

## **EVERBRIGHT GREENTECH GARNERS 2025 ESG MODEL ENTERPRISE AWARD AT THE 4TH INTERNATIONAL GREEN ZERO- CARBON FESTIVAL**

**Hong Kong, 6 August 2025** – China Everbright Greentech Limited (“Everbright Greentech” or the “Company”) (SEHK: 1257.HK) is pleased to announce that it has garnered the 2025 ESG Model Enterprise Award at the 4th International Green Zero-Carbon Festival (the “Festival”) and the ESG Leaders Summit 2025, in recognition of its outstanding performance in environmental, social and governance (ESG) practices.

As a leading environmental enterprise in China, Everbright Greentech has consistently aligned its operations with national development strategies, while deepening its focus on the clean energy sector, driving technological innovation, expanding its low-carbon business initiatives, and strengthening its momentum in green development. Through these efforts, the Company is committed to becoming a clean energy operator with new-quality productivity and core competitiveness. Underpinned by its robust ESG management framework, ongoing technological innovation, and comprehensive achievements, the Company was selected from a broad field of contenders to receive the 2025 ESG Model Enterprise Award. This accolade underscores Everbright Greentech’s industry leadership and far-reaching influence.

Themed “Practicing Green Development, Pioneering a Zero-Carbon Future”, this year’s International Green Zero-Carbon Festival was jointly hosted by syobserve.com, gongyidaily.com, and several prominent domestic financial and mainstream media outlets. Based on four core selection criteria - innovation, impact, driving force, and foresight - the Festival aims to honour pioneers and leaders in green development. By recognising enterprises for their extraordinary achievements and exemplary practices, it seeks to inspire more Chinese enterprises to contribute meaningfully to

the national “Dual Carbon” goals.

**Dr. Zhu Fugang, Chairman of Everbright Greentech**, said, “This award is a testament not only to the collective efforts and unwavering dedication of our employees, but also to the strong collaboration and invaluable support of our stakeholders. As a leading enterprise in China’s environmental protection sector, we remain committed to aligning with global ESG trends, advancing technological innovation and digital transformation, and driving a comprehensive upgrade of our low-carbon operations. At the same time, we will continue to enhance our core competitiveness and contribute meaningfully to the national ‘Dual Carbon’ strategic goals and the sustainable development of the industry.”
