**Mystery shopper scheme confers
the "Smiling Staff Award" on 10 frontline staff members at 3 Hong Kong
which also becomes the only local corporation
to win the "Smiling Enterprise Outstanding Award"**

*3 Hong Kong also scoops two awards from
Marketing magazine for outstanding digital customer service*

Hong Kong, 7 April 2016 - 3 Hong Kong, the mobile communications division of Hutchison Telecommunications Hong Kong Holdings (HTHKH, stock code: 215), today announced it is the only corporation in Hong Kong to win the "Smiling Enterprise Outstanding Award". This accolade applauds 3 Hong Kong's frontline staff for adopting a particularly helpful and sincere attitude when serving customers during mystery shopper visits conducted by the Mystery Shopper Service Association. In another recognition scheme, 3 Hong Kong scooped "Best Mobile Site Silver Award" and "Best App - Creative Design Bronze Award" honours in the Mob-Ex Awards presented by *Marketing* magazine.

The only Hong Kong corporation to win the "Smiling Enterprise Outstanding Award" title

The Smiling Enterprise Awards and Smiling Staff Awards are run every year by the Mystery Shopper Service Association with the overall aim of encouraging a service-with-a-smile approach throughout Hong Kong and Macau. Mystery shopper visits are designed to assess customer-facing staff in respect of two awards, and contenders for the Smiling Staff Awards are required to sit interviews presided over by a panel of judges. Winners are assessed on outstanding service quality and providing service with a smile. The association shortlisted 29 "smiling" sets of staff in Hong Kong and Macau this year. Of these, "Smiling Staff" honours were bestowed on eight 3Shop staff at Central, Causeway Bay, North Point, Lok Fu, Sham Shui Po, Yuen Long and Lantau Island, while two frontline staff at the Causeway Bay and Ngau Tau Kok 3Shops were singled out for the coveted "Outstanding Smiling Staff" award. 3 Hong Kong also won the "Smiling Enterprise Outstanding Award" - being the only Hong Kong corporation to hold the prestigious title.

Quality digital customer service earned two awards from *Marketing* magazine

The same service-with-a-smile philosophy has been extended to 3 Hong Kong's online efforts. For example, the new 24/7 online 3iChat customer interface generates warmth by using emoticons to create a friendly rapport. Another example is 3 Hong Kong's eSelf-service initiative, which has blossomed into a swift, simple and good-natured customer experience. Outstanding eSelf-service performance won recognition from *Marketing* magazine in the form

of two titles from the Mob-Ex Awards scheme.

Mob-Ex Awards rewards outstanding marketing campaigns, applications and associated projects. The scheme welcomes entries from marketers, the media, public relations agencies and mobile solution providers. Mob-Ex judges seeking a winner for the "Best Mobile Site Silver Award" found that 3 Hong Kong's 3Care website provides customers with a one-stop solution featuring newly-designed charts that present bills - along with voice and data usage information - in easy-to-absorb fashion. The site is made all the more appealing by adoption of the "responsive web design" concept, which reconfigures a webpage automatically to suit the device type being used by a customer.

Meanwhile, the "Best App - Creative Design Bronze Award" title was earned by 3 Hong Kong's 3Meter app for its clear and simple design, which makes life easy for customers wanting to check on their consumption of various services, or top-up their usage entitlements.
