Dear Shareholders,

On behalf of the board (the "**Board**") of directors (the "**Directors**") of Green International Holdings Limited (the "**Company**"), I present the annual report of the Company and its subsidiaries (collectively referred to as the "**Group**") for the year ended 31 December 2020.

During the year under review, the Board strive to improve the business performance of the various business segments of the Group. The Group will closely take note of the development of the COVID-19 epidemic and its impact on the Group's businesses, and will proactively take preventive measures to mitigate the impact of the COVID-19 on its businesses. The Company will leverage on our experience in the health and medical industry and continue to explore suitable business opportunities which are in line or may create synergy with our existing businesses.

On behalf of the Board, I would like to express our sincere thanks to our colleagues for their efforts and commitment and extend our appreciation to the shareholders and investors for their support.

Yu Zhoujie

Chairman of the Board

Hong Kong, 31 March 2021

OVERVIEW

During the year ended 31 December 2020 (the “**Year**”) under review, the Group continued to be principally engaged in provision of (i) health, medical and related services, (ii) beauty and wellness services, and (iii) integrated financial services comprising securities brokerage, advising on securities and asset management.

BUSINESS REVIEW

The revenue of the health and medical business segment (the “**Health and Medical Business**”) includes revenue from the hospital business (the “**Hospital Business**”) and club house business (the “**Club House Business**”). The Group operates its Hospital Business in Hunnan Province, China through Li County Phoenix Hospital Company Limited (“**Phoenix Opco**”) and Yiyang Zizhong Kidney Disease Hospital Company Limited (“**Zizhong Opco**”) having the medical organisation operating license granted by the local bureau of the National Health Commission to carry out, amongst other permitted medical treatments, hemodialysis treatment. The management of the Group keeps exploring business opportunities and strategies to expand the Hospital Business in other cities and provinces in China. The Club House Business represents a club house business operated in Shenzhen, China providing health and related services.

In light of the global outbreak of the COVID-19, the weakened consumer market in China, and the unsatisfactory business performance of the Club House Business, the Group disposed of the Club House Business during the Year. Through the disposal, the Group are able to cut the operating loss arising from the Club House Business and focus its resources in running of the Hospital Business.

The revenue of the beauty and wellness business segment (the “**Beauty and Wellness Business**”) includes revenue from the Marsa group. Marsa group provides beauty products and wellness services under brand name of “**瑪莎**” through beauty centers and shops in Shenzhen, China, selling beauty and cosmetics products and providing beauty and wellness services to customers.

The performance of the Beauty and Wellness Business continued to be sluggish in the year of 2020 due to the abrupt downturn of the service industry and weakened consumer market as a result of the change in consumption pattern during the Epidemic. The management of the Company considers that the weakened customer sentiment in Shenzhen will remain in the future for a period of time.

The revenue of the financial business segment (the “**Integrated Financial Business**”) includes revenue from the integrated financial services carried out through Green Securities Limited, a licensed corporation licensed to carry out type-1 (dealing in securities) and type-4 (advising on securities) regulated activities in Hong Kong and Green Asset Management Limited, a licensed corporation licensed to carry out type-9 (asset management) regulated activities in Hong Kong, did not generate any revenue. Both companies in the financial business segment have been loss making for many years.

LOOKING FORWARD

Going forward, the Group will closely take note of the development of the COVID-19 epidemic and its impact on the Group’s businesses, and will proactively take preventive measures to mitigate the impact of the COVID-19 on its businesses. The Company will leverage on our experience in the health and medical industry and continue to explore suitable business opportunities which are in line or may create synergy with our existing businesses.

Events with Impact to the Financial Position and the Business Operations

The following events, which have significant impact to the financial position or the business operations of the Group, occurred during the Year:

- (i) On 23 March 2020, the Company issued and allotted 176,470,588 ordinary shares to the holders of the HK Yinger CB in the principal amount of HK\$120,000,000 at its maturity date on 23 March 2020, details of which were disclosed in the Company’s announcement dated 23 March 2020.

- (ii) In April 2020, the Zheyin Tianqin 2018 CB was fully redeemed by the bond holder in cash.
- (iii) In May 2020, the Group disposed of the Club House Business for a cash consideration of HK\$100,000 and recorded a gain on disposal of subsidiaries in the amount of approximately HK\$2,789,000.
- (iv) On 16 December 2020, the Company issued and allotted 1,649,736,733 ordinary shares under the rights issue on the basis of one rights share for every one existing share held on the record date at the subscription price of HK\$0.06 per rights share, details of which were disclosed in the Company's prospectus dated 23 November 2020 and announcement dated 15 December 2020.
- (v) On 23 December 2020, the Company proposed to implement the share consolidation on the basis that every five issued and unissued existing shares of HK\$0.04 each will be consolidated into one consolidated share of HK\$0.20 each. The five-to-one share consolidation was approved by shareholders at the extraordinary general meeting of the Company held on 20 January 2021 and took effect on 22 January 2021.

The following subsequent events occurred between the end of the Year and the date hereof:

In view of the small scale of operation and revenue of the Integrated Financial Business carried out through Green Securities Limited, a licensed corporation licensed to carry out type-1 (dealing in securities) and type-4 (advising on securities) regulated activities in Hong Kong and Green Asset Management Limited, a licensed corporation licensed to carry out type-9 (asset management) regulated activities in Hong Kong, the Group disposed of the Integrated Financial Business in March 2021.

FINANCIAL REVIEW

Revenue

The Group reported total revenue amount of approximately HK\$65,532,000 (2019: HK\$78,659,000) during the Year, representing a decrease of approximately 16.69% as compared to the Group's revenue for the year ended 31 December 2020.

Health and Medical Business

The Group reported revenue and operating loss from the Health and Medical Business, including both of the Hospital Business and the Club House Business, for the Year in the amounts of approximately HK\$38,434,000 and HK\$12,883,000 respectively (2019: HK\$43,863,000 and HK\$49,978,000 respectively). The revenue and operation loss of the Hospital Business for the Year were approximately HK\$38,130,000 and HK\$7,004,000 respectively (2019: HK\$39,283,000 and HK\$30,672,000 respectively). The operating loss of the Health and Medical Business were mainly attributable to the impairment loss of goodwill for the Hospital Business of approximately HK\$2,162,000 (2019: HK\$25,692,000) and operating loss from the Club House Business, which was disposed during the Year, was approximately HK\$5,879,000 (2019: HK\$19,306,000). Notwithstanding the global outbreak of the COVID-19, the Hospital Business maintained its scale and revenue level during the Year.

Beauty and Wellness Business

The revenue and operating loss from the Beauty and Wellness Business for the Year were approximately HK\$27,054,000 and HK\$22,106,000 respectively (2019: HK\$34,754,000 and HK\$66,746,000 respectively). The operating loss from the Beauty and Wellness Business for the Year was mainly attributable to the impairment losses of trademark user right and technical know-how, property, plant and equipment and right-of-use assets in the amount of approximately HK\$12,203,000 (2019: HK\$60,143,000), HK\$5,787,000 (2019: HK\$Nil) and HK\$3,504,000 (2019: HK\$Nil) respectively. The Group recorded a decrease in revenue in the amount of approximately HK\$7,700,000 from the Beauty Business, representing a decrease of approximately 22%, compared to the corresponding figure for the year ended 31 December 2019. The decrease in revenue was mainly attributable to weakening of consumer sentiment in Shenzhen as a result of the global outbreak of the COVID-19 during the Year.

Integrated Financial Business

The revenue and operating loss of the Integrated Financial Business for the Year was approximately HK\$44,000 and HK\$3,865,000 respectively (2019: HK\$42,000 and HK\$4,265,000 respectively).

Administrative Expenses

The Group reported administrative expenses of approximately HK\$45,790,000 for the Year (2019: HK\$64,279,000), representing a decrease of approximately 28.76%. The decrease in the administrative expenses were mainly attributable to (i) the cost-saving from cut-down operation of the Club House Business and the down-size operation of the Beauty and Wellness Business in addressing the impact of the Epidemic and (ii) implementation of other cost control measures.

Impairment Testing on Cash-Generating Unit of the Hospital Business

The management performed an impairment assessment on the cash-generating unit in respect of the Hospital Business at the end of the reporting period by reference to the valuation prepared by an independent valuer. The valuation was based on (a) the five years cash flow projections which are discounted using the discount rate of 11.8%; (b) a terminal value calculated using a discount rate of 3%; and (c) the latest operation figures and business plans provided by the management of Phoenix Opco and Zizhong Opco. The carrying amount of the goodwill as at 31 December 2020 was assessed at approximately HK\$8,566,000 (2019: HK\$10,728,000), resulting in an impairment loss of goodwill of approximately HK\$2,162,000 (2019: HK\$25,692,000) being recognised in the consolidated statement of profit or loss for the Year.

Impairment Testing on Cash-Generating Unit of Marsa Group

Due to the continued impact of the COVID-19 pandemic for the Year, leading to a decrease in revenue of the Marsa Group in the beauty and wellness business, which impaired the relevant trademark user right and technical know-how, property, plant and equipment and right-of-use assets of approximately HK\$12,203,000 (2019: HK\$60,143,000), HK\$5,787,000 (2019: HK\$Nil) and HK\$3,504,000 (2019: HK\$Nil) respectively.

The entire carrying amount of the intangible assets, property, plant and equipment and right-of-use assets was tested for impairment in accordance with HKAS 36 issued by the HKICPA by comparing its recoverable amount with its carrying amount. Under HKAS 36, the recoverable amount of a cash-generating unit (“CGU”) is the higher of its fair value less costs of disposal and its value in use (“VIU”). The impairment relied on the assessment based on the income approach, discount cash flow model (“DCF”). Amongst the widely used valuation approaches of market approach, cost approach and income approach, DCF model under the income approach is adopted because: (a) there are insufficient relevant comparable transaction to form a reliable basis for the opinion of value, making it inappropriate to use market approach; (b) the relative valuation based on historical results is not representative; (c) the company is conducted on a going concern basis and so the cost approach is inappropriate because it ignores the future economic benefits of the business as a whole; and (d) the income approach is the most appropriate and well accepted approach, by looking at the free cash flow available to a business of going concern. The basis and key assumptions used in the assessment are as follows:

- (a) The Group recognised the impairment loss on intangible assets, property, plant and equipment, right-of-use assets as the management of the Company considers that the Beauty Business faced weakened customer sentiment in Shenzhen throughout the Year.

- (b) For the impairment testing, the recoverable amount of the cash-generating units have been determined on a value in use calculation which use cash flow projections based on financial budget approved by the directors and valued by the professional valuer covering a five year period. Key assumptions included (a) the five years cash flow projections which are discounted using the discount rate of 14.50%; (b) a terminal value calculated using a discount rate of 3%; and (c) the latest operation figures and business plans provided by the management of Marsa group. The values assigned to key assumptions are based on historical experience, current market condition, approved forecasts and consistent with external information sources.

Fair Value Changes of Derivative Financial Assets

As a result of the redemption of the Zheyin Tianqin 2018 CB in the principal amount of HK\$60,000,000 in full in cash by the bond holder in April 2020, the Group recognised a decrease in the fair value of derivative financial assets in the amount of approximately HK\$3,505,000 (2019: an increase of HK\$2,802,000) in the consolidated statement of profit or loss for the Year.

Finance Costs

The Group reported finance costs, net of approximately HK\$6,381,000 for the Year (2019: HK\$11,225,000). Details of the finance costs, net for the Year are set out in Note 8 to the consolidated financial statements.

Loss for the Year

The Group reported net loss for the Year of approximately HK\$61,312,000 (2019: HK\$151,997,000).

CONNECTED TRANSACTIONS

The Group had no connected transactions for the Year.

EQUITY FUND RAISING ACTIVITIES DURING THE YEAR

Date of announcement	Fund raising activity	Net proceeds raised	Proposed use of proceeds	Actual use of proceeds
25 September 2020	The Company issued and allotted 1,649,736,733 ordinary shares under the rights issue on the basis of one rights share for every one existing share held on the record date at the subscription price of HK\$0.06 per rights share. The rights issue became unconditional on 9 December 2020.	Approximately HK\$95.9 million	The net proceeds were intended to be utilized in the following order of priority: (i) as to the first HK\$15.0 million for the Group's corporate expenses and overheads (including salaries, rental payments, professional fees and capital injection for the Group's licensed corporations); and (ii) as to the remaining net proceeds for the potential acquisitions, expansion and equipment purchase of the Group's hospital business.	Up to the end of the Year, none of the proceeds have been utilized by the Group as the rights issue was completed only by late December 2020.

LIQUIDITY AND FINANCIAL RESOURCES

As at 31 December 2020, the Group had total assets of approximately HK\$283,977,000 (31 December 2019: HK\$305,381,000) and debts of approximately HK\$83,408,000 (31 December 2019: HK\$129,223,000), giving rise to a leverage ratio (defined as debt to total assets) of approximately 29.4% (31 December 2019: 42.3%).

As at 31 December 2020, the Group had net current assets of approximately HK\$96,527,000 (31 December 2019: HK\$24,263,000), being the surplus of current assets of approximately HK\$164,651,000 (31 December 2019: HK\$170,909,000) over the current liabilities of approximately HK\$68,124,000 (31 December 2019: HK\$146,646,000), giving rise to a current ratio of approximately 2.42 (31 December 2019: 1.17).

As at 31 December 2020, the Group had cash and bank balances (including trust and segregated accounts) of approximately HK\$141,733,000 (31 December 2019: HK\$135,203,000). As at 31 December 2020, the Group had cash and bank balances (excluding trust and segregated accounts) of approximately HK\$139,788,000 (31 December 2019: HK\$135,028,000).

GEARING RATIO

As at 31 December 2020, the gearing ratio of the Group (defined as debt to equity) was approximately 62% (31 December 2019: 142%). Debt includes bonds payables, lease liabilities and convertible bonds, if applicable.

SIGNIFICANT INVESTMENT HELD

The Group had no significant investment held as at 31 December 2020.

ACQUISITION AND DISPOSAL OF SUBSIDIARIES

The Group disposed of the Club House Business for a cash consideration of HK\$100,000 and recorded a gain on disposal of subsidiaries in the amount of approximately HK\$2,789,000 in May 2020. Save as disclosed herein, the Group had no significant acquisition and no other significant disposal of subsidiaries for the Year.

CHARGES ON ASSETS

None of the Group's assets was pledged to secure any facilities and borrowings granted to the Group as at 31 December 2020.

CONTINGENT LIABILITIES

The Group had no material contingent liabilities as at 31 December 2020.

FOREIGN EXCHANGE EXPOSURE

The Group's business transactions were mainly carried out in Hong Kong Dollars and Renminbi. The Group was not engaged in any hedging measures during the Year. The Group will regularly review its position and may use financial measures to hedge its foreign currency exposure if it considers the risk to be significant.

CAPITAL STRUCTURE

Save as disclosed herein, there were no changes in the capital structure of the Company for the Year and the year ended 31 December 2019 and up to the date of this report.

(A) Share Capital

Details on the movements of the share capital for the Year and the year ended 31 December 2019 are set out in Note 23 to the consolidated financial statements.

The share consolidation on the basis that every five issued and unissued existing shares of HK\$0.04 each shall be consolidated into one consolidated share of HK\$0.20 each was proposed by the Board and announced on 23 December 2020 and took effect on 22 January 2021. After the share consolidation, the authorised share capital of the Company became HK\$200,000,000 divided into 1,000,000,000 consolidated shares of HK\$0.20 each, of which 659,894,693 consolidated shares (which are fully paid or credited as fully paid) were in issue.

(B) Share Options

Old Share Option Scheme

The old share option scheme (the “**Old Share Option Scheme**”) adopted by the Company on 2 September 2006 lapsed on 2 September 2016 pursuant to the terms of the Old Share Option Scheme.

As at 1 January 2019, the outstanding number of share options granted under the Old Share Option Scheme was 3,500,000 at the weighted average exercise price of HK\$1.28 per share. All these options were cancelled and lapsed at the completion of the unconditional mandatory cash offer of the Company taken place on 2 May 2019.

New Share Option Scheme

At the annual general meeting of the Company held on 26 June 2019, a new share option scheme (the “**New Share Option Scheme**”) was approved by the shareholders of the Company. The New Share Option Scheme has a lifespan of 10 years. At the annual general meeting of the Company held on 26 June 2019, the Scheme Mandate Limit was approved to allow the Company to grant up to the maximum of 147,326,614 options, representing 10% of the shares in issue on the date of approval of the scheme. Details of the New Share Option Scheme are set out in the circular of the Company dated 24 May 2019.

No share options were granted under the New Share Option Scheme for the Year and the year ended 31 December 2019. As at the date of this report, the maximum number of options which can be granted under the New Share Option Scheme was 29,465,322 (equivalent to 147,326,614 options before the five-to-one share consolidation took effect on 22 January 2021), representing 4.47% of the existing issued share capital of the Company.

(C) Convertible Bonds

Details on the movements of the convertible bonds for the Year and the year ended 31 December 2019 are set out in Note 24 to the consolidated financial statements.

DIVIDEND

The Directors do not recommend the payment of any dividend for the Year (2019: Nil).

HUMAN RESOURCES

As at 31 December 2020, the Group has 232 employees in Hong Kong and China. Employees' remuneration, promotion and salary increments are assessed based on both individuals' and the Group's performance, professional and working experiences and by reference to prevailing market practices and standards.

LITIGATIONS

Save as disclosed below, as at the date of this report, neither the Company nor any other member of the Group was engaged in any litigation or claim of material importance known to the Directors to be pending or threatened against any member of the Group:

The Company issued 8% per annum convertible bonds to Hong Kong Qian Hai Financial Group Limited ("**HK Qianhai Financial**") in an aggregate principal amount of HK\$12,000,000 (the "**Qianhai 2016 CB**") carrying conversion right to convert into the shares of the Company. The Qianhai 2016 CB matured on 15 April 2019 without conversion. At or around the maturity date of the Qianhai 2016 CB, the Company received conflicting instructions from Mr. Zhang Xuejun (張學軍) ("**Mr. Zhang**") and another entity named 深圳市前海盛尊華龍控股有限公司 (Shenzhen Qianhai Shengzun Hualong Holdings Co., Ltd.) ("**Shengzun Hualong**"), both purporting to have the authority from the holder of the Qianhai 2016 CB and each purporting to give different payment instructions to the Company regarding the recipient of the cash redemption amount. Shengzun Hualong has commenced legal action against Mr. Zhang, HK Qianhai Financial and the Company (the "**Litigation**") seeking to recover the cash redemption amount of the Qianhai 2016 CB. During the trial at first instance, the Court ruled in favour of Shengzun Hualong but the Company was notified that Mr. Zhang is appealing against the ruling at first instance. As the Company is capable and willing to honour its contractual obligations under the Qianhai 2016 CB and the delay, if any, on the redemption was the sole responsibilities of other parties who failed to provide consistent instructions to the Company, the Directors are of the view that the litigation shall not have any significant impact on the financial position of the Company. The Company has instructed its legal advisers to uphold its own lawful right in the litigation.

CHANGES IN INFORMATION OF DIRECTORS

With effect from 16 July 2020, Mr. Chen Hanhong was re-designated from an executive Director to a non-executive Director, Mr. Yu Xiangjin was appointed as an executive Director, and Mr. Yu Zhoujie was appointed as a non-executive Director. With effect from 25 March 2021, Mr. Yu Qigang stepped down from the position of the Chairman of the Board, and Mr. Yu Zhoujie was appointed as the Chairman of the Board with effect from 25 March 2021. Further, on 25 March 2021, Mr. Yu Qigang indicated his intention to retire as Director and not to offer himself for re-election at the forthcoming annual general meeting.

EXECUTIVE DIRECTORS

Mr. Yu Qigang (“Mr. Yu”), age 56, was appointed as an executive Director on 5 September 2013, the Chairman of the Board on 6 June 2017, the chairman and a member of the nomination committee of the Company on 7 June 2017 and a member of the remuneration committee of the Company on 14 June 2017. Mr. Yu retired as the Chairman of the Board, the chairman and a member of the nomination committee and a member of the remuneration committee of the Company on 25 March 2021. He was a member of the Standing Committee of the Shenzhen Committee of Chinese Peoples’ Political Consultative Conference during the fourth and fifth sessions from 2005 to 2015. He is the founder of Shenzhen Yinger Fashion Group Co., Ltd and has over 25 years of operation and management experience in garment and fashion industries.

Based on the disclosure of interests filings and as at the Latest Practicable Date, Mr. Yu regarded himself to be deemed, pursuant to Part XV of the Securities and Futures Ordinance, to be interested in 370,071,730 consolidated shares held by Jumbo Faith International Limited (“**Jumbo Faith**”) a company which is wholly-owned by Ms. Zhou Cuiqiong, the spouse of Mr. Yu.

Mr. Liu Dong (“Mr. Liu”), aged 52, was appointed as an executive Director on 13 July 2018. Mr. Liu has completed his undergraduate studies in Medical University of People’s Armed Police Force of China (now known as Logistics University of People’s Armed Police Force of China), Tianjin, China in 1996. Mr. Liu has more than 20 years of experience in financial investment, trading and property development in China and Hong Kong. As at the Latest Practicable Date, Mr. Liu is a director of a principal subsidiary of the Group, namely, China Joy Holdings Limited and the director of several subsidiaries of the Group.

Based on the disclosure of interests filings and as at the Latest Practicable Date, Mr. Liu regarded himself to be deemed, pursuant to Part XV of the Securities and Futures Ordinance, to be interested in (a) 9,146,000 consolidated shares held under his personal capacity and (b) 16,000,000 underlying consolidated shares held by Smoothly Good Investment Development Limited (“**Smoothly Good**”), a company which is wholly-owned by Mr. Liu.

Mr. Yu Xiangjin (“Mr. Yu XJ”), aged 45, joined the Company as the Chief Financial Officer of the Group’s operating companies in the PRC since January 2018 and was appointed as an executive Director on 16 July 2020. Mr. Yu XJ graduated from Hong Kong Baptist University with a Masters’ degree of Business Administration. Prior to joining the Group, Mr. Yu XJ previously occupied finance and management positions in international conglomerates and large enterprises in China. Mr. Yu XJ is experienced in corporate financial management, internal control, budget management and financial modeling.

As at the Latest Practicable Date, Mr. Yu XJ hold the following positions in the Group’s subsidiaries, namely: the legal representative, director and general manager of Shenzhen Green Medical Management Co., Ltd. (深圳市格林醫療管理有限公司), the supervisor of Li County Phoenix Hospital Co., Ltd. (澧縣鳳凰醫院有限公司), Yiyang Zizhong Kidney Disease Hospital Co., Ltd. (益陽子仲腎臟病醫院有限公司) and Shenzhen Qianhai Gangying Health Management Co., Ltd. (深圳前海港影健康管理有限公司), the director of China Joy Holdings Limited and Health Gold Holdings Limited, and the director and company secretary of several Hong Kong subsidiaries of the Group.

NON-EXECUTIVE DIRECTORS

Mr. Chen Hanhong (“Mr. Chen”), aged 69, was appointed as an executive Director on 1 July 2013 and was re-designated as a non-executive Director on 16 July 2020. Mr. Chen has over 20 years of experience in the management and investment industries. Mr. Chen completed the Tsinghua Executive Master in Business Administration Research and Advanced Study Class organized by the Research Institute of Tsinghua University in Shenzhen. As at the Latest Practicable Date, Mr. Chen is a director of following principal subsidiaries of the Group, namely, Rainbow Star Global Limited and Eternal Spirit Developments Limited, and the director of several subsidiaries of the Group.

PROFILE OF DIRECTORS

Mr. Yu Zhoujie (“Mr. Yu ZJ”), aged 24, was appointed as a non-executive Director on 16 July 2020 and the Chairman of the Board, a member and the chairman of the nomination committee of the Company and a member of the remuneration committee of the Company on 25 March 2021. Mr. Yu ZJ graduated from The Pennsylvania State University with a degree of Bachelor of Science. Prior to joining the Group, Mr. Yu ZJ occupied management roles in private companies in which he was responsible for the formulation of investment strategies, project acquisitions and portfolio management.

Mr. Yu ZJ is the son of Mr. Yu (an executive Director of the Company) and Ms. Zhou Cuiqiong (spouse to Mr. Yu and the 100% shareholder of Jumbo Faith International Limited, the 56.08% controlling shareholder of the Company).

INDEPENDENT NON-EXECUTIVE DIRECTORS

Mr. Wu Hong (“Mr. Wu”), aged 61, was appointed as an independent non-executive Director on 7 November 2011, a member of the audit committee of the Company on 7 November 2011, a member of the remuneration committee and nomination committee of the Company on 30 June 2017.

Mr. Wu is currently a professor of the College of Design at Shenzhen University in the PRC. He has many years of experience in the field of design, and has worked in both the academic field and in commercial areas in the PRC. Mr. Wu graduated from Chinese National Academy of Arts with a doctoral degree in art and design.

Mr. David Tsoi (“Mr. Tsoi”), aged 73, was appointed as an independent non-executive Director, a member of the audit committee, the remuneration committee and the nomination committee of the Company on 12 June 2017. Mr. Tsoi was appointed as the chairman of the audit committee and the remuneration committee of the Company on 14 June 2017.

Mr. Tsoi is currently a director of Allriott, Tsoi CPA Limited. Mr. Tsoi obtained a master’s degree in business administration from the University of East Asia, Macau (currently known as University of Macau) in 1986. Mr. Tsoi is a certified public accountant registered with the Hong Kong Institute of Certified Public Accountants, a chartered certified accountant registered with the Association of Chartered Certified Accountants, and a chartered professional accountant and certified general accountant certified by the Chartered Professional Accountant of British Columbia, Canada. Mr. Tsoi is also registered as a certified tax adviser with The Taxation Institute of Hong Kong. Mr. Tsoi is a fellow of The Institute of Chartered Accountants in England and Wales, a fellow member of The Society of Chinese Accountants & Auditors, and a fellow member of CPA Australia. Mr. Tsoi is currently an independent non-executive director of Guru Online (Holding) Limited (stock code: 8121), VPower Group International Holdings Limited (stock code: 1608), Universal Technologies Holdings Limited (stock code: 1026), Tianli Holdings Group Limited (stock code: 117), and Everbright Grand China Assets Limited (stock code: 3699) the shares of which are all listed on the Stock Exchange.

Mr. Wang Chunlin (“Mr. Wang”), aged 57, was appointed as an independent non-executive Director, a member of the audit committee, remuneration committee and nomination committee of the Company on 12 June 2017.

Mr. Wang graduated from the University of International Business and Economics in Beijing in 1986 and has since attained a master’s degree in business administration from Murdoch University in Australia and a master’s degree in International Shipping and Transport Logistics from the Hong Kong Polytechnic University. Mr. Wang was formerly an executive director of Pacific Basin Shipping Limited.

Details of the terms of director's service contracts are summarized as follows:

Executive Directors	Service agreement commencement date	Service period	Notice period for termination by either party
Mr. Yu Qigang	1 June 2017	3 years	1 month
Mr. Liu Dong	13 July 2018	3 years	1 month
Mr. Yu Xiangjin	16 July 2020	3 years	1 month
Non-executive Directors	Appointment letter commencement date	Service period	Notice period for termination by either party
Mr. Chen Hanhong	16 July 2020	3 years	1 month
Mr. Yu Zhoujie (<i>Chairman</i>)	16 July 2020	3 years	1 month
Independent Non-executive Directors	Appointment letter commencement date	Service period	Notice period for termination by either party
Mr. Wu Hong	7 November 2017	1 year	1 month
Mr. David Tsoi	12 June 2017	1 year	1 month
Mr. Wang Chunlin	12 June 2017	1 year	1 month

None of the Directors being proposed for re-election at the forthcoming annual general meeting has a service contract with the Company or any of its subsidiaries which is not determinable by the Group within one year without payment of compensation, other than statutory compensation.

Emoluments of the Directors and the Five Highest Paid Individuals

Details of the Directors' emoluments and of the five highest paid individuals in the Group are set out in Note 11 to the consolidated financial statements.

Directors' Arrangements to Acquire Shares or Debentures

Save and except the New Share Option Scheme which was adopted in 2019, at no time during the year was the Company or any of its subsidiaries a party to any arrangements to enable the Directors to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Directors' Interests in Contracts of Significance

Save for (a) the conversion of HK Yinger CB into 169,117,647 shares by Fluent Robust during the Year; and (b) the rights issues as disclosed in the Company's announcement dated 15 December 2020, no contracts of significance, to which the Company or its subsidiaries was a party and in which a director of the Company had a material interest, whether directly or indirectly, subsisted at the end of the Year or at any time during the Year.

Directors' Interests in Competing Business

None of the Directors and management shareholders of the Company nor any of their respective associates had an interest in a business which competes or may compete with the business of the Group during the Year.

Confirmation of Independence by Independent Non-executive Directors

Each of the incumbent independent non-executive Directors has provided an annual confirmation of his/her independence.

DIRECTORS' INTERESTS IN SHARES

As at 31 December 2020, the interests or short positions of the Directors and chief executives and their associates in the shares, underlying shares and debenture of the Company and its associated corporations, as recorded in the register maintained by the Company pursuant to Section 352 of the Securities and Futures Ordinance (the "SFO"), or as otherwise notified to the Company and the Stock Exchange of pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code"), were as follows:

Long positions in shares of the Company and its associated corporations

Name of Director	Capacity in which the shares are held	Long positions in shares	Approximate percentage of total issued shares (Note 3)
Mr. Yu Qigang	Interest of controlled corporations and family interests	1,850,358,658 (Note 1)	56.08%
Mr. Liu Dong	Beneficial owner and interest of controlled corporation	125,730,000 (Note 2)	3.81%

Notes:

1. According to the disclosure of interest filings, these 1,850,358,658 Shares deemed to be interested by Mr. Yu Qigang (“**Mr. Yu**”) comprised:
 - (a) 338,235,294 shares beneficially owned by Fluent Robust Limited (“**Fluent Robust**”), which is a controlled corporation wholly-owned by Hong Kong Sheen Smile International Investment Limited (“**HK Yinger**”), which is in turn wholly-owned by Mr. Yu; and
 - (b) 1,512,123,364 shares beneficially owned by Jumbo Faith International Limited (“**Jumbo Faith**”), a controlled corporation wholly-owned by Ms. Zhou Cuiqiong (“**Ms. Zhou**”). Ms. Zhou and Jumbo Faith’s deemed interests in 1,512,123,364 Shares duplicates with each other. Mr. Yu, as the spouse of Ms. Zhou, is taken to be interested in the 1,512,123,364 Shares held by Ms. Zhou and Jumbo Faith by virtue of Part XV of the SFO.

The deemed interest of Mr. Yu regarding the 338,235,294 shares held by Fluent Robust duplicates with those of HK Yinger and Fluent Robust as described in Note 1(a) in the section headed “Substantial Shareholders’ interests in Shares” below. The deemed interest of Mr. Yu regarding the 1,512,123,364 shares held by Ms. Zhou and Jumbo Faith duplicates with those of Ms. Zhou and Jumbo Faith as described in Note 1(b) in the section headed “Substantial Shareholders’ interests in Shares” below.

2. These 125,730,000 shares deemed to be interested by Mr. Liu Dong (“**Mr. Liu**”) comprised (a) 45,730,000 shares held by Mr. Liu personally; and (b) 80,000,000 shares held by Smoothly Good Investment Development Limited (“**Smoothly Good**”), a controlled corporation wholly-owned by Mr. Liu. Mr. Liu and Smoothly Good’s deemed interests in 80,000,000 Shares here duplicates with each other.
3. The percentages are calculated based on the total number of 3,299,473,466 issued shares as at 31 December 2020. The number of shares presented here are prior to the five-to-one share consolidation which came into effect on 22 January 2021.

SUBSTANTIAL SHAREHOLDERS’ INTERESTS IN SHARES

As at 31 December 2020, the following persons (other than a director or chief executive of the Company) had an interest or short position in the shares and underlying shares which fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO:

Long positions in shares of the Company

Name of substantial shareholder	Capacity in which the shares are held	Long positions in shares	Approximate percentage of total issued shares <i>(Note 2)</i>
Ms. Zhou	Interest of controlled corporations and family interests	1,850,358,658 <i>(Note 1)</i>	56.08%
Jumbo Faith	Beneficial owner	1,512,123,364 <i>(Note 1(b))</i>	45.83%
HK Yinger	Interest of controlled corporation	338,235,294 <i>(Note 1(a))</i>	10.25%
Fluent Robust	Beneficial owner	338,235,294 <i>(Note 1(a))</i>	10.25%

Notes:

1. According to the disclosure of interest filings, these 1,850,358,658 shares deemed to be interested by Ms. Zhou comprised:
 - (a) 338,235,294 shares beneficially owned by Fluent Robust, which is a controlled corporation wholly-owned by HK Yinger, which is in turn wholly-owned by Mr. Yu. Ms. Zhou, as the spouse of Mr. Yu, is taken to be interested in the 338,235,294 shares held by Fluent Robust by virtue of Part XV of the SFO, which duplicates with the deemed interest of Mr. Yu as described in Note 1(a) in the section headed "Directors' Interest in Shares" above; and
 - (b) 1,512,123,364 shares beneficially owned by Jumbo Faith, a controlled corporation wholly-owned by Ms. Zhou. Ms. Zhou and Jumbo Faith's deemed interests in 1,512,123,364 shares duplicated with each other. The deemed interest of Ms. Zhou and Jumbo Faith here duplicates with those of Mr. Yu as described in Note 1(b) in the section headed "Directors' Interest in Shares" above.
2. The percentages are calculated based on the total number of 3,299,473,466 issued shares as at 31 December 2020. The number of shares presented here are prior to the five-to-one share consolidation which came into effect on 22 January 2021.

Save as disclosed above, as at 31 December 2020, the Company has not been notified of any other relevant interests or short positions in the issued share capital of the Company which fall to be disclosed to the Company under the provisions of Divisions 2 and 3 of Part XV of the SFO.

SHARE OPTION SCHEME

Old Share Option Scheme

The old share option scheme (the "**Old Share Option Scheme**") adopted by the Company on 2 September 2006 lapsed on 2 September 2016 pursuant to the terms of the Old Share Option Scheme.

As at 1 January 2019, the outstanding number of share options granted under the Old Share Option Scheme was 3,500,000 at the weighted average exercise price of HK\$1.28 per share. All these options were cancelled and lapsed at the completion of the unconditional mandatory cash offer of the Company taken place on 2 May 2019.

New Share Option Scheme

At the annual general meeting of the Company held on 26 June 2019, a new share option scheme (the "**New Share Option Scheme**") was approved by the shareholders of the Company. The New Share Option Scheme has a lifespan of 10 years. At the annual general meeting of the Company held on 26 June 2019, the Scheme Mandate Limit was approved to allow the Company to grant up to the maximum of 147,326,614 options, representing 10% of the shares in issue on the date of approval of the scheme. Details of the New Share Option Scheme are set out in the circular of the Company dated 24 May 2019.

No share options were granted under the New Share Option Scheme for the Year and the year ended 31 December 2019. As at the date of this report, the maximum number of options which can be granted under the New Share Option Scheme was 29,465,322 (equivalent to 147,326,614 options before the five-to-one share consolidation took effect on 22 January 2021), representing 4.47% of the existing issued share capital of the Company.

CUSTOMERS AND SUPPLIERS

During the Year, the respective percentage of purchases attributable to the Group's five largest suppliers combined and the revenue attributable to the Group's five largest customers combined was less than 30% of the Group's total purchases and sales, respectively.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Group were entered into or existed during the Year.

CONTROLLING SHAREHOLDER'S INTERESTS IN CONTRACTS OF SIGNIFICANCE

Save for the subscription of 756,061,682 rights shares by Jumbo Faith during the course of the rights issue taking place between September and December 2020, at no time during the Year had the Company or any of its subsidiaries entered into any contract of significance with any controlling shareholder of the Company or any entities beneficially owned by such controlling shareholder(s).

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the Company's articles of association or the laws of the Cayman Islands which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and within the knowledge of the Directors, the Company has complied with the sufficiency of public float requirement under the Listing Rules at any time during the Year and up to the date of this annual report.

CORPORATE GOVERNANCE

The Company has published its Corporate Governance Report, details of which are set out in the section headed "Corporate Governance Report" of this annual report.

ENVIRONMENTAL POLICIES AND PERFORMANCE

The Group considers the importance of environmental affairs and believes business development and environment affairs are highly related. The Group recognizes its corporate responsibility regarding environmental and social sustainability. The Group implements green office practices such as promoting using recycled paper and reducing energy consumption by switching off idle lightings and electrical appliances. Going forward, the Group will continue to promote environmental and social sustainability through various initiatives consistent with its policies and relevant laws and regulations.

The Company has published its Environmental, Social and Governance Report, details of which are set out in the section headed "Environmental, Social and Governance Report" of this annual report.

AUDIT COMMITTEE

As at the date of this report, the audit committee comprises three independent non-executive directors, namely Mr. David Tsoi (Chairman), Mr. Wu Hong and Mr. Wang Chunlin. The primary function of the audit committee is to review the financial reporting process, the risk management and internal control systems of the Group, oversee the audit process and make recommendations to the Board regarding the appointment, resignation and removal of auditors and improvement on the financial reporting system, risk management and internal control systems of the Group.

The audited consolidated financial statements of the Group for the Year have been reviewed by the audit committee of the Company, which is of the opinion that such statements complied with applicable accounting standards, the Listing Rules and other legal requirements, and that adequate disclosures have been made.

AUDITORS

The consolidated financial statements for the Year were audited by HLB Hodgson Impey Cheng Limited (“**HLB**”) whose term of office will expire upon the forthcoming annual general meeting. The audit committee has recommended to the Board of the Company that HLB be re-appointed as the auditors of the Company at the forthcoming annual general meeting.

EVENTS AFTER THE REPORTING PERIOD

Details of the events after the reporting period are set out in the section headed “Management Discussions and Analysis” of this annual report.

On behalf of the Board

Yu Zhoujie

Chairman of the Board

Hong Kong, 31 March 2021

CORPORATE GOVERNANCE

The Company and the Directors confirm, to the best of their knowledge, that the Company complied with the code provisions set out in the Corporate Governance Code (the “**CG Code**”) as set out in Appendix 14 of the Listing Rules during the Year, except the deviation disclosed in the following paragraph:

With respect to Code Provision C.2.5, an issuer should have an internal audit function and issuers without an internal audit function should review the need for one on an annual basis and should disclose the reasons for the absence of such a function in the Corporate Governance Report. Due to the size and scale of operations, the Group did not have internal audit function during the Year.

The Company has engaged Crowe (HK) Risk Advisory Limited as an external consultant to establish an internal audit function for the Year. The external consultant has assisted the Audit Committee in carrying out an independent review on the adequacy and effectiveness of the risk management and internal control systems of the Group, and has reported the status of its review to the Audit Committee on a regular basis. The Group has formulated an internal audit charter to define the scope and duties and responsibilities of the internal audit function and its reporting protocol.

MODEL CODE ON SECURITIES TRANSACTION BY DIRECTORS OF LISTED ISSUERS

The Company follows the Model Code for Securities Transactions by Directors of Listed Issuers in Appendix 10 to the Listing Rules (the “**Model Code**”) as the code of conduct for Directors in their dealings in the Company’s securities. Having made specific enquiry of all Directors, the Directors have complied with the required standard set out in the Model Code throughout the Year.

THE BOARD OF DIRECTORS

Responsibilities

The Board is responsible for the leadership and control for the Group and collectively responsible for promoting success of the Group by directing and supervising the Group’s affairs. The Board also formulates objectives, overall corporate strategies and business plans, and oversees the financial and management performance of the Group. Senior management was delegated the authority and responsibilities by the Board for the day-to-day management and operations of the Group, which include the implementation of objectives, strategies and plans adopted by the Board and the day-to-day management of the Group business. Approval has to be obtained from the Board prior to any significant transactions entered into by senior management on behalf of the Group.

Specifically in relation to corporation governance function, the Board is responsible for the corporation governance function as a whole. During the reporting period and up to the date of this report, the Board had performed the following duties:

- (i) Developing and reviewing relevant corporate governance policy and practice of the Company;
- (ii) Reviewing and inspecting continuous professional development and training of the Directors and senior management;
- (iii) Reviewing and monitoring the policies and practices of the Company being in compliance with the statutory and other regulatory provisions;
- (iv) Developing, reviewing and checking code and provision of conducts applicable to the Directors and employees; and
- (v) Reviewing that the Company being in compliance with the CG Code and corporate governance reporting requirements.

All Directors have full and timely access to all relevant information in relation to the Group as well as advice from and services provided by the company secretary of the Company, if and when required, with a view to ensure that the procedures are in compliance and all applicable rules and regulations are followed.

There are established procedures for the Directors upon reasonable request, to seek independent advice in appropriate circumstances for them to discharge their duties and responsibilities, at the Company's expenses.

Composition

The Board currently comprises three (3) executive Directors, two (2) non-executive Directors and three (3) independent non-executive Directors from different business and professional fields. The Directors, including independent non-executive Directors, have brought a balance of valuable and diversified businesses and professional expertise, experiences and independent judgment to the Board for its efficient and effective management for the Group's business.

The Board, during the Year and up to date of this report, has comprised the following Directors:

Executive Directors

Mr. Yu Qigang (retired as Chairman on 25 March 2021)
Mr. Liu Dong
Mr. Yu Xiangjin (appointed on 16 July 2020)

Non-executive Directors

Mr. Chen Hanhong (re-designated from executive Director to non-executive Director on 16 July 2020)
Mr. Yu Zhoujie (appointed as non-executive Director on 16 July 2020 and appointed as Chairman on 25 March 2021)

Independent Non-executive Directors

Mr. Wu Hong
Mr. David Tsoi
Mr. Wang Chunlin

The profiles of each Director are set out in the section headed "Profile of Directors" of this annual report.

Chairman and Chief Executive

The key role of Chairman of the Board is to provide leadership to the Board. In performing his duties, Chairman of the Board shall ensure that the Board functions effectively when discharging its responsibilities. The Chairman of the Board also has the responsibility of taking the lead to ensure that the Board acts in the best interests of the Group.

The key role of Chief Executive Officer is to be responsible for the day-to-day management and operations of the Company and the business of the Group. The duties of Chief Executive Officer mainly include:

- (i) providing leadership and supervising the effective management of the Group;
- (ii) monitoring and controlling the financial and operational performance of various divisions; and
- (iii) implementing the strategies and policies adopted by the Group, setting and implementing objectives and development plans.

The position of chief executive officer of the Company was vacated since November 2018. The Company will review the need of recruiting suitable candidate to fill up the vacancy from time to time. In the meantime, the functions of chief executive officer is taken up by other executive directors of the Company.

Independent Non-executive Directors

Pursuant to Rules 3.10(1) and 3.10(2) of the Listing Rules, the Company has appointed at least three (3) independent non-executive Directors, of whom Mr. David Tsoi have appropriate professional qualifications and related experience in financial matters.

The Company has received written annual confirmation from each of incumbent independent non-executive Director regarding their independence pursuant to the requirements of Rule 3.13 of the Listing Rules. In the light of these confirmations, the Company considers all incumbent independent non-executive Directors to be independent in accordance with the guidelines set out in the Listing Rules.

Each of the incumbent independent non-executive Directors has entered into a letter of appointment with the Company for a period of one (1) year which could be terminated by either party giving to the other one (1) month's written notice.

Appointment and Re-election of Directors

The Board retains the functions of selecting and approving candidates to become Board members. Directors who are appointed by the Board are subject to retirement by rotation in accordance with the Company's articles of association (the "**Articles of Association**").

In accordance with the Articles of Association, any Director appointed by the Board to fill a casual vacancy on the Board or as an addition to the existing Board shall hold office only until the next following general meeting of the Company and shall then be eligible for re-election.

At each annual general meeting, one-third (1/3) of the Directors for the time being, or, if their number is not three (3) or a multiple of three (3), then the number nearest to but not less than one-third (1/3), shall retire from office by rotation but shall be eligible for re-election, provided that every Director shall be subject to retirement at least once every three (3) years, the Directors to retire by rotation shall include (so far as necessary to ascertain the number of directors to retire by rotation) any Director who wishes to retire and not to offer himself for re-election. Any further Directors (including those appointed for a specific term) so to retire in every year shall be those who have been longest in office since their last re-election or appointment, but as between persons who became the Directors on the same day those to retire shall (unless they otherwise agree between themselves) be determined by lot. Any Director appointed by the Directors either to fill a casual vacancy on the Board or as an addition to the existing Board shall not be taken into account in determining which particular Directors or the number of the Directors who are to retire by rotation.

Induction and Continuing Professional Development for Directors

Pursuant to the CG Code, all Directors should participate in continuous professional development to develop and refresh their knowledge and skills. During the Year, the Directors participated in the following continuous professional development activities:

Directors	Type of trainings (Notes)
Executive Directors	
Mr. Yu Qigang (retired as Chairman on 25 March 2021)	b
Mr. Liu Dong	b
Mr. Yu Xiangjin (appointed on 16 July 2020)	b
Non-executive Directors	
Mr. Chen Hanhong (re-designated from executive Director to non-executive Director on 16 July 2020)	b
Mr. Yu Zhoujie (<i>Chairman</i>) (appointed as non-executive Director on 16 July 2020 and appointed as Chairman on 25 March 2021)	b
Independent Non-executive Directors	
Mr. Wu Hong	b
Mr. David Tsoi	b
Mr. Wang Chunlin	b

Notes:

- (a) attending seminars and/or training sessions
- (b) reading newspapers, journals and updates relating to economy, general business or directors' duties and responsibilities, etc.

Directors' and officers' liability insurance and indemnity

The Company has arranged appropriate liability insurance for the Directors and senior management of the Group to indemnify their liabilities arising out of corporate activities. The insurance coverage is reviewed on an annual basis.

Throughout the Year, no claim had been made against the Directors and the officers of the Company.

Responsibilities for the Financial Statements

The Directors acknowledge their responsibilities for preparing the Group's financial statements. The financial statements for the Year have been prepared in accordance with Hong Kong Financial Reporting Standards, including Hong Kong Accounting Standards and applicable Interpretations issued by the Hong Kong Institute of Certified Public Accountants and the applicable disclosure requirements of the Listing Rules and other applicable regulatory requirements.

The responsibilities of the external auditors, HLB Hodgson Impey Cheng Limited ("**HLB**"), are set out in Independent Auditors' Report of this annual report.

Board Meetings

During the Year, twelve (12) Board meetings were held and the individual attendance of each Director is set out below:

Directors	Attendance
Executive Directors	
Mr. Yu Qigang (retired as Chairman on 25 March 2021)	12/12
Mr. Liu Dong	11/12
Mr. Yu Xiangjin (appointed on 16 July 2020)	6/12
Non-executive Directors	
Mr. Chen Hanhong (re-designated from executive Director to non-executive Director on 16 July 2020)	12/12
Mr. Yu Zhoujie (appointed as Non-executive Director on 16 July 2020 and Chairman on 25 March 2021)	6/12
Independent Non-executive Directors	
Mr. Wu Hong	12/12
Mr. David Tsoi	12/12
Mr. Wang Chunlin	12/12

BOARD COMMITTEES

The Board has established three (3) committees, namely the audit committee (the "**Audit Committee**"), the remuneration committee (the "**Remuneration Committee**") and the nomination committee (the "**Nomination Committee**") for overseeing particular aspects of the Group's affairs. All Board committees of the Company are established with defined written terms of reference.

The majority of the members of each Board committee are independent non-executive Directors. The Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expenses.

Audit Committee

During the Year, the Audit Committee comprises the following members:

Name of Members

Mr. David Tsoi (*Chairman*)

Mr. Wu Hong

Mr. Wang Chunlin

As at the date of this report, the Audit Committee comprises three (3) independent non-executive Directors, namely, Mr. David Tsoi (chairman of the Audit Committee), Mr. Wu Hong and Mr. Wang Chunlin.

None of the members of the Audit Committee is a former partner of the Company's existing external auditors.

The primary functions of the Audit Committee include:

- (i) reviewing of the financial statements and reports and considering of any significant or unusual items raised by the Group's staff responsible for the accounting and financial reporting function, compliance officer or auditors;
- (ii) reviewing of the adequacy and effectiveness of the Company's financial reporting systems, risk management and internal control systems and associated procedures;
- (iii) reviewing and monitoring of the external auditors' independence and objectivity and the effectiveness of the audit; and
- (iv) reviewing of the relationship with the external auditors by reference to the work performed by the auditors, its fees and terms of management, and the making of recommendation to the Board on the appointment, reappointment and removal of external auditors.

The work performed by the Audit Committee during the Year includes:

- (i) reviewing of the relationship with the external auditors by reference to the work performed by the auditors, its fees and terms of management, and make recommendation to the Board on the reappointment of external auditors;
- (ii) reviewing of the annual and interim results and reports of the Company as to whether they are in compliance with the accounting standards and relevant requirements in relation to financial reporting under the Listing Rules and other laws;
- (iii) reviewing of matters relating to risk management and internal control systems, and the plans and objectives of the internal audit function established by the Company; and
- (iv) reviewing of the Group's accounting principles and practices, financial reporting and statutory compliance matters.

During the Year, the Audit Committee convened four (4) meetings. Members and their attendances are as follows:

Name of Members	Attendance
Mr. David Tsoi (<i>Chairman</i>)	4/4
Mr. Wu Hong	4/4
Mr. Wang Chunlin	4/4

Remuneration Committee

During the Year, the Remuneration Committee comprises the following members:

Name of Members

Mr. David Tsoi (*Chairman*)
 Mr. Yu Qigang (retired on 25 March 2021)
 Mr. Yu Zhoujie (appointed on 25 March 2021)
 Mr. Wu Hong
 Mr. Wang Chunlin

As at the date of this report, the Remuneration Committee comprises the Chairman of the Board, Mr. Yu Zhoujie, and three (3) independent non-executive Directors, namely, Mr. David Tsoi (chairman of the Remuneration Committee), Mr. Wu Hong and Mr. Wang Chunlin.

The primary functions of the Remuneration Committee include:

- (i) reviewing, recommending and approving the remuneration policy and structure and remuneration packages of executive Directors and senior management;
- (ii) reviewing, recommending and approving performance-based remuneration by reference to corporate goals and objectives resolved by the Board from time to time;
- (iii) determining, with delegated responsibility, the remuneration packages of individual executive Directors and senior management;
- (iv) reviewing, recommending and approving the compensation payable to executive Directors and senior management in connection with any loss or termination of their office or appointment; and
- (v) establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her close associates will participate in deciding his/her own remuneration, whose remuneration shall be determined by reference to the performance of the individual and the Group as well as market practice and conditions.

The work performed by the Remuneration Committee during the Year includes:

- (i) reviewing of the remuneration policy of the Directors and senior management;
- (ii) assessing the performance of executive Directors;
- (iii) reviewing and determining, with delegated responsibility from the Board, the remuneration package of each Director and the Company Secretary including bonus payment, pension right and compensation payable; and
- (iv) approving the forms of the service agreement for each executive Director and the appointment letter for each non-executive Director and independent non-executive Director.

During the Year, the Remuneration Committee convened two (2) meetings. Members and their attendances are as follows:

Name of Members	Attendance
Mr. David Tsoi (<i>Chairman</i>)	2/2
Mr. Yu Qigang (retired on 25 March 2021)	2/2
Mr. Wu Hong	2/2
Mr. Wang Chunlin	2/2
Mr. Yu Zhoujie (appointed on 25 March 2021)	N/A

Remuneration Paid to Members of Senior Management

Details of remuneration paid to members of senior management (including directors) fell within the following bands:

	Number of Individuals
HK\$Nil — HK\$500,000	–
HK\$500,001 — HK\$1,000,000	4

Nomination Committee

During the Year, the Nomination Committee comprises the following members:

Name of Members

Mr. Yu Qigang (retired on 25 March 2021)
Mr. Yu Zhoujie (appointed as member and Chairman on 25 March 2021)
Mr. David Tsoi
Mr. Wu Hong
Mr. Wang Chunlin

As at the date of this report, the Nomination Committee comprises the Chairman of the Board, Mr. Yu Zhoujie (also chairman of the Nomination Committee), and three (3) independent non-executive Directors, namely, Mr. David Tsoi, Mr. Wu Hong, Mr. Wang Chunlin.

The primary functions of the Nomination Committee include:

- (i) reviewing the criteria and procedures of selection of the Directors and senior management, and providing suggestions;
- (ii) conducting extensive search for qualified candidates for the Directors and senior management;
- (iii) reviewing the Board diversity policy and the progress on achieving the objectives set for implementing the said policy; and
- (iv) assessing the candidates for the Directors and senior management and providing the relevant recommendations.

The nomination procedures and the process and criteria adopted by the Nomination Committee include:

- (i) taking into account, during the course of the nomination process of new Directors, a range of diversity perspectives including gender, age, cultural and educational background, professional experience, skills, knowledge and length of service, as part of the selection criteria;
- (ii) identifying individuals suitably qualified to become Board members, selecting, or making recommendations to the Board on the selection of, individuals nominated for directorships; and
- (iii) assessing the independence of independent non-executive Directors.

During the Year, the Nomination Committee convened three (3) meetings. Members and their attendances are as follows:

Name of Members	Attendance
Mr. Yu Qigang (retired on 25 March 2021)	3/3
Mr. Yu Zhoujie (appointed as member and Chairman on 25 March 2021)	N/A
Mr. David Tsoi	3/3
Mr. Wu Hong	3/3
Mr. Wang Chunlin	3/3

ANNUAL GENERAL MEETING

The annual general meeting of the Company for the Year was duly held on 26 June 2020.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board, recognizing its overall responsibility in ensuring the risk management and internal control systems of the Group and in reviewing its effectiveness, is committed to implementing an effective and sound risk management and internal control systems to safeguard the interests of the Shareholders and the assets of the Group. The management has been conducting an internal review with the view to enhancing internal control measures relating to asset safeguarding authorization process for use or disposition of assets, maintenance of accounting records, financial reporting procedures and legal and regulatory compliance. These measures and procedures are designed to provide a reasonable, but not absolute, assurance on the accuracy of information presented by the Company, identification of systematic loopholes and fairness and transparency on the making of management decisions.

BOARD DIVERSITY POLICY

The Company adopts the Board diversity policy (the “**Board Diversity Policy**”) in accordance with the requirement set out in the CG Code. The Company recognizes that the Board diversity is an essential element contributing to the sustainable development of the Company. In designing the Board’s composition, the Board diversity has been considered from a number of aspects, including but not limited to the skills, knowledge, gender, age, cultural and educational background or professional experience. All Board appointments are based on merits and considered against a variety of objective criteria, having due regard for the benefits of diversity on the Board.

NOMINATION POLICY

The Company has a nomination policy of having a board of directors with a diversity of skills and experience. The selection and proposed appointment of the Directors are submitted to the approval of both the Nomination Committee of the Company and the Board, and the re-election of Directors is conducted in accordance with the Articles. The criteria of assessing a candidate include his/her ability to devote sufficient time and attention to participate in the affairs of the Company including the attendance of Board meetings and serving on committees, to bring business experience to the Board and to contribute to the Board diversity. If the candidate is proposed to be appointed as an independent non-executive Director, his/her independence shall be assessed in accordance with the requirements under the Listing Rules. The totality of the candidate’s education, qualifications and experience shall be evaluated in assessing his/her suitability.

DIVIDEND POLICY

The Company adopts a dividend policy, taking into consideration all circumstances including the following factors before declaring or recommending dividends: (i) the current and projected financial performance of the Company; (ii) the growth and investment opportunities; (iii) other macro and micro economic factors; and (iv) other factors or events that the Board may consider relevant or appropriate from time to time. The payment of dividend is also subject to any restrictions under the applicable laws and the Articles.

AUDITORS

The consolidated financial statements for the Year were audited of the HLB whose term of office will expire upon the forthcoming annual general meeting. A resolution for the re-appointment of HLB as the auditors of the Company for the subsequent year is to be proposed at the forthcoming annual general meeting.

AUDITORS’ REMUNERATION

A summary of services provided by the external auditors for the Year and their corresponding remuneration are as follows:

Nature of service	Amount <i>HK\$’000</i>
Audit service	1,500
Non-audit service	260

SHAREHOLDERS' RIGHTS

Procedure for shareholders to put forward enquiries to the Board

The Company's website provides the email address, telephone and facsimile numbers to enable the Shareholders to make any enquiries and concerns to the Board. Shareholders may put forward enquiries to the Board through the Company Secretary who will direct the enquiries to the Board for handling.

Procedures for attending general meetings and demanding poll

The general meetings of the Company provide a forum for communication between the shareholders and the Board. The chairman of the Board as well as the chairmen of the Audit Committee, the Remuneration Committee and the Nomination Committee, or in their absence, other members of the respective committees, is available to answer questions at the shareholders' meetings. Separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual directors. During the year, there was no significant change in the constitutional documents.

The rights of shareholders and the procedures for demanding a poll on resolutions at shareholders' meetings are contained in the Company's articles of association. Details of such rights to demand a poll and the poll procedures are included in all circulars to shareholders issued during the Year, and will be explained during the proceedings of meetings.

Pursuant to Rule 13.39(4) of the Listing Rules, any vote of shareholders at a general meeting must be taken by poll. As such, all the resolutions set out in the notice of the forthcoming annual general meeting of the Company will be voted by poll, and the poll results will be published on the websites of the Company and the Stock Exchange on or before the business day following the shareholders' meeting.

Procedures for shareholders to convene an extraordinary general meeting

Pursuant to Article 58 of the Articles of Association, any one or more members holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the secretary of the Company, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty-one days of such deposit the Board fails to proceed to convene such meeting the requisitionist himself may do so in the same manner, and all reasonable expenses incurred by the requisitionist as a result of the failure of the Board shall be reimbursed to the requisitionist by the Company.

Procedures for shareholders to put forward proposals at general meetings

There are no provisions allowing shareholders to propose new resolutions at the general meetings under the Cayman Islands Companies Law. However, shareholders may request the Company to convene an extraordinary general meeting following the procedures under Article 58 of the Articles of Association as set out above.

Pursuant to Article 88 of the Articles of Association, no person other than a Director retiring at the meeting shall, unless recommended by the Directors for election, be eligible for election as a Director at any general meeting unless a notice signed by a member (other than the person to be proposed) duly qualified to attend and vote at the meeting for which such notice is given of his intention to propose such person for election and also a notice signed by the person to be proposed of his/her willingness to be elected shall have been lodged at the head office or at the registration office provided that the minimum length of the period, during which such notice(s) are given, shall be at least seven days and that (if the notices are submitted after the dispatch of the notice of the general meeting appointed for such election) the period for lodgment of such notice(s) shall commence on the day after the dispatch of the notice of the general meeting appointed for such election and end no later than seven days prior to the date of such general meeting.

If a shareholder wishes to propose a person for election as a director of the Company at a general meeting, he/she shall deposit a written notice at the Company's head office at Suite 2102, 21/F., West Tower, Shun Tak Centre, 200 Connaught Road Central, Hong Kong, in compliance with Article 88 and containing all details as required by Rule 13.51(2) of the Listing Rules.

COMMUNICATIONS WITH SHAREHOLDERS

The Board recognizes the importance of continuing communications with the Shareholders and investors, and maintains ongoing dialogues with them through various channels. The primary communication channel between the Company and the Shareholders is through the publication of financial reports, announcements and circulars on the websites of the Company and the Stock Exchange, and the publication of press releases, notices and other information on the Company's website.

The Company and its registrars serve the Shareholders with respect to share registration matters.

The Company's general meetings provide a forum for the Shareholders to exchange views with the Board. Board members and management of the Company are available to answer the Shareholders' questions and explain the procedures of vote taking by poll. Information and documents relating to the proposed resolutions are sent to Shareholders before the general meetings in accordance with the notice periods and deadlines prescribed by the Articles of Association and the Listing Rules.

All Shareholders' communications, including interim and annual reports, announcements, circulars and press releases as well as the Shareholders' communication policy and the procedures for the election of Directors by the Shareholder(s) are available on the Company's website at <http://www.irasia.com/listco/hk/greeninternational/>.

INVESTOR RELATIONS

The Company keeps on promoting investor relations and enhancing communication with the Shareholders and potential investors. The Company welcomes suggestions from investors, stakeholders and the public who may contact the Company by phone on (852) 2169 0813 during normal business hours, by fax at (852) 2169 0663 or by e-mail at ir@green-international.com.

About this Report

The Environmental, Social and Governance (“ESG”) Report (“Report”) of Green International Holdings Limited (“Company”, together with its subsidiaries, or the “Group”) has made reference to the ESG Reporting Guide in Appendix 27 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“HKEx Appendix 27 ESG Reporting Guide”), and compile the report content in accordance with the principles of materiality, quantitative, balance and consistency.

The scope of this report is based on the Company and its major subsidiaries, unless specifically stated otherwise. There were no significant changes observed in the Group’s operating locations, the suppliers’ location and supply chain structure in the financial year ended 31 December 2020 (“Year” or “Reporting Period”).

Reporting Period and Scope

The statistics, figures and information cited in this Report are referenced from the archived questionnaires, records, and research of the Group. This Report highlights the Group’s sustainability efforts in environmental and social aspects.

Reporting period: 1 January 2020 to 31 December 2020, the financial period of our Annual Report 2020.

Organisations covered: Green International Holdings Limited and its subsidiaries.

Overview

The principal business of the Group is (i) health, medical and related services, (ii) beauty and wellness services, and (iii) integrated financial services. These operations include medicine, hemodialysis treatment, general surgery, Chinese medicine, laboratory medicine and medical imaging. Being a well-recognized health, medical, beauty and wellness service provider in China, the Group has dedicated to provide customers various treatment services with professionalism and high-quality. In addition, the Group has leveraged their own professional experience by continuously exploring latest medical and beauty technologies to provide the best service to the customers. Thus, the Group has established important long-term business relationships with customers by providing diversified medical beauty services.

Core Values/Management Principles

Similarly, the Group strives to integrate the concept of sustainable development into its business development process and commits to become an environmentally and socially responsible corporate in the society. The concept of triple bottom line is well in-placed which aims at taking a balance between economic development, environmental protection and social responsibility. All the business operations of the Group are well-managed and complied with relevant national and local law and regulations.

Management Structure

The overall ESG strategy is directly managed by the board of the Company ("**Board**") which has a direct governance procedure to implement any ESG policies. The Board is also responsible for the determination and approval of ESG strategies, policies and guidelines for implementation.

Environmental Performance

The Group is strictly complied with all related national laws and regulation, of the People's Republic of China ("**PRC**" or "**China**") such as *the Environmental Protection Law of the PRC*, *the Law of the PRC on the Prevention and Control of Atmospheric Pollution*, *the Law of the PRC on the Prevention and Control of Water Pollution*, *the Law of the PRC on Prevention and Control of Pollution From Environmental Noise*, *the Law of the PRC on Prevention and Control of Environmental Pollution by Solid Waste* and *Law of the PRC on Environmental Impact Assessment*, and *Regulations on the Administration of Medical Wastes*, and implements corresponding environmental management policies at all level to fulfil the Group's environmental protection objectives.

During the Reporting Period, no material changes have been made to the Group's major business and the Group has complied with the latest environmental regulations.

1. Emissions

The Group has strictly followed all laws and regulation and improves its emission management. Apart from the use of electricity, vehicular emission is the other major source of emission from the Group's business. In order to better control the emission, the vehicles owned by the Group are required to qualify for the latest emission standards to achieve better fuel efficiency and lower exhaust gas emission. Moreover, the Group has also introduced guidelines for the use of vehicles, such as carpooling and reduce driving frequencies.

1.1. Gas Emission

Due to the nature of the Group's business, it emits a low of amount of gaseous pollutants and the use of electricity of the hospitals and beauty workshop and generator combustion are the major indirect and direct emission sources respectively. The Group has issued "Public Area Air-conditioning Standard Operating Procedures" to limit the use of air-conditioning in public area, such as regulating the temperature with 25.5°C, turning off during off-work hour, etc. The established policy could greatly reduce the use of electricity in workplace and improve the staffs' environmental awareness.

Apart from the above-mentioned measures, the Group has also set out a list of general rules for the staff on energy conservation and reduction, the major measures are:

- Conduct regular maintenance on all electricity equipment of the Group to ensure proper functioning;
- The Human Resources and Administration Department ("**HR Department**") keeps track on the energy consumption of all departments;
- Encourage paper-less office environment to reduce the indirect emission from paper waste;
- Reduce unnecessary business trips and promote the use of video conferencing for meetings; and
- Adopt energy efficient devices to reduce the use of electricity where possible in operations.

Major Gas Emission Indicators

Direct Emissions	Unit	Consumption in 2020
Carbon Dioxide (CO ₂)	Tonnes	207.49
Methane (CH ₄)	Tonnes	0.01
Nitrous Oxide (N ₂ O)	Tonnes	0.01
Nitrogen Oxides (NO _x)	Tonnes	0.50
Sulphur Oxides (SO _x)	Tonnes	0.01
Particulate Matter (PM)	Tonnes	0.77

Total Greenhouse Gas Emissions	Unit	Consumption in 2020
Direct emission from combustion	t-CO ₂ eq.	2.49
Direct emission from vehicles	t-CO ₂ eq.	207.80
Indirect emission from electricity consumption	t-CO ₂ eq.	415.94

Emission Intensity (per employee)	Unit	Consumption in 2020
Direct emission from combustion	t-CO ₂ eq.	0.01
Direct emission from vehicles	t-CO ₂ eq.	1.14
Indirect emission from electricity consumption	t-CO ₂ eq.	2.27

1.2 Waste Management

As a medical industry player, waste management is the major issue for the Group. The Group always adopts the philosophy of natural and pollution-free service to the customers. All medical waste produced from the Group's business operation are strictly followed the "Regulation on the Administration of Medical Wastes".

All types of medical waste, such as syringes, needles, cartridges, surgical dressing, swabs dribbling with blood, are all treated as hazardous waste and collected and sealed with biochemical-safe plastic bags with clear biohazard labels. All bags are then stored in a designated area with traceable record. The Group has also assigned qualified medical waste collector to process the medical waste properly.

The major type of non-hazardous waste are generated from the kitchen operations in the Group's wellness centre and hospitals. All general wastes are properly stored to ensure hygienic condition and grease traps are installed in kitchens to prevent oil seepage into the waste water system.

During the daily operation, the Group has also taken measures to reduce waste generation as follow:

- Establish waste-classification system to properly collect general waste by type, such as paper, plastic and metal, to facilitate waste recycling;
- Encourage reusing papers and double-sided printing in workplace;
- Utilize recycled packaging and products in kitchen operations; and
- Adopt electronic ways such as WeChat and e-notices to provide information and receipt to customers.

Major Waste Generation Indicator

Waste Types	Unit	Consumption in 2020
Hazardous Waste	Tonnes	26.08
Non-Hazardous Waste	Tonnes	7.20

Waste Intensity (per employee)	Unit	Consumption in 2020
Hazardous Waste	Tonnes	0.14
Non-Hazardous Waste	Tonnes	0.04

1.3 Water Discharge

The Group has formulated policies and guidelines to ensure the efficient use of water and promote water-saving measures during operation as water is the essential component for the Group's daily business. For examples, all water taps are manually controlled to reduce unnecessary water consumption and all flush toilets are equipped with water-saving devices. The use of water measures is also included as one of the topics for staffs' regular training to improve their water-using habits.

During this Reporting Period, the wastewater generation statistic is not available. Please refer to "Use of Resources" for the water consumption statistics of the Group as we believe the usage of water can largely represent the waste discharge situation of the Group.

2. Use of Resources

The Group promotes resource efficiency by implementing various measures during daily operations. And the Group is dedicated to protect the environment from over-exploitation which would also benefit the Group's business sustainability in long term. Only water supplies from municipal pipelines are used by the Group and regular maintenance on water pipelines are conducted to prevent any unnecessary water wastage. In addition, monthly use of water is recorded in the environmental data collection system and such statistics could help staffs to identify any water usage abnormalities. During the Reporting Period, no material issues were observed by the Group in seeking water resources.

Resource Consumption	Unit	Consumption in 2020
Electricity	Kilowatt Per Hour	681,756
Diesel	Litre	79,375
Water	Tonnes	18,000
Packaging materials	Tonnes	0.04

Resource consumption Intensity (per employee)	Unit	Consumption in 2020
Electricity	Kilowatt Per Hour	3,725.4
Diesel	Litre	433.7
Water	Tonnes	98.4
Packaging materials	Tonnes	0.0002

3. The Environment and Natural Resources

Due to the business nature of the operation, the Group does not generate a great risk to the environment nor use up enormous amount of natural resources. Despite that, the Group has introduced measures, which have mentioned above, to ensure the operation of the medical service and wellness service causing minimum environmental impact, as well as complying to all national and local environmental laws and regulations.

We have also been monitoring the effectiveness of the measures and exploring any room for improvement.

SOCIAL PERFORMANCE

1. Employment

In 2020, the number of staff of the Group has been reduced by 75 due to the disposal of the Club House Business. The Group has strictly complied with national regulations, such as *the Labour Law of the PRC*, *the Labour Contract Law of the PRC*, *the Employment Promotion Law of the PRC*, *the Labour Dispute Mediation and Arbitration Law of the PRC*, *the Regulation on the Annual Leave of Employees* and local labour laws and regulations. All employees are well protected and ensured to provide a safe and equal working environment to the employees, all of the related employment policies are demonstrated on the “Staff Handbook” and it covers various topics, such as compensation and dismissal, recruitment and promotion, working hours, rest periods, and other benefits and welfare. The formulated policies can ensure that the Group is effectively managing and providing labour protection to the staffs’ compensation and benefits, recruitment and promotion, working hours, rest periods, entitled leaves, equal opportunity, diversity, anti-discrimination, staff training, attendance and performance.

The Group also ensures that an equal employment opportunity is provided for all job applicants. The Human Resources department strictly follows the recruitment principles of equal employment set out by the Group. And the Group will not tolerate any discrimination including gender, disability, pregnancy, family status, age, race, sexual orientation, nationality, ethnicity, and religion as stated in local laws and regulations. We do not tolerate any discrimination or harassment behaviour in the workplace, and any breaching of such policies during recruitment processes will be dealt with according to corresponding procedures.

During the Reporting Period, the Group was not aware of any material non-compliance with those applicable laws and regulations relating to employment.

Number and percentage of staff by age group, 2020

■ 20-30 years old
 ■ 31-40 years old
 ■ 41-50 years old
■ 51-60 years old
 ■ >60 years old

Number and percentage of staff by gender, 2020

■ Male
 ■ Female

Employee turnover rate by gender and age group, 2020

2. Health and Safety

The Group has strictly followed *the Labour Law of the PRC, the Prevention and Control of Occupational Diseases of the PRC, Fire Control Law of the PRC, Measures for the Determination of Work-related Injuries* and relevant local laws and regulations, and is committed to providing a safe and comfortable working environment. Sufficient equipment and facilities are provided to the staffs to maintain a safe and healthy working environment during daily operation. In the meantime, all permanent staffs are covered with social, medical and accidental insurances as required by law.

All business operations of the Group are authorised by the PRC government and obtained sanitation permits. All service personnel are required to undergone pre-employment body check to meet the statutory public sanitation standards. The Group has also ensured adequate protection equipment, such as masks and gloves, are provided to all employees.

In order to improve the indoor air quality and prevent any health-related risks, all workplaces are equipped with ventilation and fresh air systems. The ventilation system are regularly conducted with maintenance to increase its work efficiency. As a medical service provider, all the instruments require stringent safety standards. In order to achieve it, the Group requires all suppliers to provide certifications of relevant instruments prior to making procurement decision. The existing instruments and electrical appliances are required to conduct regular functional testing.

All workplaces are installed with qualified emergency lights, fire extinguishers, fire alarms, and fire hydrants to minimise the risk of fire. Third-party fire safety consultant is also engaged to conduct annual check on the relevant equipment as well.

In the meantime, the Group has provided regular employee training on the operating methodologies and procedures of equipment and products handling to ensure they could be fully aware of the job-related risks. In addition, emergency training and drills, such as fire drills, fire prevention training, are also provided to all employees to enhance employee’s preparedness when sudden safety incidents arise.

3. Development and Training

The Group offers employees with a platform to realize their career development and personal value, develops their professional skills through diversified training courses and seminars, and provides them with smooth career development opportunities. The trainings consist of in-house and external training courses, including regular medical training, annual assessments, rotation, seminars, workshops, conferences, etc. In particular, qualified clinical staffs are regularly sent for exchange to enhance their clinical exposure and knowledge. On the other hand, all hospitals would conduct regular medical training and assessment to the clinical staffs every month to ensure their skillset and professionalism is up to the Group’s standard.

In addition, the Group sponsors employees to attend external training and educational program, in order to further support their career development.

Percentage of staff trained by gender, 2020

Percentage of staff trained by employee category, 2020

Note: Other staffs refer to department staffs.

4. Labour Standards

The Group considers employees as the key driver for its development, strictly observes the labor regulations and codes of the PRC, adheres to lawful employment, resolutely resists child labor and forced labor, and earnestly protects various legal rights of employees. The Group has developed sound recruitment, dismissal, salary, promotion, working hours and leave systems to protect the basic rights of employees. In 2020, there were no labour strikes within the Group and it did not experience any material labour disputes nor any material insurance claims related to the employees' injuries. The Group is not aware of any material non-compliance with the relevant standards, rules and regulations in relation to its employment and labour practices in 2020. The Group also did not experience any material safety problems and no material safety accidents occurred due to the fault of the Group.

The Group recognizes and respects the employee diversity, provides equal career platform for employees with different sex, nation and religion, and strives to create a dynamic, inclusive, democratic and pleasant workplace. The Group firmly believes that it has maintained a good working relationship with its employees.

In order to improve transparency, the Group has formulated the Human Resources Management System (《人事管理制度》) and Files Management System (《檔案管理制度》), the HR Department regularly monitors information and data related to employment to prevent non-compliance with rules, such as child labour and forced labour. All applicants are required to present valid identity documents during recruitment processes. If the applicants are found in providing any false information, the Group possesses the rights to terminate the terms of employment with immediate effect. In particular, the Group has formulated regulations on managing the prohibition of child labour. Individuals under the age of 16 or without identification documents are disqualified from employment. During the Reporting Period, the Group did not find any use of forced labour and child labour.

5. Supply Chain Management on Environmental and Social Risks

The selection of suppliers is crucial for the service quality and business sustainability of the Group. The Group has developed the Company Centralised Procurement (《公司集中採購》) and established diverse and stringent procedures for the selection of and consistent monitoring of suppliers and products carefully, and maintained a stable relationship with qualified suppliers. The Group generally seeks to have a long-term business relationship with its suppliers and value the services quality and goodwill of the suppliers. Additionally, in China, the Group is committed to green purchasing, and incorporates green procurement indicators such as energy efficiency, low radiation and durability into the purchasing of daily office supplies such as refrigerators, computers, photocopiers, etc.

The Group maintains a list of suppliers who have track records in dealing with it or in the market. Regular assessments on the suppliers, including field investigations, requests to provide basic certifications, licenses and product catalogues, will be conducted to ensure that the suppliers are not only committed to the cost and quality of the products supplied, but also have not violated any laws and practices.

During the Reporting Period, all the Group's suppliers were local in the PRC, which reaffirmed the strategy of supporting the local economy. The Group did not experience any significant problems with the products provided by its suppliers, any materials limitations in the supply nor any shortage of any products. The Group will continue to increase the number and diversity of the suppliers.

6. Product Responsibility

The Group always regards the medical quality and patient safety as the core of its work, continuously improves quality management system and customer service system, fulfills responsible marketing, improves its own medical service capability and promotes the industry development. During the Year, the Group complied with specific standards and all applicable laws and regulations regarding health, medical and related services. There was no non-compliance relating to health and safety, advertising, labelling and privacy matters relating to products and services provided and method of redress.

6.1 Data Protection and Privacy

The Group registers and collects patients/customers' personal data according to the Standard Registration Procedures of the Group.

The Group has established the Medical Record Management Office (《病案管理室》) and security measures are in place to ensure adequate protection and confidentiality of all corporate data and information. The conditions and other relevant data of patients in the information system are subject to strict management by setting up proper access control at the database level. Prior written approval from relevant customer is required whenever such information is required to be utilized by third party. All employment contracts specifically contain confidentiality provisions and employees are prohibited from accessing information without approval and/or leaking private and confidential information to third parties. Trainings are provided to employees to handle and use patient information with extreme caution, protect patient formation, and comply with statutory requirements in privacy law and legal action will be taken against any violation.

During the Reporting Period, there were no cases initiated against the Group, nor any complaints received, regarding any breach of relevant privacy laws, regulations and policies in any area in which the Group operates.

6.2 Protecting Intellectual Property

The Group owns and values different types of intellectual properties such as patents and copyrights. The trademarks registered for the beauty service centre brand-name as well as for the name and associated signs of its hospitals are the Group's principal intellectual property rights. The Group is committed to comply with trademark and intellectual property laws and have confidentiality agreements with its senior employees to protect all intellectual property relating to the Group and operations.

For the Reporting Period, the Group had no infringements upon intellectual property rights including medical devices, procedures or pharmaceutical products which had or could have a material adverse effect on its business, and there were no legal proceedings against the Group.

6.3 Customer Services and Complaints

The Group always regards the medical quality and patient safety as the core of its work, continuously improves quality management system and customer service system, fulfills responsible marketing, improves its own medical service capability and promotes the industry development. The Group is committed to providing high-quality medical services for each patient. Frontline staffs are provided with customer service training and relevant guidelines to strengthen their awareness and service skills. All the customers of the Group are requested to conduct satisfaction evaluation after the completion of services and all operations' managers will contact customers via after-sales phone calls or WeChat follow up to conduct customer satisfaction surveys.

As for potential medical disputes, the Group has also developed sound medical dispute management systems. The staff shall report all complaints to their supervisors who will review the matter with the relevant customer and offer them remedial proposals. The complaints will be recorded for internal review. If the complaint cannot be resolved on site or if a complaint has been received online through email or WeChat, the incident will be reported to the general manager, who will investigate the incident and file a report to the management with solutions to improve or avoid similar incidents in the future. An explanation will be sent to the relevant customer to ensure the matter has been resolved and to maintain good customer relationships.

6.4 Safety and Hygiene

The Group has developed a sound occupational health and safety management system by exercising strict disinfection procedures to ensure machines and equipment to be used are uncontaminated. All responsible employees are required to operate equipment or dispense pharmaceuticals and deliver service in accordance with national standards and internal operating guidelines. In addition, the Group has signed the agreement of partnership to have regular assessments of radiation dose level of its radiology rooms and the physical conditions of its archers. The Group also has installed the anti-radiation lead plate to avoid the leakage of radiation. The Group conducts safety checks and maintenance where necessary of its equipment and audits of its pharmaceuticals and general items used in its hospital services, on an on-going basis, to ensure strict compliance with relevant safety, hygiene and public security requirements.

6.5 Security

The Group has established safety and anti-crime manuals and safety and security training are also provided to staff regularly to ensure that they are aware of safety and security procedures. To ensure that the Group were able to identify theft or harassment of medical and services staff promptly and stop such activities, the Group has assigned a team of staff to monitor the CCTV camera systems at hospitals. Immediate investigation would be performed by the team security team if any suspicious circumstances arise or stop any fights or harassment of staff or patients and their families once identified.

7. Anti-Corruption

Ethics are the cornerstone of integrity and honesty. The Group complies with the applicable laws and regulations including Company Law of the PRC and continuously improves business ethics and transparency of business operation, in order to acquire the long-term support of stakeholders. All directors and employees are required to strictly follow the Code of Conduct and Staff Regulations to prevent potential bribery, extortion, fraud and money laundering. The Group's Code of Conduct clearly states that:

- All directors and employees should avoid conflicts of personal interest and their professional duties;
- Employees should not exercise authority, make influenced decisions and actions or gain access to the Group's assets and information through their employment in the Group to achieve private and personal gain;
- Employees are required to declare any conflict of interest by completing the required form as instructed by the Group's HR Department;
- Neither directors nor employees shall obtain or provide benefits to governmental department, patients, suppliers, or people with business relationship with the Group;
- Any acceptance of voluntary gifts over a prescribed value must be declared and have undergone the approval process as administered by the Group's HR Department; and
- The Group's whistle-blowing procedures encourage and enable its employees to confidentially and anonymously report on observed and suspend non-compliance and questionable practices through telephone or email.

During the Reporting Period, there were no verified corruption incidents and legal actions involving the Group or its employees. The Group has adopted and implemented clear policies and procedures with regards to procurement, sales, patient service delivery, operational management and finance, which comply with applicable national and local laws and regulations such as the Criminal Law of the PRC.

8. Community Investment

The Group is committed to community care, organizes various community activities to improve accessibility of medical service and health conditions, and encourages employees to participate in volunteer services to support local communities. Recruiting employees from the local communities, the Group secures employees familiar with the local environment and who are more acutely aware of local concerns and issues. With the development of the new hospital division, the Group will devote more resources to local community investment.

**TO THE SHAREHOLDERS OF
GREEN INTERNATIONAL HOLDINGS LIMITED**

(Incorporated in Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Green International Holdings Limited (the “**Company**”) and its subsidiaries (the “**Group**”) set out on pages 51 to 128, which comprise the consolidated statement of financial position as at 31 December 2020, the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2020, and of its consolidated financial performance and consolidated cash flow for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter

Impairment assessment on trademark user right and technical know-how, property, plant and equipment and right-of-use assets, in respect of the Group's beauty and wellness business segment

Refer to Note 15,16 and 17 to the consolidated financial statements

As at 31 December 2020, the Group had trademark user right and technical know-how, right-of-use assets and property, plant and equipment related to the beauty and wellness business segment of approximately HK\$22,541,000, HK\$15,582,000 and HK\$15,699,000 respectively.

Management performed impairment assessment of the beauty and wellness business segment and concluded that an impairment loss on trademark user right and technical know-how, right-of-use assets and property, plant and equipment of approximately HK\$12,203,000, HK\$3,504,000 and HK\$5,787,000 respectively was recognised. This conclusion was based on value in use model that required significant management judgement with respect to the discount rate and the underlying cash flows, in particular future revenue growth and capital expenditure. Independent external valuation was obtained in order to support management's estimates.

How the matter was addressed in our audit

Our procedures in relation to management's impairment assessment included:

- Evaluating the independent valuer's competence, capabilities and objectivity;
- Assessing management's identification of CGUs based on the Group's accounting policies and our understanding of the Group's business;
- Assessing the methodologies used and the appropriateness of the key assumptions based on our knowledge of the relevant industry and using our valuation experts;
- Challenging the reasonableness of key assumptions based on our knowledge of the business and industry; and
- Checking on a sampling basis, the accuracy and relevance of the input data used. We found the key assumptions were supported by the available evidence.

We found the key assumptions were supported by available evidence.

INDEPENDENT AUDITORS' REPORT

Key Audit Matter

Impairment assessment on goodwill of the health and medical business segment

Refer to Note 17 to the consolidated financial statements

As at 31 December 2020, the Group had goodwill related to the health and medical business segment of approximately HK\$8,566,000.

Management performed impairment assessment of health and medical business segment and concluded that an impairment loss on goodwill of approximately HK\$2,162,000 was recognised. This conclusion was based on value in use model that required significant management judgement with respect to the discount rate and the underlying cash flows, in particular future revenue growth and capital expenditure. Independent external valuation was obtained in order to support management's estimates.

How the matter was addressed in our audit

Our procedures in relation to management's impairment assessment included:

- Evaluating the independent valuer's competence, capabilities and objectivity;
- Assessing management's identification of CGUs based on the Group's accounting policies and our understanding of the Group's business;
- Assessing the methodologies used and the appropriateness of the key assumptions based on our knowledge of the relevant industry and using our valuation experts;
- Challenging the reasonableness of key assumptions based on our knowledge of the business and industry; and
- Checking on a sampling basis, the accuracy and relevance of the input data used. We found the key assumptions were supported by the available evidence.

We found the key assumptions were supported by available evidence.

OTHER INFORMATION

The directors are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditors' report thereon (the "**Other Information**").

Our opinion on the consolidated financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

AUDITORS' RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility toward or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

INDEPENDENT AUDITORS' REPORT

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, action taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on audit resulting in this independent auditors' report is Mr. Tien Sun Kit, Jack.

The notes on pages 57 to 128 are an integral part of these consolidated financial statements.

1. GENERAL INFORMATION

The Company was incorporated in the Cayman Islands on 8 March 2006 as an exempted company with limited liability. Its registered office is situated at Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The shares of the Company were listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) in 2006. Its parent company is Jumbo Faith International Limited (“**Jumbo Faith**”), which is wholly owned by Ms. Zhou Cuiqiong, mother of Mr. Yu Zhoujie (a non-executive Director of the Company).

The Group was principally engaged in provision of (i) health, medical and related services, (ii) beauty and wellness services, and (iii) integrated financial services comprising securities brokerage, advising on securities and asset management during the year under review.

These consolidated financial statements are presented in Group’s functional currency, Hong Kong dollars (“**HK\$**”), which is also the Company’s functional currency, and all values are rounded to the nearest thousand (“**HK\$’000**”), except when otherwise indicated.

These consolidated financial statements have been approved for issue by the Board on 31 March 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“**HKASs**”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”). For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “**Listing Rules**”) and the Hong Kong Companies Ordinance.

The preparation of consolidated financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.2 Basic of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2, leasing transactions that are within the scope of HKFRS 16, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 or value in use in HKAS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.3 Application of New and Amendments to HKFRSs

New and Amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the Amendments to References to Conceptual Framework in HKFRS Standards and the following amendments to HKFRSs issued by the HKICPA for the first time for their annual reporting period commencing 1 January 2020:

Amendments to HKAS 1 and HKAS 8	Definition of Material
Amendments to HKFRS 3	Definition of a Business
Amendments to HKFRS 9, HKAS 39 and HKFRS 7	Interest Rate Benchmark Reform

The application of the Amendments to References to the Conceptual Framework in HKFRS Standards and the amendments to HKFRSs in the current year had no material impact on the Group's financial positions and performances for the current and prior years and on the disclosures set out in these consolidated financial statements.

2.4 New and amendments to HKFRS in issued but not yet effective

The Group has not early applied the following new and amendments to HKFRSs that have been issued but are not yet effective.

HKFRS 17	Insurance Contracts and the related Amendments ¹
Amendments to HKFRS 16	COVID-19-Related Rent Concessions ⁴
Amendments to HKFRS 3	Reference to the Conceptual Framework ²
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform — Phase 2 ⁵
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its associate or Joint Venture ³
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) ¹
Amendments to HKAS 16	Property, Plant and Equipment — Proceeds before Intended Use ²
Amendments to HKAS 37	Onerous Contracts — Costs to Fulfilling a Contract ²
Amendments to HKFRSs	Annual Improvement to HKFRSs 2018-2020 ²

- 1 Effective for annual periods beginning on or after 1 January 2023.
- 2 Effective for annual periods beginning on or after 1 January 2022.
- 3 Effective for annual periods beginning on or after a date to be determined.
- 4 Effective for annual periods beginning on or after 1 June 2020.
- 5 Effective for annual periods beginning on or after 1 January 2021.

The Directors anticipate that the application of all new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.5 Basis of consolidations

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting right are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting right in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.6 Business combinations

Acquisition of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangement are recognised and measured in accordance with HKAS 12 Income Tax and HKAS 19 Employee Benefits respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with HKFRS 2 Share-based Payment at the acquisition date (see the accounting policy below); and
- assets (or disposal groups) that are classified as held for sale in accordance with HKFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed. If, after reassessment, the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase gain.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction by transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another HKFRS.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with the corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.6 Business combinations *(Continued)*

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability remeasured at subsequent reporting dates in accordance with HKAS 39 or HKAS 37 Provisions, Contingent Liabilities and Contingent Assets, as appropriate, with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at the date.

2.7 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see the accounting policy above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.8 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board that makes strategic decisions. The chief executive officer of the Company is empowered by the Board to manage the assets and activities of the Company.

2.9 Foreign currency translation

(a) *Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "**functional currency**"). The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional currency and the Group's presentation currency.

(b) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuations where the items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of profit or loss.

(c) *Group companies*

The results and financial positions of all group companies (none of which has a currency of a hyperinflationary economy) that have a functional currency different from the Group's presentation currency are translated into the Group's presentation currency as follows:

- assets and liabilities for each statement of financial position presented are translated at the closing rate the date of that statement of financial position;
- income and expenses for each statement of profit or loss are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising are recognised in other comprehensive income.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.9 Foreign currency translation *(Continued)*

(d) Disposal and partial disposal of foreign operation

On the disposal of a foreign operation (that is, a disposal of the Group's entire interests in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation), all of the exchange difference accumulated in equity in respect of that operation attributable to the equity holders of the Company are reclassified to profit or loss.

In the case of a partial disposal that does not result in the Group losing control over a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognised in profit or loss. For all other partial disposal (that is, reductions in the Group's ownership interests to associates, joint ventures or financial assets), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

2.10 Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate assets, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to the consolidated statement of profit or loss during the financial period in which they are incurred.

Depreciation on property, plant and equipment is calculated using the straight-line method to reduce their costs to their residual values over their estimated useful lives, as follows:

Leasehold improvements	3 years or the lease period, whichever is shorter
Plant and machinery	5-10 years
Office equipment, furniture and fixtures	3 years
Transportation vehicles	3-5 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 2.12).

Gains and losses on disposals are determined by comparing proceeds with the carrying amount and are recognised in the consolidated statement of profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.10 Property, plant and equipment *(Continued)*

Construction in progress is stated at costs less accumulated impairment losses. Cost includes direct costs of construction as well as interest expense capitalised during the period of construction and installation. Capitalised of these costs will cease and the construction in progress is transferred to appropriate categories within property, plant and equipment when the construction activities necessary to prepare the assets for their intended use are completed. No depreciation is provided for construction in progress.

2.11 Other intangible assets

Separately acquired intangible assets are shown at historical cost. Intangible assets acquired in a business combination are recognised at fair value at the acquisition date. Intangible assets that have indefinite useful lives are not subject to amortisation, but are tested at least annually for impairment and are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Otherwise, amortisation is calculated using the straightline method to reduce their costs to their residual values over their estimated useful lives.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

2.12 Impairment of non-financial assets

At the end of the reporting period, the Group reviews the carrying amounts of its goodwill, intangible assets, property, plant and equipment and right-of-use assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

In testing a cash-generating unit for impairment, corporate assets are allocated to the relevant cash-generating unit when a reasonable and consistent basis of allocation can be established, or otherwise they are allocated to the smallest group of cash generating units for which a reasonable and consistent allocation basis can be established. The recoverable amount is determined for the cash-generating unit or group of cash-generating units to which the corporate asset belongs, and is compared with the carrying amount of the relevant cash-generating unit or group of cash-generating units

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments

Financial assets

Classification and measurement of financial assets at amortised cost

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (“**FVTOCI**”):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss (“**FVTPL**”), except that at the date of initial application/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 Business Combinations applies.

A financial asset is classified as held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or FVTOCI as measured at FVTPL if doing so eliminates or significantly reduces an accounting mismatch.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial assets (Continued)

Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the “other revenue and other income” line item.

Impairment of financial assets

The Group recognises a loss allowance for expected credit losses (“ECL”) on financial assets which are subject to impairment under HKFRS 9 (including trade and other receivables, pledged bank deposit and cash and bank balances). The amount of ECL is updated at each reporting period to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12m ECL represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting period. Assessment are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting period as well as the forecast of future conditions.

For all other instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has been a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial assets (Continued)

Significant increase in credit risk

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting period with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument's external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread, the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in the debtor's ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor;
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor's ability to meet its debt obligations.

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

The Group regularly monitors the effectiveness of the criteria used to identify whether there has been a significant increase in credit risk and revises them as appropriate to ensure that the criteria are capable of identifying significant increase in credit risk before the amount becomes past due.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial assets (Continued)

Definition of default

For internal credit risk management, the Group considers an event of default occurs when information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full.

Irrespective of the above, the Group considers that default has occurred when a financial asset is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

Credit-impaired financial assets

A financial asset is credit-impaired when one or more events of default that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- (a) significant financial difficulty of the issuer or the borrower;
- (b) a breach of contract, such as a default or past due event;
- (c) the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- (d) it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- (e) the disappearance of an active market for that financial asset because of financial difficulties.

Write-off policy

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. A write-off constitutes a derecognition event. Any subsequent recoveries are recognised in profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial assets (Continued)

Measurement and recognition of ECL

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. Estimation of ECL reflects an unbiased and probability-weighted amount that is determined with the respective risks of default occurring as the weights.

Generally, the ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

Where ECL is measured on a collective basis or cater for cases where evidence at the individual instrument level may not yet be available, the financial instruments are grouped on the following basis:

- Nature of financial instruments (i.e. the Group's trade and other receivable) and amounts due from customers are each assessed as a separate group. Loans to related parties are assessed for ECL on an individual basis);
- Past-due status;
- Nature, size and industry of debtors; and
- External credit ratings where available.

The grouping is regularly reviewed by management to ensure the constituents of each group continue to share similar credit risk characteristics.

Interest income is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit impaired, in which case interest income is calculated based on amortised cost of the financial asset.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount, with the exception of trade receivables where the corresponding adjustment is recognised through a loss allowance account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial liabilities and equity instruments

Classification as financial liabilities or equity

Financial liabilities and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Interest expense is recognised on an effective interest basis.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method.

Financial liabilities at amortised cost

Financial liabilities (including trade payables, other payables and accruals, convertible bonds, lease liabilities and bond payables) are subsequently measured at amortised cost, using the effective interest method.

Derivative financial instruments

Derivatives are initially recognised at fair value at the date when derivative contracts are entered into and are subsequently remeasured to their fair value at the end of the reporting period. The resulting gain or loss is recognised in profit or loss.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.13 Financial instruments *(Continued)*

Financial liabilities and equity instruments (Continued)

Derecognition

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the profit or loss.

2.14 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted average method. The cost of finished goods and work in progress comprises design costs, raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). It excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business less applicable variable selling expenses.

2.15 Cash and cash equivalents

In the consolidated statement of cash flows, cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of 3 months or less, and bank overdrafts (if any). In the consolidated statement of financial position, bank overdrafts are shown within borrowings in current liabilities.

2.16 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.17 Current and deferred income tax

Tax expense comprises current and deferred tax. Tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the jurisdictions where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 Income Taxes requirements to right-of-use assets and lease liabilities separately. Temporary differences relating to right-of-use assets and lease liabilities are not recognised at initial recognition and over the lease terms due to application of the initial recognition exemption.

Deferred income tax is recognised, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or a liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred income tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred income tax liabilities are provided on taxable temporary differences arising from investments in subsidiaries, except for deferred income tax liabilities where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets arising from deductible temporary differences associated with such investments are recognised only to the extent that it is probable the temporary difference will reverse in the foreseeable future and there is sufficient taxable profit available against which the temporary difference can be utilised.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.18 Employee benefits

(a) *Pension obligations*

(i) *Hong Kong*

The Group participates in a mandatory provident fund scheme (the “**MPF scheme**”), which is a defined contribution scheme, for its employees in Hong Kong. The assets of the MPF scheme are held separately from those of the Group in an independent administered fund.

Both the Group and the employees are required to contribute 5% of the employee’s relevant income, subject to maximum of HK\$1,500 per employee per month. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expenses when they are due and prepaid contributions are recognised as an asset to the extent that a cash refund is available.

(ii) *The People’s Republic of China (the “PRC”)*

The Group participates in a defined contribution scheme administrated by the relevant authorities of the PRC. Contributions to the scheme are calculated as a percentage of employees’ salaries and the Group has no further payment obligations once the contributions have been paid. The Group’s contributions to the defined contribution retirement scheme are expensed as incurred.

(b) *Employee leave entitlements*

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period. Employee entitlements to sick leave and maternity leave are not recognised until the time of leave.

(c) *Share-based compensation plan*

The Group operates an equity-settled, share-based compensation plan. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed over the vesting period is determined by reference to the fair value of the options granted:

- including any market performance conditions (for example, an entity’s share price);
- excluding the impact of any service and non-market performance vesting conditions (for example, profitability, sales growth targets and remaining as an employee of the entity over a specified time period); and
- including the impact of any non-vesting conditions (for example, the requirement for employees to save).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.18 Employee benefits *(Continued)*

(c) Share-based compensation plan *(Continued)*

Non-market vesting conditions are included in assumptions about the number of options that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each reporting period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision of original estimates, if any, in the consolidated statement of profit or loss with a corresponding adjustment to equity.

The proceeds received net of any directly attributable transaction costs are credited to share capital (nominal value) and share premium when the options are exercised.

(d) Bonus plan

The expected cost of bonus payments is recognised as a liability when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made. Liabilities of bonus plan are expected to be settled within 12 months and are measured at the amounts expected to be paid when they are settled.

2.19 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligations. The increase in the provision due to passage of time is recognised as interest expense.

2.20 Contingent liability

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably. A contingent liability is not recognised but is disclosed in the notes to the consolidated financial statements. When a change in the probability of an outflow occurs so that outflow is probable, it will then be recognised as provision.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.21 Revenue recognition

Revenue is recognised when or as the control of the good or service is transferred to the customer. Depending on the terms of the contract and the laws that apply to the contract, control of the good or service may be transferred over time or at a point in time.

Control of the good or service is transferred over time if the Group's performance:

Revenue from sales of goods is recognised when all the following conditions are satisfied:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or service.

For the commission income of financial business, revenue is recorded when the trades are executed.

Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest come is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.22 Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.22 Leases *(Continued)*

As a lessee

Allocation of consideration to components of a contract

For a contract that contains a lease component and non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group also applies practical expedient not to separate non-lease components from lease component, and instead account for the lease component and any associated non-lease components as a single lease component.

As a practical expedient, leases with similar characteristics are accounted on a portfolio basis when the Group reasonably expects that the effects on the financial statements would not differ materially from individual leases within the portfolio.

Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to leases of property that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. It also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis or another systematic basis over the lease term.

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Right-of-use assets

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.22 Leases *(Continued)*

As a lessee (Continued)

Right-of-use assets (Continued)

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term is depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

The Group presents right-of-use assets as a separate line item on the consolidated statements of financial position.

Refundable rental deposits

Refundable rental deposits paid are accounted under HKFRS 9 and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

Lease liabilities

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate;
- amounts expected to be paid under residual value guarantees;
- the exercise price of a purchase option reasonably certain to be exercised by the Group; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.22 Leases *(Continued)*

As a lessee (Continued)

Lease liabilities (Continued)

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever:

- the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.
- the lease payments change due to changes in market rental rates following a market rent review/expected payment under a guaranteed residual value, in which cases the related lease liability is remeasured by discounting the revised lease payments using the initial discount rate.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.22 Leases *(Continued)*

As a lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under finance leases are recognised as receivables at commencement date at amounts equal to net investments in the leases, measured using the interest rate implicit in the respective leases. Initial direct costs (other than those incurred by manufacturer or dealer lessors) are included in the initial measurement of the net investments in the leases. Interest income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term except for investment properties measured under fair value model.

Allocation of consideration to components of a contract

Effective on 1 January 2019, the Group applies HKFRS 15 to allocate consideration in a contract to lease and nonlease components. Non-lease components are separated from lease component on the basis of their relative stand-alone selling prices.

Lease modification

The Group accounts for a modification to an operating lease as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

2.23 Related parties

For the purposes of these consolidated financial statements, a party is considered to be related to the Group if:

- (a) a person, or a close member of that person's family, is related to the Group if that person:
 - (i) has control or joint control of the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) an entity is related to the Group if any of the following conditions applies:
 - (i) the entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to each other);
 - (ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) both entities are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third party and the other entity is an associate of the third party;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity);
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Close family members of an individual are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (a) that person's children and spouse or domestic partner;
- (b) children of that person's spouse or domestic partner; and
- (c) dependants of the person or that person's spouse or domestic partner.

A transaction is considered to be a related party transaction when there is a transfer of resources and obligations between related parties.

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

3.1 Financial risk factors

The Group's major financial instruments include trade receivables, deposits and other receivables, bank balances, trade payables, accruals and other payables, lease liabilities and bonds payables. Details of the financial instruments are disclosed in respective notes.

The Group's activities expose it to a variety of financial risk: foreign exchange risk, credit risk, liquidity risk, and cash flow and fair value interest rate risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's finance performance. The policies on how to mitigate these risks are set out below:

(a) Foreign exchange risk

The Group has foreign currency denominated monetary assets and liabilities, which exposed the Group to foreign currency risk. The Group currently does not have a foreign exchange policy. However, the management of the Group monitors foreign exchange exposure and will consider hedging significant foreign exchange exposure should the risk arise.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	Asset		Liability	
	2020 HK'000	2019 HK'000	2020 HK'000	2019 HK'000
Renminbi ("RMB")	29,542	26,500	25,069	38,939

The Group is mainly exposed to the effects of fluctuation in RMB.

The following table details the Group's sensitivity to a 5% (2019: 5%) increase and decrease in Hong Kong Dollars against RMB. The sensitivity analysis includes outstanding foreign currency denominated monetary items. A positive number below indicates an increase in profit or equity where the Hong Kong Dollars strengthen 5% (2019: 5%) against RMB. For a 5% (2019: 5%) weakening of the Hong Kong Dollars against RMB, there would be an equal and opposite impact on the profit or equity, and the balances below would be negative.

	Impact of RMB	
	2020 HK'000	2019 HK'000
Renminbi ("RMB")	168	466

(b) Credit risk

The carrying amounts of trade receivables, prepayments, deposits and other receivables and cash and cash equivalents included in the consolidated statement of financial position represent the Group's maximum exposure to credit risk in relation to its financial assets.

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS (Continued)

3.1 Financial risk factors (Continued)

(b) Credit risk (Continued)

The Group also has policies in place to ensure that sales of products are made to customers with an appropriate credit history.

Management makes periodic collective assessment as well as individual assessment on the recoverability of trade and other receivables based on historical payment records, the length of the overdue period, the financial strength of the debtors and whether there are any disputes with the relevant debtors.

The Group applies simplified approach to provide for expected credit losses presented by HKFRS 9, which permits the use of the lifetime expected credit loss provision for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics. The Group has performed historical analysis and identified the economic variable credit risk and expected credit loss. This considers available reasonable and supportive forwarding-looking.

Assessed lifetime expected credit losses rate of trade receivables is close to be zero as at 31 December 2020 and 2019 as there are no recent history of default and continuous payments have been received. Based on historical and forward looking elements of the Group, it was determined that no loss allowance provision is necessary in respect of these balances as there has not been a significant change in credit quality of the client.

Deposits and other receivables

For other receivables and deposits, the Directors make periodic individual assessment on the recoverability of other receivables and deposits based on historical settlement records, past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information.

The movement of loss allowances for deposits and other receivables during the year are as follows:

	Other receivables HK\$'000
At a 1 January 2019	785
Allowance for expected credit losses	672
Effect of foreign currency exchange difference	(18)
As at 31 December 2019 and 1 January 2020	1,439
Disposal of subsidiaries	(1,050)
Allowance for expected credit losses	525
Effect of foreign currency exchange difference	(31)
As at 31 December 2020	883

Bank Balances

The credit risk on bank balances are limited because the majority of the counterparties are bank with high credit-ratings assigned by International credit-ratio agencies. The Group has no other significant concentration of credit risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS *(Continued)*

3.1 Financial risk factors *(Continued)*

(c) Liquidity risk

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates. The table includes both principal and interest cash outflows. To the extent that interest flows are floating rate, the undiscounted amounts is derived from interest rate curve at the end of the reporting period.

	Weighted average interest rate %	On demand or within 1 year HK\$'000	1 to 2 years HK\$'000	Over 2 years HK\$'000	Total undiscounted cash flow HK\$'000	Carrying amount HK\$'000
As at 31 December 2020						
Trade payables	–	5,111	–	–	5,111	5,111
Accruals and other payables	8.0%	52,061	–	–	52,061	51,863
Lease liabilities	3.8%	13,885	11,526	57,112	82,523	71,095
Bonds payables	5.8%	–	–	14,000	14,000	12,313
		71,057	11,526	71,112	153,695	140,382
As at 31 December 2019						
Trade payables	–	7,453	–	–	7,453	7,453
Accruals and other payables	–	60,845	–	–	60,845	60,845
Convertible bonds	4.0%	61,471	–	–	61,471	59,107
Lease liabilities	6.5%	15,611	9,901	45,167	70,679	59,119
Bonds payables	5.8%	–	–	14,000	14,000	10,997
		145,380	9,901	59,167	214,448	197,521

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS *(Continued)*

3.1 Financial risk factors *(Continued)*

(d) Cash flow and fair value interest rate risk

Except for cash and cash equivalents, the Group has no other significant interest-bearing assets at floating rates. The Group's loan receivable bear interest at fixed rates. The Group's income and operating cash flows are substantially independent of changes in market interest rates. Management does not anticipate significant impact on interest-bearing assets resulted from the changes in interest rates because the interest rates of bank deposits are not expected to change significantly.

The Group has no significant in interest-bearing liabilities at floating rates. As at 31 December 2020, the Group has bonds payables and lease liabilities (2019: convertible bonds, bonds payables and lease liabilities) carried interest at fixed rates. Save as disclosed above, the Group does not have any other interest bearing borrowings. The details of convertible bonds, bonds payables and lease liabilities are disclosed in Notes 24, 25 and 31 respectively.

The Group does not use derivative financial instruments to hedge its cash flow and fair value interest rate risk.

3.2 Fair value estimation on a recurring basis

(i) Fair value estimation on a recurring basis

The table below analyses financial instruments carried at fair value at the end of each reporting period, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS *(Continued)*

3.2 Fair value estimation on a recurring basis *(Continued)*

(i) Fair value estimation on a recurring basis *(Continued)*

The following table presents the Group's assets and liabilities that are measured at fair value as at 31 December 2019:

	Level 1 HK\$'000	Level 2 HK\$'000	Level 3 HK\$'000	Total HK\$'000
2019				
<i>Financial assets</i>				
Derivative financial assets (Note 24)	–	–	3,505	3,505

There was no transfer between Levels 1, 2, and 3 and changes in valuation techniques during the year ended 31 December 2019.

Derivative financial instruments are measured at fair value as at 31 December 2020 and 2019. The following table gives information about how the fair values of these financial instruments are determined.

	Fair value as at 31 December	Fair value hierachy	Valuation technique and key inputs	Significant unobservable inputs
	2020 HK\$'000	2019 HK\$'000		
Financial assets				
Derivative financial assets (Note 24)	–	3,505	Level 3 The Binomial Option Model	Risk free rate adopted: 2019: 1.94% Expected Volatility: 46.13%

Note:

An increase in risk free rate adopted would result in decrease in fair value of derivative financial assets.

Reconciliation of Level 3 fair value measurements:

Financial assets

	HK\$'000
At 1 January 2019	703
Fair value change	2,802
At 31 December 2019 and 1 January 2020	
Fair value change	3,505 (3,505)
As at 31 December 2020	–

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS (Continued)

3.2 Fair value estimation on a recurring basis (Continued)

(ii) Fair value of the Group's financial assets and financial liabilities that are not measured at fair value on a recurring basis (but fair value disclosures are required)

The fair values of financial assets and financial liabilities are determined as follows:

- a) the fair values of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flow analysis; and
- b) the fair value of derivative instruments are calculated using quoted prices. Where such prices are not available, a discounted cash flow analysis is performed using the applicable yield curve for the duration of the instruments for non-optional derivatives, and option pricing models for optional derivatives.

Fair value of financial liabilities that are not measured at fair value (but fair value disclosure are required):

	2020		2019	
	Carrying amount HK\$'000	Fair value HK\$'000	Carrying amount HK\$'000	Fair value HK\$'000
<i>Financial liabilities</i>				
Convertible bonds	—	—	59,107	62,166

As at 31 December 2019, the fair value of convertible bonds of approximately HK\$62,166,000. The fair value of liabilities component of convertible bonds was valued by an independent valuer. The convertible bonds was calculated by discounting the future cash flow at market rate and including some unobservable inputs. See Note 24 for the details information of convertible bonds.

Below is a summary of the valuation technique used and the key inputs to the valuation of convertible bonds:

	Valuation technique	Significant unobservable inputs	2019
Convertible bonds	Binomial model	Risk free rate	1.94%
		Volatility	46.13%
		Discount rate	7.75%

There was no transfers between all levels in both years.

3. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS *(Continued)*

3.3 Capital risk management

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior years.

The capital structure of the Group consists of debt (which includes bank loan) and equity attributable to owners of the Company, comprising issued share capital and attributable to equity owners of the Company reserves.

The Group monitor its capital structure on the basis of gearing ratio. The Group considers the cost of capital and the risks associated with each class of capital, and will balance its overall capital structure through the issue of new shares as well as the issue of new debt.

The gearing ratios at 31 December 2020 and 2019 were as follows:

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Debt <i>(Note i)</i>	83,408	129,223
Equity <i>(Note ii)</i>	135,190	90,907
Gearing ratio	61.7%	142.1%

Notes:

- (i) Debt includes convertible bonds, bonds payables and lease liabilities.
- (ii) Equity includes all capital and reserves of the Group.

In addition, one subsidiary of the Group holds a license granted by the Securities and Futures Commission (the "SFC") which is required to meet the regulatory liquid capital requirements under Securities and Futures (Financial Resources) Rules ("FRR") adopted by the SFC. Under the FRR, a regulated entity must maintain liquid capital (assets and liabilities adjusted as determined by FRR) in excess of HK\$3 million or 5% of total adjusted liabilities, whichever is higher. The subsidiary has complied with the liquid capital requirements imposed by FRR during the year.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal to the related actual results. The estimates and assumptions that have a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Estimated Impairment of trade and other receivables

The loss allowances for financial assets are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward-looking estimates at the end of each reporting period. Details of the key assumptions and inputs used are disclosed in Note 3.1(b), 20 and 21.

(b) Income taxes

The Group is subject to income taxes in the PRC and Hong Kong. There are certain transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognizes liabilities for anticipated tax based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which determination is made.

(c) Estimated fair values financial instruments

The fair values of financial instruments are determined based on the Directors' estimation in light of the latest information obtained relating to the financial instruments or with reference to independent valuer's assessment. Any new development in financial instruments or the market conditions and changes in assumptions and estimates can affect the fair values of these financial instruments.

(d) Impairment of right-of-use assets and property, plant and equipment

Right-of-use assets and property, plant and equipment are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test.

As at 31 December 2020, the carrying amounts of right-of-use assets and property, plant and equipment amounted to HK\$65,028,000 and HK\$23,191,000, respectively. For the year ended 31 December 2020, impairment losses of property, plant and equipment and right-of-use assets of approximately HK\$5,787,000 and HK\$3,504,000 respectively. Details of the right-of-use assets and property, plant and equipment are disclosed in Notes 15 and 16.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS *(Continued)*

(e) Impairment of trademark user right and technical know-how and goodwill

The Group determines whether trademark user right and technical know-how and goodwill is impaired at least on an annual basis. This requires an estimation of the value in use of the cash-generating units to which the goodwill is allocated. Estimating the value in use requires the Group to make an estimate of the expected future cash flows from the cash-generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of trademark user right and technical know-how and goodwill as at 31 December 2020 was HK\$22,541,000 and HK\$8,566,000, respectively (2019: HK\$34,744,000 and HK\$10,728,000). Further details are disclosed in Note 17.

5. REVENUE AND SEGMENT INFORMATION

The Group primarily operates in Hong Kong and the PRC. The Group's operating businesses are structured and managed separately according to the nature of their operations and the products or services they provide. Each of the Group's business units represents a strategic business unit that offers products or services which are subject to risks and returns that are different from those of the other business units. The Group's business units are as follows:

- (a) the health and medical segment engages in the operation of health, medical and related businesses of its clubhouse, hemodialysis center and hospital;
- (b) the beauty and wellness segment engages in the provision of beauty and wellness services; and
- (c) the financial segment engages in securities brokerage, advising on securities and asset management businesses.

Operating segments are identified for financial reporting purposes in a manner consistent with the internal reporting provided to the chief operating decision-maker. The Board is identified as the Group's chief operating decision-maker.

Inter-segment revenue is eliminated on consolidation. Inter-segment sales and transfers are transacted according to the relevant prevailing market prices.

Segment results are presented as operating profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

5. REVENUE AND SEGMENT INFORMATION *(Continued)*

5.1 Revenue of the Group, together with analysis of the revenue by segments and geographical regions are as follows:

	Health and medical business <i>HK\$'000</i>	Beauty and wellness business <i>HK\$'000</i>	Financial business <i>HK\$'000</i>	Consolidated <i>HK\$'000</i>
For the year ended 31 December 2020				
Hong Kong				
— At a point in time	—	—	44	44
The PRC				
— At a point in time	38,434	27,054	—	65,488
	38,434	27,054	44	65,532

	Health and medical business <i>HK\$'000</i>	Beauty and wellness business <i>HK\$'000</i>	Financial business <i>HK\$'000</i>	Consolidated <i>HK\$'000</i>
For the year ended 31 December 2019				
Hong Kong				
— At a point in time	—	—	42	42
The PRC				
— At a point in time	43,863	34,754	—	78,617
	43,863	34,754	42	78,659

The geographic location analysis of revenue is allocated based on the geographic location of customers and the operating geographic location of the health and medical business, beauty and wellness business, and financial business. For the years ended 31 December 2020 and 2019, no single customer's revenue accounted for more than 10% of the Group's total revenue.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

5. REVENUE AND SEGMENT INFORMATION *(Continued)*

5.2 Results by operating segments are as follows:

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Health and medical business <i>(Note (i))</i>	(12,883)	(49,978)

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

6. REVENUE

The revenue of the Group is represented revenue generated by health and medical business, beauty and wellness business and financial business.

An analysis of revenue by types of services as follows:

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Health and medical business	38,434	43,863
Beauty and wellness business	27,054	34,754
Financial business	44	42
Total revenue recognized at a point in time	65,532	78,659

All of the Group's revenue from contracts with customers are generated in Hong Kong and the PRC and based on the location where the goods or services are sold or rendered. All revenue contracts are for the period of one year or less, as permitted by practical expedient under HKFRS 15, the transaction price allocated to these unsatisfied contracts is not disclosed.

7. OTHER INCOMES/(EXPENSES) AND LOSS, NET

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Government subsidy (<i>Note</i>)	683	–
Sundry income	1,201	1,551
Gain on termination of lease liability	29	–
Loss on disposal of property, plant and equipment	(510)	(8,429)
	1,403	(6,878)

Note:

During the current year, the Group recognised Government grant of approximately HK\$683,000 in respect of COVID-19 related subsidies which is related to Employment Support Scheme provided by Hong Kong Government.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

8. FINANCE COSTS, NET

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Interest income:		
— Bank deposit	189	131
Interest expenses:		
— Convertible bonds	(1,958)	(6,356)
— Bonds payable	(1,816)	(1,764)
— Other borrowing	(90)	(519)
— Lease liabilities	(2,706)	(2,717)
	(6,381)	(11,225)

9. LOSS BEFORE INCOME TAX

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Auditors' remuneration		
— Audit service	1,500	1,350
— Non-audit service	260	–
Depreciation of property, plant and equipment	5,125	7,468
Depreciation of right-of-use assets	13,655	21,654
Merchandise purchased and movements in inventories	18,485	20,842
Employee benefit expenses	32,709	40,157
Expenses relating to short-term leases	111	2,131
Net allowance of expected credit loss on other receivables	525	672

10. INCOME TAX CREDIT

On 21 March 2018, the Hong Kong Legislative Council passed The Inland Revenue (Amendment) (No. 7) Bill 2017 (the “**Bill**”) which introduces the two-tiered profits tax rates regime. The Bill was signed into law on 28 March 2018 and was gazetted on the following day. Under the two-tiered profits tax rates regime, the first HK\$2,000,000 of assessable profits of qualifying corporations will be taxed at 8.25%, and assessable profits above HK\$2,000,000 will be taxed at 16.5%. The assessable profits of corporations not qualifying for the two-tiered profits tax rates regime will continue to be taxed at a flat rate of 16.5%.

Under the Law of the PRC on Enterprise Income Tax (the “**EIT Law**”) and Implementation Regulation of the EIT Law, the tax rate of the PRC subsidiaries is 25% from 1 January 2008 onwards.

The amounts of income tax credited to the consolidated statement of profit or loss are as follows:

	2020 HK\$'000	2019 HK\$'000
Current taxation		
PRC enterprise income tax		
— Current year	653	768
Deferred taxation	(1,338)	(6,397)
	(685)	(5,629)

No provision for Hong Kong profits tax has been made as the Group did not generate any assessable profits arising in Hong Kong for the years ended 31 December 2020 and 2019.

The taxation on the Group’s loss before income tax differs from the theoretical amount that would arise using Hong Kong profits tax rate as follows:

	2020 HK\$'000	2019 HK\$'000
Loss before income tax	(61,997)	(157,626)
Calculated at Hong Kong profits tax rate of 16.5% (2019: 16.5%)	(10,230)	(26,008)
Effect of different tax rates in other jurisdictions	(563)	(2,608)
Income not subject to tax	(604)	(762)
Expenses not deductible	6,194	111
Tax losses for which no deferred income tax asset was recognised	4,518	23,638
Income tax credit	(685)	(5,629)

Notes:

- (i) Re-designated from an executive Director to a non-executive Director on 16 July 2020
- (ii) Appointed on 16 July 2020
- (iii) Appointed as non-executive Director on 16 July 2020 and appointed as a Chairman on 25 March 2021

During the year, no Directors waived or agreed to waive any emoluments and no emoluments were paid by the Group to any of the Directors as an inducement to join or upon joining the Group or as compensation for loss of office.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

11. EMPLOYEE BENEFIT EXPENSES *(Continued)*

(b) 5 highest paid individuals

The 5 individuals whose emoluments were the highest in the Group for the year ended 31 December 2020 including 1 Director (2019: 3), whose emoluments are disclosed in Note 11(a). Details of emoluments of the remaining 4 (2019: 2) individuals are as follows:

	2020 HK\$'000	2019 HK\$'000
Wages, salaries and other short-term employee benefits	3,608	1,722
Pension costs — defined contribution plans	54	18
	3,662	1,740

The emoluments are within the following bands:

	Number of individuals	
	2020	2019
Emolument bands		
Nil — HK\$500,000	—	—
HK\$500,001 — HK\$1,000,000	4	2
	4	2

12. LOSS ATTRIBUTABLE TO THE EQUITY HOLDER OF THE COMPANY

The loss attributable to the equity holders of the Company is dealt with in the financial statements of the Company to the extent of approximately HK\$30,385,000 (2019: HK\$167,851,000) (Note 34(c)).

13. LOSS PER SHARE

The calculation of the basic and diluted loss per share attributable to owners of the Company is based on the following data:

	2020 <i>HK\$'000</i>	2019 <i>HK\$'000</i>
Loss		
Loss for the purpose of basic and diluted loss per share	(59,274)	(147,992)
	'000	'000 (restated)
Number of shares		
Weighted average number of ordinary shares in issue	543,996	450,086
Loss per share		
Basic loss per share (<i>HK cents</i>)	(10.90)	(32.88)

Note: The weighted average number of ordinary shares for the years ended 31 December 2020 and 2019 has been adjusted for the five-to-one share consolidation of the Company which became effective on 22 January 2021 and the weighted average number of ordinary shares for the year ended 31 December 2019 has been adjusted and restated for the right issue completed during the year ended 31 December 2020.

Diluted

For the years ended 31 December 2020 and 2019, the effect of the Company's share option and convertible bonds was anti-dilutive and was therefore not included in the calculation of the diluted loss per share.

14. DIVIDENDS

No dividend in respect of the year ended 31 December 2020 (2019: Nil) is to be proposed at the forthcoming annual general meeting.

Additions (<i>Note</i>)	1,982	2,435	4,417

Note: Amounts include right-of-use assets resulting from new leases entered.

Details of total cash outflow of leases is set out in the consolidated cash flow statements.

During the current year, the Group leases properties for own use. Lease contracts are entered into for fixed term of two to nineteen years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

Depreciation expense for the year ended 31 December 2020 of approximately HK\$13,655,000 (2019: HK\$21,654,000) have been recognized as administrative expenses.

During the year ended 31 December 2020, an impairment loss of approximately HK\$3,504,000 (2019: HK\$Nil) was recognised in respect of the beauty and wellness business segment. Please refer to Note 17 for detail of the impairment tests.

17. TRADEMARK USER RIGHT AND TECHNICAL KNOW-HOW, AND OTHER INTANGIBLE ASSETS *(Continued)*

Notes:

- (a) The trademark user right and technical know-how was licensed exclusively to the Group for an infinite period at a nominal consideration of HK\$1, which comprises the trademarks of the Marsa brand in relation to the acquisition of the beauty and wellness business acquired in May 2015 and the know-how of operating the said business, including but not limited to business and operating models and technical skill for the beauty and wellness business. As a result, the trademark user right and technical know-how is considered by management of the Group as having an indefinite useful life and will not be amortised.

Impairment tests for trademark user right and technical know-how with indefinite useful life for the beauty and wellness business segment

The management of the Group concluded there was indication of impairment and conducted impairment assessment on recoverable amounts of certain trademark user right and technical know-how, property, plant and equipment and right-of-use assets associated to the beauty and wellness business segment with carrying amounts (before impairment) of HK\$34,744,000 (2019: HK\$94,887,000), HK\$21,486,000 (2019: HK\$23,128,000) and HK\$19,086,000 (2019: HK\$5,683,000), respectively. The recoverable amount of the relevant beauty and wellness business segment are estimated individually.

The recoverable amount of the trademark user right and technical know-how with indefinite useful life is determined based on value-in-use calculation by reference to the valuation report issued by an independent valuer. The cash flow projection is based on a five-year profit forecast reviewed by the Directors in respect of the relevant identifiable CGU. Cash flows beyond the five-year period are extrapolated using growth rate of 3% (2019: 3%), which does not exceed the long-term average growth rate for the beauty and wellness business industry. The cash flows are discounted using a discount rate of 14.50% (2019: 13.41%). The discount rate used is pre-tax and reflects specific risks relating to the beauty and wellness segment. Other key assumptions involve (i) management's expectations for the market development and (ii) the continuity of the cooperation relationship with business partners.

During the year ended 31 December 2020, an impairment loss of approximately HK\$12,203,000 (2019: HK\$60,143,000), HK\$3,504,000 (2019: HK\$Nil) and HK\$5,787,000 (2019: HK\$Nil) was recognised in respect of the trademark user right and technical know-how, right-of-use assets and property, plant and equipment, respectively, within the beauty and wellness segment, as the management of the Company considers that the beauty and wellness business faced weakened customer sentiment in Shenzhen throughout the year.

- (b) Goodwill has been allocated for impairment testing purposes to the cash-generating units of health and medical business by Charm Eastern Limited and its subsidiaries ("Charm Eastern Group"), which is classified into the Group's reportable segment of health and medical operation.

Particular of impairment testing on goodwill are disclosed below:

Goodwill has been allocated for impairment testing purposes to the following cash-generating units:

Health and medical business

Before recognition of impairment loss, the carrying amount of goodwill was allocated to cash-generating units as follows:

	2020 HK\$'000	2019 HK\$'000
Health and medical business	54,232	54,232

For the year ended 31 December 2020, the recoverable amount of goodwill is determined based on a value in use calculation by reference to the valuation report issued by an independent valuer. The cash flow projection based on financial budgets approved by the Directors and valued by the professional valuer covering a five year period, and discount rate of 11.83% (2019: 11.32%) per annum. Cash flows beyond that five-year period have been extrapolated using a steady 3% (2019: 3%) growth rate. This growth rate does not exceed the long-term average growth rate for the market.

17. TRADEMARK USER RIGHT AND TECHNICAL KNOW-HOW, AND OTHER INTANGIBLE ASSETS *(Continued)*

Notes: *(Continued)*

(b) *(Continued)*

The key assumptions used in the value-in-use calculations are as follows:

Budgeted market share	Average market share in the period immediately before the budget period. The values assigned to the assumption reflect past experience.
Budgeted gross margin	Average gross margins achieved in the period immediately before the budget period which reflects the past experience.

During the year ended 31 December 2020, an impairment loss of approximately HK\$2,162,000 (2019: HK\$25,692,000) was recognised in respect of the goodwill within the health and medical segment. In the opinion of the Directors, the main factor contributing to the impairment loss was due to unexpected poor performance of health and medical business.

18. INVENTORIES

	2020 HK\$'000	2019 HK\$'000
Raw materials and consumables	9,891	8,476

The cost of inventories recognised as expenses and included in cost of sales during the year ended 31 December 2020 amounted to approximately HK\$18,485,000 (2019: HK\$20,842,000) (Note 9).

20. TRADE RECEIVABLES

	2020 HK\$'000	2019 HK\$'000
Trade receivables arising from businesses other than dealing in securities	6,002	6,932

Trade receivables arising from businesses other than dealing in securities

The Group's trade receivables generally have a credit period of 90 days. The maximum credit risk exposure at the end of the reporting period is the carrying amount of the trade receivables. The Group does not have any collateral as security. The Group formulates policies and procedures to ensure that sale of products or services to customers with appropriate credit history in order to minimise credit risk.

Ageing analysis

The ageing analysis of trade receivables, based on invoice dates, as at 31 December 2020 and 2019 were as follows:

	2020 HK\$'000	2019 HK\$'000
Within 30 days	4,442	4,399
31-60 days	508	837
61-90 days	400	389
91-180 days	138	866
Over 180 days	514	441
	6,002	6,932

Management assessed the credit quality of the trade receivables in the amount of approximately HK\$5,350,000 (2019: HK\$5,625,000) that are neither past due nor impaired by reference to the repayment history of those customers.

Details of assessment on expected credit losses are set out in Note 3.1(b)

As at 31 December 2020	–	–	–

(i) Qianhai CB

On 15 April 2016, the Company issued 8% per annum convertible bonds to Hong Kong Qian Hai Financial Group Limited in an aggregate principal amount of HK\$12,000,000 (the "Qianhai CB") carrying conversion right to convert into 40,000,000 shares at the conversion price of HK\$0.30 per share (after adjustment) maturing on 15 April 2019. As disclosed in the Company's announcement dated 20 December 2019, the Company was capable and willing to honour its contractual obligations under the Qianhai CB but due to conflicting instructions given by Zhang Xuejun and Shenzhen Qianhai Shengzun Hualong Holdings Co., Ltd. as to the recipient of cash payment, the redemption process was delayed without any fault on the part of the Company, pending the resolution of litigation and dispute amongst the various parties. After the date of maturity of Qianhai CB on 15 April 2019, the bond is no longer convertible into shares of the Company. Therefore, the Qianhai CB in an aggregate principal amount of HK\$12,000,000 and accrued interest of approximately HK\$2,835,000 was reclassified as accruals and other payables in the consolidated statement of financial position.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

24. CONVERTIBLE BONDS (Continued)

(ii) Zheyin Tianqin 2018 CB

On 19 April 2018, the Company issued 6% per annum convertible bonds to the nominated entity of Zheyin Tianqin, Dogain Capital Limited, in an aggregate principal amount of HK\$60,000,000 (the “**Zheyin Tianqin 2018 CB**”) carrying conversion right to convert into 352,941,176 shares at the conversion price of HK\$0.17 per share and has been matured on 20 April 2020, being the second anniversary of the date of issue of the convertible bonds. The Zheyin Tianqin 2018 CB was fully redeemed by the bond holder in cash on 20 April 2020.

Details on the movements of difference components of the convertible bonds for the years ended 31 December 2020 and 2019 are set out as follows:

Change in fair value of derivative financial asset component of convertible bonds	–	–	3,505	3,505
As at 31 December 2020	–	–	–	–

25. BONDS PAYABLES

Details on the movements of the bonds payables for the years ended 31 December 2020 and 2019 are set out as follows:

	<i>HK\$'000</i>
As at 1 January 2019	9,733
Interest paid	(500)
Interest expense	1,764
As at 31 December 2019 and 1 January 2020	10,997
Interest paid	(500)
Interest expense	1,816
As at 31 December 2020	12,313

The details of the bonds payables in issue as at 31 December 2020 in an aggregate principal amount of HK\$14,000,000 are set out as follows:

- (i) On 28 June 2016, the Company entered into a placing agreement with Enhanced Securities Limited (“**Enhanced Securities**”), pursuant to which Enhanced Securities agreed with the Company to place bonds up to a principal amount of HK\$10,000,000 to a placee who is an independent third party at 100% of principal amount of the bonds. The bond is denominated in Hong Kong dollars, unsecured, bears interest at 5% per annum and will mature on the date falling on the seventh anniversary of the issue of the bond. Interest is payable in arrears annually on each anniversary of the date of the issue.

The bond was successfully placed to the placee on the same date. The effective interest rate of the bond was 10.40% to 11.16% per annum.

- (ii) On 24 March 2017, the Company entered into a placing agreement with Green Securities Limited (“**Green Securities**”), pursuant to which Green Securities agreed with the Company to place bonds up to a principal amount of HK\$4,000,000 to a placee who is an independent third party at 100% of the principal amount of the bonds. The bond is denominated in Hong Kong dollars, unsecured, bears interest at 7.15% per annum and will mature on the date falling on the seventh anniversary of the issue of the bond. Interest is payable on the maturity date.

The bond was successfully placed to the placee on the same date. The effective interest rate of the bond was 10.55% to 13.24% per annum.

The fair value of each of the bonds at issue was calculated using market interest rates for equivalent bonds. The difference between the fair value at issue and the net proceeds received was recognized within other income and loss in the consolidated statements of profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

26. DISPOSAL OF SUBSIDIARIES

On 19 May 2020, the Group entered into a sale and purchase agreement to dispose the Club House Business to an independent third party for a cash consideration of HK\$100,000 and recorded a gain on disposal of subsidiaries in the amount of approximately HK\$2,789,000. The disposal was completed on 21 May 2020. Summary of the effects of the disposal is as follows:
