3 Hong Kong to offer iPad Pro with Wi-Fi + Cellular today

Hong Kong, 14 November 2015 - 3 Hong Kong announced that it offers the all-new iPad Pro with Wi-Fi + Cellular, featuring a stunning 12.9-inch Retina display with 5.6 million pixels, today (14 November). Customers can order iPad Pro starting today at ipad.three.com.hk. 3 Hong Kong offers these new iPads with a range of attractive data plans that allow customers to connect to its 4G LTE network with high speed data service. For complete details on pricing, visit ipad.three.com.hk.

The new, larger iPad Pro features a stunning 12.9-inch Retina display with 5.6 million pixels, the most ever in an iOS device, and groundbreaking performance with the new 64-bit A9X chip, rivaling most portable PCs. It is thin, light and delivers all-day 10-hour battery life that users have come to expect from iPad. Ultra-fast wireless connectivity keeps you connected wherever you go with 802.11ac Wi-Fi with MIMO technology, support for a wide range of LTE bands and other fast cellular network technologies (DC-HSDPA, HSPA+).

3 Hong Kong also offers Apple Pencil for iPad Pro and Apple's new Smart Keyboard in a US English layout, which brings breakthrough levels of precision and utility to iPad Pro

Apple Pencil for iPad Pro makes drawing and sketching feel remarkably fluid and natural, and delivers incredible accuracy for activities like fine art illustration and detailed 3D design. A built-in Lightning connector on Apple Pencil makes for quick and easy pairing and charging. Apple's new Smart Keyboard further extends the utility of iPad Pro, offering a full-sized keyboard in a thin, durable design so you can take it anywhere. The Smart Keyboard, available for purchase separately, attaches to iPad Pro's innovative Smart Connector port, eliminating the need for a separate battery, on/off switch or Bluetooth pairing.
