year, representing an increase of loss by 299.1%. The Directors have resolved to declare a special dividend of HK2.5 cents per ordinary share for the six months ended 30th June 2021, due to the disposal of a property with a value of HK\$29.5 million.

Mr. Joseph Lee, Chairman and Group CEO of Leeport (Holdings) Limited, commented, “In the first half of 2021, China’s economy demonstrated a strong ability to recover from the effects of the global pandemic. Given the complicated economic situation during that time, this achievement was far beyond the expectations of the rest of the world. We have definitely seen evidence of the prosperity of the manufacturing industry in China. Basically every Division of the Group recorded a significant increase in order-taking in the first half of this year.”

“Due to the optimism we have seen in the market, we have started to restructure our sales organisation by adding more managers and frontline staff in various Divisions. We are very positive about the current market in China, and we foresee that the current upward trend in the value of our order intake will continue in the second half of 2021.” concluded Mr. Lee.
