The principal accounting policies applied in preparing this unaudited condensed consolidated financial information are set out in note 3 to the 2020 Financial Statements, except for the adoption of the amendments to HKFRSs set out in note 2 below.

The unaudited condensed consolidated financial information has been prepared under the historical cost basis, except for certain properties and financial instruments that are measured at fair values at the end of each reporting period, as appropriate.

The accounting policies used in the unaudited condensed consolidated financial information for the three months ended 31 March 2021 are consistent with those followed in the preparation of the 2020 Financial Statements, except as described below.

Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2 million of the estimated assessable profits and at 16.5% on the estimated assessable profits above HK\$2 million for both periods.

At 31 March 2021, the Group has taxable temporary differences of HK\$38,119,000 arising from the net unrealised gain on financial assets at fair value through profit or loss (for the three months ended 31 March 2020: net unrealised loss of HK\$11,461,000). No deferred tax liability has been recognised in relation to such taxable temporary differences as the relevant subsidiary has unused tax losses available for offset against the taxable temporary differences. No deferred tax asset has been recognised in respect of the unused tax losses due to the unpredictability of future profit streams. The tax losses may be carried forward indefinitely.

Singapore Corporate Income Tax is calculated at 17% in accordance with the relevant laws and regulations in Singapore for both periods. No provision for Singapore Corporate Income Tax has been made as the subsidiary operating in Singapore had no assessable profit for both periods.

Revenue derived from financial services business includes commission income from securities brokerage, interest income from margin financing and initial public offering (“**IPO**”) financing, handling and settlement income arising from securities brokerage, asset management fee income, and advisory fee income from corporate finance. The Group reported a decrease of 10% in its revenue for the three months ended 31 March 2021 compared to HK\$14,695,000 for the three months ended 31 March 2020. The decrease was mainly attributable to (i) a HK\$2,033,000 decrease in service income from provision of travel-related services, and (ii) a HK\$1,360,000 decrease in interest income from money lending business. However, these decreases were partially offset by (i) the recognition of the net realised gain of HK\$1,357,000 on securities investment, and (ii) a HK\$605,000 increase in revenue derived from financial services business.

Other income, other gains and losses

Other income, other gains and losses for the three months ended 31 March 2021 amounted to a net income of HK\$3,051,000, representing a decrease of 15% compared to the net income of HK\$3,607,000 for the three months ended 31 March 2020. The decrease was due to (i) a HK\$216,000 decrease in government grants in respect of the COVID-19 pandemic-related subsidies, and (ii) a HK\$266,000 decrease in net exchange gain.

Staff costs, depreciation expenses, and other expenses

For the three months ended 31 March 2021, staff costs amounted to HK\$7,734,000 (2020: HK\$13,336,000). Depreciation expenses amounted to HK\$1,935,000 (2020: HK\$2,299,000). Other expenses amounted to HK\$6,536,000 (2020: HK\$4,003,000).

The decrease in staff costs was mainly attributable to the Group's travel operations in Singapore practising 10 to 15 days of unpaid leave per month in the three months ended 31 March 2021. On the contrary, five days of unpaid leave per month had practised since February 2020. The increase in other expenses was mainly due to the increase in legal and professional fees resulted from the incidents of Solution Apex Investments Limited, a then subsidiary of the Company, relating to the three unauthorised purported investments and unexplained cash withdrawals as disclosed in the Company's announcement dated 29 December 2020.

Finance costs

For the three months ended 31 March 2021, finance costs amounted to HK\$3,504,000 (2020: HK\$4,466,000), out of which (i) HK\$1,972,000 was related to the interest expense on other borrowing (2020: HK\$1,995,000), (ii) HK\$1,184,000 was related to the interest expense on convertible bonds (2020: HK\$2,131,000), (iii) HK\$34,000 was related to the interest expense on lease liabilities (2020: HK\$160,000), and (iv) HK\$314,000 was related to the interest expense on short term bank borrowings (2020: HK\$180,000). The decrease was due to the partial redemption of HK\$20,000,000 of the principal amount of the HK\$80,000,000 convertible bonds issued in 2018 in November 2020.

Money lending business

During the three months ended 31 March 2021, the Group's money lending business generated interest income on loans of HK\$7,313,000 (2020: HK\$8,673,000), a 16% decrease compared to the corresponding period last year. The decrease was contributed by the change in interest income recognition method of two loans classified as credit-impaired. Interest income for these two loans is calculated based on the effective interest rate on the net carrying amounts of the two loans (after deducting the related accumulated loss allowance of expected credit losses), rather than the gross carrying amounts. During the three months ended 31 March 2021, the Group did not grant any new loan (2020: Nil) to and received repayment of HK\$280,000 (2020: HK\$260,000) from its customers. During the year ended 31 December 2020, a customer failed to repay the outstanding principal amount of the loan together with the accrued and unpaid interest thereon pursuant to the loan agreement. The Group has commenced legal actions against the customer to seek to recover the outstanding principal amount together with the accrued and unpaid interest thereon. In addition, two customers did not pay the interest on loans under the loan agreements to the Group during the year ended 31 December 2020. The Group has taken legal action against one of the customers to take possession of the security for recovering the outstanding principal amount of the loan together with the accrued and unpaid interest thereon. During the three months ended 31 March 2021, such legal actions were still under process.

As at 31 March 2021, the Group remeasured its securities investment at fair value and recorded a net unrealised gain of HK\$38,119,000 arising on changes in fair values of securities investment (2020: net unrealised loss of HK\$11,461,000).

Outlook

In early 2021, the rollout of vaccination was expected to allow lockdown measures to be gradually relaxed or lifted, and the global economy was forecast to rebound in 2021. However, the recently discovered new COVID-19 variants have forced many countries to introduce tighter travel restrictions. The Directors expect the Group’s travel business will not improve until the fourth quarter of 2021.

In response to the new COVID-19 variants, central banks are likely to inject liquidity into markets again. The outlook of the Hong Kong equity market remains positive. The Directors will closely monitor and adjust the Group’s securities investment from time to time and realise the securities investment into cash as and when appropriate in 2021.

MANAGEMENT DISCUSSION & ANALYSIS *(Continued)*

Outlook *(Continued)*

As the new COVID-19 variants increase stress on the global economy, the Directors will continue to closely monitor the repayment and financial condition of the Group's money lending customers in 2021 to ensure speedy actions on any early signs of loan recovery issues. As a matter of prudent measure, the Directors intend to maintain the size rather than to expand the Group's loan portfolio further in 2021.

The Directors expect the performance of the Group's financial services business will improve in 2021 compared to 2020, as more and more US-listed Chinese companies are expected to apply for secondary listings in Hong Kong, which has a positive impact on Hong Kong's securities industries in the long run.

For the remainder of 2021, the Directors will be cautious and watchful over the development of the COVID-19 pandemic. The Directors commit to lead the Group to weather the challenges and continue to monitor the business environment cautiously and strengthen the Group's business foundation by focusing on its existing businesses. In addition to focusing on the Group's existing businesses, the Directors will continue to cautiously identify suitable investment opportunities for the Group to diversify its businesses and broaden its revenue.
