

EVERBRIGHT GREENTECH WINS MULTIPLE PRESTIGIOUS ESG AWARDS

Hong Kong, 24 October 2025 – China Everbright Greentech Limited (“Everbright Greentech” or the “Company”) (SEHK: 1257.HK) is pleased to announce that it has garnered 8 prestigious accolades across 4 prominent environmental, social and governance (ESG) award programmes during October. These honours underscore the Company’s exemplary performance and sustained leadership in ESG practices, while highlighting its pivotal role in driving the green transition and fostering sustainable value within the industry.

As a leading player in China’s environmental protection sector, Everbright Greentech remains committed to supporting the nation’s green development and energy transition strategies. Driven by technological innovation, the Company continues to expand its clean energy portfolio, actively advance low-carbon initiatives, and strengthen the integration of its green industrial value chain. Through these tangible actions, the Company fulfils its corporate mission of “Devoted to Ecology and Environment for a Beautiful China”, leveraging new-quality productivity to promote high-quality development and contribute meaningfully to the national “Dual Carbon” goals.

Won “Best ESG Report – Small-Cap – Grand Award” at the Hong Kong ESG Reporting Awards (HERA) 2025

Everbright Greentech was honoured with the “Best ESG Report – Small-Cap – Grand Award” at the Hong Kong ESG Reporting Awards (HERA) Forum 2025 cum Awards Presentation Ceremony. As a leading platform in Hong Kong recognising excellence in sustainability reporting, this year’s HERA attracted a record number of participating companies, making the competition particularly fierce. Standing out among a strong field of contenders, Everbright Greentech’s recognition underscores its outstanding performance and professional excellence in ESG information disclosure.

Three Honours at Sing Tao News Corporation X The Hong Kong Polytechnic University's "Outstanding ESG Enterprises Recognition Scheme 2025"

At the "Outstanding ESG Enterprises Recognition Scheme 2025" jointly organised by Sing Tao News Corporation and The Hong Kong Polytechnic University, Everbright Greentech garnered three major awards — the "Outstanding ESG Environmental Performance Award", the "Outstanding ESG Social Performance Award" and the "ESG Commendation Certification". As one of Hong Kong's most prominent and rigorously assessed ESG recognition platforms, the Scheme acknowledges the Company's exceptional performance in green operations and social responsibility, and underscores Everbright Greentech's comprehensive strength and reputation as an industry role model, marking the second time the Group has received this prestigious honour.

Two accolades at Ta Kung Wen Wei Media Group's "2025 International ESG Forum of Hong Kong and Annual Awards"

For the first time, Everbright Greentech was honoured at the "2025 International ESG Forum of Hong Kong and Annual Awards Ceremony" hosted by Ta Kung Wen Wei Media Group, receiving both the "Best ESG Dual Carbon Implementation Award" and the "Best ESG Information Disclosure Award". Supported by a number of authoritative institutions and government bodies, the Forum is a high-level ESG event with significant influence and credibility across the public, business, and academic sectors. The two awards highlight Everbright Greentech's professional excellence and market leadership in advancing China's "Dual Carbon" strategy and ensuring transparent information disclosures.

Double Recognition at HK01's "Outstanding ESG Enterprise Awards 2025"

With its comprehensive sustainability strategy and innovative ESG practices, Everbright Greentech was recognised with the "Outstanding ESG Enterprise Award" and the "Sustainable Development Enterprise Recognition Certificate" issued upon review by the Green Council at the "Outstanding ESG Enterprise Awards 2025" organised by HK01. The former evaluates the business development and operational management of a company across the three core ESG pillars – environmental protection, social responsibility and corporate governance – while the latter acknowledges a company's strong contribution towards the United Nations

Sustainable Development Goal 17: Partnerships for the Goals.

Dr. Zhu Fugang, Chairman of Everbright Greentech, said, “In October, Everbright Greentech recorded a series of remarkable successes, winning multiple prestigious ESG awards in succession. These achievements not only demonstrate broad recognition from across society for the Company’s commitment to sustainable development but also affirms its ongoing efforts to integrate ESG principles into its business operations and driving green growth. Behind these accolades lies the collective dedication and perseverance of the entire Everbright Greentech team. It is the tireless contribution and consistent efforts of every member of the Company, in their respective roles, that have enabled Everbright Greentech to excel in the ESG arena. As a leading enterprise in China’s environmental protection industry, the Company remains committed to innovation-led growth and responsibility-driven progress, while actively setting an industry benchmark and contributing to the nation’s ecological advancement and high-quality sustainable development.”
