

**EVERBRIGHT GREENTECH WINS GOLD IN THE “MOST
SUSTAINABLE ORGANIZATIONS AWARDS” — ITS FIRST
RECOGNITION IN THE TOP HONOUR CATEGORY OF HKICPA’S
“BEST CORPORATE GOVERNANCE AND ESG AWARDS 2025”**

Hong Kong, 31 October 2025 – China Everbright Greentech Limited (“Everbright Greentech” or the “Company”) (SEHK: 1257.HK) is pleased to announce that it has been awarded the Gold Award in the “Most Sustainable Organizations (MSO) Awards” under the Small Market Capitalization Category at the “Best Corporate Governance and ESG Awards 2025” (the “Awards”), organised by the Hong Kong Institute of Certified Public Accountants (HKICPA). This prestigious accolade recognises the Company’s outstanding performance, including its sound governance structure, clear sustainability strategy, high level of transparency in information disclosure, and robust risk management systems. This marks the first time that Everbright Greentech has advanced to the highest accolade category—the “MSO Awards”—since first participating in the Awards in 2017, and it has successfully received a Gold Award in this category. The achievement highlights the Company’s excellence in both corporate governance (CG) and environmental, social and governance (ESG) practices, earning significant recognition from Hong Kong’s professional and sustainability communities. It also reaffirms the Company’s strong progress and enduring commitment to sustainable development.

As a leading enterprise in China's environmental protection sector, Everbright Greentech has adhered to its corporate mission of "Devoted to Ecology and Environment for a Beautiful China." The Company remains steadfast in implementing national strategies for green development and energy transition, and continues to drive sustainable growth through innovation. In recent years, the Company has proactively expanded its clean energy and low-carbon business portfolio, accelerating the development of an efficient and resilient green industrial system. By leveraging new-quality productivity to promote high-quality development, Everbright Greentech strives to contribute its professional expertise towards achieving the national "Dual Carbon" goals.

Since its establishment in 2000, the "Best Corporate Governance and ESG Awards" organised by the HKICPA has been regarded as one of the most prestigious honours in Hong Kong's CG and sustainability fields. Among its categories, the "MSO Awards" represent the highest accolade and comprise four levels — Diamond, Platinum and Gold Awards, as well as Commendations. This category recognises organisations that excel in both CG and ESG performance and that deeply integrate these

principles into their corporate values, strategies and operations.

Dr. Zhu Fugang, Chairman of Everbright Greentech, said, “Everbright Greentech has previously been recognised with a Special Mention under either the ‘CG Award’ or the ‘ESG Award’ categories in past ‘Best Corporate Governance and ESG Awards’. This year, we are deeply honoured to have progressed from a Special Mention in either CG or ESG to the Awards’ highest accolade category, the ‘MSO Awards’, which recognises excellence in both areas, and to have won the Gold Award. This achievement represents a significant milestone in the Company’s performance in both CG and ESG practices. It stands as a strong testament to the continuous improvements and long-standing efforts Everbright Greentech has made in the field of ESG. The Company firmly believes that sound governance is the cornerstone of stable, sustainable and responsible development, and we have fully integrated ESG principles into our business operations and decision-making processes, underpinned by a governance system that emphasises transparency, compliance and accountability. We continue to drive green innovation and operational excellence while actively supporting the national ‘Dual Carbon’ goals. Looking ahead, Everbright Greentech will view the Gold Award in the ‘MSO Awards’ as a new starting point, further strengthening its CG framework, deepening the implementation of ESG mechanisms and strategies, and promoting the synergy between CG and sustainable development. Through these efforts, Everbright Greentech aims to create long-term, sustainable value for shareholders, employees, society and the environment, while contributing meaningfully to China’s ecological advancement and high-quality development.”
