Razer Inc. Announces Results of Global Offering

(Hong Kong, November 10, 2017) Razer Inc. ("Razer" or the "Company", HKEX stock code: 1337), the leading global lifestyle brand for gamers, today announces its Offer Price and results of its Global Offering. Razer has successfully set the Offer Price at HK\$3.88 per Offer Share (excluding brokerage of 1%, SFC transaction levy of 0.0027%, and Hong Kong Stock Exchange trading fee of 0.005%), which results in Razer having a market capitalization of approximately HK\$34,389 million (assuming the Over-allotment Option is not exercised).

Razer initially offered a total of 1,063,600,000 Offer Shares in the Global Offering, comprising an International Offering and a Hong Kong Public Offering.

The Hong Kong Public Offering was very significantly over-subscribed by 290.24 times of the total number of 106,360,000 Offer Shares initially available for subscription under the Hong Kong Public Offering. Due to the over-subscription in the Hong Kong Public Offering, a total of 425,440,000 Offer Shares have been reallocated from the International Offering to the Hong Kong Public Offering. As a result of such reallocation, the final number of Offer Shares allocated to the Hong Kong Public Offering and the International Offering are 531,800,000 Offer Shares and 531,800,000 Offer Shares respectively, representing 50% and 50% of the total number of Offering Shares initially available under the Global Offering. The Offer Shares initially offered under the International Offering were also very significantly over-subscribed.

Based on the Offer Price of HK\$3.88 per Offer Share, the net proceeds from the Global Offering to be received by the Company, after deduction of the underwriting fees and commissions and estimated expenses payable by the Company in connection with the Global Offering and assuming that the Over-allotment Option is not exercised, are estimated to be approximately HK\$3,930.7 million.
