VOLUNTARY ANNOUNCEMENT

The board of Directors (“**Board**”) of Lenovo Group Limited (“**Company**”) has noted recent unusual movements in the price and the trading volume of the shares of the Company. The Company also noted that certain publication that stated the Company has made a substantial downward revision to the Company’s personal computer shipment forecast for the remainder of 2012.

The Company has not made any such downward revision forecast. Further, based on the Company’s historical performance and the overall business trends affecting the Company, the Company believes that it will continue to outgrow the global personal computer market in a manner consistent with the recent development achieved by the Company.

The Company also wishes to point out that as it adopts a hybrid manufacturing structure (external suppliers and in-house manufacturing), external supplies would only represent a portion of the Company’s requirements.

Shareholders and investors of the Company are advised to exercise caution when dealing in the shares of the Company.
