PROFIT WARNING

This announcement is made by Transport International Holdings Limited (the "Company", and together with its subsidiaries, the "Group") pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Listing Rules") and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board of directors of the Company (the "Board") wishes to inform the shareholders of the Company and potential investors that based on the preliminary assessment of the latest unaudited consolidated management accounts of the Group and the information currently available to the Board, the Group's underlying profit (excluding the effect of the change in fair value of investment properties and investment property under development) is expected to decline by approximately 45% to 55% for the six months ended 30 June 2026, as compared to the Group's underlying profit of HK$285 million for the corresponding period in 2025. The expected decline in underlying profit is mainly attributable to the surge in international fuel prices.

The ongoing Middle East crisis has caused a dramatic surge and heightened volatility in international fuel prices. Since late February 2026, fuel prices have risen by nearly 200%, increasing from approximately US$90 per barrel to a peak above US$250 per barrel. Although the Government of the Hong Kong SAR has provided short-term fuel and toll subsidies, and the Group has implemented various cost-control measures to mitigate the unfavourable financial impact, the Group's financial performance has nonetheless been adversely affected. Furthermore, while the international fuel prices have recently eased from their peak, market conditions remain highly volatile.

The information contained in this announcement represents a preliminary assessment by the Board based on information currently available to it, which was neither reviewed nor audited by the Company's auditors. As the Group's half year results are subject to review by the Board and the Company's auditors, the actual results of the Group for the six months ended 30 June 2026 may differ from the information contained in this announcement. The Group's consolidated results for the six months ended 30 June 2026 are expected to be published in August 2026.

Shareholders of the Company and potential investors are advised to exercise caution when dealing in the shares of the Company.

By order of the Board
