HK\$121,000) was attributed to the interest on bank overdrafts during the reporting period.

Share of loss of a joint venture

On 30 July 2013, the Group entered into an agreement with a venturer to form a joint venture which principally engages in the business of operating as tours and travel agents in Malaysia at a cash consideration of HK\$14 million and the transaction was completed on 31 August 2013. Since then, the Group is entitled to receive a management fee which is equivalent to 90% of the profit before taxation of its Malaysia travel business.

During the three months ended 31 March 2018, the Group shared a loss from the joint venture amounting to HK\$956,000 (for the three months ended 31 March 2017: a profit of HK\$187,000).

BUSINESS REVIEW

Travel business

During the period under review, the performance of the segment in travel business was not satisfactory. Operating under the atmosphere of a slowing global and Singapore domestic economy and fierce competition in the industry exerted pressure on the Group's travel business in Singapore which led to a decrease in the revenue of travel business in Singapore to HK\$6,889,000 for the three months ended 31 March 2018 (for the year ended 31 March 2017: HK\$7,507,000), representing a 8.2% decrease as compared to last corresponding period.

Money lending business

During the reporting period, the Group's money lending business generated interest income on loans of HK\$3,013,000 (for the three months ended 31 March 2017: HK\$3,112,000), representing a slight decrease of 3.2% as compared to that of last period. The decrease was attributable to the decrease in the average monthly balance of loan receivables (excluding accrued interest receivables). The average monthly balance of loan receivables (excluding accrued interest receivables) decreased from HK\$145,570,000 in the three months ended 31 March 2017 to HK\$120,826,000 in the three months ended 31 March 2018. During the period under review, the Group did not grant any new loan to its customers but received prepayment and repayment of loan of HK\$33,725,000 from its customers. At the end of the reporting period, the directors assessed the collectability of loans receivables. As there was no objective evidence that the Group would not be able to collect all amounts due, no impairment loss on loans receivables was recognised.

Treasury management business

During the period under review, the Group did not acquire any Hong Kong equities (for the three months ended 31 March 2017: HK\$9,319,000). In addition, the Group did not make any disposal of Hong Kong equities. As such, neither net realised gain nor loss was recorded during the three months ended 31 March 2018 (for the three months ended 31 March 2017: a net realised gain of HK\$490,000). As at 31 March 2018, the Group remeasured its equity portfolio at market prices and recorded an unrealised gain of HK\$659,000 (for the three months ended 31 March 2017: an unrealised gain of HK\$274,000) arising on change in fair value of financial assets at fair value through profit or loss.

Financial services business

During the period under review, the revenue generated from the financial services business was HK\$1,907,000 (for the three months ended 31 March 2017: Nil), including commission income from securities brokerage of HK\$580,000; interest income from margin financing and IPO financing of HK\$159,000 and HK\$3,000 respectively; and handling and settlement income arising from securities business of HK\$1,165,000.

OUTLOOK

In the coming quarters, the travel business environment is continuing to be challenging. The Group's profitability in travel business is facing pressure from the rising costs of operations and stiff price driven competition. Our management team will cautiously monitor the market, adopt appropriate measures and business strategies in response to changing market conditions.

The Group will adopt a conservative investment approach towards its treasury management business in the coming quarters. The management will cautiously monitor Hong Kong equity market, change the Group's equity portfolio mix from time to time and realise the equities held by the Group into cash as and when appropriate.

For the money lending business, the Group will put more efforts to further expand this business segment. Despite the management expects that a growth will be recorded in this segment in 2018, a more cautious approach has been adopted by the management during their assessment and approval of new loans in order to mitigate its credit risk.

For the financial services business, the Group will exert more marketing efforts by allocating more resources to promote our services to the customers, in order to increase and broaden the income stream in the future.

EVENTS AFTER THE REPORTING PERIOD

On 8 May 2018, Global Mastermind Futures Limited, an indirect wholly-owned subsidiary of the Company, was granted a licence to carry on Type 2 (dealing in futures contracts) regulated activity under the Securities and Futures Ordinance.

Save as disclosed above, there is no material subsequent event undertaken by the Company or by the Group after 31 March 2018 and up to the date of this report.

INTRODUCTION

We have reviewed the quarterly financial information set out on pages 11 to 21, which comprises the condensed consolidated statement of profit or loss and other comprehensive income for the three months ended 31 March 2018, a summary of significant accounting policies and certain explanatory notes. The directors are responsible for the preparation and presentation of this quarterly financial information in accordance with the basis set out in note 1. Our responsibility is to express a conclusion on this quarterly financial information based on our review, and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Hong Kong Institute of Certified Public Accountants. A review of quarterly financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the quarterly financial information are not prepared, in all material respects, in accordance with the basis of the preparation as set out in note 1 to the quarterly financial information.
