### ***B. Business activities***

The Group is one of the leading network solution providers in the PRC, specialising in DDN, Frame Relay, ATM and IP technologies. The Group provides fully integrated services ranging from provision of networking equipment to network planning, design, installation and implementation as well as after-sales maintenance and technical support to public telecommunications service providers which are under China Telecom which is in turn under the administration of MII, and enterprises in the PRC and Macau markets.

Among the many major network communications projects in the PRC carried out by the Group, the Group launched the PRC's first public DDN in Shanghai. The Directors believe that DDN built in Shanghai is the largest municipal DDN ever built in the PRC. The Group has also been engaged in building public DDN network for Guangdong PTA in Guangdong Province which, the Directors believe, is the largest provincial DDN in the PRC. Since 1992 and as a result of the PRC government's commitment to improve the data communications infrastructure, the Group has developed strong expertise in public WAN and has been actively engaged in the construction of public data networks for MII together with various provincial/municipal telecommunication authorities/bureaux and enterprises in the PRC.
