To the Shareholders

Dear Sir or Madam

**PROPOSED ISSUE OF
UNLISTED CONVERTIBLE PREFERRED SHARES**

PROPOSED ISSUE OF UNLISTED WARRANTS

AND

PROPOSED AMENDMENT TO THE ARTICLES OF ASSOCIATION

INTRODUCTION

On 30 March 2005, the Company entered into the Investment Agreement with the Investors pursuant to which the Investors have agreed to subscribe for, and the Company has agreed to issue, 2,730,000 unlisted Convertible Preferred Shares at an issue price of HK\$1,000 per share and unlisted Warrants to subscribe for 237,417,474 Shares for an aggregate cash consideration of US\$350 million.

The Convertible Preferred Shares bear a fixed cumulative preferential cash dividend, payable quarterly, at the rate of 4.5% per annum on the Stated Value of each Convertible Preferred Share. The Convertible Preferred Shares are redeemable, in whole or in part, at a price equal to the Stated Value together with accrued and unpaid dividends at the option of the

LETTER FROM THE BOARD

Company or the Convertible Preferred Shareholders at any time after the Maturity Date. In addition, the Convertible Preferred Shareholders are entitled to require the Company to make an offer to repurchase all or part of the Convertible Preferred Shares at a purchase price equal to the aggregate of 101% of the Stated Value of the Convertible Preferred Shares and 100% of the accrued and unpaid dividends upon a change of control of the Company.

Each Convertible Preferred Share is convertible, at the option of the Convertible Preferred Shareholder, into Shares at any time at a conversion price equal to HK\$2.725, subject to certain anti-dilution adjustments. In the aggregate, the Convertible Preferred Shares to be issued under the Investment Agreement will be convertible into 1,001,834,862 Shares at a conversion price equal to HK\$2.725 per Share, representing approximately 13.40% of the Company's total issued share capital as at the Latest Practicable Date and approximately 10.24% of the Company's issued share capital as enlarged by the issue of the Shares upon full conversion of the Convertible Preferred Shares and assuming the issue of 1,307,153,271 Shares to IBM upon closing of the IBM Acquisition.

Each Warrant carries the right to subscribe for one Share at the Exercise Price, subject to certain anti-dilution adjustments. Warrantheolders may exercise the subscription rights attaching to the Warrants, in whole or in part, at any time from the Closing Date until the Expiry Date. Assuming full exercise of the Warrants at an Exercise Price of HK\$2.725, the Company will issue 237,417,474 Warrant Shares, representing approximately 3.18% of the Company's total issued share capital as at the Latest Practicable Date and approximately 2.63% of the Company's issued share capital as enlarged by the issue of the Warrant Shares upon full exercise of the Warrants and assuming the issue of 1,307,153,271 Shares to IBM upon closing of the IBM Acquisition.

The Convertible Preferred Shares and the Warrants will not be listed on the Stock Exchange or any other stock market. However, the Company will apply for the listing on the Stock Exchange of the Shares issuable upon the exercise of the Warrants and the conversion of the Convertible Preferred Shares.

In connection with the proposed issue of the Convertible Preferred Shares, the Board proposes a special resolution for amending the Articles of Association.

Closing is conditional upon, among other things:

- (a) the issue and allotment of the Convertible Preferred Shares and the granting of certain anti-dilution rights to the Convertible Preferred Shareholders, details of which are set out on pages 14 to 19 of this circular (which requires 75% of approval of the Shareholders at the Extraordinary General Meeting), and the proposed amendment to the Articles of Association (which will authorise the creation of preferred shares and the issuance of the Convertible Preferred Shares) having been passed by special resolutions by the Shareholders, and the issue of the Warrants (and the granting of certain anti-dilution rights to the Warrantheolders, details of which are set out on pages 20 to 24 of this circular) and the Shares (upon exercise of the

LETTER FROM THE BOARD

Warrants and conversion of the Convertible Preferred Shares) and increase in the share capital of the Company having been passed by ordinary resolutions by the Shareholders, in each case at the Extraordinary General Meeting;

- (b) the Listing Committee of the Stock Exchange having granted the listing of, and permission to deal in, any Shares to be issued upon exercise of the Warrants and upon the conversion of the Convertible Preferred Shares;
- (c) the initial closing of the IBM Acquisition taking place concurrently with, or having occurred prior to, the Closing;
- (d) the consents to the transactions contemplated by the Investment Agreement having been obtained from the financiers to the Company and IBM; and
- (e) there having been no material adverse change on the condition of the Group since the date of the Investment Agreement.

The purpose of this circular are:

- (a) to provide you with further information regarding the Investment Agreement, the Convertible Preferred Shares (and the issuance of Shares in the event of a conversion of the same), the Warrants (and the exercise thereof) and the anti-dilution rights granted to the Convertible Preferred Shareholders and the Warrantholders; and
- (b) to give you notice of the Extraordinary General Meeting (which contains, inter alia, a special resolution setting out the proposed amendment to the Articles of Association).

Assuming Closing takes place no later than the initial closing of the IBM Acquisition, the Directors intend to apply the net proceeds from the issue of the Convertible Preferred Shares and the Warrants as to approximately US\$150 million to satisfy part of the consideration payable to IBM for the IBM Acquisition, and as to the balance for general corporate purposes. If the Company pays US\$150 million cash to IBM, it would not issue the Excess Shares to IBM that would otherwise be issuable as consideration for the IBM Acquisition. However, in the event that Closing does not occur before or concurrently with the initial closing of the IBM Acquisition and depending on the financial resources then available to the Company, the Company may pay IBM cash of up to US\$150 million or issue the Excess Shares to IBM as partial settlement of the consideration. Further, if the Company has issued the Excess Shares, subject to applicable laws and regulations and the Company having obtained all the relevant approvals, it would consider repurchasing the Excess Shares from IBM when the Company has sufficient financial resources and the Directors consider appropriate to do so. In that event, the Company will ensure that all applicable rules and regulations (such as chapters 10 and 14A of the Listing Rules and the Code on Share Repurchases) are complied with and all applicable consents or approvals are obtained from the relevant authorities (such as the Securities and Futures Commission).

LETTER FROM THE BOARD

The terms of the Convertible Preferred Shares and the Warrants were negotiated at arm's length between the Company and the Investors. After taking into account the overall credit facility portfolios utilised by or available to the Company, the Directors consider that the issue of the Convertible Preferred Shares and Warrants is in the Shareholders' interest as a whole and the most appropriate funding means available to the Company. Part of the proceeds will be used to satisfy part of the consideration payable to IBM for the IBM Acquisition or to repurchase Excess Shares, as described above.

The Directors consider that the Investors offer expertise and experience that are expected to be valuable to the Company. The Investors have extensive insight into business operations, as well as a strong competency in strategic planning. With rich experience helping companies integrate operations, their investment in the Company will help ensure a smooth transition period following the IBM Acquisition and stable development in the future. The Investors also have a strong understanding of the governance structure of multinational operations as well as substantial experience working with information technology investors.

The Directors also consider that the terms of the Convertible Preferred Shares and Warrants are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

LETTER FROM THE BOARD

Notes:

1. The numbers of Shares (comprising voting and Non-voting Shares) to be issued to IBM as indicated in the above table are based on the assumption set out in Note 3 below. The actual numbers of Shares (comprising voting and Non-voting Shares) to be issued to IBM will only be fixed upon initial closing of the IBM Acquisition.
2. Assuming 821,234,569 Shares, 485,918,702 Non-voting Shares and no Excess Shares will be issued to IBM upon the initial closing of the IBM Acquisition. As referred to in the IBM Circular, the maximum number of Consideration Shares (i.e. 821,234,569 voting Shares and 921,636,459 Non-voting Shares) issuable to IBM at initial closing would comprise of 821,234,569 voting Shares and 921,636,459 Non-voting Shares. If the Company applies US\$150 million from the proceeds from the issue of the Convertible Preferred Shares and the Warrants to pay IBM, the Company will not issue the 435,717,757 Excess Shares to IBM. Accordingly, it was assumed on such basis that 821,234,569 voting Shares and 485,918,702 Non-voting Shares (representing 921,636,459 Non-voting Shares minus 435,717,757 Excess Shares) will be issued to IBM.
3. 1,307,153,271 Shares to be issued to IBM represent the “Base Consideration Shares” described in the IBM Circular. If the Company applies US\$150 million from the proceeds from the issue of the Convertible Preferred Shares and the Warrants to pay IBM, the Company will not issue the 435,717,757 Excess Shares (as defined in the IBM Circular) to IBM. Under the Asset Purchase Agreement in relation to the IBM Acquisition, IBM will take Excess Shares, representing up to 435,717,757 voting Shares or Non-voting Shares, as settlement of the consideration. However, instead of issuing the Excess Shares to IBM, the Company may pay cash to IBM. The value of 435,717,757 Excess Shares calculated by reference to the formula set out in the Asset Purchase Agreement amounts to approximately US\$150 million. The cash payment alternative was disclosed in the IBM Circular.

Among the “Base Consideration Shares”, the exact numbers of Shares (comprising voting and Non-voting Shares) to be issued to IBM will only be determined upon initial closing of the IBM Acquisition. Further, pursuant to the Company Agreement as described in the IBM Circular, IBM may convert such number of its Non-voting Shares up to 9.9% of the outstanding voting capital stock of the Company into voting Shares at any time. If IBM decided to increase its holding of voting Shares to 9.9% of the total voting capital stock of the Company, it would need to convert 110,159,955 Non-voting Shares into voting Shares. Following such conversion and based on the assumption in Note 2 above, there would be 9,408,025,494 voting Shares in issue; and IBM would hold 931,394,524 voting Shares and 375,758,747 Non-voting Shares.

4. These figures are arrived at by taking into account the issuance of 821,234,569 voting Shares and 485,918,702 Non-voting Shares to IBM upon initial closing of the IBM Acquisition only, on the assumption that none of the Convertible Preferred Shares have been converted into Shares and none of the Warrants have been exercised.

LETTER FROM THE BOARD

As at the Latest Practicable Date

Immediately upon the full conversion of the Convertible Preferred Shares (after the initial closing of the IBM Acquisition) assuming no exercise of Warrants

Immediately upon the full conversion of the Convertible Preferred Shares (after the initial closing of the IBM Acquisition) and full exercise of Warrants

* Represents percentages of the enlarged issued ordinary share capital of the Company and assuming: 1,307,153,271 Shares (comprising voting and Non-voting Shares) will be issued to IBM upon the initial closing of the IBM Acquisition.

Shares that are to be issued upon conversion of the Convertible Preferred Shares will rank *pari passu* in all respects with the Shares in issue on the conversion date except that they will not be entitled to any rights or entitlement to dividends or distributions the record date for which precedes the conversion date.

The Convertible Preferred Shares will not be listed on the Stock Exchange or any other stock exchange. However, the Company will apply for the listing on the Stock Exchange of the Shares issuable upon conversion of the Convertible Preferred Shares.

Upon conversion of all the Convertible Preferred Shares at a conversion price of HK\$2.725, 1,001,834,862 Shares will be issued, representing approximately 13.40% of the issued share capital of the Company (being 7,476,888,108 Shares in issue) as at the Latest Practicable Date and approximately 10.24% of the issued share capital as enlarged by the allotment and issue of such Shares and assuming the issue of 1,307,153,271 Shares to IBM upon initial closing of the IBM Acquisition (please also refer to the notes set out below the table in the paragraph headed “Shareholding Structure” in this circular).

Transferability

During the first 12 months from and after the Closing Date, the Investors are not permitted to transfer any of the Convertible Preferred Shares or Shares issuable upon conversion of the Convertible Preferred Shares. From and after the date occurring 12 months and one day after the Closing Date, except as described below, there will be no restrictions on the transfers by the Investors of the Convertible Preferred Shares or Shares issuable upon conversion of the Convertible Preferred Shares.

Transfers of Convertible Preferred Shares and Shares issuable upon conversion thereof by the Investors to any person who holds, or would hold, as a result of any such transfer, more than 4.9% of the issued share capital of the Company, or, to certain designated competitors of the Company, will be restricted when it can be ascertained that the transferee meets the foregoing criteria. Designated competitors generally include any person, together with its controlled affiliates, primarily engaged in the computer business that has, together with its controlled affiliates, annual consolidated gross revenues in excess of US\$1,000,000,000.

Transfers among the Investors will not be subject to the foregoing restrictions.

LETTER FROM THE BOARD

Voting, anti-dilution and other rights attaching to the Convertible Preferred Shares

Each Convertible Preferred Share will be voted on an “as if” converted basis. The holder of each Convertible Preferred Share will have the right to one vote for each whole Share into which a Convertible Preferred Share is convertible at the close of business on the record date for any meeting of Shareholders at which such Convertible Preferred Shares will be voted.

Right to subscribe in below-market issuance (an anti-dilution right)

The Convertible Preferred Shareholders shall have the right, when the Company proposes to issue shares (or rights, warrants or options exercisable for or convertible into shares) at below the then current market value, to subscribe in such proposed issue on the same terms as that offered by the Company to other subscribers in an amount no greater than the percentage of the shares, rights or securities so offered as equals the percentage of the issued Shares and Non-voting Shares represented by the Shares issuable upon conversion of the Convertible Preferred Shares held by such Convertible Preferred Shareholders, unless such Shares are being (1) sold as part of an underwritten offering in which the price per share received by the Company, net of all underwriting commissions paid to the underwriters in such offer, is at least 97% of the current market price per share (a “Qualifying Issuance”), (2) issued as part of a share dividend, (3) issued as part of a reclassification of Shares into securities other than Shares (for example, through a consolidation of shares or issuance of new classes of shares), or (4) issued in connection with an employee benefit plan approved by the Board. Neither the existence nor the exercise of the above-mentioned participation right will in itself contractually require the Company to issue securities in addition to those contemplated to be issued and allotted under the relevant below-market issuance.

Adjustment of conversion price

The conversion price for the Convertible Preferred Shares will be adjusted downwards to account for stock dividends, stock splits, reclassifications of shares and below market issuances of shares (referred to in the second paragraph of Note A below) in which a Convertible Preferred Shareholder elects not to participate. In the event of such an adjustment, the Company’s auditors will be involved to ensure that the relevant calculations are correct by reference to the terms of the Convertible Preferred Shares and the Company will issue a public announcement to inform the Shareholders of the adjustment.

In the case where the Convertible Preferred Shareholders do not participate in the above-mentioned offer, the conversion price is adjusted to account for the below-market issuance. However, no adjustment is provided unless the offer price is at least 85% of the market price and then only with respect to amounts below the 85% trigger.

Independent shareholders’ approval where Convertible Preferred Shareholder becomes connected person

Please note that in the event that a Convertible Preferred Shareholder becomes a connected person of the Company (as defined in the Listing Rules) as a result of, for example, further acquisition of Shares, then at any time it exercises the above-mentioned participation right, and provided that:

- (a) a Director (including any Director appointed by the Convertible Preferred Shareholder) having a material interest in the relevant below-market issuance of shares by the Company will abstain from voting in the determination of the pricing

LETTER FROM THE BOARD

of the issuance and be excluded from the quorum in the relevant Board meetings if such abstention and exclusion are required by applicable laws, rules or the Articles of Association at the relevant time (note: such abstention and exclusion are required under applicable laws, rules and the Articles of Association in force as at the date of this circular);

- (b) the proposed issuance and allotment of Shares as a result of the below-market issuance as well as the exercise of the said participation right will be undertaken pursuant to the general mandate approved by the Shareholders at the Company's preceding annual general meeting; and
- (c) the price of the below-market issuance does not represent a discount of more than 10% to the benchmarked price referred to in Rule 13.36(5) of the Listing Rules at the relevant time,

the proposed exercise of such participation right will not be subject to further shareholders' approval at the time of such exercise. Otherwise, the Company will comply with all applicable requirements under Chapter 14A of the Listing Rules in respect of such proposed exercise of participation right by the Convertible Preferred Shareholder in advance of the same.

A comparison of the respective rights of the holders of the Convertible Preferred Shares and the holders of Shares is set out below:

	Convertible Preferred Shares	Shares
Voting	Vote on an "as if" converted basis with the Shares	One vote per Share
Dividends	Entitled to quarterly dividend at a rate of 4.5% subject to additional dividends if such dividend is not paid when due	Entitled to dividends when, as and if declared by the Company
Anti-Dilution	Contains anti-dilution protections (see Note A below)	No anti-dilution protections but may be subject to contractual pre-emptive rights in certain cases if negotiated with a given shareholder
Conversion	Convertible into Shares (see Note B below)	Not convertible
Preference	Preferential dividend and liquidation payments	No right to preferential payments
Ranking	Ranks senior to Shares	Ranks junior to Convertible Preferred Shares

LETTER FROM THE BOARD

Notes:

- A. The conversion price at which the Convertible Preferred Shares are convertible into Shares will be adjusted downwards in the event that at any time after the original issuance of the Convertible Preferred Shares, the Company (A1) pays a dividend or other distribution on the Shares, such dividend payable in whole or in part, in Shares, (A2) subdivides any of its issued Shares into a greater number of Shares, (A3) distributes certain special dividends in the form of evidence of its indebtedness or assets (except (a) Shares, rights, options or warrants issued in a below-market issuance in which a Convertible Preferred Shareholder has a right to subscribe for Shares or a Qualifying Issuance, (b) any dividend or distribution paid exclusively in cash, (c) any dividend or distribution paid exclusively in Shares or (d) any dividend or distribution in a merger, sale, transfer, share exchange, reclassification or similar transaction in which the Shares are converted into the right to receive securities, cash or other property) to holders of Shares, (A4) issues Shares (or rights, warrants or options exercisable for or convertible into Shares) at a price that is less than 85% of the then-current market price, (A5) distributes cash dividends that exceed the greater of (i) 2.0% of the product of (A) the current market price per Share on the date fixed for the determination of shareholders entitled to receive such distribution multiplied by (B) the number of issued Shares outstanding on such date, then, and in each such case, immediately after the close of business on the date fixed for such determination, and (ii) 35% of the consolidated net earnings of the Company for the 12-month period preceding the date fixed for the determination of the shareholders entitled to receive such distribution, (A6) reclassifies its Shares into other securities. The adjustment of the conversion price will be carried out pursuant to formulae that are customary for convertible bonds, convertible preferred shares or warrants and are designed to assure the Investors that the amount and value of the Shares received upon conversion will remain stable or that adjustments are made to protect their investment if the attributes of the Shares are changed (note: certain figures used in such formulae are calculated on the assumption that the discount of the below-market issuance is 15%, before an adjustment to the conversion price is triggered). The adjustments will be made in accordance with the commercial terms agreed among the Investors and the Company as set forth in the Investment Agreement. The Company will engage an independent auditor to check the accuracy of the computation of the adjustments of conversion price by reference to the terms of the Convertible Preferred Shares.

In addition, when the Company proposes to issue shares at below the then current market value, subject to the exceptions described above under "Rights to subscribe in below-market issuance", Convertible Preferred Shareholders will have the right to subscribe for shares in such proposed issue as described above under the paragraph headed "Voting, anti-dilution and other rights attaching to the Convertible Preferred Shares" in this circular. In the event a Convertible Preferred Shareholder elects to subscribe in such an offering, the adjustment to the conversion price described in sub-point (A4) of the preceding paragraph of this Note will not apply.

- B. Each Convertible Preferred Share is convertible into such number of Shares equal to the Stated Value of the Convertible Preferred Share of HK\$1,000 per share divided by HK\$2.725, subject to certain adjustments to the conversion price in accordance with the anti-dilution provisions described Note A above.

Board composition and representation

During the period commencing on the Closing Date and ending on the third anniversary of the Closing Date, the Board shall consist of no more than 12 Directors, of whom four shall be independent non-executive directors and at least two shall be members of the management of the Company.

TPG shall be entitled to designate a total of two individuals for election to the Board, which after three years from the Closing Date, may be reduced to one individual at the option of the Company. Subject to the foregoing right of the Company, TPG shall be entitled to designate two such individuals for so long as TPG and Newbridge Capital Group, taken together, beneficially own at least 50% of the number of Convertible Preferred Shares (or Shares issuable upon conversion of the Convertible Preferred Shares) issued to them on the Closing Date. For so long as TPG and Newbridge Capital Group, taken together, beneficially own at least 25% of the number of Convertible Preferred Shares (or Shares issuable upon

LETTER FROM THE BOARD

conversion of the Convertible Preferred Shares) issued to them on the Closing Date, TPG shall be entitled to designate one such individual.

The General Atlantic Group shall be entitled to designate one individual for election to the Board for so long as the General Atlantic Group beneficially owns at least 50% of the number of Convertible Preferred Shares (or Shares issuable upon conversion of the Convertible Preferred Shares) issued to the General Atlantic Group on the Closing Date.

If the Board shall determine in good faith that nomination of any individual designated by an Investor for election to the Board would not be consistent with the fiduciary duties of the Board, the Investor shall have the right to nominate another individual for election to the Board. The Company is required to cause individuals nominated by the Investors to be elected to the Board, including by placing such individuals on the slate of nominees recommended for election and soliciting proxies for the election of such individuals. If individuals nominated by the Investors are not elected to the Board, the Company undertakes to use its reasonable best efforts to cause a Director (other than a Director nominated by an Investor or an independent non-executive Director; in other words, likely to be a Director nominated by the Major Shareholder) to resign and to be elected in place of such Director an individual (not being the individual originally failed to be elected to the Board) nominated by the Investors. Such undertaking is subject at all times to the Board's duty to act in the best interests of the Company and its shareholders.

For so long as any Investor is entitled to designate an individual for election to the Board, at least one such individual who is appointed as a Director shall be appointed as a member of each committee of the Board (such as the audit committee and the remuneration committee). In the event that such individual does not satisfy the relevant eligibility criteria set out under the Listing Rules (because, for example, the Director is not an independent non-executive director of the Company), such Director nominated by the Investor shall have the right to attend each such committee meetings as an observer. Such observer will be entitled to observe all proceedings of such committee meeting but he will not have the right to vote or otherwise participate in such committee meetings. For the avoidance of doubt, only an Investor nominated individual who is appointed as a Director can serve as an observer of such committee and accordingly he will be subject to the usual fiduciary duties and other requirements imposed by the laws and the Listing Rules on a director including the duty to keep confidential all the material non-public information obtained from the meetings of the committees to which he is an observer. Further, pursuant to the Investment Agreement, the Investors and their representatives undertake confidentiality obligations to the Company (under which they cannot disclose any such confidential information to the public). The Investors have agreed to use such information only in connection with their investment in the Company as well as their rights and obligations under the Investment Agreement.

In general, in the event that the Board is required to decide on an issue in respect of which there is a conflict of interest on the part of a Director appointed by the Investors (such as, where applicable, the determination of pricing and other matters incidental to a below-market issuance undertaken by the Company), the Director appointed by the Investors will not participate in the relevant decision-making process.

LETTER FROM THE BOARD

PRINCIPAL TERMS OF THE WARRANTS

Issuer

The Company

Number of Warrants

Warrants conferring rights to subscribe for up to a total of 237,417,474 Warrant Shares at an initial Exercise Price of HK\$2.725 per Share, subject to certain anti-dilution adjustments.

Status

The Warrants will be constituted by a deed poll to be executed by the Company at Closing. The Warrants will not be listed on the Stock Exchange or any other stock market. However, the Company will apply for the listing on the Stock Exchange of the Shares issuable upon the exercise of the Warrants.

Form

The Warrants will be issued in registered form. Definitive certificates will be issued to the Investors as holders of the Warrants.

The Issue Price and Exercise Price

The Warrants are to be issued in conjunction with the Convertible Preferred Shares and there is no separate issue price for the Warrants.

Each Warrant carries the right to subscribe for one Warrant Share at the initial Exercise Price of HK\$2.725, subject to certain anti-dilution adjustments. The initial Exercise Price was determined at arm's length between the Investors and the Company on the basis of the share price of the Shares at the time of negotiation, expectations on the future share price performance of the Company and the Investors' consideration of the prospects of the Group at the time of negotiation.

The initial Exercise Price represents a premium of 6.86% compared to the closing price of the Shares of HK\$2.55 as quoted on the Stock Exchange on 24 March 2005, being the latest closing price before the date of the Investment Agreement, a premium of 9.66% compared to the average closing prices of the Shares of HK\$2.485 for the five consecutive trading days up to and including 24 March 2005, a premium of 9.99% compared to the average closing prices of the Shares of HK\$2.4775 for the ten consecutive trading days up to and including 24 March 2005, a premium of 16.70% compared to the average closing prices of the Shares of HK\$2.335 for the thirty consecutive trading days up to and including 24 March 2005, and a premium of 20.93% compared to the average closing prices of the Shares of HK\$2.253 for the sixty consecutive trading days up to and including 24 March 2005.

LETTER FROM THE BOARD

The Exercise Price must be paid in cash. However, the Investors will also be entitled to pay the portion of the Exercise Price in excess of the nominal value of HK\$0.025 per Share using the in-the-money value of other Warrants. An Investor wishing to exchange Warrants pursuant to this right will deliver a notice to the Company, stating the number of Shares for which it wishes to subscribe, accompanied by the same number of Warrants and cash in a minimum amount equal to the aggregate nominal value of such number of Shares, plus Warrants having an “in-the-money” value equal to the balance of the Exercise Price for such Shares (after taking into account the cash payment of the nominal value of such Shares). A Warrant’s “in-the-money value” is the excess, if any, of the market price on the date of the exchange for a Share over the Exercise Price. Upon surrender of such Warrants and cash, the Warrantholder will become entitled to receive the specified number of Shares. For example, if the Exercise Price of the Warrant is HK\$2.725, and the market price of one Share is HK\$4.725, the “in-the-money value” of the Warrant would be HK\$2.00, which could be used to pay a portion of the Exercise Price. It follows that, if an Investor wishes to acquire 100 Shares under this exchange right, it would exercise 100 Warrants, having an aggregate Exercise Price of HK\$272.50, and in lieu of paying the entire Exercise Price in cash, surrender an additional 135 Warrants (which Warrants shall be cancelled upon surrender), having an aggregate “in-the-money value” of HK\$270, and pay HK\$2.50 (being the nominal value of 100 Shares) in cash.

Where the number of Warrants that an Investor wishes to exercise has an aggregate Exercise Price that (together with the cash payment made for the nominal value of the Warrant Shares to be received) would require such Investor to surrender a fraction of a Warrant, the Investor shall be required to pay cash rather than surrender such fractional amount. For example if the Exercise Price of the Warrants is HK\$2.725 and the market price of one Share is HK\$4.80, the “in-the-money” value of the Warrant would be HK\$2.075. If an Investor wishes to acquire 100 Shares by exercising its Warrants, it would exercise 100 Warrants, having an aggregate exercise price of HK\$272.50. The Investor would surrender 130 Warrants having an aggregate “in-the-money” value of HK\$269.75 and pay HK\$2.75 (HK\$2.50 being the nominal value of 100 Shares and HK\$0.25 being the amount necessary to pay the remainder of the aggregate Exercise Price).

Owing to the right of the Investors to exchange Warrants for Warrant Shares as described above, the aggregate amount of cash which the Company will receive upon full exercise of the Warrants cannot be ascertained as at the date of this circular.

Exercise

The subscription rights attaching to the Warrants may be exercised, in whole or in part, at any time from the Closing Date until the Expiry Date.

Shares that are to be issued upon exercise of the subscription rights attaching to the Warrants will rank *pari passu* in all respects with the Shares in issue on the exercise date except that they will not be entitled to any rights or entitlement to dividends or distributions the record date for which precedes the exercise date. Application will be made to the Stock Exchange for the listing of, and permission to deal in, the Warrant Shares to be allotted and issued upon exercise of the subscription rights attaching to the Warrants.

LETTER FROM THE BOARD

Upon exercise of the subscription rights attaching to the Warrants in full at an Exercise Price of HK\$2.725, 237,417,474 Shares will be issued, representing approximately 3.18% of the issued share capital of the Company as at the Latest Practicable Date and approximately 2.63% of the issued share capital as enlarged by the allotment and issue of such Shares and assuming the issue of 1,307,153,271 Shares to IBM upon closing of the IBM Acquisition.

Transferability

During the first 12 months from and after the Closing Date, the Investors are not permitted to transfer any of the Warrants or the Warrant Shares. From and after the date occurring 12 months and one day after the Closing Date, there will be no restrictions on the transfers of the Warrants or Warrant Shares by the Investors, except as described below.

Subject to exceptions described below, during the first three years after the Closing, Investors' transfers of Warrants to third parties in private transactions will be subject to a right of first refusal on the part of the Company, while transfers pursuant to market transactions and those effected through brokers will be subject to the Company's right of first offer.

In addition, transfers of Warrants and Warrant Shares by the Investors to any person who holds, or would hold, as a result of any such transfer, more than 4.9% of the issued share capital of the Company, or, to certain designated competitors of the Company, will be restricted when it can be ascertained that the transferee meets the foregoing criteria. Designated competitors generally include any person, together with its controlled affiliates, primarily engaged in the computer business that has, together with its controlled affiliates, annual consolidated gross revenues in excess of US\$1,000,000,000.

Transfers of Warrants among the Investors will not be subject to the foregoing restrictions.

Voting, anti-dilution and other rights of the Warrantholders

The Warrantholders shall not have any right to attend or vote at any general meeting of the Company by virtue of holding the Warrants.

Right to subscribe in below-market issuance (an anti-dilution right)

The Warrantholders shall have the right, when the Company proposes to issue shares (or rights, warrants or options exercisable for or convertible into shares) at below the then current market value, to subscribe in such proposed issue on the same terms as that offered by the Company to other subscribers in an amount no greater than the percentage of the shares, rights or securities so offered as equals the percentage of the issued Shares and Non-voting Shares represented by the Warrant Shares issuable upon exercise of Warrants held by such Warrantholders, unless such shares are being (1) sold as part of a Qualifying Issuance (as defined in the paragraph headed "Voting, anti-dilution and other rights attaching to the Convertible Preferred Shares" above), (2) issued as part of a share dividend, (3) issued as part

LETTER FROM THE BOARD

of a reclassification of the Company's securities, or (4) issuance in connection with an employees benefit plan approved by the Company's Board. Neither the existence nor the exercise of the above-mentioned participation right will in itself require the Company to issue securities in addition to those contemplated to be issued and allotted under the relevant below-market issuance.

Adjustment of Exercise Price

In addition, the Exercise Price will be adjusted to account for stock dividends, stock splits, reclassifications and below market issuances in which a Warrantholder elects not to participate.

Notes:

1. The Exercise Price will be adjusted downwards in the event that at any time after the original issuance of the Warrants, the Company (A1) pays a dividend or other distribution on the Shares, such dividend payable in whole or in part, in Shares, (A2) subdivides any of its issued Shares into a greater number of Shares, (A3) distributes certain special dividends in the form of evidence of its indebtedness or assets (except (a) Shares, rights, options or warrants issued in a below-market issuance in which a Warrantholder has a right to subscribe for Shares or a Qualifying Issuance, (b) any dividend or distribution paid exclusively in cash, (c) any dividend or distribution paid exclusively in Shares or (d) any dividend or distribution in a merger, sale, transfer, share exchange, reclassification or similar transaction in which the Shares are converted into the right to receive securities, cash or other property) to holders of Shares, (A4) issues Shares (or rights, warrants or options exercisable for or convertible into Shares) at a price that is less than 85% of the then-current market price, (A5) distributes cash dividends that exceed the greater of (i) 2.0% of the product of (A) the current market price per Share on the date fixed for the determination of shareholders entitled to receive such distribution multiplied by (B) the number of issued Shares on such date, then, and in each such case, immediately after the close of business on the date fixed for such determination, and (ii) 35% of the consolidated net earnings of the Company for the 12-month period preceding the date fixed for the determination of the shareholders entitled to receive such distribution, (A6) reclassifies its Shares into other securities. The adjustment of the Exercise Price will be carried out pursuant to formulae that are customary for convertible bonds or warrants and are designed to assure the Investors that the amount and value of the Shares received upon exercise of the Warrants will remain stable or that adjustments are made to protect their investment if the attributes of the Shares are changed (note: certain figures used in such formulae are calculated on the assumption that the discount of the below-market issuance is 15%, before an adjustment to the Exercise Price is triggered). The adjustments will be made in accordance with the commercial terms agreed among the Investors and the Company as set forth in the Investment Agreement. The auditors will be involved solely to ensure that the calculations are correct by reference to the terms of the Warrants.
2. The Warrantholders will not benefit from "double protection" by having the above-mentioned participation right because the participation right and Exercise Price adjustment are mutually exclusive. If the Warrantholders elect to exercise the participation right in the event of a below-market issuance, the Exercise Price will not be further adjusted to reflect the dilution resulting from such share issuance.

Independent shareholders' approval where Warrantholder becomes connected person

Please note that in the event that a Warrantholder becomes a connected person of the Company (as defined in the Listing Rules), as a result of, for example, further acquisition of Shares, then at the time it exercises the above-mentioned participation right, and provided that:

- (a) a Director (including any Director appointed by the Warrantholder, where applicable) having a material interest in the relevant below-market issuance of shares by the Company will abstain from voting in the determination of the pricing of the issuance and be excluded from the quorum in the relevant Board meetings where such abstention and exclusion are required by applicable laws, rules or the Articles of Association at the relevant time (note: such abstention and exclusion are required under applicable laws, rules and the Articles of Association in force as at the date of this circular; and

LETTER FROM THE BOARD

- (b) the proposed issuance as well as allotment of Shares as a result of the below-market issuance and the exercise of the said participation right will be undertaken pursuant to the general mandate approved by the Shareholders at the Company's preceding annual general meeting; and
- (c) the price of the below-market issuance does not represent a discount of more than 10% to the benchmarked price referred to in Rule 13.36(5) of the Listing Rules at the relevant time,

the proposed exercise of participation right by that Warrantholder will not be subject to further shareholders' approval. Otherwise, the Company will comply with all applicable requirements under Chapter 14A of the Listing Rules in respect of such proposed exercise of participation right by the Warrantholder in advance of the same.

Any modification of a Warrant or the provisions of the Warrant certificates may be effected only by deed poll and must be approved by a resolution passed at a meeting of Warrantholders and carried by a majority consisting of not less than 75% of the votes cast at such meeting.

RISK FACTORS IN RELATION TO CERTAIN FEATURES OF THE CONVERTIBLE PREFERRED SHARES AND THE WARRANTS

Risks associated with below-market anti-dilution mechanisms

If as a result of a below market issuance of Shares, the conversion price for the Convertible Preferred Shares is adjusted or the Exercise Price of the Warrants is reduced, the Company's shareholders will be subject to greater dilution when and if the Convertible Preferred Shares are converted into Shares or the Warrants are exercised (as the case may be). The amount of dilution cannot be quantified at this time as it is a function of numerous factors, including the market value of the Shares, the offer price in the below market issuance, when and if the Convertible Preferred Shares are converted into Shares as well as when and if the Warrants are exercised. As a result, a below market issuance that requires an adjustment of the conversion price for the Convertible Preferred Shares or the Exercise Price could have an adverse effect on the per share value of the Shares.

Risks relating to the participation right of Convertible Preferred Shareholders and Warrantholders

If a Convertible Preferred Shareholder or Warrantholder chooses to participate in a below market offering, the Convertible Preferred Shareholder or Warrantholder (as the case may be) will be able to protect its investment from being diluted by purchasing Shares at the same price offered to other potential purchasers up to the amounts specified above. The effect of this provision is the same as other contractual pre-emption rights. In the absence of such right, a Shareholder may not be able to participate in an offering of the Company's Shares and its ownership interest will be diluted as a result.

LETTER FROM THE BOARD

However, the existing shareholders of the Company will generally not suffer any additional dilutive effect as a result of the Convertible Preferred Shareholders or Warrantheolders exercising the above-mentioned participation right in a below-market issuance because the Company will not be required to issue any additional shares to satisfy the Convertible Preferred Shareholders' or Warrantheolders' participation right. By way of illustration, where the Company proposes, pursuant to the general mandate which is approved by the Shareholders at the preceding annual general meeting to undertake a placing of Shares equal to 5% of the Company's total issued capital to a third party at a price which is 10% below the then market price of the Shares and the Convertible Preferred Shareholders or Warrantheolders decide to exercise their participation right, the number of Shares which the third party is entitled to subscribe for would be reduced to account for the exercise of such Convertible Preferred Shareholders' or Warrantheolders' participation right so that the Company would issue no more than the 5% of share capital it originally intended to place to the third party. Consequently, the other Shareholders do not suffer any more dilution than they would have if the entire 5% of the share capital was sold to the third party purchaser. In addition, the provision in the Convertible Preferred Shares and the Warrants do not change in any way the restrictions of the Listing Rules or the Company's general mandate which are designed to protect the interests of the Shareholders.

Risks related to the Investors' right to exchange Warrants for Warrant Shares

If an Investor chooses to exercise its Warrants by paying for the portion of the Exercise Price in excess of the nominal value of the Shares using the in-the-money value of other Warrants, the Company will receive substantially less cash as a result of such exercise. As the cash received from the exercise of Warrants represents a potential source of funds for the Company, such feature of the Warrants may require the Company to seek alternative sources for the funds that it would otherwise have received if the entire Exercise Price must be paid in cash.

However, the Shareholders will suffer less dilution in the event of an Investor exercising its right to pay a portion of the Exercise Price by surrendering Warrants as the additional Warrants used to pay a portion of the Exercise Price in lieu of cash could have been exercised to acquire additional Shares.

ACCOUNTING TREATMENT OF THE CONVERTIBLE PREFERRED SHARES AND THE WARRANTS

Under Hong Kong Financial Reporting Standards, the Convertible Preferred Shares is a compound financial instrument, containing both a financial liability component and an equity component. On initial recognition: (a) fair value of the financial liability component is determined using valuation technique with reference to the present value of future cash flows on redemption and cumulative preferential cash dividend payments; and (b) the residual amount, determined by deducting the fair value of the financial liability component from the carrying amount of the Convertible Preferred Shares, is regarded as the equity component. In subsequent periods, the financial liability component is measured at amortized cost using the

LETTER FROM THE BOARD

effective interest method. Upon conversion: (i) the financial liability component is derecognised and an equity of the same amount is recognised; and (ii) the original equity component will remain as equity.

Under Hong Kong Financial Reporting Standards, the Warrants will be treated as a financial liability and measured at fair value through the Company's profit and loss account.

MATERIAL TERMS

All the material terms of the Convertible Preferred Shares and the Warrants as documented under the Investment Agreement and the deed poll constituting the Warrants which the Directors consider should be brought to the attention of the Shareholders have been disclosed in this Letter from the Board.

SPECIAL RESOLUTION REGARDING PROPOSED AMENDMENT TO THE ARTICLES OF ASSOCIATION

The Board proposes a special resolution for amending the Articles of Association to entrench the terms of the Convertible Preferred Shares. A full text of such a special resolution is contained in the notice of the Extraordinary General Meeting set out on pages 28 to 59 of this circular.

SHAREHOLDERS' APPROVAL

The issue of the Convertible Preferred Shares and the Shares to be issued upon conversion of the Convertible Preferred Shares, the issue of the Warrants and the Warrant Shares to be issued upon exercise of the subscription rights attaching to the Warrants as well as the granting of certain anti-dilution rights to the Convertible Preferred Shareholders and the Warrantholders are subject to the approval by the Shareholders at the Extraordinary General Meeting.

Neither the Major Shareholder nor its associates has any interest in the issuance of the Convertible Preferred Shares and the Warrants which is different from that of the other Shareholders. Hence, the Major Shareholder will not be required to abstain from voting at the Extraordinary General Meeting. The Company is not aware of any Shareholder who will need to abstain from voting at the Extraordinary General Meeting.

EXTRAORDINARY GENERAL MEETING AND VOTING UNDERTAKING

A notice convening the Extraordinary General Meeting to be held at 9:30 a.m. on Friday, 13 May 2005 at Harcourt Room, Lower Lobby, Conrad Hong Kong, Pacific Place, 88 Queensway, Hong Kong or any adjournment thereof is set out on pages 28 to 59 of this circular.

A form of proxy for use by the Shareholders at the Extraordinary General Meeting is enclosed. Whether or not you are able to attend the meeting in person, you are requested to complete and return the form of proxy in accordance with the instructions printed thereon to

LETTER FROM THE BOARD

the share registrar of the Company, Abacus Share Registrars Limited at Ground Floor, Bank of East Asia Harbour View Centre, 56 Gloucester Road, Wanchai, Hong Kong as soon as possible and in any event not later than 48 hours before the time appointed for holding such meeting or any adjourned meeting (as the case may be). Completion and return of the form of proxy will not preclude you from attending and voting in person at the Extraordinary General Meeting or any adjourned meeting thereof (as the case may be) and in such event, the relevant forms of proxy shall be deemed to be revoked.

The votes to be taken at the Extraordinary General Meeting will be taken by poll.

Pursuant to Article 73 of the Articles of Association, a poll may be demanded by the Chairman or:

- (a) by at least three Shareholders present in person or by proxy for the time being entitled to vote at the meeting; or
- (b) by any Shareholder present in person or by proxy and representing no less than one-tenth of the total voting rights of all the Shareholders having the right to vote at the meeting; or

Subject to any applicable laws or regulations, the Listing Rules and decisions of any applicable authority, the Major Shareholder has, under the Voting Undertaking, undertaken and agreed with the Investors to vote (or procure to be voted) in favour of any resolutions to approve the Investment Agreement, the deed poll relating to the Warrants and other agreements relating to the transactions mentioned herein, and any action and transaction contemplated under such agreements at any shareholder meeting and Board meeting.

RECOMMENDATION

The Directors consider that the issue of the Convertible Preferred Shares and the Warrants (notwithstanding the anti-dilution rights that may put the Convertible Preferred Shareholders and the Warranholders in a better position as compared with the other Shareholders) as well as the proposed amendment to the Articles of Association are in the best interests of the Company and the Shareholders as a whole and, accordingly, the Directors recommend all the Shareholders to vote in favour of the resolutions to be proposed to the Extraordinary General Meeting.

By order of the Board
Liu Chuanzhi
Chairman

(b) Neither a consolidation, amalgamation, or merger of the Company with or into any other Person or Persons, nor a sale, conveyance, lease, exchange or transfer of all or a substantial part of the Company's assets for cash, securities or other property to a Person or Persons shall be deemed to be a Liquidation for purposes of this Article A(3), but the Holders shall nevertheless be entitled from and after any such consolidation, amalgamation, merger or sale, conveyance, lease, exchange or transfer of all or a substantial part of the Company's assets to the rights provided by this Article A(3) following any such transaction (and such rights shall be in addition to the rights provided by Article A(6)).

The redemption price for such Series A Preferred Shares shall be paid in cash out of funds legally available therefor and shall be in an amount per share equal to the sum of (i) the unpaid dividends and Arrearages, if any, accumulated or deemed to have accumulated thereon (including on any Arrearage) to the date of actual payment of the Redemption Price, whether or not such dividends are or have been declared, and (ii) the Stated Value (such sum being referred to as the “**Redemption Price**”). In case of any redemption under this Article A(4) of less than all of the Series A Preferred Shares, the shares to be redeemed shall be redeemed on a pro rata basis among all Holders.
- (b) Written notice of the redemption of the issued and outstanding Series A Preferred Shares pursuant to this Article A(4) (the “**Redemption Notice**”) shall be sent to all Holders to be redeemed by first class mail, postage prepaid, at each such Holder’s address as it appears on the register of members of the Company, not more than 60 nor fewer than 30 days prior to the date fixed for redemption pursuant to this Article A(4) (the “**Redemption Date**”); *provided, however*, that any failure to give such Redemption Notice or any defect therein or in the mailing thereof shall not affect the validity of the proceedings for the redemption of any Series A Preferred Shares, except as to any Holder to whom the Company has failed to give such Redemption Notice or except as to any Holder to whom such Redemption Notice was defective. In order to facilitate the redemption of Series A Preferred Shares pursuant to this Article A(4), the Board of Directors may fix a record date for the determination of the Holders whose Series A Preferred Shares will be redeemed, which record date shall not be more than five Business Days prior to the date such Redemption Notice is mailed. In addition to any information required by law, such Redemption Notice shall state: (i) the Redemption Date; (ii) the record date, if any; (iii) the Redemption Price; (iv) the number of Series A Preferred Shares to be redeemed and, if fewer than all Series A Preferred Shares held by such Holder are to be redeemed, the number of such Holder’s Series A Preferred Shares to be redeemed; (v) the place or places where certificates for such Series A Preferred Shares are to be surrendered for payment of the Redemption Price; (vi) that payment of the Redemption Price of Series A Preferred Shares will be made only upon surrender of the certificates representing such shares as specified in such Redemption Notice; and (vii) that, unless the Company defaults in paying the Redemption Price of the Series A Preferred Shares called for redemption, dividends on such Series A Preferred Shares shall cease to accumulate on and after the Redemption Date. Upon the mailing of any such Redemption Notice, the Company shall become obligated to redeem at the time of redemption specified therein Series A Preferred Shares called for redemption. Notwithstanding any other provision of this Article A(4), each Holder of a Series A Preferred Share shall have the right to convert such Series A Preferred Share into Ordinary Shares pursuant to Article A(8) at any time prior to the Redemption Date.

After any such repayment, such transfer or redemption agent shall be relieved of all responsibility to the Holders entitled to the funds so repaid, and such Holders shall look only to the Company for payment without interest or other earnings as general creditors of the Company.
- (d) If (i) a Redemption Notice has been mailed in accordance with Article A(4)(b) above and (ii) on or before the applicable Redemption Date, all funds necessary for such redemption have been deposited as provided in Article A(4)(c), then, from and after such Redemption Date, dividends on the Series A Preferred Shares so called for redemption shall cease to accumulate, and said shares shall no longer be deemed to be in issue and shall not have the status of Series A Preferred Shares, whether or not certificates representing such Series A Preferred Shares have been delivered to the share registrar of the Company, and all rights of the Holders thereof as Holders (except the right to receive from the Company the Redemption Price for each of such Holder's Series A Preferred Shares) shall cease. Upon surrender, in accordance with the relevant Redemption Notice, of the certificates for any shares so redeemed, such shares shall be redeemed by the Company at the Redemption Price and thereafter cancelled in accordance with the Companies Ordinance. Notwithstanding the foregoing provisions of this Article A(4)(d), if the Company shall default in the payment of the Redemption Price in respect of any Series A Preferred Share on the applicable Redemption Date, dividends on such share shall continue to accumulate, and the Holder of such share shall continue to have all rights as a Holder of such Series A Preferred Share unless and until such share is redeemed and such price is paid in accordance with the terms hereof.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

provisions of this Article A(6)(e), if the Company shall default in the payment of the COC Redemption Price in respect of any Series A Preferred Share on the COC Redemption Date under this Article A(6), dividends on such share shall continue to accumulate without giving effect to the provisions of the first sentence of this Article A(6)(e), and the Holder of such Series A Preferred Share shall continue to have all rights as a Holder of such Series A Preferred Share unless and until such share is redeemed and such price is paid in accordance with the terms hereof.

- (f) Notwithstanding any other provision of this Article A(6), the right of any and all Holders to cause the Company to redeem Series A Preferred Shares shall be subject to the condition that (i) all principal of, interest on, and premium, if any, and all other obligations of the Company under agreements for indebtedness of the Company entered into in connection with the Company's acquisition of the personal computer business of International Business Machines Corporation and outstanding on the date hereof shall have been repaid or prepaid in full in cash at the time of such redemption or (ii) at the time of each such redemption, no default or event of default exists or would result from such redemption under the agreements for indebtedness of the Company entered into in connection with the Company's acquisition of the personal computer business of International Business Machines Corporation and outstanding on the date hereof.

(7) Application of Funds

In the event that, in connection with the redemption of any Series A Preferred Shares pursuant to Article A(4), Article A(5) or Article A(6), the Company shall make total payment in an aggregate amount less than the aggregate Redemption Price or the aggregate COC Redemption Price, as applicable, for all Series A Preferred Shares to be redeemed (including in the event the funds of the Company legally available for redemption of Series A Preferred Shares on any date fixed for redemption are insufficient to redeem the total number of Series A Preferred Shares to be redeemed on such date), those funds available for such payment shall be allocated pro rata among the Holders who are entitled to receive payment in connection with such redemption, based on each Holder's proportion of the total number of Series A Preferred Shares to be redeemed. Notwithstanding the foregoing provisions of this Article A(7), any Series A Preferred Share as to which the Redemption Price or COC Redemption Price, as applicable, is not paid in full on the redemption date under Article A(4), Article A(5) or Article A(6), as applicable, dividends on such share shall continue to accumulate, and the Holder of such Series A Preferred Share shall continue to have all rights as a Holder of such share unless and until such share is redeemed and such price is paid in accordance with the terms hereof. In the event that funds legally available for redemption of Series A Preferred Shares are insufficient to redeem the total number of Series A Preferred Shares on any date fixed for redemption, at any time thereafter when additional funds are legally available for the redemption of any Series A Preferred Shares, such funds will immediately be used to redeem all or any part of the balance of the Series A Preferred Shares that the Company has become obliged to redeem on any date fixed for redemption but that it has not redeemed.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

(8) Conversion

- (a) At the option and election of the holder thereof, each Series A Preferred Share may be converted in the manner provided herein at any time into fully paid Ordinary Shares. As of the Conversion Date with respect to a Series A Preferred Share, subject to subsection (e) this Article A(8), such Series A Preferred Share shall be converted into that number of Ordinary Shares (as such shares shall then be constituted) equal to the quotient of (i) the Stated Value, divided by (ii) the Conversion Price in effect on the Conversion Date.
- (b) Conversion of Series A Preferred Shares may be effected by any Holder thereof upon the surrender to the Company at the office of the transfer agent for the Series A Preferred Shares, of the certificate for such Series A Preferred Shares to be converted, accompanied by a written notice (a “**Conversion Notice**”) in the form set forth in Article A(8)(c), stating that such Holder elects to convert all or a specified whole number of Series A Preferred Shares represented by such certificate in accordance with the provisions of this Article A(8) and specifying the name or names in which such Holder wishes the certificate or certificates for Ordinary Shares to be issued, and shall be accompanied by transfer taxes, if required pursuant to Article A(8)(g).
- (c) Conversion pursuant to subsection (b) of this Article A(8) shall be deemed to have occurred at the close of business on the first date (the “**Conversion Date**”) on which the relevant Conversion Notice has been given by the Holder of the Series A Preferred Shares to be converted and the certificate or certificates representing the Series A Preferred Shares to be converted have been surrendered as provided in subsection (b) of this Article A(8). As of such time:
- (i) the rights of the Holder thereof as to the shares being converted shall cease except for the right to receive Ordinary Shares and cash in lieu of fractional Ordinary Shares in accordance herewith;
- (ii) the person in whose name any certificate or certificates for the Ordinary Shares shall be issuable upon such conversion shall be deemed to have become on the Conversion Date the holder of record of the shares represented thereby; *provided, however*, that if any such surrender occurs on any date when the share transfer books of the Company shall be closed, the conversion shall be effected on the next succeeding day on which such share transfer books are open, and the person in whose name the certificates are to be issued shall be the record holder thereof for all purposes, but such conversion shall be at the Conversion Price in effect on the date upon which certificate or certificates representing such Series A Preferred Shares were surrendered.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (d) The Company shall promptly (and in any event within seven Business Days) after the Conversion Date, issue and allot the relevant Ordinary Shares and issue and cause to be delivered as directed by the Holder of the Series A Preferred Shares being converted: (i) certificates representing the number of validly issued and fully paid and nonassessable full Ordinary Shares to which such Holder shall be entitled, (ii) any cash that is required to be paid pursuant to Article A(8)(e), and (iii) if less than the full number of Series A Preferred Shares evidenced by the surrendered certificate or certificates is being converted, a new certificate or certificates, of like tenor, for the number of Series A Preferred Shares evidenced by such surrendered certificate or certificates less the number of Series A Preferred Shares being converted.
- (e) In connection with the conversion of any Series A Preferred Share, no fractions of Ordinary Shares shall be issued, but in lieu thereof the Company shall pay a cash adjustment in respect of such fractional interest in an amount equal to such fractional interest multiplied by the Closing Price per Ordinary Share on the Conversion Date (or on the Trading Day immediately preceding the Conversion Date, if the Conversion Date is not a Trading Day). If more than one Series A Preferred Share shall be surrendered for conversion by the same Holder on the same Conversion Date, the number of full Ordinary Shares issuable on conversion thereof shall be computed on the basis of the total number of Series A Preferred Shares so surrendered. On or before the earlier of (i) the Dividend Payment Date next occurring after the Conversion Date with respect to a Series A Preferred Share and (ii) the tenth day after such Conversion Date, the Company shall pay to the Holder of such Series A Preferred Share on the record date for such Dividend Payment Date or such Conversion Date, as the case may be, all dividends and Arrearages accumulated or deemed to have accumulated thereon (including on any Arrearage) and unpaid in respect of such Series A Preferred Share through the Conversion Date.
- (f) To the extent that any Series A Preferred Share is to be redeemed pursuant to Article A(4), Article A(5) or Article A(6) hereof, from and after the applicable redemption date, the right of a Holder to convert such Series A Preferred Share pursuant to this Article A(8) shall cease and terminate, except if the Company shall default in payment of the Redemption Price or the COC Redemption Price, as the case may be, on the applicable redemption date, in which case all such rights shall continue unless and until such Series A Preferred Share is redeemed and such price is paid in full in accordance with the terms hereof. Notwithstanding anything in the foregoing to the contrary, if the Conversion Date shall occur with respect to any Series A Preferred Share on or prior to any redemption date pursuant to Article A(4), Article A(5) or Article A(6) hereof, such Series A Preferred Share shall be converted by the Company into Ordinary Shares in the manner provided in this Article A(8).

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (g) The issue of certificates representing the Ordinary Shares on conversions of the Series A Preferred Shares shall be made without charge to the holders of such shares for any issuance tax in respect thereof imposed by the government of Hong Kong or any political subdivision thereof or other cost incurred by the Company in connection with such conversion and/or the issuance of such Ordinary Shares. The Company shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issue and delivery of shares in any name other than the name in which the Series A Preferred Shares with respect to which such Ordinary Shares are issued are registered, and the Company shall not be required to issue or deliver any such certificate unless and until the person or persons requesting the issue thereof shall have paid to the Company the amount of such tax or shall have established to the reasonable satisfaction of the Company that such tax has been paid.
- (9) Adjustment of Conversion Price. The Conversion Price shall be subject to adjustment as follows:
- (a) Share Dividends. In case at any time after the original issuance of the Series A Preferred Shares, the Company shall pay or make a dividend or other distribution on all or any portion of its Common Shares or shall make a dividend or other distribution on any other class of shares of its capital stock, which dividend or distribution is paid or payable, in whole or in part, in Common Shares, the Conversion Price in effect at the opening of business on the Business Day following the date fixed for the determination of shareholders entitled to receive such dividend or other distribution shall be reduced by multiplying such Conversion Price by a fraction of which (x) the *numerator* shall be the number of Common Shares outstanding at the close of business on the date fixed for such determination and (y) the *denominator* shall be the *sum of* (1) such number of Common Shares outstanding and (2) the total number of Common Shares constituting such dividend or other distribution, such reduction to become effective immediately after the opening of business on the Business Day following the date fixed for such determination. If any dividend or other distribution of the type described in this Article A(9)(a) is declared but not so paid or made, the Conversion Price shall again be adjusted to be the Conversion Price that would then be in effect if such dividend or distribution had not been declared.
- (b) Stock Splits and Reverse Splits. In case at any time after the date of the original issuance of the Series A Preferred Shares, all or any portion of the Common Shares outstanding shall be subdivided into a greater number of Common Shares, the Conversion Price in effect at the opening of business on the Business Day following the day upon which such subdivision becomes effective shall be proportionately reduced, and, conversely, in case at any time after the date of the original issuance of the Series A Preferred Shares, all or any portion of the Common Shares outstanding shall be combined into a smaller number of Common Shares, the Conversion Price in effect at the opening of business on the Business Day following

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

the day upon which such combination becomes effective shall be proportionately increased, such reduction or increase, as the case may be, to become effective immediately after the opening of business on the Business Day following the day upon which such subdivision or combination becomes effective.

- (c) Special Dividends. In case at any time after the date of the original issuance of the Series A Preferred Shares, the Company shall, by dividend or otherwise, distribute to all holders of Common Shares evidences of its indebtedness or assets (including securities, rights, warrants or options, but excluding (i) any Common Shares, rights, warrants or options issued in a Below Market Issuance effected in compliance with Article A(10) or a Qualifying Issuance, (ii) any dividend or distribution paid exclusively in cash, (iii) any dividend or distribution referred to in Article A(9)(a) and (iv) any dividend or distribution comprising a transaction to which Article A(9)(m) applies), the Conversion Price in effect immediately prior to the close of business on the date fixed for the determination of shareholders entitled to receive such distribution shall be reduced by multiplying such Conversion Price by a fraction of which (x) the *numerator* shall be (1) the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the date fixed for such determination, *less* (2) the then-fair market value (determined in reasonable good faith by the Board of Directors) of the assets or evidence of indebtedness so distributed, divided by the number of Common Shares outstanding on the date fixed for such determination, and (y) the *denominator* shall be such current market price per Ordinary Share, such adjustment to become effective immediately prior to the opening of business on the Business Day following the date fixed for the determination of shareholders entitled to receive such distribution. If any dividend or distribution of the type described in this Article A(9)(c) is declared but not so paid or made, the Conversion Price shall again be adjusted to the Conversion Price that would then be in effect if such dividend or distribution had not been declared. The Company shall provide any Holder, upon receipt of a written request therefor, with any indenture or other instrument defining the rights of the holders of any indebtedness or assets referred to in this Article A(9)(c).
- (d) Cash Dividends. In case at any time after the date of the original issuance of the Series A Preferred Shares, the Company shall, by dividend or otherwise, make a distribution to all holders of Common Shares consisting exclusively of cash (excluding any cash that is distributed pursuant to a transaction to which Article A(9)(m) applies or as part of a distribution referred to in Article A(9)(c)) in an aggregate amount that, combined together with the aggregate amount of any other dividends and other distributions to all holders of Common Shares made exclusively in cash within the 12 months preceding the date of payment of such distribution (excluding any distribution paid prior to the date of original issuance of the Series A Preferred Shares) and in respect of which no adjustment pursuant to this Article A(9)(d) has been made exceeds the greater of (i) 2.0% of the *product of* (A) the current market price per Ordinary Share on the date fixed for the determination of shareholders entitled to receive such distribution *multiplied by* (B) the number of

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

Common Shares outstanding on such date, then, and in each such case, immediately after the close of business on the date fixed for such determination, and (ii) 35% of the consolidated net earnings of the Company for the 12-month period preceding the date fixed for the determination of the shareholders entitled to receive such distribution (such amount the “*Excess*”), the Conversion Price in effect immediately prior to the close of business on the date fixed for determination of the shareholders entitled to receive such distribution shall be reduced by multiplying such Conversion Price by a fraction (x) the *numerator* of which shall be equal to (1) the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the date fixed for such determination *less* (2) an amount equal to the *quotient of* (a) the *Excess divided by* (b) the number of Common Shares outstanding on the date fixed for such determination and (y) the *denominator* of which shall be the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the date fixed for such determination. If any dividend or other distribution of the type described in this Article A(9)(d) is declared but not so paid or made, the Conversion Price shall again be adjusted to the Conversion Price that would then be in effect if such dividend or distribution had not been declared.

- (e) Below Market Issuance. If the Company shall effect a Below Market Issuance (whether or not in compliance with Article A(10)) at a subscription, exercise or conversion price per Common Share, as the case may be, that is less than 85% of the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the Determination Date, then solely with respect to the Series A Preferred Shares held by Holders who did not participate in such Below Market Issuance pursuant to Article A(10), the Conversion Price in effect at the close of business on the Determination Date shall be reduced by multiplying such Conversion Price by a fraction of which (x) the *numerator* shall be the *sum of* (1) the number of Common Shares outstanding at the close of business on the Determination Date and (2) the number of Ordinary Shares that the Aggregate Consideration for such Below Market Issuance would subscribe at 85% of such current market price and (y) the *denominator* shall be the *sum of* (1) the number of Common Shares outstanding at the close of business on the Determination Date and (2) the number of Common Shares issued in (or issuable upon the exercise or conversion of the rights, warrants or options issued in) such Below Market Issuance, such reduction to become effective immediately prior to the opening of business on the Business Day following the Determination Date. This Article A(9)(e) shall not apply to (i) any dividend or distribution referred to in Article A(9)(a) or (ii) any dividend or distribution upon a transaction to which Article A(8)(m) applies.
- (f) Reclassification. The reclassification of Common Shares into securities other than Common Shares (other than any reclassification upon a transaction to which Article A(9)(m) applies) shall be deemed to involve (i) a distribution of such securities other than Common Shares to all holders of Common Shares (and the effective date of such reclassification shall be deemed to be “the date fixed for the determination of shareholders entitled to receive such distribution” within the meaning of Article

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- A(9)(c)) and (ii) a subdivision or combination, as the case may be, of the number of Common Shares outstanding immediately prior to such reclassification into the number of Common Shares outstanding immediately thereafter (and the effective date of such reclassification shall be deemed to be “the day upon which such subdivision or combination becomes effective” within the meaning of Article A(9)(b)).
- (g) Market Price Determination. For the purpose of any computation under Article A(10) or paragraphs (c), (d), (e) or (f) of this Article A(9), the current market price per Ordinary Share on any date shall be deemed to be the average of the daily Closing Prices per Ordinary Share for the ten consecutive Trading Days immediately preceding the earlier of such date and the day before the “ex date” with respect to the issuance or distribution requiring such computation. For purposes of this Article A(9)(g), the term “ex date,” when used with respect to any issuance or distribution, means the first date on which the Ordinary Shares trades regular way on the applicable securities exchange or in the applicable securities market without the right to receive such issuance or distribution.
- (h) The Company may (but shall not be required to) make such reductions in the Conversion Price, in addition to those required by paragraphs (a) through (f) of this Article A(9), as it considers to be advisable to avoid or diminish any income tax to holders of Common Shares or rights to subscribe for Common Shares resulting from any dividend or distribution of shares of capital stock (or rights to acquire shares of capital stock) or from any event treated as such for income tax purposes. The Company from time to time may reduce the Conversion Price by any amount for any period of time if the period is at least twenty days, the reduction is irrevocable during the period and the Board of Directors (or, to the extent permitted by applicable law, a duly authorised committee thereof) shall have made a determination that such reduction would be in the best interests of the Company, which determination shall be conclusive. Whenever the Conversion Price is reduced pursuant to the preceding sentence, the Company shall give to each Holder a written notice of the reduction at least fifteen days prior to the date the reduced Conversion Price takes effect, and such notice shall state the reduced Conversion Price and the period it will be in effect.
- (i) Notwithstanding any other provision of this Article A(9), no adjustment to the Conversion Price shall reduce the Conversion Price below the then nominal value per Ordinary Share, and any such purported adjustment shall instead reduce the Conversion Price to such nominal value. The Company hereby covenants not to take any action (i) to increase the nominal value of the Ordinary Shares or (ii) that would or does result in any adjustment in the Conversion Price that would cause the Conversion Price to be less than the then nominal value of the Ordinary Shares.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (j) Notwithstanding any other provision of this Article A(9), no adjustment in the Conversion Price (and no related adjustment in the number of Ordinary Shares into which a Series A Preferred Share is convertible) need be made until all cumulative adjustments to the Conversion Price amount to 1% or more of the Conversion Price as last adjusted. Any adjustments that are not made shall be carried forward and taken into account in any subsequent adjustment.

- (k) Whenever the Conversion Price is adjusted as herein provided:
 - (i) the Company shall compute the adjusted Conversion Price, as well as the related change in the number of Ordinary Shares into which Series A Preferred Shares are convertible, and shall prepare a certificate signed by the Company Secretary or any director of the Company setting forth the adjusted Conversion Price and the number of Ordinary Shares into which Series A Preferred Shares are convertible and showing in reasonable detail the facts upon which such adjustments were based; and

 - (ii) a notice stating that the Conversion Price and the number of Ordinary Shares into which Series A Preferred Shares are convertible has been adjusted and setting forth the adjusted Conversion Price and the adjusted number of Ordinary Shares into which Series A Preferred Shares are convertible, shall as soon as reasonably practicable be given by the Company to each Holder.

- (l) In any case in which this Article A(9) provides that an adjustment shall become effective immediately after a record date for an event, the Company may defer until the occurrence of such event (i) issuing to the Holder of Series A Preferred Shares converted after such record date and before the occurrence of such event the additional Ordinary Shares issuable upon such conversion by reason of the adjustment required by such event over and above the Ordinary Shares issuable upon such exercise before giving effect to such adjustment and (ii) paying to such Holder any amount in cash in lieu of any fractional Ordinary Share pursuant to Article A(8)(e).

- (m) In the event that the Company shall be a party to any transaction, including without limitation any (i) recapitalisation or reclassification of Common Shares (other than a decrease in nominal value, or a change from nominal value to no nominal value, or as a result of a subdivision or combination of Common Shares), (ii) any consolidation or amalgamation or reconstruction of the Company with, or merger of the Company into, any other Person, any merger of another Person into the Company (other than a merger that does not result in a reclassification, conversion, exchange or cancellation of outstanding Common Shares), (iii) any sale or transfer of all or substantially all of the assets of the Company, or (iv) any compulsory share exchange, pursuant to which Common Shares are converted into the right to receive other securities, cash or other property, then lawful provision shall be made as part of the terms of such transaction whereby each Holder shall have the right thereafter,

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

to convert such Series A Preferred Shares into the kind and amount of securities, cash and other property receivable upon such recapitalisation, reclassification, consolidation, amalgamation, reconstruction, merger, sale, transfer or share exchange by a holder of the number of Ordinary Shares into which such Series A Preferred Shares might have been converted immediately prior to such recapitalisation, reclassification, consolidation, amalgamation, reconstruction, merger, sale, transfer or share exchange. The Company or the Person formed by such consolidation or amalgamation or reconstruction or resulting from such merger or which acquires such assets or which acquires the Company's shares, as the case may be, shall make such necessary provisions (including in its certificate or articles of incorporation or other constituent documents if necessary) to establish such right and shall also make lawful provision so that all other terms hereof shall remain in full force and effect following such recapitalisation, reclassification, consolidation, amalgamation, reconstruction, merger, sale, transfer or share exchange. Such provisions shall provide for adjustments which, for events subsequent to the effective date of such provisions, shall be as nearly equivalent as may be practicable to the adjustments provided for in Article A(10) and this Article A(9), and all other terms of such new securities shall be substantially equivalent to the terms provided herein. The above provisions shall similarly apply to successive recapitalisations, reclassifications, consolidations, amalgamations, mergers, reconstructions, sales, transfers or share exchanges.

- (n) No Adjustment. Notwithstanding anything to the contrary set forth herein, no adjustment to the Conversion Price or the number of Ordinary Shares issuable upon conversion of Series A Preferred Shares shall be made pursuant to this Article A(9) as a result of, or in connection with, (i) the issuance of Common Shares or other equity interests of the Company (or options or rights to subscribe for such Common Shares or other equity interests) issued to directors, officers or employees of the Company or its Subsidiaries pursuant to a stock option or other similar plan adopted by the Board of Directors or an employment agreement approved by the Board of Directors, or the modification, renewal or extension of any such plan or agreement approved by the Board of Directors, or (ii) the issuance of Ordinary Shares upon the conversion of Series A Preferred Shares or the exercise of warrants issued by the Company on the Issue Date (or any warrants issued by the Company in replacement for such warrants).
- (o) In case:
- (i) the Company shall authorise or take an action that would, upon consummation, require an adjustment to the Conversion Price pursuant to subparagraphs (a), (b), (c), (d), (e) or (f) of Article A(9); or
 - (ii) of any transaction to which Article A(9)(m) applies; or
 - (iii) of the Liquidation of the Company;

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

then the Company shall cause to be given to the Holder, by first-class mail, postage prepaid, at such Holder's last address as it appears on the register of members of the Company, at least twenty days prior to the proposed record or effective date as the case may be, notice stating (x) the date on which a record (if any) is to be taken for the purpose of such action, dividend or distribution, or, if a record is not to be taken, the date as of which the holders of Common Shares to be entitled to such dividend or distribution are to be determined or (y) the date on which such action, such transaction to which Article A(9)(m) applies or such dissolution, liquidation or winding up is expected to become effective, and the date as of which it is expected that holders of Common Shares shall be entitled to exchange their Common Shares for securities or other property deliverable upon such action, such transaction to which Article A(9)(m) applies or such dissolution, liquidation or winding up (but no failure to mail such notice or any defect therein or in the mailing thereof shall affect the validity of the corporate action required to be specified in such notice). Any such notice of a Liquidation shall also set forth, in addition to any information required by applicable law, the payment date or dates when, and the place or places where, the amounts distributable to each Holder in such circumstances shall be payable.

(10) Below Market Issuances

- (a) So long as any Series A Preferred Shares remain outstanding, the Company shall not (x) issue rights, warrants or options (including rights, warrants or options embedded in convertible or derivative securities) exercisable for or convertible into Common Shares at an exercise or conversion price per Common Share (or equivalent thereof), or (y) issue Common Shares at a subscription price per Common Share (or equivalent thereof) (net of underwriting discounts and commissions), in each case less than the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the date of such issuance (or, in the case of any issuance effected by dividend or distribution to shareholders, the date fixed for determination of shareholders entitled to receive such dividend or distribution) (such date, the “**Determination Date**” and such issuance a “**Below Market Issuance**”), unless the Company shall have delivered to each Holder, not less than 15 days before the Determination Date, a written notice of such Below Market Issuance, which shall set forth in reasonable detail the terms and conditions of such Below Market Issuance and each Holder's right (the “**Participation Right**”) to acquire, at the same price and otherwise on the same terms and conditions as are offered to third parties, a percentage of such Common Shares (or rights, warrants, options or other securities convertible into or exercisable for a percentage of such Common Shares) equal to the percentage of the Company's outstanding Common Shares represented by the Ordinary Shares issuable upon the conversion of Series A Preferred Shares held on the Determination Date by such Holder (such percentage to be determined as of the Determination Date after giving effect to the deemed issuance of such Ordinary Shares but before giving effect to the Below Market Issuance) (its “**Pro Rata Portion**”).

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (b) Each Holder shall be entitled to exercise its Participation Right by delivering a written notice (a “**Participation Notice**”) to the Company prior to the Determination Date, which Participation Notice shall set forth the number of such Common Shares, rights, warrants, options or other securities it elects to acquire, which shall not exceed such Holder’s Pro Rata Portion.
 - (c) Any consideration received in return for the rights, warrants or options issued in a Below Market Issuance shall be taken into account in determining (i) whether any rights, warrants or options have a subscription, conversion or exercise price per share, as the case may be, that is less than the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the Determination Date, and (ii) the aggregate consideration which the Company receives for the Common Shares (or will receive upon the exercise or conversion of the rights, warrants or options) issued in the Below Market Issuance (the “**Aggregate Consideration**”). The value of the Aggregate Consideration, to the extent other than cash, shall be determined in the reasonable good faith judgment of the Board of Directors.
 - (d) The Participation Right shall not apply to: (i) any dividend or distribution referred to in Article A(9)(a); (ii) any dividend or distribution upon a transaction to which Article A(9)(m) applies; (iii) any issuance of Common Shares in a bona fide underwritten offering in which the price per Common Share received by the Company, net of all underwriting discounts and commissions paid to the underwriters in such offer, is at least 97% of the current market price per Ordinary Share (determined as provided in Article A(9)(g)) on the Determination Date (a “**Qualifying Issuance**”); (iv) the issuance of Common Shares or other equity interests of the Company (or options or rights to subscribe for such Common Shares or other equity interests) issued to directors, officers or employees of the Company or its Subsidiaries pursuant to a stock option or other similar plan adopted by the Board of Directors or an employment agreement approved by the Board of Directors, or the modification, renewal or extension of any such plan or agreement approved by the Board of Directors; or (v) the issuance of Ordinary Shares upon the conversion of Series A Preferred Shares or the exercise of warrants issued by the Company on the Issue Date (or any warrants issued by the Company in replacement for such warrants).
- (11) Certain Undertakings of the Company. The Company undertakes to and with each Holder that so long as any Series A Preferred Shares remain outstanding, it will comply with the following provisions of this Article A(11).
- (a) If an offer is made to the holders of Ordinary Shares (or such holders other than the offeror and/or any Person controlled by the offeror and/or Persons acting in concert with the offeror) to repurchase, redeem or otherwise acquire (including in an exchange for other securities) Ordinary Shares (or a scheme of arrangement or a similar proposal is made having the same effect), the Company shall forthwith give notice of such offer or scheme or proposal to each Holder.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

- (b) All Ordinary Shares issued and allotted upon conversion of Series A Preferred Shares: (i) will upon delivery be duly and validly issued, fully paid and non-assessable, free of all liens and charges and not subject to any preemptive rights; and (ii) shall rank *pari passu* in all respects with the fully paid Ordinary Shares in issue on the Conversion Date of the Series A Preferred Shares so converted and shall accordingly entitle the holders thereof to participate in full in all dividends or other distributions paid or made on the Ordinary Shares on or after such Conversion Date, other than any dividend or other distribution previously declared, or recommended or resolved to be paid or made for which the record date is on or before the Conversion Date.
- (c) If on the Conversion Date with respect to any Series A Preferred Share, any Ordinary Shares are admitted to listing on the HKSE, the Company shall ensure that all Ordinary Shares allotted upon conversion of such Series A Preferred Share shall be admitted to listing on the HKSE.
- (d) The Company shall not repurchase, redeem or otherwise acquire (including in an exchange for other securities) any Ordinary Shares of the Company other than in: (i) any offer to repurchase, redeem or otherwise acquire (including an offer to exchange for other securities) Ordinary Shares that is extended to holders of Ordinary Shares generally, including the Investors and their Affiliates that hold Series A Preferred Shares or Ordinary Shares, written notice of which shall have been provided to each Holder no fewer than 10 Business Days before the last date on which tenders can be made in response to such offer; (ii) bona fide on-market transactions effected through the facilities of the HKSE (or any other recognized stock exchange or national quotation system on which the equity securities of the Company are quoted or listed or admitted for trading) in accordance with all applicable rules and regulations and in which the Company's offer to purchase can be accepted by market participants generally; or (iii) any offer to repurchase, redeem or otherwise acquire up to 435,717,757 Ordinary Shares and/or Non-Voting Shares, in the aggregate, of the Company from International Business Machines Corporation.
- (e) From and after the date of original issuance of the Series A Preferred Shares, so long as any Series A Preferred Shares remain outstanding, the Company shall at all times reserve and keep available for issuance and delivery upon conversion of Series A Preferred Shares, free from preemptive rights, the number of authorised but unissued Ordinary Shares as may at any time be required for issuance or delivery upon conversion of all the Series A Preferred Shares then outstanding.

NOTICE OF THE EXTRAORDINARY GENERAL MEETING

(12) Restrictive Covenants

- (a) So long as any Series A Preferred Shares shall be in issue, and unless the consent or approval of a greater number of Series A Preferred Shares shall then be required by law, without first obtaining a Qualifying Resolution given in person or by proxy or by authorised representative at a separate general meeting at which the holders of such shares shall be entitled to vote separately as a class, or by written consent, the Company shall not:
- (i) authorise, create, allot, issue or permit to exist any Senior Securities or Parity Securities (whether by merger, consolidation, amalgamation or otherwise);
 - (ii) reclassify, redesignate, convert or exchange any shares of any capital or capital stock of the Company into Senior Securities or Parity Securities (whether by merger, consolidation, amalgamation or otherwise);
 - (iii) authorise, create, allot, issue or permit to exist any security exchangeable for, convertible into, or evidencing the right to subscribe for any Senior Securities or Parity Securities (whether by merger, consolidation, amalgamation or otherwise);
 - (iv) authorise, create, allot, issue or permit to exist any class or series of equity securities, or any shares of any class or series of equity securities, or any security convertible into or exercisable for any class or series of equity securities, redeemable mandatorily or redeemable at the option of the holder thereof at any time on or prior to the seventh anniversary of the Issue Date (whether or not only upon the occurrence of a specified event) (whether by merger, consolidation, amalgamation or otherwise);
 - (v) amend, alter or repeal any provision of the Articles of Association, or authorise or take any other action which would require the approval of the Company's shareholders, to alter or change the powers, preferences, designations, rights, qualifications, limitations or restrictions of the Series A Preferred Shares or any Senior Securities or Parity Securities so as to affect the Series A Preferred Shares in any material adverse respect (whether by merger, consolidation, amalgamation or otherwise);
