**VOLUNTARY ANNOUNCEMENT
AWARD OF THE CONTRACT IN RELATION TO
THE SULPHUR RECOVERY UNIT REPLACEMENT PROJECT**

The board of directors (the “**Board**”) of Wison Engineering Services Co. Ltd. (the “**Company**”, together with its subsidiaries, the “**Group**”) is pleased to announce that Wison Energy Engineering (Hong Kong) Limited - Abu Dhabi (“**Wison Hong Kong**”) (an indirect wholly owned subsidiary of the Company) as contractor, was recently awarded an EPCC contract (the “**Contract**”) in relation to the sulphur recovery unit replacement project by ABU Dhabi Oil Refining Company (Takreer) (trading as ‘**ADNOC Refining**’) to undertake, among other things, the design, engineering, procurement, construction, commissioning, testing and start-up works to improve sulphur recovery efficiency. The total consideration under the Contract is approximately US\$80 million.

The works under the Contract shall be completed by 2021.

The Contract stands for a high recognition to the Group in the Middle East chemical industry (the Group had successfully delivered one EPCC project to ADNOC previously). As one of the leading EPC service and technical service providers in China, the Group will fully leverage the advantages as a Chinese enterprise while maintaining close communication with ADNOC on driving local value-added services for the United Arab Emirates.

ADNOC is a third party independent of the Company and the connected persons of the Company. The Contract is entered into in the ordinary and usual course of business of the Group. The transactions contemplated under the Contract do not constitute notifiable transactions of the Company.

This announcement is made by the Company on a voluntary basis.

By Order of the Board
Wison Engineering Services Co. Ltd.
