3 Hong Kong awarded ISO certification on environmental management systems and occupational health and safety management systems
Demonstrating untiring efforts in environmental protection and staff safety

Hong Kong, 3 November 2022 – 3 Hong Kong, the mobile arm of Hutchison Telecommunications Hong Kong Holdings Limited (HTHKH; stock code: 215), has been awarded ISO 14001:2015 environmental management systems and ISO 45001:2018 occupational health and safety management systems certification by Bureau Veritas Certification Hong Kong Limited, demonstrating the company's commitment to environmental protection and staff health and safety.

Undergoing stringent assessment and attaining every standard of the certificates required
3 Hong Kong has always been promoting the sustainable development of environmental protection, social and corporate governance. The company earlier appointed Bureau Veritas Certification Hong Kong Limited for certification on environmental protection and occupational health and safety in three areas including network design, installation, and maintenance operations, and after a series of stringent assessments, was awarded ISO 14001:2015 and ISO 45001:2018.

ISO 14001:2015 requires the company to establish policies mitigating the adverse effects to the environment in view of the life cycle of products and services, ISO 45001:2018 on the other hand requires the top management of the company to provide a safe and healthy working environment, eliminate potential workplace danger, and prevent work-related injury and ill health by way of staff consultation and participation.

3 Hong Kong is committed to balancing its commercial operations and the natural environment, with its goal to reduce the adverse influence brought by business to the environment. Leveraging on-the-job training and intranet promotion, 3 Hong Kong arouses colleagues' awareness of the importance of environmental protection from different aspects. It has established environmental-related policies to address problems related to office waste as well as discarded construction debris and depleted batteries at mobile cell sites. 3 Hong Kong encourages recycling, preserving resources and creating a paperless office to reduce pollution and promote efficient use of resources. Environmental protection is also an important consideration in selecting its business partners.

Moreover, occupational health and safety is the top concern of 3 Hong Kong. The company has established a comprehensive occupational health and safety management policy to provide a safe and healthy workplace and prevent work-related injury and ill health. 3 Hong Kong also set up an occupational health and safety committee as a channel to communicate its colleagues' potential safety issues to the top management, thereby establishing protective control measures and a comprehensive accident investigation mechanism. Being

awarded ISO 45001:2018 demonstrates 3 Hong Kong's dedication to improving the standard of its workplace safety in all aspects.
