

3 Hong Kong to offer iPad mini and iPad with Retina display (fourth generation) in Hong Kong

Hong Kong, 24 October 2012 - 3 Hong Kong today announced that in the coming weeks it will offer iPad mini and fourth generation iPad. 3 Hong Kong will offer these new iPads with a range of attractive data plans that will allow customers to connect to its fast 4G LTE network.

iPad mini, a completely new iPad design that is 23 percent thinner and 53 percent lighter than the third generation iPad, and features a stunning 7.9-inch display, Apple-designed dual-core A5 chip, ultrafast wireless performance and an incredible 10-hours of battery life.* The fourth generation iPad has a gorgeous 9.7-inch Retina display, Apple-designed A6X chip with blazing fast performance, a new FaceTime HD camera and even faster Wi-Fi performance. Both iPad mini and fourth generation iPad come with iOS 6, the world's most advanced mobile operating system with over 200 new features.

For more information about iPad please visit www.apple.com/ipad/.

** Battery life depends on device settings, usage and other factors. Actual results vary.*
