## Results

The Group's revenue for the six months ended 30 June 2011 was approximately HK\$1,562,341,000, which represented a 41.8% increase over the revenue earned in the same period last year. The main drivers behind this result were the growth in revenue from new media, outdoor media and broadcasting advertising. Total operating costs increased by 52.9% to approximately HK\$1,279,165,000. The upward movement in operating costs was mainly due to the expansion of the new media and outdoor media businesses.

The Group's operating profit for the six months ended 30 June 2011 was approximately HK\$283,176,000, which represented an increase of 6.6% over the same period last year. The Non-GAAP profit attributable to owners of the Company, which included the gain on deemed disposal of partial interest in the new media and the outdoor media, increased to approximately HK\$1,100,032,000 from HK\$190,712,000 in the same period last year.

The spin-off of Phoenix New Media Limited ("PNM") through a separate listing on the New York Stock Exchange ("NYSE") in May 2011 has provided the Group a "gain on deemed disposal" of approximately HK\$1,560,524,000. However, as PNM remains a subsidiary of the Company after its separate listing on the NYSE, according to the existing Hong Kong Generally Accepted Accounting Principles ("GAAP"), such "gain on deemed disposal" will only be reflected directly in equity instead of in the condensed consolidated income statement for the period.

Convertible Series A Preferred Shares ("Preferred Shares") issued in November 2009 by PNM to three independent investors – the US-based Intel Capital Corporation, the Swiss-based Bertelsmann Asia Investments, and the Hong Kong-owned company Morningside China TMT Fund – were converted into Class A ordinary shares of PNM on the eve of the listing of PNM in accordance with the terms of the agreements with these three investors. The fair value of the derivative component of the Preferred Shares up to the date of conversion increased by HK\$947,100,000 (six months ended 30 June 2010: HK\$17,005,000), and this non-cash fair value loss was reflected in the condensed consolidated income statement for the period. Interest accretion of the debt component of the Preferred Shares, which was also included under other expenses for the six months ended 30 June 2011, was approximately HK\$17,613,000 (for the six months ended 30 June 2010: HK\$19,671,000). As all Preferred Shares were converted at the time of listing, there would not be any non-cash fair value gain/loss or interest accretion in the future. Please refer to note 20 of the notes to the condensed consolidated interim financial information for details of the preference share liability.

# Chairman's Statement

As a result, the loss attributable to owners of the Company after charging the non-cash fair value loss and interest accretion of the Preferred Shares in accordance with GAAP was approximately HK\$539,974,000.

Phoenix Metropolis Media Technology Co., Ltd. ("PMM Beijing"), formerly known as Phoenix Metropolis Media (Beijing) Company Limited, has entered into a capital increase agreement with independent investors and other parties and this has also provided the Group a "gain on deemed disposal" of approximately HK\$79,482,000. As PMM Beijing remains a subsidiary of the Company after entering into the capital increase agreement, and consequently this "gain on deemed disposal" will only be reflected directly in equity.

As a consequence of the fact that the Company's equity grew by a substantial amount as a result of the listing of PNM, the gain derived from PMM Beijing and the fact that liquidity and financial resources of the Group remained solid, the Board of Directors has decided to distribute a special dividend of 3.8 Hong Kong cents per share.

A fair value gain of approximately HK\$140,365,000 (six months ended 30 June 2010: HK\$214,000) was recognised for the investment property under construction in Beijing.

The chart below summarised the Group's performance for the six months ended 30 June 2011 and the same period last year. To supplement the Group's performance presented in accordance with the GAAP, a column that presents the Non-GAAP results is also included in this chart and details the actual gain on the deemed disposal of partial interests in the new media and the outdoor media.

## Business Overview and Prospects

The first half of 2011 has been an extremely active period for the Group. Phoenix InfoNews has been following a series of dramatic international developments, ranging from the earthquake and tsunami in Japan and the consequent crisis at the Fukushima nuclear plant, to the uprisings and disturbances in the Middle East. Phoenix followed closely the demonstrations in Egypt that led to the fall of the Mubarak regime, and the subsequent uprisings in Libya, Tunisia and Syria, with reporters working in all of these countries as events unfolded, and providing more detailed, comprehensive and objective reporting than any other Mandarin television service. In Libya, Phoenix reporters had to confront serious potential dangers, living in a hotel near some of the sites that were bombed by Nato forces, and on one occasion a reporter was threatened by a pro-Gaddafi fighter armed with a knife. Phoenix has also followed closely the latent tensions between China and a number of regional countries over conflicting territorial claims in the South China and East China Seas. While these disputes have not led to open conflicts, they remain important issues for all governments in the region to focus on and resolve in a peaceful way.

Besides following international news Phoenix has also had a number of other major developments during this half-year period. On 31 March 2011, Phoenix enjoyed a major public event celebrating the 15th anniversary of the creation of Phoenix Satellite Television in 1996. This took the form of a gala evening at the Great Hall of the People in Beijing that placed special emphasis on the foreign support Phoenix has received over the years, with a range of foreign VIP guests including the chairman of the International Academy of Television Arts and Sciences, Mr. Bruce Paisner, the head of the Miss World Competition, Ms. Julia Morley, the chairman of the International Institute of Strategic Studies, Dr. John Chipman, and representatives of the Palestinian, North Korean and Russian media services. The gala also featured a number of famous Hong Kong individuals, including former Chief Executive Mr. Tung Chee-hwa, and film star Mr. Jackie Chan.

The Group has also continued to expand its media business. In late March 2011, Phoenix opened a new channel, the Phoenix Hong Kong Channel which broadcasts in Cantonese to Hong Kong as well as the domestic and overseas Cantonese audiences. The Group is currently preparing to move into the digital radio broadcasting business, and is planning to launch Phoenix U Radio, which will provide a Mandarin radio service comprising news broadcasts and entertainment, later this year.

During this period, PNM or iFeng.com, was listed on NYSE. PNM or iFeng.com remains a subsidiary of the Group, and the Group continues to hold a majority share in the listed company and will thus continue to have the power to guide PNM's financial and operating policies.

The Group's successes during this six-month period, ranging from steady growth in income and a successful IPO of PNM to the comprehensive coverage of breaking international news stories, underscores that the Group is well positioned to continue to do well.

The special dividend will be payable on or about 20 September 2011 to the Shareholders whose names appear on the register of members of the Company on 9 September 2011.

On 12 May 2011, PNM was listed on NYSE in the US by initial public offering of American depository shares ("ADS(s)") comprising 11,500,000 ADSs (representing 92,000,000 new Class A Shares) by PNM and 1,267,500 ADSs (representing 10,140,000 existing Class A Shares) by Morningside China TMT Fund I, L.P., Intel Capital Corporation and Bertelsmann Asia Investments AG (the "Selling Shareholders") before the exercise of the over-allotment option and following the exercise of the over-allotment option, an aggregate of 13,415,125 ADSs (representing 107,321,000 new Class A Shares) was issued and sold by PNM, and 1,267,500 ADSs (representing 10,140,000 existing Class A Shares) was sold by the Selling Shareholders. As all preferred shares of PNM were converted at the time of listing, there will not be any non-cash fair value gain/loss and interest accretion in the future. According to the GAAP, these constituted a deemed disposal of interests in subsidiaries (Group's effective interest reduced to 51.2%) and PNM remains a non-wholly owned subsidiary of the Company and the financial results of PNM continue to be consolidated into the financial statements of the Group. The Company is a limited liability company incorporated in the Cayman Islands and domiciled in Hong Kong. The address of its registered office is Cricket Square, Hutchins Drive, PO Box 2681, Grand Cayman KY1-1111, Cayman Islands.

The Company is listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

This condensed consolidated interim financial information has not been audited.

### Key events

On 12 May 2011, Phoenix New Media Limited ("PNM"), an indirectly owned subsidiary of the Company, completed its initial public offering (the "Offering") and was separately listed on the New York Stock Exchange. As a result of the Offering, the equity interest in PNM held by the Group was reduced by 32.03% to 51.63%. Further details are given in Note 24(a).

On 29 May 2011, Phoenix Metropolis Media Technology Co., Ltd ("PMM Beijing"), formerly known as Phoenix Metropolis Media (Beijing) Company Limited, an indirectly owned subsidiary of the Company, entered into a capital increase agreement with certain investors and employees to increase its registered capital from HK\$48,000,000 to RMB140,000,000 (approximately HK\$164,841,000). As a result of the subscription of the share capital (together with consideration in excess of the registered capital by these investors and employees), the equity interest in PMM Beijing held by the Group was reduced from 75% to 45.54%. Further details are given in Note 24(b).

## 2 Basis of preparation and accounting policies

### (a) Basis of preparation

This condensed consolidated interim financial information for the six months ended 30 June 2011 has been prepared in accordance with Hong Kong Accounting Standard ("HKAS") 34 "Interim financial reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and applicable disclosure requirements of the Hong Kong Companies Ordinance and the Rules Governing the Listing of Securities on the Main Board of the Stock Exchange.

This condensed consolidated interim financial information should be read in conjunction with the annual financial statements of the Group for the year ended 31 December 2010, which have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRS").

### (b) Accounting policies

Except as described below, the accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2010, as described in those annual financial statements.

# Notes to the Condensed Consolidated Interim Financial Information – Unaudited

(i) Amended standard adopted by the Group

The following amendment to standard are mandatory for the first time for the financial year beginning 1 January 2011.

- Amendment to HKAS 34 'Interim financial reporting' is effective for annual periods beginning on or after 1 January 2011. It emphasises the existing disclosure principles in HKAS 34 and adds further guidance to illustrate how to apply these principles. Greater emphasis has been placed on the disclosure principles for significant events and transactions. Additional requirements cover disclosure of changes to fair value measurement (if significant), and the need to update relevant information from the most recent annual report. The change in accounting policy only results in additional disclosures.

(ii) Amendments and interpretations to existing standards effective in 2011 but not relevant to the Group

- HKAS 24 (Revised), "Related Party Disclosures" is effective for annual period beginning on or after January 2011. It introduces an exemption from all of the disclosure requirements of HKAS 24 for transactions among government related entities and the government. Those disclosures are replaced with a requirement to disclose:

(a) The name of the government and the nature of their relationship;

(b) The nature and amount of any individually significant transactions; and

(c) The extent of any collectively-significant transactions qualitatively or quantitatively.

It also clarifies and simplifies the definition of a related party.

- Amendment to HKAS 32 'Classification of rights issues' is effective for annual periods beginning on or after 1 February 2010. This is not currently applicable to the Group, as it has not made any rights issue.
- Amendment to HK(IFRIC) – Int-14 'Prepayments of a minimum funding requirement' is effective for annual periods beginning on or after 1 January 2011. This is not currently relevant to the Group, as it does not have a minimum funding requirement.

HK(IFRIC) – Int 19 'Extinguishing financial liabilities with equity instruments' is effective for annual periods beginning on or after 1 July 2010. This is not currently applicable to the Group, as it currently has no extinguishment of financial liabilities replaced with equity instruments currently.

- Third improvements to HKFRS (2010) were issued in May 2010 by the HKICPA, except for amendment to HKAS 34 'Interim financial reporting' as disclosed in note 2(b)(i) and the clarification to allow the presentation of an analysis of the components of other comprehensive income by item within the notes, all are not currently relevant to the Group. All improvements are effective in the financial year of 2011.

# Notes to the Condensed Consolidated Interim Financial Information – Unaudited

(iii) The following new standards and amendments to standards have been issued but are not effective for the financial year beginning 1 January 2011 and have not been early adopted:

- HKFRS 9 'Financial instruments' addresses the classification, measurement and derecognition of financial assets and financial liabilities. The standard is not applicable until 1 January 2013 but is available for early adoption. When adopted, the standard will affect in particular the Group's accounting for its available-for-sale financial assets, as HKFRS 9 only permits the recognition of fair value gains and losses in other comprehensive income if they relate to equity investments that are not held for trading. The derecognition rules have been transferred from HKAS 39 'Financial instruments: Recognition and measurement' and have not been changed. The Group has not yet decided when to adopt HKFRS 9.
- HKAS 12 (Amendment) 'Deferred tax: Recovery of underlying assets' introduces an exception to the principle for the measurement of deferred tax assets or liabilities arising on an investment property measured at fair value. HKAS 12 requires an entity to measure the deferred tax relating to an asset depending on whether the entity expects to recover the carrying amount of the asset through use or sale. The amendment introduces a rebuttable presumption that an investment property measured at fair value is recovered entirely by sale. The amendment is applicable retrospectively to annual periods beginning on or after 1 January 2012 with early adoption permitted.
- HKFRS 7 (Amendment) 'Disclosures – Transfers of financial assets' introduces new disclosure requirement on transfers of financial assets. Disclosure is required by class of asset of the nature, carrying amount and a description of the risks and rewards of financial assets that have been transferred to another party yet remain on the entity's balance sheet. The gain or loss on the transferred assets and any retained interest in those assets must be given. In addition, other disclosures must enable users to understand the amount of any associated liabilities, and the relationship between the financial assets and associated liabilities. The disclosures must be presented by type of ongoing involvement. For example, the retained exposure could be presented by type of financial instrument (such as guarantees, call or put options), or by type of transfer (such as factoring of receivables, securitisations or securities lending). The amendment is applicable to annual periods beginning on or after 1 July 2011 with early adoption permitted.

The Group has not early adopted the new HKFRS in this condensed consolidated interim financial information and will apply them in accordance with their respective effective dates. The Group is assessing the impact of the new HKFRS but is not yet in a position to state whether any substantial changes to the Group's significant accounting policies and presentation of the financial information will result.

## 3 Estimates and judgements

The preparation of interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this condensed consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2010, with the exception of changes in estimates that are required in determining the fair value of share options and restricted shares and the judgement applied in determining the control over PMM Beijing.

Upon completion of the Capital Increase Agreement, the Group's equity interest in PMM Beijing was reduced from 75% to 45.54%. Management has exercised its critical judgement when determining whether the Group has de facto control over PMM Beijing by considering the following, amongst others: (i) the Group has obtained effective control over majority of the board of PMM Beijing; and (ii) the Group has the ability to direct the relevant activities of PMM Beijing, i.e. the activities that significantly affect PMM Beijing.

## 4 Financial risk management

### 4.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

The interim condensed consolidated financial information does not include all financial risk management information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual financial statements as at 31 December 2010.

There have been no changes in the risk management department since year end or in any risk management policies.

### 4.2 Liquidity risk

Compared to year end, there was no material change in the contractual undiscounted cash out flows for financial liabilities.

### 4.3 Fair value estimation

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1).
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2).
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3).

# Notes to the Condensed Consolidated Interim Financial Information – Unaudited

In 2011, there were no reclassifications of financial assets.

## 5 Segmental information

Management has determined the operating segments based on the reports reviewed by executive directors that are used to make strategic decisions. The executive directors consider the business from a product perspective.

At 30 June 2011, the Group had four operating segments including:

- (i) Television broadcasting – broadcasting of television programmes and commercials and provision of promotion activities;

## 9 (Losses)/earnings per share

### Basic

Basic (losses)/earnings per share is calculated by dividing the (loss)/profit attributable to owners of the Company by the weighted average number of ordinary shares in issue during the period.

	For the six months ended 30 June	
	2011	2010
(Loss)/profit attributable to owners of the Company (HK\$'000)	(539,974)	190,712
Weighted average number of ordinary shares in issue ('000)	4,989,342	4,984,240
Basic (losses)/earnings per share (Hong Kong cents)	(10.82)	3.83

### Diluted

Diluted (losses)/earnings per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all dilutive potential ordinary shares. The Group has dilutive potential ordinary shares which comprise share options of the Company and a subsidiary, restricted shares of a subsidiary and the conversion option of the preference shares issued by a subsidiary (six months ended 30 June 2010: share options of the Company and the conversion option of the preference shares issued by a subsidiary). A calculation is done to determine the number of the company's shares that could have been acquired at fair value (determined as the average annual market share price of the Company's shares) based on the monetary value of the subscription rights attached to outstanding share options of the Company. The number of shares calculated as above is compared with the number of shares that would have been issued assuming the exercise of the share options and the conversion of the preference shares. Where the number of shares so calculated is smaller than the number of shares that would have been issued assuming the exercise of all the outstanding share options, the difference represents potential dilutive shares and is added to the weighted average number of ordinary shares in issue to arrive at the weighted average number of ordinary shares for diluted earnings per share.

For the six months ended 30 June 2011, the share options issued by the Company and a subsidiary, restricted shares of a subsidiary and the conversion option of the preference shares issued by a subsidiary did not have a dilutive effect on the losses per share. The basic and the diluted losses per share are the same.

# Notes to the Condensed Consolidated Interim Financial Information – Unaudited

For the six months ended 30 June 2010, the conversion option of the preference shares issued by a subsidiary did not have a dilutive effect on the earnings per share.

## Notes:

- (a) On 9 April 2008, Phoenix Pictures Limited ("Phoenix Pictures"), an indirectly wholly owned subsidiary of the Company, acquired Phoenix Oriental (Beijing) Properties Company Limited 鳳凰東方(北京)置業有限公司 ("Phoenix Oriental"), which holds the land use rights for a piece of land in Chaoyang Park. The land use rights held by Phoenix Oriental have been consolidated into the financial statement of the Group since then. The land use term of the land is 50 years from 10 October 2001.

The land at the south western corner of Chaoyang Park in Beijing was valued by independent appraisers as at 8 April 2008, the acquisition date of Phoenix Oriental. The fair value of the land as at acquisition date was RMB209,273,000 (equivalent to approximately HK\$237,625,000). Subsequent to the acquisition of Phoenix Oriental, an amount of RMB3,398,100 (equivalent to approximately HK\$3,885,000) was paid for the title registration for the land use right which has been capitalised as part of the cost of the land use right.

The land and project transfer contract for the land was entered into by Phoenix Oriental in or around May 2006, before it became an indirectly owned subsidiary of the Company. So far as the Directors are aware, the terms of the land and project transfer contract were agreed at after arm's length negotiations between Phoenix Oriental and 北京朝陽公園開發經營公司 (Beijing Chaoyang Park Development and Management Co.) based on applicable rates promulgated by the PRC government. All land premium and taxes in relation to the land payable up to 31 March 2010 in the aggregate amount of RMB179,500,000 (HK\$204,630,000) have been fully paid. In April 2010, Phoenix Oriental and 北京市國土資源局 (State-owned Assets Beijing Bureau) entered into a supplemental agreement to the land and project transfer contract to increase the total gross floor area to approximately 65,000 square metres and change the land use to mixed use and underground parking, for additional land premium in the amount of approximately RMB45,660,000 (HK\$52,052,000). The additional land premium together with deed tax in the aggregate total amount of approximately RMB47,000,000 (HK\$53,580,000) have been fully paid in May 2010. The additional land premium has been reflected in the lease premium for land and investment property under construction in accordance with the expected usage areas for the Group's operations and for rental income and capital appreciation.

The land, comprised of approximately 18,822 square metres and a permitted total gross floor area of approximately 65,000 square metres, in which above ground of approximately 35,000 square metre, is for cultural, entertainment and office uses. Management intends the land to be used for the development of the Phoenix International Media Centre which will contain theatres and television programme studios to be used by the Group.

Upon completion of the construction, approximately 25,400 square metres will be occupied by the Group for its operations in Beijing, with the rest being held for rental income or capital appreciation.

- (b) For the six months ended 30 June 2011, amortisation of lease premium for land capitalised in construction in progress under property, plant and equipment amounted to HK\$1,619,000 (six months ended 30 June 2010: HK\$1,157,000).
- (c) Included in the net book value as of 30 June 2011 is an amount of HK\$16,162,000 which was paid by the Group pursuant to notification from the Shenzhen Municipal Bureau of Land Resources and Housing Management ("Shenzhen Land Bureau") to the Shenzhen Land Bureau to obtain a title certificate in the name of Phoenix Satellite Television Company Limited (the "Phoenix Subsidiary"), a wholly-owned subsidiary of the Group, for the Group's upper ground space entitlement of approximately 8,500 square metres. As of 30 June 2011, the Group was still awaiting the issuance of the title certificate to the Phoenix Subsidiary by the Shenzhen Municipal Government. The Directors are of the opinion that the title certificate of the Shenzhen Building will be issued in the near future. As at 30 June 2011, the Group's entitlement to use of its entitled areas in the building continues to be accounted for as a finance lease as the Group had not yet obtained title to these entitled areas.

## 16 Prepayments, deposits and other receivables

Included in prepayments, deposits and other receivables is an amount of approximately HK\$357,154,000 (as at 31 December 2010: HK\$313,626,000) owing from an advertising agent, Shenzhou Television Company Limited ("Shenzhou"), in the PRC. The amount represents advertising revenue collected, net of expenses incurred by Shenzhou on behalf of the Group.

The Group has set up a commercial and trust arrangement with Shenzhou, details of which have been disclosed in the announcement made by the Company on 25 September 2002.

The Trust Law in the PRC enacted in recent years has not laid out specific detailed implementation rules applicable to trust arrangements such as that of the Group with Shenzhou, therefore the extent of the enforceability of the arrangement is still unclear. Although the management recognises that the present arrangement is the only legally viable arrangement, the management will continue to monitor and explore alternatives to improve the situation.

The management of the Group is of the opinion that the amount owing from Shenzhou of approximately HK\$357,154,000 as at 30 June 2011 (as at 31 December 2010: HK\$312,626,000) is fully recoverable and no provision is required. The balance is unsecured and bears interest at prevailing bank interest rates.

## 17 Financial assets at fair value through profit or loss

	As at 30 June 2011 HK\$'000	As at 31 December 2010 HK\$'000 (Audited)
Unlisted investment at fair value	23,521	24,330

The above investment was designated as fair value through profit or loss on initial recognition. Investments with a maturity longer than one year at the inception date are classified as non-current. Changes in fair values (realised and unrealised) of financial assets at fair value through profit or loss are recognised in other income in the consolidated income statement.

As at 30 June 2011, the financial assets at fair value through profit and loss represent investments in shares of HSBC Holdings PLC ("HSBC").

The shares of HSBC were acquired through the maturity of an equity-linked note on 5 December 2008. On the settlement date of the equity-linked note, the Group received 305,271 shares of HSBC instead of the principal of the investment from the issuer and any gain or loss on the fair value of the shares of HSBC recognised in the consolidated income statement since then. These shares are held for trading. As at 30 June 2011, the closing price of the shares of HSBC was HK\$77.05. If the price of the shares of HSBC increased/decreased by 50% with all other variables held constant, post-tax profit for the year would have been HK\$11,761,000 higher/lower. The investment is managed and its performance evaluated on a fair value basis and information about the Company's investment in the shares is reported to management on that basis.

## 19 Deferred income

Included in deferred income is an amount of approximately HK\$32,534,000 (as at 31 December 2010: HK\$32,534,000) of unutilised amount of airtime in relation to the strategic cooperation agreement (the "Strategic Cooperation Agreement") and a barter agreement (the "Barter Agreement") entered into between the Group and Mission Hills Group Limited ("Mission Hills") on 23 June 2006. According to the Strategic Cooperation Agreement, the Group would provide advertising airtime on its satellite television channels and assist Mission Hills in the planning and promotion of the corporate image and branding of Mission Hills by using the Group's resources and leading position in the media industry. The contract term of the Strategic Cooperation Agreement is five years from the date of the contract. On 23 December 2010 and at the request of Mission Hills, the Group and Mission Hills entered into the Supplementary Agreement, pursuant to which the parties agreed to amend the term of 5 years from 23 June 2006 of the Strategic Cooperation Agreement and Barter Agreement to 8 years.

Under the Barter Agreement, Mission Hills transferred the title, rights and interests of a villa in Mission Hills in Residence (the "Villa") to the Group at a price of approximately HK\$98,000,000 and in exchange, the Group would provide: (1) airtime for advertisements for five years from the date of the Barter Agreement of an equivalent value based on charging rates that are at a discount to the Group's normal rate card charges and (2) services related to the planning and promotion of the corporate image and branding of Mission Hills and its projects. The Group took possession of the Villa in July 2006 and received title in February 2007.

For the six months ended 30 June 2011, the Group did not recognise any revenue for airtime utilised (six months ended 30 June 2010: HK\$1,973,000).

They are convertible into ordinary shares at any time or mandatorily on an initial public offering of PNM on the basis of 1:1 subject to certain adjustments as defined in the Agreement. They are redeemable at the option of the holder at any time after 31 December 2013 or earlier, on the occurrence of certain events as specified in the Agreement. On redemption, the preferred shareholders are entitled to receive the greater of: (a) the original issue price plus a redemption premium plus all declared but unpaid dividends; or (b) the fair market value of the Preferred Shares as determined by an independent appraiser.

In accordance with HKAS 39 "Financial Instrument: Recognition and Measurement", the Preferred Shares represent a compound financial instrument with multiple components, which comprise:

- A host debt component;
- An equity component; and
- A compound embedded derivative component (representing the investor's option to require the Company to redeem the shares for cash at the predetermined amount and the investor's option to convert the preference shares into a variable number of PNM's ordinary shares and the mandatory conversion upon an initial public offering).

# Notes to the Condensed Consolidated Interim Financial Information – Unaudited

The fair value of the Preferred Shares at issuance (equal to their face value at issuance) is assigned to its respective debt, compound derivative and equity components based on the fair value of the debt and compound derivative components. The equity component is the remaining amount left after the fair value of the Preferred Shares has been allocated to the debt and compound derivative components and was nil. The host debt component is subsequently carried at amortised cost using the effective interest rate method. The derivative component is subsequently fair valued at each balance sheet date with changes in fair value being reflected in the consolidated income statement.

The Preferred Shares were mandatorily converted into PNM Class A Shares upon the Offering. The carrying values of both the host debt and derivative components were derecognised with a corresponding increase in equity to recognise the issue of PNM Class A Shares upon conversion.

The movements of the carrying values of the host debt and derivative components of the Preferred Shares are as follows:

## 24 Disposals of interests in subsidiaries without loss of control

### (a) Disposal of partial interest in PNM

On 12 May 2011, PNM completed the Offering and it was separately listed on the New York Stock Exchange. Prior to the completion of the Offering, all of the ordinary shares of PNM held by the Company were re-designated as PNM Class B Shares (entitled to 1.3 votes for each share) and all other ordinary shares were re-designated as PNM Class A Shares (entitled to 1 vote for each share).

The Offering was comprised of 11,500,000 American depository shares ("ADSs") (representing 92,000,000 new PNM Class A Shares) sold by PNM and 1,267,500 ADSs (representing 10,140,000 existing PNM Class A Shares) sold by Morningside China TMT Fund I, L.P., Intel Capital Corporation and Bertelsmann Asia Investments AG (the "Selling Shareholders") before the exercise of the over-allotment option and following the exercise of the over-allotment option, an aggregate of 13,415,125 ADSs (representing 107,321,000 new PNM Class A Shares) was issued and sold by PNM, and 1,267,500 ADSs (representing 10,140,000 existing Class A Shares) was sold by the Selling Shareholders. The final offer price of the ADSs was US\$11 (approximately HK\$85.8) per ADS.

As a result of the grant of restricted shares, exercise of share options by the option holders, the Offering and the conversion of Preferred Shares (Note 20(b)), the Group's equity interest in PNM was reduced from 99.27% to 51.63%. As the Group retains control over PNM, the Group recognised a gain on deemed disposal of partial interest in PNM of approximate HK\$1,560,524,000 in the equity attributable to owners of the Company and an increase in non-controlling interests of HK\$890,629,000 during the six months ended 30 June 2011.

### (b) Disposal of partial interest in PMM Beijing

On 29 May 2011, PMM Beijing entered into a capital increase agreement (the "Capital Increase Agreement") with the two controlling shareholders of Regal Fame Investments Limited, three PRC domestic independent investors ("PRC investors"), certain employees of various members of the Phoenix Metropolis Media Holdings Limited and its subsidiaries, as well as Phoenix Metropolis Communication (Beijing) Co., Limited ("PMM Communication"). Upon completion of the Capital Increase Agreement, the registered capital of PMM Beijing was increased from approximately HK\$48,000,000 to RMB140,000,000 (approximately HK\$164,841,000). As a result of the subscription of the share capital (together with consideration in excess of the registered capital by these investors and employees), the Group's equity interest in PMM Beijing (through PMM Communication) was reduced from 75% to 45.54%.

Notwithstanding the Group owns less than half of the equity interest in PMM Beijing subsequent to the capital increase, the Group retains control over PMM Beijing as it has the ability to direct the relevant activities of PMM Beijing i.e. the activities that significantly affect PMM Beijing.

As a result of the capital increase, the Group recognised a gain on deemed disposal of partial interest in PMM Beijing of approximately HK\$79,482,000 in the equity attributable to the owners of the Company and an increase in the non-controlling interests of HK\$197,904,000 the six months ended 30 June 2011.
