CONTINUING CONNECTED TRANSACTIONS

SUMMARY

The Group has been conducting the Continuing Connected Transactions. Details (including the relevant annual caps) of the Continuing Connected Transactions were disclosed in the 2014 Announcement. The Networking Arrangement, the Maintenance Arrangement, the Networking Sub-contracting Arrangement, the Maintenance Sub-contracting Arrangement and the HK Lease Arrangements and the respective annual caps therefor for the three financial years ending 30 June 2017 were approved at the extraordinary general meeting of the Company held on 24 June 2014 by the then Independent Shareholders.

It is expected that the Group and the SHKP Group will from time to time continue to enter into transactions of a nature similar to the Continuing Connected Transactions after 30 June 2017.

As at the date of this announcement, SHKP is a substantial Shareholder indirectly holding an aggregate of 1,719,427,500 Shares, representing approximately 74.04% of the entire issued share capital of the Company. As such, SHKP and its associates are connected persons of the Company under the GEM Listing Rules for so long as SHKP remains a substantial Shareholder.

On 2 May 2017, the Company entered into the New Agreements with SHKP or SHKI (as the case may be) each for a term of three years from 1 July 2017 to 30 June 2020 (both days inclusive). Transactions of each category of the Transactions Requiring Approval will constitute non-exempt continuing connected transactions of the Company under the GEM Listing Rules, and will be subject to the reporting, announcement, annual review and the Independent Shareholders' Approval requirements pursuant to the GEM Listing Rules. Transactions of each category of the Transactions Exempt from Approval will constitute non-exempt continuing connected transactions of the Company under the GEM Listing Rules, and will only be subject to the reporting, announcement and annual review requirements and will be exempt from the circular (including independent financial advice) and the Independent Shareholders' Approval requirements under the GEM Listing Rules.

The Company will seek the Independent Shareholders' Approval (by way of poll) in relation to each category of the Transactions Requiring Approval.

A circular containing, among other things, (i) further information on the Transactions Requiring Approval; (ii) the recommendation of the Independent Board Committee to the Independent Shareholders in respect of the Transactions Requiring Approval; (iii) the letter of advice from the independent financial adviser to the Independent Board Committee and the Independent Shareholders in respect of the Transactions Requiring Approval; and (iv) notice of the EGM to be convened at which ordinary resolutions will be proposed to approve the Transactions Requiring Approval and all matters contemplated thereunder is currently expected to be despatched to the Shareholders on or before 23 May 2017.

1. BACKGROUND

The Group has been conducting the Continuing Connected Transactions. Details (including the relevant annual caps) of the Continuing Connected Transactions were disclosed in the 2014 Announcement. The Networking Arrangement, the Maintenance Arrangement, the Networking Sub-contracting Arrangement, the Maintenance Sub-contracting Arrangement and the HK Lease Arrangements and the respective annual caps therefor for the three financial years ending 30 June 2017 were approved at the extraordinary general meeting of the Company held on 24 June 2014 by the then Independent Shareholders.

2. THE CONTINUATION OF THE CONTINUING CONNECTED TRANSACTIONS

It is expected that the Group and the SHKP Group will from time to time continue to enter into transactions of a nature similar to the Continuing Connected Transactions after 30 June 2017. On 2 May 2017, the Company entered into the New Agreements with SHKP or SHKI (as the case may be) each for a term of three years from 1 July 2017 to 30 June 2020 (both days inclusive). Each of the New Agreements for the Transactions Requiring Approval is conditional upon the obtaining of the approval of the Independent Shareholders.

Details of the Transactions Requiring Approval and the Transactions Exempt from Approval are set out below.

I. TRANSACTIONS REQUIRING APPROVAL

A. *Design, installation, operation and provision of cable networking on a project basis by the Group for buildings owned and/or managed by the SHKP Group*

Background

Members of the Group have been providing and will continue to provide services to members of the SHKP Group in connection with the design, installation, operation and provision of SMATV/CABD, access control and other security systems and laying of network cabling systems (such as voice and data network, building services access, and power supply), optical fiber network, broadband network and other IT infrastructure networks in buildings owned and/or managed by the SHKP Group on a project basis (the “**Networking Arrangement**”). The Group has charged and will continue to charge the relevant members of the SHKP Group service fees for the provision of such services.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby the Company has agreed to procure the relevant members of the Group to provide services contemplated under the Networking Arrangement to members of the SHKP Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement is conditional upon the obtaining of the Independent Shareholders’ Approval, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of each transaction to be carried out pursuant to the Networking Arrangement. The said principles include that the services to be provided by the Group to the SHKP Group pursuant to the Networking Arrangement shall be negotiated on an arm’s length basis and on normal commercial terms or, if there are no or not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms that may be offered to the Group by other independent third party customers. In particular, with respect to the payment terms for the services to be provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the payment terms to be offered by the SHKP Group to the Group shall be no less favourable to the Group than the payment terms that may be offered to the Group by other independent third party customers for such services. In deciding on the terms of the proposed transactions under the Networking Arrangement, the Group will first ascertain from its suppliers and contractors the prime cost of materials and labour for providing similar products and services and for undertaking similar jobs and projects, and then add in a certain percentage markup before submitting the same to the SHKP Group for their consideration. The markup, which is not a term of the New Agreement in respect of the Networking Arrangement, will be determined by the Group on a case by case basis when the definitive agreement governing the terms of the relevant transaction pursuant to the Networking Arrangement is entered into, and by reference to historical transactions of a similar scale and nature to ensure that the price is fair and reasonable and comparable to the price charged by the Group in similar transactions involving independent third parties for such services. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The Group has been informed by the SHKP Group that in deciding which service provider is to be engaged, the SHKP Group may invite bidders for the services required by it and will then select bidders whom it considers are able to offer the most attractive terms for the services concerned taking into account all relevant factors including the price, the quality of work and the schedule of completion offered by the service providers.

Relevant members of the Group and of the SHKP Group have entered into and will enter into separate and definitive agreements to provide for the detailed terms of each transaction pursuant to the Networking Arrangement. The service fees payable by the SHKP Group to the Group will be in accordance with such definitive agreements.

The historical amounts

Under the Existing Approval, the annual cap for the Networking Arrangement for each of the three financial years ending 30 June 2017 was HK\$65,000,000. The following table sets out the aggregate amount of service fees received by the Group pursuant to the Networking Arrangement during the Relevant Historical Periods :-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	38,020,000
Financial year ended 30 June 2016	51,614,000
Six-month period ended 31 December 2016	36,617,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of service fees which may be received by the Group pursuant to the Networking Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$109,300,000. The proposed annual cap is determined with reference to the historical amounts of such transactions, projected level of demand for such services by members of the SHKP Group and the anticipated level of fees which the Group may charge in respect of such services.

There are many new technology facilities available in the market recently, thus leading to new installations and/or upgrading of existing systems for service quality improvements. Furthermore, the increase in the demand for luxurious accommodation will generally raise the demand for the installation of advanced technology facilities in such accommodation. As such, as compared with the amount received by the Group during the Relevant Historical Periods, it is expected that the level of demand for the services will increase.

The Networking Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) confirm that, in view of the fact that the Group has to bid for the projects under the Networking Arrangement as set out above in most circumstances, the Networking Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms. The Directors (excluding the independent non-executive Directors who will render their views after

considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) further confirm that in respect of the payment terms for the services provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the payment terms have been and will continue to be no less favourable to the Group than the payment terms that may be offered to the Group by other independent third party customers for such services.

B. Maintenance and repair of network infrastructure and security systems on a project basis by the Group for buildings owned and/or managed by the SHKP Group

Background

Members of the Group have been engaged and will continue to be engaged by members of the SHKP Group to carry out maintenance and repair works for SMATV/CABD, access control and other security systems and cabling systems (such as voice and data network, building services access, and power supply), optical fiber network, broadband network, computer systems and other IT infrastructure networks in buildings owned and/or managed by the SHKP Group on a project basis (the “**Maintenance Arrangement**”). The Group has charged and will continue to charge the relevant members of the SHKP Group fees for services provided under the Maintenance Arrangement.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby the Company has agreed to procure the relevant members of the Group to provide services contemplated under the Maintenance Arrangement to members of the SHKP Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement is conditional upon the obtaining of the Independent Shareholders’ Approval, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of each transaction to be carried out pursuant to the Maintenance Arrangement. The said principles include that the services to be provided by the Group to the SHKP Group pursuant to the Maintenance Arrangement shall be negotiated on an arm’s length basis and on normal commercial terms or, if there are no or not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms that may be offered to the Group by other independent third party customers. In particular, with respect to the payment terms (including, where applicable, any service fee free periods) for the services to be provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the payment terms to be offered by the SHKP Group to the Group shall be no less favourable to the Group than the payment terms that may be offered to the Group by other independent third party customers for such services. In deciding on the terms of the proposed transactions under the Maintenance Arrangement, the Group will first ascertain from its suppliers and

contractors the prime cost of materials and labour for providing similar products and services and for undertaking similar jobs and projects, and then add in a certain percentage markup before submitting the same to the SHKP Group for their consideration. The markup, which is not a term of the New Agreement in respect of the Maintenance Arrangement, will be determined by the Group on a case by case basis when the definitive agreement governing the terms of the relevant transaction pursuant to the Maintenance Arrangement is entered into, and by reference to historical transactions of a similar scale and nature to ensure that the price is fair and reasonable and comparable to the price charged by the Group in similar transactions involving independent third parties for such services. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The Group has been informed by the SHKP Group that in deciding which service provider is to be engaged, the SHKP Group may invite bidders for the services required by it and will then select bidders whom it considers are able to offer the most attractive terms for the services concerned taking into account all relevant factors, including the price, the quality of work and the schedule of completion offered by the service providers.

Relevant members of the Group and of the SHKP Group have entered into and will enter into separate and definitive agreements to provide for the detailed terms of each transaction pursuant to the Maintenance Arrangement. The service fees payable by the SHKP Group to the Group will be in accordance with such definitive agreements.

The historical amounts

Under the Existing Approval, the annual cap for the Maintenance Arrangement for each of the three financial years ending 30 June 2017 was HK\$64,400,000. The following table sets out the aggregate amount of service fees received by the Group pursuant to the Maintenance Arrangement (before taking into account service fee free periods offered) during the Relevant Historical Periods :-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	52,183,000
Financial year ended 30 June 2016	55,347,000
Six-month period ended 31 December 2016	29,731,000

Proposed annual cap and basis of cap

It is expected that before taking into account any service fee free periods which may be offered, the aggregate amount of service fees which may be received by the Group pursuant to the Maintenance Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$77,700,000. The proposed annual cap is determined with reference to the historical amounts of such transactions, projected level of demand for such services by members of the SHKP Group and the anticipated level of fees which the Group may charge in respect of such services.

As compared with the amount received by the Group during the Relevant Historical Periods set out above, it is expected that the level of demand for such services will increase as more systems are or will be installed pursuant to the Networking Arrangement and as a result of fair wear and tear of the existing systems under maintenance, the frequency and extent of routine maintenance and repair works which may be required on the systems and networks installed are expected to increase.

The Maintenance Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) confirm that, in view of the fact that the Group has to bid for the projects under the Maintenance Arrangement as set out above in most circumstances, the Maintenance Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) further confirm that in respect of the payment terms (including, where applicable, any service fee free periods) for the services provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the payment terms have been and will continue to be no less favourable to the Group than the payment terms that may be offered to the Group by other independent third party customers for such services.

C. Sub-contracting of works in connection with the Networking Arrangement

Background

In connection with the Networking Arrangement for which the Group was engaged as the main contractor by the SHKP Group on a project basis, not all of the works involved are performed by members of the Group directly and the Group will need to sub-contract part of the works involved in the individual projects to other sub-contractors. Such arrangement of sub-contracting works of the main contractors is a normal and common market practice, and it happens that these sub-contractors include certain members of the SHKP Group. The Group has from time to time engaged members of the SHKP Group to perform part of the works in connection with the Networking Arrangement that the Group needs to sub-contract to others (the “**Networking Sub-contracting Arrangement**”) and it is expected that the Group will continue to engage the relevant members of the SHKP Group to perform such works. In this connection, for each invitation for tender issued or to be issued by the SHKP Group under the Networking Arrangement, a number of sub-contractors of comparable standards in the provision of the required works in the market would generally be set out in such invitation for tender as acceptable sub-contractors under the Networking Arrangement. Hence, in awarding the contract for the provision of services under the Networking Arrangement, it is not a pre-condition that the Group should engage members of the SHKP Group as sub-contractors. Having said that,

since members of the SHKP Group are among the various sub-contractors available for the Group's choice, the Group may in the future continue to sub-contract to members of the SHKP Group part of the works, which the Group needs the services and/or materials from other parties in order to fulfill its obligations under the Networking Arrangement. Engagement of members of the SHKP Group were, and will continue to be, decided solely based on the specific needs of the Group at the relevant time, and if, and only if, they were, or will be, able to pass through the selection procedures of, and meet the criteria set by, the Group. The relevant members of the SHKP Group have charged and will continue to charge the relevant members of the Group fees for the provision of such services.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby SHKP has agreed to procure the relevant members of the SHKP Group to provide services contemplated under the Networking Sub-contracting Arrangement to members of the Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement is conditional upon the obtaining of the Independent Shareholders' Approval, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of each transaction to be carried out pursuant to the Networking Sub-contracting Arrangement. The said principles include that the services to be provided by the SHKP Group to the Group pursuant to the Networking Sub-contracting Arrangement shall be negotiated on an arm's length basis and on normal commercial terms or, if there are no or not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms that may be offered by the Group to other independent third party service providers. In particular, with respect to the payment terms for the services to be provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the amount of service fees payable by the relevant members of the Group to the relevant members of the SHKP Group shall be at rates comparable with those offered by the Group to other independent third party service providers. The Group will normally solicit quotations/tenders for similar products and services from at least two independent third parties to ensure that the price to be paid by the Group to the SHKP Group under the Networking Sub-contracting Arrangement is fair and reasonable and comparable to the price paid by the Group in similar transactions involving independent third parties. The SHKP Group may also prescribe a specific type or brand of products or systems to be used under the Networking Arrangement, which are exclusively supplied by the respective sole agents in Hong Kong (which include, but are not limited to, members of the SHKP Group). In such cases, the Group will ascertain from the suppliers of the relevant products or systems for the prime costs of materials and labour which they will charge for undertaking the relevant works under the Networking Sub-contracting Arrangement, which will then be charged as part of the service fees payable by the SHKP Group to the Group under the Networking Arrangement. SHKP has agreed that the terms upon which such products, systems and services are provided by the relevant member(s) of the SHKP Group to the relevant member(s) of the Group will be no less favourable to the relevant member(s) of the Group than those upon which they are provided by such member(s) of the SHKP Group to other independent third parties. Relevant

members of the Group and of the SHKP Group have entered into and will enter into definitive agreements to provide for the detailed terms of each transaction pursuant to such arrangement from time to time. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The historical amounts

Under the Existing Approval, the annual cap for the Networking Sub-contracting Arrangement for each of the three financial years ending 30 June 2017 was HK\$12,000,000. The following table sets out the aggregate amount of service fees paid by the Group pursuant to the Networking Sub-contracting Arrangement during the Relevant Historical Periods:-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	1,375,000
Financial year ended 30 June 2016	9,293,000
Six-month period ended 31 December 2016	1,585,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of service fees which may be payable by the Group pursuant to the Networking Sub-contracting Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$20,100,000. Such annual cap is determined with reference to the projected level of demand for such services by members of the Group and the anticipated level of fees at which the SHKP Group may charge in respect of such services. As mentioned in paragraph 2.I.A above, the level of demand for services pursuant to the Networking Arrangement is expected to increase. Furthermore, certain new technology facilities are unique products of the members of the SHKP Group, and in these cases, there are no alternative sub-contractors which the Group can engage. As such, it is expected that the level of demand for services pursuant to the Networking Sub-contracting Arrangement will also increase. These give rise to the projected increase in the amount of service fees which may be payable by the Group pursuant to the Networking Sub-contracting Arrangement as compared with the amount paid by the Group during the Relevant Historical Periods.

The Networking Sub-contracting Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) confirm that the Networking Sub-contracting Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) further confirm that in respect of the payment terms for the services provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services),

the payment terms have been and will continue to be no less favourable to the Group than the payment terms that may be offered by the Group to other independent third party service providers of the Group for such services.

D. Sub-contracting of works in connection with the Maintenance Arrangement

Background

In connection with the Maintenance Arrangement for which the Group was engaged as the main contractor by the SHKP Group on a project basis, not all of the maintenance and repair works involved are performed by members of the Group directly and the Group will need to sub-contract part of the works involved in the individual projects to other sub-contractors. Such arrangement of sub-contracting works of the main contractors is a normal and common market practice, and it happens that these sub-contractors include certain members of the SHKP Group. The Group has from time to time engaged members of the SHKP Group to perform part of the works in connection with the Maintenance Arrangement that the Group needs to sub-contract to others (the “**Maintenance Sub-contracting Arrangement**”) and it is expected that the Group will continue to engage the relevant members of the SHKP Group to perform such works. In this connection, the choice of sub-contractors under the Maintenance Sub-contracting Arrangement will be determined by, among other things, the systems which are required to be maintained or repaired in the respective buildings but not determined by the SHKP Group. By its nature, certain systems are exclusively supplied by the respective sole agents in Hong Kong which include, but are not limited to, members of the SHKP Group. Hence, in some cases, there are no alternative sub-contractors which the Group can engage if the relevant system is only supplied by members of the SHKP Group. The relevant members of the SHKP Group have charged and will continue to charge the relevant members of the Group fees for the provision of such services.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby SHKP has agreed to procure the relevant members of the SHKP Group to provide services contemplated under the Maintenance Sub-contracting Arrangement to members of the Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement is conditional upon the obtaining of the Independent Shareholders’ Approval, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of each transaction to be carried out pursuant to the Maintenance Sub-contracting Arrangement. The said principles include that the services to be provided by the SHKP Group to the Group pursuant to the Maintenance Sub-contracting Arrangement shall be negotiated on an arm’s length basis and on normal commercial terms or, if there are no or not sufficient comparable transactions to judge whether they are on normal commercial terms, on terms no less favourable to the Group than terms that may be offered by the Group to other independent third party service providers. In particular, with respect to the payment terms for the services to be provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such

services), the amount of service fees payable by the relevant members of the Group to the relevant members of the SHKP Group shall be at rates comparable with those offered by the Group to other independent third party service providers. The Group will normally solicit quotations/tenders for similar products and services from at least two independent third parties to ensure that the price to be paid by the Group to the SHKP Group under the Maintenance Sub-contracting Arrangement is fair and reasonable and comparable to the price paid by the Group in similar transactions involving independent third parties. In situations where the products or systems requiring maintenance or repair are exclusively supplied by the respective sole agents in Hong Kong (which include, but are not limited to, members of the SHKP Group), the Group will ascertain from the suppliers of the relevant products or systems for the prime costs of materials and labour which they will charge for undertaking the relevant works under the Maintenance Sub-contracting Arrangement, which will then be charged as part of the service fees payable by the SHKP Group to the Group under the Maintenance Arrangement. SHKP has agreed that the terms upon which such products, systems and services are provided by the relevant member(s) of the SHKP Group to the relevant member(s) of the Group will be no less favourable to the relevant member(s) of the Group than those upon which they are provided by such member(s) of the SHKP Group to other independent third parties. Relevant members of the Group and of the SHKP Group have entered into and will enter into definitive agreements to provide for the detailed terms of each transaction pursuant to such arrangement from time to time. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The historical amounts

Under the Existing Approval, the annual cap for the Maintenance Sub-contracting Arrangement for each of the three financial years ending 30 June 2017 was HK\$5,900,000. The following table sets out the aggregate amount of service fees paid by the Group pursuant to the Maintenance Sub-contracting Arrangement during the Relevant Historical Periods:-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	3,577,000
Financial year ended 30 June 2016	3,548,000
Six-month period ended 31 December 2016	1,415,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of service fees which may be payable by the Group pursuant to the Maintenance Sub-contracting Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$8,600,000. Such annual cap is determined with reference to the projected level of demand for such services by members of the Group and the anticipated level of fees at which the SHKP Group may charge in respect of such services. As mentioned in paragraph 2.I.B above, the level of demand for services pursuant to the Maintenance Arrangement is expected to increase and as such, it is expected that the level of demand for services pursuant to the Maintenance Sub-contracting Arrangement will also increase. This gives rise to the projected increase in the amount of service fees

which may be payable by the Group pursuant to the Maintenance Sub-contracting Arrangement as compared with the amount paid by the Group during the Relevant Historical Periods.

The Maintenance Sub-contracting Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) confirm that the Maintenance Sub-contracting Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) further confirm that in respect of the payment terms for the services provided, for those services where there are available market rates for comparable services (taking into account factors such as the scale and quality of services required and the time frame for provision of such services), the payment terms have been and will continue to be no less favourable to the Group than the payment terms that may be offered by the Group to other independent third party service providers of the Group for such services.

E. The HK Lease Arrangements

Background

Members of the Group have been leasing and licensing from, and will continue to lease and license from, members of the SHKP Group certain premises in Hong Kong for the purpose of providing data centres and related services to the customers of the Group (the “**HK Lease Arrangements**”). The premises currently leased/licensed by the Group from the SHKP Group pursuant to the HK Lease Arrangements are the whole of the M/F, 1-11/F and 13/F, and portion of the space of the Flat Roof on the 1/F, UG/F, LG/F and Rooftop, and Cargo Lifts No. 1 and 2, Sun Hung Kai Logistics Centre (Shatin), No. 8 Wong Chuk Yeung Street, Fo Tan, Shatin, Hong Kong. The relevant members of the SHKP Group have charged and will continue to charge the relevant members of the Group rental, license fee, management fee and other charge for the leasing and licensing of the premises in Hong Kong which the relevant members of the Group leased or licensed from the SHKP Group.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby SHKP has agreed to procure the relevant members of the SHKP Group to enter into the HK Lease Arrangements with members of the Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). Relevant members of the Group and of the SHKP Group will enter into separate lease agreements or license agreements to provide for the detailed terms with respect to the leasing or licensing of premises in Hong Kong pursuant to the HK Lease Arrangements. This agreement is conditional upon the obtaining of the Independent Shareholders' Approval, and is a master agreement which sets out the principles upon which detailed terms are to be

determined in respect of each transaction to be carried out pursuant to the HK Lease Arrangements. The said principles include that the terms of each transaction under the HK Lease Arrangements (including, but not limited to, the amounts of rental, license fee, management fee and any other charge payable by the Group, and the payment terms thereof) shall be negotiated on an arm's length basis and on normal commercial terms and with reference to prevailing market rental or license fee (as the case may be) provided by independent valuer(s), and taking into account the location and the area of the premises involved and the rental or license term. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The historical amounts

Under the Existing Approval, the annual cap for the HK Lease Arrangements for each of the three financial years ending 30 June 2017 was HK\$74,970,000. The following table sets out the aggregate amounts of rental, license fee, management fee and other charge paid by the Group pursuant to the HK Lease Arrangements during the Relevant Historical Periods:-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	24,643,000
Financial year ended 30 June 2016	40,496,000
Six-month period ended 31 December 2016	33,459,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of rental, license fee, management fee and other charge which may be payable by the Group pursuant to the HK Lease Arrangements during each of the three financial years ending 30 June 2020 will not exceed HK\$91,900,000. Such annual cap is determined with reference to the projected space demand (including the space currently leased or licensed) by members of the Group and the anticipated level of rental, license fee, management fee and other charge at which the SHKP Group may charge. The increase in the annual cap is mainly due to the expected upward review of rent or license fee of existing leased or licensed premises consequent upon changes in rent or license fee in the real estate market.

The HK Lease Arrangements have been and will be conducted in the ordinary and usual course of business of the Group. The Directors (excluding the independent non-executive Directors who will render their views after considering the advice to be given by the independent financial adviser to the Independent Board Committee and the Independent Shareholders) confirm that the HK Lease Arrangements have been and will continue to be negotiated on an arm's length basis and on normal commercial terms, and the terms thereof (including the amounts of rental, license fee, management fee and any other charge payable by the Group and the payment terms thereof) pursuant to such arrangements are and will continue to be at/on market rates/terms.

II. TRANSACTIONS EXEMPT FROM APPROVAL

A. *Space and rack rental*

Background

Members of the SHKP Group have been renting and licensing and will continue to rent and license space and racks located in the Group's data centres (the "**Space and Rack Rental Arrangement**"). The Group has charged and will continue to charge the relevant members of the SHKP Group rental or license fees at rates comparable with the rates at which the Group charges other independent third party customers taking into account the area of space and/or number of racks rented or licensed and the rental or license term.

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby the Company has agreed to procure the relevant members of the Group to let or license space and racks at the Group's data centres to members of the SHKP Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement took effect from the date of signing, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of each transaction to be carried out pursuant to the Space and Rack Rental Arrangement. The said principles include that the transactions under the Space and Rack Rental Arrangement shall be negotiated on an arm's length basis and on normal commercial terms, and the rental or license fees payable by the relevant members of the SHKP Group shall be comparable with the rates at which the Group charges independent third party customers of the Group taking into account the area of space and/or number of racks rented or licensed and the rental or license term. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

Relevant members of the SHKP Group and of the Group have entered into and will enter into separate lease or license or service agreements to provide for the detailed terms with respect to the leasing or licensing of space/rack pursuant to the Space and Rack Rental Arrangement. Members of the Group will refer to the then available market rates when transactions under the Space and Rack Rental Arrangement are entered into with members of the SHKP Group from time to time.

The historical amounts

The annual cap for the Space and Rack Rental Arrangement for each of the three financial years ending 30 June 2017 as set out in the 2014 Announcement was HK\$6,230,000. The following table sets out the aggregate amount of rental and license fees received by the Group pursuant to the Space and Rack Rental Arrangement during the Relevant Historical Periods :-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	3,652,000
Financial year ended 30 June 2016	3,390,000
Six-month period ended 31 December 2016	1,732,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of rental and license fees which may be received by the Group pursuant to the Space and Rack Rental Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$3,600,000. Such annual cap is determined based on the existing contracts and the newly signed orders and the anticipated rate of rental or license fees in the coming years.

The Space and Rack Rental Arrangement has been and will continue to be conducted in the ordinary and usual course of business of the Group. The Directors (including the independent non-executive Directors) confirm that the Space and Rack Rental Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms, and the rental and the license fees which the Group has charged and will charge members of the SHKP Group pursuant to such arrangement has been and will continue to be at rates comparable with the rates at which the Group charges other independent third party customers taking into account the area of space and/or number of racks rented or licensed and the rental or license term.

B. Provision of property management services by the SHKP Group to the Group

Background

Kai Shing Management Services Limited, a wholly-owned subsidiary of SHKP, is the building manager of both Kodak House II at North Point, Hong Kong and Millennium City at Kwun Tong, Kowloon. The building manager is appointed by the owners of the relevant buildings, and performs duties for the benefit of all owners of the relevant buildings in accordance with the terms of the relevant deeds of mutual covenant. As the Group owns certain units of these two buildings, the relevant members of the Group pay property management fees to the relevant building manager, which is on the same basis as the other owners of the relevant buildings in accordance with the relevant deeds of mutual covenant and management agreements (the “**Building Management Services**”).

Members of the SHKP Group have also provided and will continue to provide cleaning and sanitary services, security guard services, ad hoc facilities fixing services, small scale and miscellaneous repairs services in relation to data centres owned or leased by iAdvantage and premises owned by other members of the Group. Such properties include ONE-iAdvantage in Millennium City at Kwun Tong, Kowloon, JUMBO-iAdvantage at Tsuen Wan, the New Territories and MEGA-iAdvantage at Chai Wan, Hong Kong and other premises leased from members of the SHKP Group. iAdvantage and other members of the Group have paid, and will continue to pay, service fees to the members of the SHKP Group for the services provided at the same rates as those charged by the SHKP Group to other owners/tenants requesting for the same types of services (the “**Extra Management Services**”), which together with the arrangements under the Building Management Services are collectively referred to as the “**Property Management Arrangement**”).

The New Agreement

On 2 May 2017, the Company and SHKP entered into a new agreement whereby SHKP has agreed to procure relevant members of the SHKP Group to provide Extra Management Services required by members of the Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This agreement took effect from the date of signing, and is a master agreement which sets out the principles upon which detailed terms are to be determined in respect of the provision of the Extra Management Services. Relevant members of the Group and of the SHKP Group have entered into and will enter into separate and definitive agreements with detailed terms for the services required from time to time pursuant to such arrangement. The said principles include that the Extra Management Services shall be negotiated on an arm's length basis and on normal commercial terms, and the amount of service fees payable by the Group to the SHKP Group shall be at rates comparable with those charged by other third party service providers taking into account the type and the nature of the Extra Management Services involved, and the frequency and the length of time for requiring these services. Depending on the type, nature and scale of the Extra Management Services required, the Group may invite tenders from potential service providers (which include members of the SHKP Group) and select the bidder who offers the most attractive terms. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

It is anticipated that on average (for each of the three years ending 30 June 2020) approximately 53% of the total fees expected to be payable under the Property Management Arrangement will be attributable to those payable in respect of the Building Management Services and on average (for each of the three years ending 30 June 2020) the remaining approximately 47% will be attributable to those payable in respect of the Extra Management Services.

The historical amounts

The annual cap for the Property Management Arrangement for each of the three financial years ending 30 June 2017 as set out in the 2014 Announcement was HK\$13,860,000. The following table sets out the aggregate amount of service fees paid by the Group pursuant to the Property Management Arrangement during the Relevant Historical Periods :-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	9,781,000
Financial year ended 30 June 2016	10,494,000
Six-month period ended 31 December 2016	5,372,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of service fees payable by the Group in respect of the Property Management Arrangement during each of the three financial years ending 30 June 2020 will not exceed HK\$18,600,000. Such annual cap is determined with reference to (i) the management fees in respect of the Building Management Services (which are to be fixed by the owners of the buildings concerned in accordance with the respective deeds of mutual covenants and management agreements); and (ii) the expected increase in the level of the Extra Management Services required.

The Property Management Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (including the independent non-executive Directors) confirm that the Property Management Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms (including the payment terms). As mentioned above, the property management fees paid/payable by the relevant members of the Group for the Building Management Services have been and will continue to be on the same basis as those payable by the other owners of the relevant buildings. The Directors (including the independent non-executive Directors) confirm that the transactions in relation to the provision of the Extra Management Services have been and will continue to be negotiated on an arm's length basis and on normal commercial terms, and the service fees payable to the SHKP Group have been and will continue to be at market rates.

C. Provision of insurance services by SHKI to the Group

Background

Various members of the Group currently maintain insurance cover with or through SHKI for members of the Group (the “**Insurance Arrangement**”).

The New Agreement

On 2 May 2017, the Company and SHKI entered into a new agreement pursuant to which the Company appointed SHKI to maintain the insurance coverage for the benefit of the Group for a period from 1 July 2017 to 30 June 2020 (both days inclusive). This is a master agreement which sets out the principles upon which members of the Group will obtain insurance coverage with or through SHKI. The said principles include that the terms of the insurance policies to be maintained at the request of the Group with SHKI as the insurer shall be negotiated on an arm's length basis and be comparable to the terms of the insurance policies maintained by other third parties with SHKI in respect of similar type of risk insured. Prior to taking out the relevant insurance policies, the Group will obtain market rates of insurance premium charged by other independent insurance companies and determine whether the rates of premium offered by SHKI are at market level. Relevant members of the Group and SHKI have entered into and will enter into insurance policies to provide for detailed terms governing the relevant insurance obtained pursuant to such arrangement. The new agreement is in essence of substantially the same terms as those under the previous agreement entered into by the parties on 16 May 2014, which is due to expire on 30 June 2017.

The historical amounts

The annual cap for the Insurance Arrangement for each of the three financial years ending 30 June 2017 as set out in the 2014 Announcement was HK\$4,410,000. The following table sets out the aggregate amount of insurance premiums paid by the Group to SHKI pursuant to the Insurance Arrangement during the Relevant Historical Periods:-

<i>Relevant Historical Periods</i>	<i>Approximate Amount (HK\$)</i>
Financial year ended 30 June 2015	2,113,000
Financial year ended 30 June 2016	1,939,000
Six-month period ended 31 December 2016	856,000

Proposed annual cap and basis of cap

It is expected that the aggregate amount of insurance premiums which may become payable to SHKI pursuant to the Insurance Arrangement will not exceed HK\$4,900,000 for each of the three financial years ending 30 June 2020. Such annual cap is determined with reference to the estimated insurance protection requirement of the Group based on the likely level of insurance premium at which the Group will be able to obtain the relevant insurance cover.

The Insurance Arrangement has been and will be conducted in the ordinary and usual course of business of the Group. The Directors (including the independent non-executive Directors) confirm that the Insurance Arrangement has been and will continue to be negotiated on an arm's length basis and on normal commercial terms, and the insurance premiums payable pursuant to such arrangement has been and will continue to be at market rates.

3. REASONS FOR ENTERING INTO THE CONTINUING CONNECTED TRANSACTIONS

The Group has entered into and will continue to enter into the Continuing Connected Transactions because they are part of the principal business activities of the Group or are relevant to such principal business activities. The Group has contracted with the SHKP Group for each of the Continuing Connected Transactions because the Group and the SHKP Group are able to meet the respective requirements of each other. For the aforesaid reasons and also taking into account, among other things, the experience of and relationship between the Group and the SHKP Group developed through transactions undertaken in the past, the Directors (including the independent non-executive Directors in respect of the Transactions Exempt from Approval only) consider that the entering into of each of the Continuing Connected Transactions is in the commercial interest of the Group. The Directors (including the independent non-executive Directors in respect of the Transactions Exempt from Approval only) consider that the Transactions Requiring Approval and the Transactions Exempt from Approval have been and will be conducted in the ordinary and usual course of business of the Group and on an arm's length basis, on normal commercial terms or on terms no less favourable to the Group than those available from or to independent third parties (as the case may be), and are fair and reasonable and in the interests of the Shareholders as a whole. The Directors (including the independent

non-executive Directors in respect of the Transactions Exempt from Approval only) also consider that the relevant annual caps for the three financial years ending 30 June 2018, 2019 and 2020 of the Transactions Requiring Approval and the Transactions Exempt from Approval are fair and reasonable.

In relation to the Transactions Requiring Approval, the Independent Board Committee will advise on the terms of the Transactions Requiring Approval and its advice to the Independent Shareholders will be set out in the circular to be despatched to the Shareholders.

4. REQUIREMENTS UNDER THE GEM LISTING RULES

Relationship with SHKP

As at the date of this announcement, SHKP is a substantial Shareholder indirectly holding an aggregate of 1,719,427,500 Shares, representing approximately 74.04% of the entire issued share capital of the Company. As such, SHKP and its associates are connected persons of the Company under the GEM Listing Rules for so long as SHKP remains a substantial Shareholder.

Transactions Exempt from Approval

In respect of each category of the Transactions Exempt from Approval, it is anticipated that the applicable percentage ratios set out in Rule 19.07 of the GEM Listing Rules in respect of the transactions contemplated thereunder (when separately aggregated), on an annual basis, will not be less than 0.1% but will be less than 5%. Hence each category of the Transactions Exempt from Approval will constitute non-exempt continuing connected transactions of the Company under the GEM Listing Rules and will only be subject to the reporting, announcement and annual review requirements and will be exempt from the circular (including independent financial advice) and the Independent Shareholders' Approval requirements under the GEM Listing Rules. Given that Messrs. Kwok Ping-luen, Raymond, Tung Chi-ho, Eric, Fung Yuk-lun, Allen and Kwok Kai-wang, Christopher are directors of both the Company and SHKP, they are materially interested in the Transactions Exempt from Approval, and they have therefore abstained from voting on the Board resolutions approving the Transactions Exempt from Approval. Given that Messrs. Kwok Ping-luen, Raymond, Cheung Wing-yui and Fung Yuk-lun, Allen are directors of both the Company and SHKI, they are materially interested in the Insurance Arrangement, and they have therefore abstained from voting on the Board resolutions approving the Insurance Arrangement.

Transactions Requiring Approval

It is anticipated that the revenue ratio set out in Rule 19.07 of the GEM Listing Rules in respect of each of (i) the Networking Arrangement and the Networking Sub-contracting Arrangement, which are required to be aggregated under Rule 20.79 of the GEM Listing Rules; (ii) the Maintenance Arrangement and the Maintenance Sub-contracting Arrangement, which are required to be aggregated under Rule 20.79 of the GEM Listing Rules; and (iii) the HK Lease Arrangements on an annual basis will not be less than 5% but will be less than 25% and the aggregate annual consideration will be more than

HK\$10,000,000, such transactions will constitute non-exempt continuing connected transactions of the Company under the GEM Listing Rules. The Company will be subject to the reporting, announcement, annual review and the Independent Shareholders' Approval requirements under the GEM Listing Rules in relation to the Transactions Requiring Approval.

Accordingly, the Company will seek the Independent Shareholders' Approval (by way of poll) for the Group to conduct each category of the Transactions Requiring Approval for the period from 1 July 2017 to 30 June 2020 on the condition that each category of these transactions (when separately aggregated) shall not exceed the relevant annual cap set out below :-

	Category of the Transactions Requiring Approval	Proposed annual cap for each of the three financial years ending 30 June 2020 (HK\$)
A.	Networking Arrangement	109,300,000
B.	Maintenance Arrangement	77,700,000
C.	Networking Sub-contracting Arrangement	20,100,000
D.	Maintenance Sub-contracting Arrangement	8,600,000
E.	HK Lease Arrangements	91,900,000

If there are any material changes or updates in any terms of the New Agreements for the Transactions Requiring Approval or the relevant annual caps stated above are exceeded or that the relevant members of the Group and any connected persons (as defined under the GEM Listing Rules) reach any new arrangements, the Company will comply with the applicable requirements under the GEM Listing Rules, unless the Company reports to the Stock Exchange and is granted an exemption.

Given that Messrs. Kwok Ping-luen, Raymond, Tung Chi-ho, Eric, Fung Yuk-lun, Allen and Kwok Kai-wang, Christopher are directors of both the Company and SHKP, they are materially interested in the Transactions Requiring Approval and they have therefore abstained from voting on the Board resolutions approving the Transactions Requiring Approval.

5. INDEPENDENT SHAREHOLDERS' APPROVAL IN RESPECT OF THE TRANSACTIONS REQUIRING APPROVAL

It is proposed that ordinary resolutions will be proposed at the EGM to approve (by way of poll) the Transactions Requiring Approval and the proposed annual caps therefor as mentioned above. Shareholders who are not Independent Shareholders will be required to abstain from voting on the ordinary resolutions.

An Independent Board Committee has been appointed to advise the Independent Shareholders on whether or not the terms of the Transactions Requiring Approval are fair and reasonable and in the interests of the Company and the Shareholders as a whole. An independent financial adviser has been appointed to advise the Independent Board Committee and the Independent Shareholders in respect of the terms of the Transactions Requiring Approval.

A circular containing, among other things, (i) further information on the Transactions Requiring Approval; (ii) the recommendation of the Independent Board Committee to the Independent Shareholders in respect of the Transactions Requiring Approval; (iii) the letter of advice from the independent financial adviser to the Independent Board Committee and the Independent Shareholders in respect of the Transactions Requiring Approval; and (iv) the notice of the EGM to be convened at which ordinary resolutions will be proposed to approve the Transactions Requiring Approval and all matters contemplated thereunder is currently expected to be despatched to the Shareholders on or before 23 May 2017.

6. GENERAL

The principal activity of the Company is investment holding. The Group's principal business activities include the provision of data centre, facilities management, web applications and value added services, installation and maintenance services and the renting of investment properties. The principal activities of the SHKP Group are the development of and investment in properties for sale and rent, hotel operation, telecommunications, transport infrastructure and logistics.

7. EGM

The EGM will be held on Friday, 23 June 2017 and the notice of the EGM will be published and dispatched to the Shareholders and the Noteholders accordingly.

8. CLOSURE OF REGISTER OF MEMBERS

In order to determine Shareholders' entitlements to attend and vote at the EGM, the register of members of the Company will be closed from Tuesday, 20 June 2017 to Friday, 23 June 2017, both days inclusive, during which no transfer of Shares will be effected.

- (i) In the case of the Shares, all transfer documents accompanied by the relevant share certificates must be lodged for registration with the Company's Hong Kong branch share registrar and transfer office, Computershare Hong Kong Investor Services Limited, at Shops 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Wanchai, Hong Kong not later than 4:30 p.m. on Monday, 19 June 2017.
- (ii) In the case of the Convertible Notes, in order to be entitled to attend and vote at the EGM, the notice of conversion accompanied by the relevant note certificate and payment of the necessary amount should have been surrendered to and deposited with the Company's registrar in respect of the Convertible Notes, Tricor Investor Services Limited, at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong for conversion into Shares not later than 4:30 p.m. on Friday, 5 May 2017.
