\* For identification purpose only

The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company and potential investors that the Group is expected to report an estimated loss of around HK\$25.0 million for the year ended 31 December 2015 (the “**Reporting Period**”), as compared with the loss of approximately HK\$40.4 million for the year ended 31 December 2014 (the “**Corresponding Period**”). The reduction in loss was mainly due to the gain on modification of terms of convertible notes (as disclosed in the 2015 interim report and the 2014 annual report of the Company), which partly offset, among others, the increased operating loss and the imputed interest expenses on convertible notes. The increase in operating loss was mainly due to the expansion of loss from the electronic products business as a result of, among others, the drop in turnover and the increase in minimum wages in the People’s Republic of China.

As the Company is still in the process of finalising the annual results of the Group for the Reporting Period, the information contained in this announcement is only based on a preliminary assessment by the Board with reference to the management accounts of the Group and the information available for the time being, but not on any data or information audited or reviewed by the auditor of the Company. Financial information and other details of the Group will be disclosed in the annual results announcement of the Group for the Reporting Period.

**Shareholders of the Company and potential investors should exercise caution when dealing in the shares or other securities of the Company.**
