FDA APPROVAL OF IND FOR GROUP'S PRODUCT TUL108 FOR INJECTION

This announcement is made by The United Laboratories International Holdings Limited (the "Company") on a voluntary basis.

The board of directors (the "Board") of the Company is pleased to announce that on 28 January 2026, the investigational new drug application ("IND") for TUL108 for injection, a Class 1 new drug self-developed by Zhuhai United Laboratories Co., Ltd., a wholly-owned subsidiary of the Company, was approved by the U.S. Food and Drug Administration ("FDA"), with IND number of 178724.

TUL108 for injection is a novel, broad-spectrum β -lactamase inhibitor independently designed and developed by the Company. It is intended for the treatment of infections caused by Gram-negative or Gram-positive bacteria, including complicated urinary tract infections (cUTI), complicated intra-abdominal infections (cIAI), pulmonary infections and bloodstream infections. TUL108, in combination with meropenem, exhibits high susceptibility against carbapenem-resistant *Escherichia coli*, *Klebsiella pneumoniae*, *Pseudomonas aeruginosa*, and *Acinetobacter baumannii*, providing full coverage for clinically urgent carbapenem-resistant Gram-negative bacteria.

The development of TUL108 for injection is expected to strengthen the Company's leading position in the anti-infective field. In the future, the Company will continue to dedicate itself to new product development, continuously enhancing its competitiveness and innovation capabilities in the pharmaceutical industry, and is expected to create more benefits for the Company and its shareholders.
